

A DREAM OF THE FATHER-LAND.

How fresh, how fresh and fair
Through the crystal gulls of air
The fairy South wind floateth on her subtle
Wings of balmy bliss;
And the green earth, lapped, in bliss,
To the music of her kiss,
Seems yearning upward fondly through the
Golden crested calm!

From the distant tropic strand,
Where the billows bright and bland
Sweeping curling round the palms with
Sweet, faint under-tone;
From its fields of purple flowers,
Scented with fragrant showers,
The South wind lingering sweeps the
Happy blooms of June.

All Heavenly fabrics rise
On the perfume of her sighs,
And steep the inmost spirit in a languor
Rare and fine,
And a peace more pure than sleep,
Into dim, half-conscious deep,
Transporting me, lulled and dreaming, on its
Tender wings divine.

These dreams! ah! meet the splendor,
So mystic, clear and tender,
Where with like soft heat-lightnings they
Gird their meaning round,
And these waters calling, calling,
With a nameless charm enthralling,
The ghost of music melting on a rain-
bow-pray of sound!

Touch, touch me not, nor wake me,
Lest I grope thoughts o'er-take me
From earth peering faintly with her dreary
Sighs and jars,
What wondrous arms caress me!
What whispered voices bless me!
With wondrous drooping dew like from the
Weird and wondrous stars.

Alas! dim, dim and dimmer
Grows the picture that I see,
Of that nameless South wind brought me
On her subtle wings of balmy bliss;
For behold! its spirit flyeth,
And its fairy dreamer dieth,
And the dream closing round me is a dull
And soulless calm.

All Coards in the Dark.

There was a young hot-head in the
Empire Napoleon's service, who
being for action, and his duties for
the time affording no opportunity, at
last resolved to fight a duel; accordingly,
choosing to construe some remark
of another of an older and superior officer
into an insult, he challenged him.
The old soldier, waving all considerations
of rank, agreed to meet the
young man, but on the following morn-
ing terms: The time should be night
—the place a room—in opposite cor-
ners of which they were to stand,
the seconds, having placed their men,
were to withdraw outside of the door,
leaving the candles with them. The
young man should be given from
without, when he who had the first
should discharge his weapon, and
the seconds having the light should
immediately rush in.

These strange conditions were ac-
cepted; the time arrived; and the sec-
onds placed the parties as agreed upon
—withdrawing immediately, and leav-
ing their men in the dark.

The word was given—the fire was
hard—the door reopened—and there
stood the older of the two bolt upright
in the corner, his adversary's ball hav-
ing entered the wall so close to his head
that his escape seemed almost miracu-
lous.

It was now the old soldier's turn to
fire. They were again left in the dark;
the word was given from the outside,
and instantaneously with the discharge
the seconds rushed in to find the chal-
lenger prostrate upon the floor, not yet
having recovered himself from his trick
avoid the ball, which on examination,
it was found must have killed him!

The young man was covered with
confusion, and the seconds were over-
whelming him with the expression of
their scorn, when the veteran stopped
them:

"Not so fast! get so fast! my young
friends," said he; "you will live to grow
wiser. Where do you suppose I was at
the first fire? On my hands and knees
at the corner; but I was up quicker
than he. Ah! Messieurs, say what we
will—boast as we may—we are all
towards in the dark!"

The Mystery of the Ruby.

It is not a little remarkable, and we
ought philosophize for some time
about it, that while the diamond is
made up of pure carbon, or simply
black and opaque charcoal, the ruby,
next in value and beauty, is nearly
made up of pure alumina or common
clay—98.5 per cent.—the coloring mat-
ter iron, making up the rest of it; the
same trace of lime found in it being
untraceable. Nothing, we may
venture to say, in nature's chemistry
is more wonderful than this fact of
the dull, colorless, and lifeless clay be-
coming metamorphosed by some hid-
den and almost miraculous way into
the transparent clear, red-colored,
and almost living gem. Imagination
well fails to find a theory to account
for all this, and no progress in chemis-
try can invent a theory to fit it. It is
a somewhat curious coincidence that
the ruby, as well as the diamond and
other precious stones, is so often found
associated with gold; where they are,
there is gold almost sure to be pres-
ent. Nature produces these, her rich-
est, together; and it afterward is the
province of art to keep them apart
and to exhibit them as one
gem.

THE TESTIMONY OF THE WHOLE WORLD

Holloway's Pills.

Let the Suffering and diseased read
the following:
Let all who have been given up by
Doctors, and spoken of as incurable, read
the following.
Let all who can believe facts, and can
have faith in evidence, read the follow-
ing.

KNOW ALL MEN BY THESE PRESENTS,
That, on this, the Twentieth day of
June, in the year of Our Lord, One Thou-
sand Eight Hundred and Sixty-six, per-
sonally came Joseph Haydock to me known
as such, and being duly sworn deposed as
follows: "That he is the sole general
agent for the United States and depend-
encies thereof for the preparations or medi-
cines known as Dr. Holloway's Pills and
Ointment, and that the following certifi-
cates are verbatim copies to the best of his
knowledge and belief.

JAMES SMETRE,
[L. S.] Notary Public,
14 Wall Street, New York,
June 1st, 1866.

DR. HOLLOWAY—I take my pen to
write you of my great relief and that the
awful pain in my side has left me at last—
thanks to your Pills. Oh, Doctor, how
thankful I am that I can get some sleep.
I can never write it enough. I thank you
again and again, and am sure that you are
really the friend of all sufferers. I could
not help writing to you, and hope you will
not take it amiss. **JAMES MYERS,**
116 Avenue D.

This is to certify that I was discharged
from the army with Chronic Diarrhoea, and
have been cured by Dr. Holloway's Pills.

WILSON HARVEY,
New York, April 7, 1866 21 Pitt st.

The following is an interesting case of a
man employed in an Iron Foundry, who,
in pouring melted iron into a flask that
was damp and wet, caused an explosion.
The melted iron was thrown around and
on him in a perfect shower, and he was
burned dreadfully. The following certificate
was given to me, by him, about eight
weeks after the accident:

NEW YORK, Jan 11, 1866.
My name is Jacob Hardy; I am an Iron
founder. I was badly burnt by hot iron in
November last; my burns healed, but I
had a running sore on my leg that would
not heal. I tried Holloway's Ointment
and it cured me in a few weeks. This is
all true and anybody can see me at Jack-
son's Iron Works, 2d Avenue.

**DOCTOR PIERCE'S
Golden Medical Discovery**

THROAT, LUNGS, LIVER & BLOOD.

In the wonderful medicine to which the atten-
tion of all is directed for relief, the discoverer
believes he has combined in harmony more of
Nature's sovereign curative properties, which
had hitherto been scattered in various direc-
tions, than any other medicine. The evidence of this fact
is found in the great variety of most obstinate
diseases which it has been found to conquer. In
the early stages of Consumption, Coughs,
and the early stages of Consumption, it
softens the medical faculty, and eminent
physicians pronounce it the greatest medical
discovery of the age. While it cures the sever-
est Coughs, it strengthens the system and pur-
ifies the blood. By its great and thorough
blood-purifying properties, it cures all Hu-
mors, from the worst Scrofula to a common
Blotch, Pimple, or Eruption. Mercurial
diseases, Erysipelas, Sore Throat, or
Sore Gums, Fever Sores, Scalds, or Rough
Skin, in short, all the numerous diseases caused
by bad blood, are conquered by this powerful,
pure, and invigorating medicine.

If you feel dull, drowsy, debilitated, have sal-
low color of skin, or yellowish brown spots on
face or body, frequent headache or dizziness,
bad taste in mouth, internal heat or chills, al-
ternated with hot flushes, low spirits, and gloomy
forebodings, irregular appetite, and long
continued suffering from Febrile Liver,
or "Biliousness," in many cases of
Liver Complaint, only part of these
symptoms are experienced. As a remedy for
all such cases, Dr. Pierce's Golden Medical Dis-
covery has no equal, as it effects perfect cures,
leaving the liver strengthened and healthy.

Extracts from Various Letters

"I had no appetite; Holloway's runs gave
me a hearty one."
"Your Pills are marvellous."
"I send for another box, and keep them
in the house."
"Dr. Holloway has cured my headache
that was chronic."
"I gave one of your Pills to my babe for
cholera morbus. The dear little thing got
well in a day."
"My nausea of a morning is now cured."
"Your box of Holloway's Ointment cured
me of noises in the head. I rubbed some
of your Ointment behind the ears, and the
noise has left."
"Send me two boxes, I want one for a
poor family."
"I enclose a dollar, your price is 25 cents,
but the medicine to me is worth a dollar."
"Send me five boxes of your Pills."
"Let me have three boxes of your Pills
for my wife, for Chills and Fever."
I have over 200 such Testimonials as
these, but want of space compels me to
conclude.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, this Oint-
ment is most invaluable. It does not heal
externally alone, but penetrates with the
most searching effects to the very root of
the evil.

Holloway's Pills

Invariably cure the following diseases:
Disorders of the Kidneys.

In all diseases affecting these organs,
whether they secrete too much or too little
water; or whether they be afflicted with
stone or gravel, or with aches and pains
settled in the loins over the regions of the
kidneys, these Pills should be taken ac-
cording to the printed directions, and the
Ointment should be well rubbed into the
small of the back at bed time. This treat-
ment will give almost immediate relief
when all other means have failed.

For Stomachs out of Order.

No medicine will so effectually improve
the tone of the stomach as these Pills; they
remove all acidity, occasioned either by im-
temperance or improper diet. They reach
the liver and reduce it to a healthy action;
they are wonderfully efficacious in cases of
spasms—in fact they never fail in curing all
disorders of the liver and stomach.

**Holloway's Pills are the best remedy known
in the world for the following diseases:**

Ague,
Jaundice,
Asthma,
Bilious Complaints,
Blotches on the Skin,

DR. PIERCE'S
Fountain Nasal Injector,
OR
DOUCHE.

This instrument is especially designed for the
perfect application of

DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented
with which nasal medicine can be carried high
up and perfectly applied to all parts of the affect-
ed nasal passages, and the chambers or cavities
communicating therewith, in which sores and
ulcers frequently exist, and from which the cat-
arrhal discharge generally proceeds. The want
of success in treating Catarrh heretofore has
arisen largely from the impossibility of applying
remedies to these cavities and chambers by any
of the ordinary methods. This obstacle in the
way of effecting cures is entirely overcome by
the invention of the Douche. Its use is pleasant
and easy, and it is a relief to the patient. Full
and explicit directions accompany each
instrument. When used with this instru-
ment, Dr. Sage's Catarrh Remedy cures every
attack of "Cold in the
Head" by a few applications.

DR. SAGE'S CATARRH REMEDY—Frequent
headache, discharge falling into throat, some-
times into the stomach, thick mucus, permanent,
offensive, etc. In others, a dryness, dry, watery,
weak, or inflamed eyes, stopping up, or obstruc-
tion of nasal passages, ringing in ears, deaf-
ness, hawking, and coughing to clear throat,
ulcerations, scars from ulcers, voice altered,
nasal twinges, offensive breath, impaired or total
deprivation of sense of smell and taste, dizzi-
ness, mental depression, loss of appetite, indig-
estion, enlarged tonsils, tickling cough, etc.
Only a few of these symptoms are likely to be
present in any case at one time.

Dr. Sage's Catarrh Remedy, when used
with Dr. Pierce's Nasal Douche, and ac-
companied with the constitutional treatment
which is recommended in the pamphlet that
accompanies the Douche, is a perfect
specific for this loathsome disease. It is mild and
pleasant to use, containing no strong or caustic
drugs, and is sold at the rate of 50 cents per
50 cents, Douche at 60 cents, by all Druggists.
