Porcelain imitations of flowers, with one side slightly crushed, so as to be laid upon marble tables, are very perfect and very fashionable for the boudoir.
The popular saloon on the South side of Market street known as the "Centennial," will hereafter be called the "Cosmopolitan," Mr. Carroll, the proprietor, having wisely judged that the first Centennial having gone by and the next one being rather too far off it will be more in accordance with the spirit of the times to give another name to his saloon.
Love is seldom lost in this world, for if it be not sown in a fertile field where it may grow up a blessing, it purifies and chastens the heart that gives it birth. But, though a cloud of doubt often obscures its shining, we may be positively certain that none is lost between two women who speak of each other as "that person."

Dime Savings.
Housekeepers who study economy in small things should use DOOLEY'S YEAST POWDER, the best, because perfectly pure; the cheapest, as every package is full weight.

Collided.
The schooner *Fair* collided with the Norwegian barque *Cito*, which is lying at the wharf of the Marine Railway and carried away the *Cito's* main yard boom and did some other slight damages to the rigging of the *Cito*. The damage to the *Cito* is slight and can be easily remedied. The collision occurred this forenoon.

A Contest.
The waters from the interior are now pouring down past the city. There have been freshets in both the North West and North East rivers and it is curious to watch the struggle for preeminence between the yellow waters of the former and the black waters which come to us from the swamps of Pender, Duplin and Onslow counties.

Postponement.
Owing to the inclemency of the weather in the forenoon of yesterday the much talked of and long desired opportunity of the members of the Rifle Team to display their skill at target practice on Thanksgiving Day, had to be postponed to another occasion, when the weather shall prove more propitious, much to the chagrin and disappointment of the Teamsters, so to speak.

Another Compress.
We understand that a movement is on foot looking to the creation of another cotton compress in this city at an early day. It is said that stock enough has already been subscribed to ensure the completion of the enterprise and that the Compress is to be located in the big yellow Robt. W. Brown building on South Water street, between Dock and Orange.

Personal.
We regret to learn that Dr. M. J. DeRosset, who removed from this city a few weeks since to New York, is troubled with an affection of the eyes from which he suffers very much and which is sufficient to confine him to the house. We can only hope that the disease may yield readily to treatment and that our friend may soon be restored to the blessings of health and usefulness.

Grocery Commission House.
Capt. Chas. D. Myers has decided upon establishing himself with an office at 38 and 40 North Water street as a Commission dealer in groceries and grocery supplies. He will devote himself almost exclusively to the retail trade and will bring to bear on the business, an experience of twelve years. He has our real cordial wishes for his success.

A Recent Ruling.
Among recent postal rulings is one that newspapers entitled to transmission through the mails at the pound rate of postage may be mailed on the cars, provided a certificate from the postmaster showing that the postage has been properly prepaid be handed to the mail agent by the publishers; papers, however, intended for others than regular subscribers and news agents must be mailed at the postoffice. It is also decided that a postmaster has no right to make public the contents of postal cards received at his office, or to disclose any information obtained by him while in the discharge of his official duties.

Thanksgiving Day.
Yesterday morning was decidedly bleak and disagreeable, but towards the afternoon the weather cleared up and those who had laid out their earnings in small shot and powder betook themselves to the woods to burn it and blow it away. We can hear of but little injuries either to the sportsmen or to the birds, and the fatalities on either side were very few. In the forenoon the churches were well attended, and later there were many happy gatherings around the Thanksgiving Dinner table.

It is said that Capt. George Sloan, in addition to his duties as Secretary and Treasurer of the Wilmington Compress and Warehouse Company, will assume those of Manager at the works, Capt. Pennypacker still retaining his position as President of the Company.

We are indebted to Mr. S. G. Hall, the printer, for a copy of a handsome little pamphlet by Rev. G. D. Bernheim, D. D., descriptive of the localities of the Reformation which were visited by him during his recent European tour.

No City Court again to-day. There was one case of drunkenness, that of a colored woman who was picked up by the police in an alley somewhere, but as she did not commit any resistance to the police, she was allowed to depart in peace.

The current of the river at this place this morning owing to the recent heavy rains in the up country, was estimated to be at least seven miles per hour.

The first number of the *Lumberton Times*, a new weekly paper which has just begun publication at Lumberton, is now before us. It is published every Tuesday with Mr. J. H. Barnes Editor and Manager, at \$1 a year.

CAROLINA.

Weldon News: Timbers for a new bridge were ordered by the Seaboard and Roanoke Railroad Company within two hours after the destruction of their old bridge.

Edenton Times: A land agency is to be established in Edenton at an early day, and will issue a monthly paper showing the advantages offered to immigrants by Eastern North Carolina.

Goldboro Messenger: The store of Mr. John K. Smith at Fremont was entered last Saturday night and robbed of about \$400 worth of clothing, dry goods and merchandise generally, also a small sum of money.

Charlotte Observer: Thirty convicts for the work at the head of the Western North Carolina Railroad reached Salisbury on the North Carolina train last evening, and go up the first mentioned road this morning.

Edenton Times: Arden Nelson, a colored man whose trial was moved from Bertie to Washington county, was convicted of murder in the first degree yesterday, and was sentenced to be hanged on the 18th of January next. Nelson murdered a white man in Bertie county during last summer.

Charlotte Observer: The three trotting horses which were in the races at the Carolina Park, Monday, under the management of B. H. Damerest, will be trotted in Danville soon. They are all first-rate horses. The present owner of "Key West" is said to have paid \$3,500 for him.

Raleigh News: The Governor on yesterday pardoned Wiley Mitchell, colored, convicted at the Spring Term, 1877, of Edcombe Superior Court, of assault and battery, and sentenced to two years and six months imprisonment. The petition for pardon was signed by Judge Howard, the prosecutor, the Solicitor and a great number of the citizens of the county.

Robesonian: Mr. John Phillips died at his home near Allenton in this county on the 3rd inst., aged 89 years. He served in the war of 1812, and was the recipient of a pension therefor. Immediately after his return from the war he married Mrs. Sarah Hesters, who has preceded him to the grave only 2 years. He lived at the same place 83 years, and has been for over fifty years a member of the Baptist church.

The *Charlotte Observer* has the following dispatch from the cene of the recent accident on the C. C. & A. R. R.: "The body of Michael Arthur, a merchant of New York, was found this afternoon about five hundred yards down the stream from the late wreck. At the instance and expense of the railroad authorities it has been placed in a metallic case and forwarded to his friends in New York. It is believed that only two were drowned in the wreck."

Wadesboro Herald: All ye newspaper scribblers, stand to one side, for we have him at last—no "going back" on it—we've got the record—so don't call us a liar, &c. Joseph Dunn, a highly respectable and good man, was born on the 9th of Nov. 1777, and he is now over one hundred years of age, active and in good health. This is a matter of record, and there's do dispute about it. It is vouchered for by Capt. James Dunn, himself an old man, and a son of Joseph Dunn.

Raleigh Observer: From special telegrams received yesterday evening and letters by mail, we learn that all the various rivers are subsiding, but the destruction to the farms throughout the country has been greater than at first reported. On the Roanoke, at Gaston, hundreds of cotton bales, chicken coops, and parts of houses were seen floating down the river. Col. N. M. Long, below Weldon, had a large number of cabins washed away, a large amount of corn and cotton, and his loss is estimated at \$10,000. All the farmers on the Roanoke are heavy losers.

Newbern Nut Shell: Mr. S. N. Dewey has in his garden, in this city, a number of very fine fruit trees, and among them a pear tree which has borne three crops of pears this season. The first crop ripened and was gathered in June. Shortly thereafter buds again appeared on the tree, and in October another crop was gathered. Since that time fresh buds have again put out and now a number of pears, ripe and mellow, are hanging from the otherwise naked limbs of that remarkably prolific tree.
