OF COURSE.
As usual that veracious sheet, the New
York Times, in commenting upon Gov.
Vance's address to the colored troops in
Raleigh on the 1st of January, prints the
Governor's remarks, and tries to make
capital out of the same for his Radical
brethren of the bloody shirt stripe in the
North.

The Times is likewise unfair and un-
just to Maj. Engelhard, in commenting
upon his action in declining to deliver an
address to the colored people on the cele-
bration of the anniversary of Lincoln's
emancipation proclamation.

But the Times is welcome to all the
capital it can make out of such a perver-
sion of facts; the time has passed when we
of the South care for the misrepresenta-
tion of our loving brethren of the North.

The colored people of the South enjoy
the same political rights as the whites,
and far more privileges, than they do in
some of the saintly communities of the
North. In the great State of Ohio for
instance, the fraudulent President's own,
there is not only no law permitting or-
ganizations of colored troops, but there
is a law prohibiting the parade of the
colored volunteers. How different in
North Carolina where a Democratic Leg-
islature, in framing a military bill for the
formation of military organizations, made
provision for the colored troops also, and
a Democratic Governor reviews the
colored troops and then says kind and
cheering words to them only to have them
perverted by some miscreant like W. W.
Holden, we suppose, and telegraphed
North for political capital.

A Green Old Age.
The venerable Tarboro Southerner has
reached the verge of its fifty-sixth year,
this week's issue having been the first of
its new year. It has reached a green old
age and is far more vigorous now than
many of its younger contemporaries. May
it live for ever!

were installed on Thursday evening by D

Treasurer.

All Right at Weldon.
Everything is all right now at Weldon,
the bridge has been straightened, the cars
pass over it and passengers and freight
come through without detention, a fact
which will be gratifying to our business
community to learn. As an evidence of
this fact, yesterday's New York papers
arrived here this forenoon on the 10:25
train.

Postal Ruling.
A letter may at any time be carried
outside the mails, and not enclosed in a
United States prepaid envelope, by a
special messenger; but steamboats, express
companies, railroads and other common
carriers travelling over mail routes are
not allowed to carry such a letter unless
it relates to the cargo or some article at
the same time conveyed as freight.

Their Armory.
The Whiting Rifles have rented the
hall in Granite Row, on Front street, and
will hereafter use it as their armory.
There will be an important meeting of
the Company on Monday night, and the
members are earnestly requested to be in
attendance, as business of importance will
be brought before them.

Distressing Accident.
Just as we go to press we hear of a
very distressing accident which happened
to Mr. Eugene Knight, son of Capt. Jas.
Knight at the W. & W. R. R. machine
shops, this afternoon. It seems that in
attempting to replace a band on the ma-
chine Mr. Knight was caught and whirled
round the main shaft, breaking both legs
and left arm.

Letter from Mr. VanBokkelen.

The Charlotte Chamber of Commerce
celebrated its first anniversary by a big
dinner at the Charlotte Hotel on Tues-
day evening, when, judging by the re-
ports, everybody had an unusually good
time. Among the invited guests was
Mr. A. H. VanBokkelen, President of the
Chamber of Commerce in this city, who
was unable to attend but whose re-
sponse to the invitation was read at the
table. As a matter of interest to our
citizens we produce his letter here:

WILMINGTON, N. C., Jan. 1st, 1878.

Chas. R. Jones, Esq., Secretary of the
Charlotte Chamber of Commerce:

DEAR SIR: Yours of the 18th of
Dec., tendering me an invitation in be-
half of the Charlotte chamber of com-
merce to be present at their anniver-
sary dinner on Thursday evening next,
was duly received. I endeavored so
to change appointments made before
its receipt as to enable me to be present
but am compelled to forego that pleas-
ure. You will please express to the
president and members of the cham-
ber, my thanks for the compliment ex-
tended through me to the business
community of North Carolina's "city
by the sea."

When you say "bound together by iron
ties, commercial interest and State pride
as are the cities of Charlotte and Wil-
mington," your state facts which, if fully
appreciated and acted up to would add
much to the prosperity of both cities and
the great West. State pride should ac-
tuate every lover of the good old North
State to have their "city by the Sea."

Wilmington occupies that position, and
desires to be acknowledged by all to
whom she can offer facilities equal to
other shipping points.

The national government believes that
Wilmington's outlet to the ocean is sus-
ceptible of restoration to its original
condition, so as to admit large class ships,
and has undertaken the work. What has
been done up to the present time gives
evidence that our fondest hopes will be
fully realized when completed.

Cotton compresses have been erected
and are now operating; others will be
added before another crop is made, and
everything necessary to give as great
facility with as little expense as any ship-
ping port, will be done.

No inland city has a brighter future
than Charlotte, if her business men will
put forth their energies and develop her
facilities; and no "city by the sea" would
advance more rapidly than Wilmington
if the people of North Carolina sent their
ships through her port instead of
others, to be credited to adjoining States.

An extension of our railroads to con-
nect with others making a direct line to
the Northwest, would greatly benefit
both cities. For such connection we
must put forth our united energies.
Wishing all a "good time" at their anni-
versary gathering,

I am, dear sir, yours truly,
A. H. VANBOKKELLEN,
President Chamber of Commerce,
Wilmington, N. C.

A Pallium for Archbishop Gibbons.
The Baltimore Gazette of Thursday's
date says: A cable despatch from Rome,
printed in yesterday's Gazette, announced
that Pope Pius IX. has intrusted the Rev.
Dr. O'Connell with the pallium for the
investment of the Most Rev. Archbishop
Gibbons. Last evening a reporter called
upon the Archbishop, who said, as yet,
he had received no official notification of
Dr. O'Connell's departure, but he be-
lieved the despatch in question to be sub-
stantially correct. The pallium is a dis-
tinctive and high ecclesiastical honor,
generally awarded to prelates on their
being elevated to an archbishopric. In
olden times the pallium consisted of a
kind of cape, but by degrees its pro-
portions have been gradually curtailed,
until at present it is about as wide as the
stole. It is worked by the sisterhood of
Santa Nomentana, and is of the most
delicate embroidery. The ceremony of
the investment of the pallium will begin
with a solemn High Mass, after which
will be administered to Archbishop Gib-
bons the creed of the pallium. This, the
Archbishop added, will probably take
place in about two weeks.

Returned Home.
Col. E. R. Brink, Postmaster at this
place, returned here last night from
Washington city, where he has been for
the past several weeks, in attendance as
witness in a suit of the United States
vs. the National Bank of the Republic
Col. Brink was absent from home during
the holidays and will take his Christmas
and New Years and Fourth of July all to-
gether.

Day's length 9 hours and 51 minutes.

Easter Sunday falls this year on the
21st day of April.

Notwithstanding the clear sunshine,
to-day has been the coldest of the New
Year.
