True Economy.
It has been found that the only true economy is that which stops the little leaks and saves in trifles. For instance one saves in milk, butter, eggs and by the use of DOOLEY'S YEAST POWDER, which is made from the pure cream-tartar, derived from grape acid. Good housewives have proved this by experience.

Almost an Accident.
As a colored man by the name of Ned Gause was driving his dray with a load of cotton across the track of the W. & W. R. R., at the crossing this morning, a car which was being backed down struck the cotton on the dray which had the effect of shoving the dray around and knocking the horse out of harness. Luckily, however, no damage was done other than the breaking of one of the wheels of the dray.

Endowment Lodge.
We have been requested to state that immediately after the close of the regular meeting of Germania Lodge No. 4, K. of P., to be held this evening, an effort will be made to institute a Lodge of the Endowment Rank adopted by the Supreme Lodge at its last session, as well as to reorganize the Uniform Division of this city; for this purpose every member of Germania and Stonewall Lodges, as well as all Knights in the city in good standing in their respective Lodges, are fraternally requested to be present, as at present we learn that only one section of the Endowment Rank will be formed of the members of the order here.

County Commissioners.
A called session of the Board of County Commissioners was held yesterday afternoon.
The following were named as Jurors for the approaching term of the Criminal Court, viz:
W. E. Springer, Sol Reaves, Richard Beasley, William Goodman, Jesse Ives, Samuel Davis, D. M. Dart, William Kellogg, Sr., Daniel Lee, James Clark, James W. Telfair, Alfred Alderman, George W. Murray, L. Flanagan, George Waddell, H. C. Evans, John Evangelist, A. C. Wessell, Whitman Wilson, Joseph Farrow, Samuel Northrop, David Pigott, Thos. A. Davis, Lewis Bryant, J. H. Mallard, Roderick McNeil, S. H. Martin, John T. Flowers, E. H. Rhea, John Werner.

It was ordered that no retail liquor license be granted to parties applying for the same unless said application is first approved by the city authorities.
It was ordered that the following persons be granted license to retail spirituous liquors, when the same shall have been approved by the Mayor of the city, viz: Edward Bryson, H. A. Glameyer, D. Otten, Henry Haas.

On motion of Commissioner Grainger, the Assessor was instructed to make a report in regard to Mr. McRary's valuation of real estate at the next meeting of the Board.
It was resolved that the Sheriff be requested to furnish to the Finance Committee of this Board a list of errors discovered in the tax books for the current year, so that if the contract for the tax books has not been carried out said committee may recommend to this Board such reclamations from the contractors as may seem to them just and equitable.

Communication of C. A. Hamner, executor of D. K. Futch, in reference to taxes, was ordered referred to the Chairman and Commissioner Saunders, with power to act.
Several other matters in reference to taxes were disposed of, when the Board adjourned to meet again on the first Monday in December at 11 o'clock A. M.

The following order passed the Board in session as a Board of Education:
WHEREAS, The School Committee for Wilmington, during the past year, did appropriate and use of the Peabody fund in their hands belonging to the white race the amount of five hundred dollars in the payment of teachers of the colored race, and therewith did pay orders to the said amount of \$500, which should have been paid by the County Treasurer; and, whereas, the said committee, on their retirement from office, did place said orders on the County Treasurer in the hands of their successors,
Now, therefore, it is advised and ordered that the County Treasurer pay to the present School Committee, for the use of the white schools the said orders, amounting to \$500, and charge the same against the colored schools, and that said orders be cancelled and filed with the clerk of this Board.

Accident to a Train of Cars Belonging to the W. C. & A. R. R. at the General Freight Depot.
An accident happened to a train of cars on the W. C. & A. Railroad, at the General Freight depot on Nutt street, yesterday afternoon, which resulted in a loss to the Company of about \$1,200 or \$1,500. The accident occurred just as all accidents will occur sometimes, simply by a mere misunderstanding between the shifting engineer and the engineer of the train to which the accident happened.
The train which had just arrived was detached from the engine which brought it; this was done because it was thought the shifting engine had hold of the train at the other end and here is where the misunderstanding occurred. The train, however, being detached from everything, started down grade, gathering force and impetus with each revolution of the car wheels, until finally three flat cars were launched in the river, two of which struck against the German barque Star of Hope lying near the end of the wharf at the time. The first two cars, which were flats containing wood, were plunged into the river; the third car, which jumped the track at the trestle, was loaded with tar, part of which only followed the wood into the water. The Company's employees have been fishing up the wood and tar this morning. About half of the wood, and nearly all the tar have been recovered, so the loss is principally the cars, which are broken all to pieces; the car wheels, however, can be gotten up again, so that the real loss and damages will not exceed \$1,200 or \$1,500.
Warm enough to-day for open windows, cold stoves and ice-water.

We acknowledge the reception of an invitation to attend the Thirtieth Annual Fair of the Sampson County Agricultural Society to be held at Clinton on the 12th, 13th, 14th and 15th of December, and are glad to learn that the indications are good for a very large attendance. Gov. Vance and Col. Polk have been invited to address the people at the Fair and both are expected to be present. We will be glad to publish the list of Marshals if some friend will send it to us.

An Important Case.
For several days past Hon. Edward Cantwell, who has been commissioned for that purpose, has been engaged at the Court House in taking depositions in the case of John London, assignee of Jacob Lyon, vs. The First National Bank of Wilmington, which case is now pending before the United States Circuit Court at Raleigh. The taking of the depositions of the witnesses on both sides was concluded to-day, a number of prominent merchants and bankers in this city having been called upon to testify. The depositions will be forwarded to Raleigh in a few days, as soon as they can be properly arranged.

The Cumberland Fair.
From Capt. Green, of the steamer North State, who left Fayetteville yesterday morning, we learn that our friends in Cumberland are meeting with great success in their County Fair. On Tuesday, which was the opening day, a great many entries had been made, and more were still coming in at that time. The streets in Fayetteville were full of strange faces, and the counties of Moore, Harnett, Bladen, Robeson and other counties contiguous thereto, were well represented. The Gov. Worth on Tuesday carried up parties on their way to attend the Fair, as did the Murchison on yesterday.
On the whole, Capt. Green thinks the Fair quite a success, fully meeting the expectation of its friends, if not exceeding them in point of success. To-day (Thursday) is expected to be the gala day, and to-night the grand ball is to take place at Williams' Hall, where the beauty and chivalry of the old Cape Fear country will be well represented, and grace the occurrence by their presence.

Sensible Advice.
You are asked every day through the columns of newspapers and by your Druggist to use something for Dyspepsia and Liver complaint that you know nothing about; you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Heart-burn, Water for brash, coming up of food after eating, low spirits, &c., we ask you to go to your Druggist and get a Sample Bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a Regular Size for 75 cents; two doses will relieve you.

Bossum and taters are now in order.
Hot waffles are served up on our street corners by an enterprising individual.
The Hop To-Night.
The Wilmington Pleasure Club, recently organized, give their first Hop to-night at Meginney's Hall. Judging from the well-known character and experience of the young gentlemen who are the managers, we imagine it will be quite a brilliant affair.

Potato Patch Robbed.
A potato patch, on Castle and Eleventh streets, planted by John Norwood, a hard working and respected carpenter of this city, has been robbed within the past week of upwards of fifty bushels of sweet potatoes. Within the past week thirty-four rows of potatoes have been carried off by the light fingered gentlemen who have been paying nocturnal visits to the patch.

The People Want Proof
There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of BOSCHER'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it!
