The Board of Directors for the Insane Asylum meet in Raleigh to-morrow when a Superintendent will be elected. Col. J. G. Burr, of this city, one of the Directors, left here this morning for Raleigh.

Thanks to Mrs. E. Warren, on Second street, between Market and Dock, for a present of some very nice pork sausages, of her own manufacture, which will well compete with those brought here from Richmond or anywhere else.

**Purity, Strength, Economy.** These three requisites are combined in DOOLEY'S well-known YEAST POWDER. A few trials will convince you that it is not only the best, but also the cheapest.

**Another Compress.** We understand that Messrs. J. R. Blossom & Evans propose erecting a first-class Cotton Compress during the next Summer on their wharves, north of the Charlotte R. R. depot in this city.

**Unmailable Letters.** The following is the list of unmailable letters remaining in the city Post Office Dec. 3d, 1877: Miss Sallie E. Brunson, Sumter, S. C.; Mrs. Phillis Ward, Summerville, S. C.

**Criminal Court.** The Criminal Court for this county has about finished the second day of its term. Only a few trivial cases have thus far been disposed of, nothing of general interest having yet been called.

**Additional Facilities.** Books were opened this morning at the Bank of New Hanover for the purpose of receiving subscriptions to an additional \$15,000 of stock in the Wilmington Compress and Warehouse Company and by 10 o'clock, as we are informed, this amount was all taken. The Company will erect a 1,500 ton Taylor press on their property in this city, and it is expected to be in position by the first of the new year.

**Day Line Freight Via Steamer to Wilmington.** Under this head the Norfolk *Virginian* of Saturday says: The fine large steamer *Metropolis*, chartered from a New York Company, arrived here last night. She is to make connection with the Bay Line steamers from Baltimore, and will transfer all freights from the W. & W. R. R. to Wilmington for shipment to the stations on that Railroad. Apropos of this, several of the Railroad clerks in this city connected with the Atlantic coast line will leave for Wilmington, N. C., to-morrow morning to conduct the business of the company.

**Death of an Old Citizen.** One by one the old landmarks of the past are yielding to the ruthless hand of time. An old Roman of a man—John Henry Taylor, of Long Creek, Pender county, was followed to the grave on last Sunday by a large concourse of admiring friends and neighbors. If not the noblest Roman of all he was the equal of any in honesty, and in those virtues of charity, humility, firmness, patriotism and piety which make up the true man, the unflinching patriot, the unostentatious Christian. Independent and original in thought and action, he was of that noble type of manhood, which we so much need in this day of popularity-seeking and truckling subserviency to public sentiment. The good name he has left should be a rich legacy to his family and the community. He was 76 years of age, and all his life was one of the most laborious men physically that ever was raised in these eastern counties, and that industrious life was spent in an unhealthy and malarious locality.

We are indebted to a friend at Long Creek for the above facts.

**City Court.** Thos. Kelley, the sailor whose case was continued yesterday, was brought before His Honor again this morning. But the evidence adduced in Court to-day differed so materially from the representations made at Police Headquarters yesterday by the same prosecuting witnesses, that the Mayor caused the prisoner's discharge.

Wm. Johnson, colored, was next arraigned on the charge of kindling a fire last night among empty dry goods boxes stored in rear of Messrs. Aaron & Rheinsteiner's store. Mayor Dawson considered this rather a risky business for the safety of property, and so he accordingly sentenced the defendant to five days imprisonment on bread and water.

Washington Hill, colored, was brought up for cutting down shade trees. The defendant stated that he was told by a white man to do so, and gave his name. His Honor ordered the prisoner discharged, but instructed the Chief of Police to make an investigation into the facts of the case, and also to make a report of the same.

There being no further business the Court adjourned.

The lower Cape Fear is swelled mightily with the waters from the recent high freshet, but at Fayetteville the river had fallen off 20 feet up to Saturday morning.

## County Commissioners.

The Board of County Commissioners met yesterday afternoon in regular monthly session; present, J. G. Wagner, Esq., Chairman, and Commissioners I. B. Grainger, B. G. Worth, D. S. Sanders and Duncan Holmes.

The annual report of the Sheriff of the county of New Hanover in relation to the school fund was presented, approved and ordered spread on the records of official reports and placed on file.

Ordered that the annual reports of Magistrates be referred to the Finance committee for examination before being approved.

It was resolved that the clerk of the Auditing Committee enquire into the valuation of John Bissitt's real estate, and, if there is error, correct the valuation.

Petition of Whitman Wilson, to be relieved of a tax assessment on one half of a certain lot claimed to belong to himself and another, was referred back to the applicant to be adjusted between himself and the other party.

Petition of Alexander A. Jones, to be discharged as road master of the Nigger Head Road, was granted, and James Hardy Moore appointed in his place.

Duncan Holmes, Superintendent of the County Work House, was granted permission to work the county prisoners (under guard) at any place where he can find employment for them.

Ordered that the proposition of Cronly & Morris, to list, compute and deliver the tax books of Wilmington township, and compute and deliver those of the other townships for 1878 (the same as prepared by them this year) for \$650, be accepted as final, with the understanding that it cover the returning of the delinquent list.

The petition of Jenny Williams, in reference to tax assessment was referred back for the want of proper information.

The resignation of James Grant, overseer of the public road from the four-mile post to the seven-mile post, on the Newbern road, was granted, and Garret Walker was appointed to fill vacancy.

## Board of Aldermen.

The Board of Aldermen convened last evening at 7 o'clock in regular session, all of the members being present.

Alderman Myers requested that he might be allowed to state that he was not derelict in being absent from the last three meetings, as he was out of the city. Alderman Bowden also stated that he was absent from the city when the last regular meeting was held.

The Mayor reported that he had sold two mules and seven carts, and had also carried out the instructions of the Board in regard to drummers.

The committee who had the matter of grading the street railway in charge reported progress. On motion of Alderman Flanner, the committee was continued.

Other committees made similar reports. The committee on Limited Railroad Tickets was allowed further time to report. The committee on Finance reported that the law taxing newspapers be so construed as to relieve such weekly newspapers from the tax as are issued from the same office from which a daily is published. Adopted.

Petition of the President and Board of Directors of Bellevue Cemetery, requesting the grading of Red Cross street, was, on motion, referred to the committee on Streets and Wharves, with instructions to report at the next meeting.

Alderman Hill offered the following resolution, which was referred to the committee on Streets and Wharves: WHEREAS, Inasmuch as public interest demands that the public docks of the city should be kept open to the use of the public for trade and other purposes; therefore,

Resolved, That Chestnut street dock be declared open to the use of the public from and after this date.

Alderman Lowrey offered the following resolution, which was adopted: Resolved, That His Honor, the Mayor, advertise for bids for repairing the city lamps for twelve months, from and after Jan. 1st, 1878.

Alderman Foster offered the following resolution which was referred to committee on Fire Department: Resolved, That the committee on Fire Department take into consideration the feasibility of permanently locating one of the city steam fire engines in Brooklyn, and to report upon the same at the next regular meeting.

The following resolution offered by Alderman Foster was adopted: Resolved, That any person within the city limits that may injure or attempt to injure or kill any wild bird or squirrel, or who shall attempt to destroy or shall destroy wild birds' nests or squirrels' nests within the city limits, shall be fined not less than \$5 or more than \$25.

Alderman Flanner moved an amendment to the foregoing, to the effect that it be known as Alderman Foster's Squirrel and Bird's Nest Bill. Amendment concurred in.

The following ordinance was then passed: 1. Resolved, That every person acting as drummer in his own behalf, or as agent for any other person, who shall sell or attempt to sell any goods, wares or merchandise in the city of Wilmington, before having first paid the taxes required by the ordinances of said city and obtained a license from the City Clerk so to do, shall forfeit and pay to the city of Wilmington not less than five dollars nor more than fifty dollars for each and every offense.

2. That every person acting as drummer in his own behalf, or as agent for any other person, who shall sell or attempt to sell any goods, wares or merchandise in the city of Wilmington, or present his cards to any city broker or to any other person or solicit them, or any of them to sell or offer for sale any goods, wares or merchandise before having first paid the taxes required by the ordinance of said city and procuring a license from the City Clerk, shall forfeit and pay not less than five dollars nor more than fifty dollars for each and every offense.

A resolution by Alderman Foster in relation to an itemized account of the city indebtedness being placed in the hands of the city attorney and that he be directed to collect the same, &c., was lost.

On motion of Alderman Foster, it was resolved that upon application of five respectable citizens of the city of Wilmington, directed to the Mayor, he be empowered and authorized to let the City Hall by the day upon such terms as he may deem proper, the rent per day not to be less than \$15, the same payable in advance.

**Town of Burgaw.** This new county site of Pender is looming in public favor. Several new houses are going up and others will quickly follow. We are informed that about three hundred persons were there from various portions on Monday at the regular meeting of the Board of County Commissioners. It is evident that public attention is concentrating favorably upon Burgaw as the coming town upon the Wilmington and Weldon Railroad. There is quite a demand for building lots. They may be purchased from Mr. S. P. Hand or Mr. James H. Moore of that place privately and upon liberal prices and terms. There will also be a public sale there soon of lots of which due notice will be given by advertisement in this paper. There is every reason why Burgaw should soon become a thriving town. It is healthy and the water is good. There is a fine back country to sustain a town at that point. The distance from Wilmington, 22 miles, is favorable. A movement will soon be inaugurated for building up a fine academy there and other schools, white and colored, will follow without delay. The Railroad Company have donated lots for churches and school houses, and for the next two years will transport at half price materials for building purposes. The law establishing Pender county forbids the sale of liquor at the county site. An overwhelming public sentiment in Pender demands its enforcement at Burgaw. We are a friend to Pender and to its county town and shall watch with friendly interest the progress of both. We have a strong and abiding faith in the speedy and bright success of each.

**Duplin County Medical Society.** The physicians of Duplin county met at Kenansville on Tuesday the 20th ult., for the purpose of forming a County Medical Society. The following physicians were present: Drs. J. Hill, J. W. McGee, L. W. Robinson, H. W. Faison, V. N. Seawell, C. Hill, I. M. C. Loftin, L. Hussey and J. W. Blount.

On motion, Dr. H. W. Faison was appointed a temporary Chairman, and Dr. V. N. Seawell Secretary.

On motion the Chairman appointed a committee to report officers of permanent organization, who reported as follows: President,—J. W. Blount. 1st Vice President,—J. W. McGee. 2d " " —L. Hussey. Secretary,—V. N. Seawell. Treasurer,—H. W. Faison.

**Inquest.** Coroner Hewlett held an inquest this morning over the body of Henrietta Sanders, colored, about eight years of age, on Front, between Castle and Queen streets. The child was taken sick Saturday and died yesterday. The City Physician examined the body this morning and pronounced the cause of her death to have been acute dysentery. The verdict of the coroner's jury was in accordance with the physician's decision.

**Heavy Receipts.** The receipts of cotton at this port to-day were 4,010 bales which is by far the largest day's receipts ever known in the history of Wilmington. If it will only hold out awhile at this rate, Norfolk, Charleston and Savannah will all take back seas.
