The days are lengthening perceptibly. There is a time to wink as well as to see. If your head is wax, don't walk in the sun. He may win a race that runs by himself. Pride and gout are seldom cured through-out.

What is serving God? 'Tis doing good to man. He that keeps his shop, his shop will keep him. Worth says that few women can sit down properly. Whom did the pastry cook marry? His sweet-tart, of course. The Cornet Concert Club was out serenading last evening.

A note long over due is full of interest to the man who holds it. The man who drinks his whisky straight as a die may need water soon in another world. Friday, the 22d inst, being a legal holiday, business on the wharf will in a manner be suspended and the Produce Exchange closed. A little child of our acquaintance thinks that "God must be glad when prayer meeting night comes, 'cause, He hears such lots of news."

Prayers were said at the Temple of Israel this morning for the soul of the father of the Messrs. Bear, of this city, who died in Germany, on the 1st of February. Mr. Sothern and his excellent troupe arrived here on the Northern train this morning. We had the pleasure of a call this forenoon from the polite and gentlemanly manager of the Company, Mr. Horace F. Wall.

**Unmailable Letters.**  
 The following is a list of unmailable letters remaining in the Postoffice at this place:  
 Mrs. H. Black, 154 or 149 North Tenth street, South Philadelphia, Pa; Miss Nettie Becker, Roundout, Ulster county, N. Y. Lock Box 78.  
 Sharp competition is the order of the day, among the first class hotels in New York. With one or two exceptions, they are trying to keep their old trade while adhering to their previous high rates. The Grand Central has reaped much benefit from this, by quietly "cutting" the rates from one to two dollars per day.

**ORANGE CAKE**—Two cups of sugar, two cups of flour, half cup of water, the yolks of five eggs, the whites of three eggs, the juice and rind of two oranges, two teaspoonfuls DOOLEY'S YEAST POWDER, and a little salt. Bake as jelly cake, and put together with icing made of the whites of three eggs, the juice and rind of one orange, and sugar to make the icing stiff.

**Taking French Leave.**  
 Loftin Murphy, the colored man who was arrested about a month ago near Point Caswell, by Capt. R. P. Paddison for having stolen goods in his possession and who subsequently in endeavoring to make his escape was shot and dangerously wounded by Capt. Paddison, last Saturday night, without any previous notice of his intentions, and without even settling with Dr. Murphy for his medical attendance, and in fact without giving any notice at all to any one, took his hat and walked off. It seems that the guard which had been placed over Murphy to watch his movements until he was convalescent enough to move to jail, being piously inclined went to preaching, whereupon the prisoner Murphy, who felt freely inclined, took the liberty of moving his quarters, since which time nothing has been heard of him.

## Meeting of the Board of Aldermen—Proceedings in Extra Session.

The Board met last evening at 7 o'clock pursuant to a call of the Mayor. There was present a full Board. The minutes of the two previous meetings were read and approved.

The Finance Committee reported progress in the matter of Mr. McKoy, and were granted further time. The Committee on Streets and Wharves asked for authority to call on the City Surveyor to assist in the matter of the encroachments of the Railway Company on the streets.

The Ordinance, Sanitary, Fire Department, Finance and Public Buildings Committees were granted further time. The petition of Alexander Sprunt & Son, to have the lot on Nutt street, between their property and that of Worth & Worth, filled up or the bulkhead removed, was read, and, on motion of Alderman King, the owner was required at his own expense to fill the lot or remove the bulkhead.

A communication from D. M. Dart was referred to the Finance Committee. A petition from A. B. Cook, to be relieved from tax as wholesale liquor dealer, was read, when Alderman Foster moved that the petition be granted, which motion the Mayor ruled out of order; whereupon Alderman Foster appealed from the decision, and the Board sustained the Mayor. Alderman King moved to lay the motion on the table, which was carried.

A petition from F. A. Schutte was referred to the Committee on Fire Department. The following petition was received and read:  
 CHAMBER OF COMMERCE,  
 WILMINGTON, N. C., Feb. 4, 1878.  
 To the Mayor and Board of Aldermen, City of Wilmington:  
 SIRS—The matter of appropriations by the National Government to continue the work of improving the Cape Fear river and Bar, requires the presence of a committee at Washington, D. C. This Chamber respectfully asks an appropriation of one hundred and fifty dollars to pay expenses of such committee, as it will represent the interests of the tax-payers, all of whom will be benefited by the improvements desired.

Yours truly,  
 A. H. VANBOKKELEN,  
 President Chamber of Commerce.

After various motions, it was finally decided to postpone the further consideration of the matter until the next meeting. A petition for a lamp on Castle and Surry streets was referred to the Committee on Lights. A petition from members of the legal fraternity, to have their license tax reduced to \$25, was referred to the Finance Committee. Petitions for appointments to the position of health officers were referred to the Sanitary Committee.

A petition from citizens residing in the southern portion of the city, praying for the draining of Dry Pond, stating that the brick sewer constructed by the city was pulled down by G. W. Price, Jr., and the brick used by him, was referred to the Chief of Police. A communication from M. London, relative to his fee in the case of Swenson vs. City of Wilmington, was referred to a special committee of three, consisting of Aldermen Flanner, Foster and Vollers, to confer with Mr. London. A report of the Superintendent of Health for the month of January was read and ordered on file. Alderman Hill offered the following resolution:

**Resolved,** That the tax imposed on blacksmiths and carpenters be remitted, to take effect March 1st, 1878.  
 Laid on the table.  
 The following ordinance was presented and adopted:  
**Resolved,** That fire wood brought to this city for sale shall be inspected by wood inspectors, duly appointed by the Clerk of the Superior Court for the county of New Hanover, and said inspector shall see that it is properly stowed or piled by the seller in cords or parts of cords. Every cord shall be eight feet long, four feet wide and four feet high, provided that no wood shall be piled or inspected except upon the demand or request of the seller or buyer, or of the agent of the seller or buyer of the same. That the said licensed inspector shall be allowed ten cents per cord for inspecting wood, and in proportion for parts of a cord, to be paid one half by the buyer and the other half by the seller. Every person who shall remove fire wood after a demand or request that the same shall be inspected,

he being a purchaser or seller, before it shall have been inspected by a wood inspector, shall forfeit and pay five dollars for every offence. Alderman Foster offered the following resolution, which was adopted:  
**Resolved,** That the Chief of the Fire Department, Col. Roger Moore, turn over to Messrs. Cronly & Morris the hand fire engine "Willard" together with hose ladders, not required for our fire department, to have the same properly advertised and sold at auction.

The following resolutions were adopted:  
**Resolved,** 1st That the Clerk & Treasurer shall, from the tax books of the city of Wilmington in his office, make out and carefully prepare a tax list, showing the parties and property liable for taxes to said city, for each year since the year 1870, which are still due and unpaid, and proceed to collect the same under and according to the provisions of an Act of the General Assembly of North Carolina entitled "an act to organize a Government for the city of Wilmington," ratified the 6th day of March, A. D., 1877.

**Resolved,** 2. That the City Clerk and Treasurer proceed to collect the taxes due to the City of Wilmington from and since the year A. D. 1870, up to the present time, in the manner provided in sections 9, 10 and 11 of chapter 192 of the Laws of North Carolina, 1876-7, pages 376, 377, 378, 379, 380, 381, 382, 383, 384 and 385. Ratified 6th day of March, 1877.

**Resolved,** 3d, That all persons who have failed to list his or her property, in the time required by law, shall forfeit and pay to the city of Wilmington a sum equal to twice the amount of the taxes due by such delinquent, and such sum, when ascertained, shall be collected as provided for collection of other taxes due said city.  
**Resolved,** 4th, That the City Clerk and Treasurer for the city of Wilmington, before exposing for sale any real estate in said city, for the payment of taxes, shall first advertise the same, stating specifically the lot or part of lot and block, the amount due for taxes, and the year in which it fell due, in not less than two newspapers published in the city of Wilmington, for the space of thirty days; also the place and time of sale.

**Resolved,** That the sale of such real estate, the time for redemption, and the cost, shall be as is provided in section 11, chapter 192, Laws of North Carolina, 1876 and 1877.  
 H. VONGLAHN,  
 F. W. FOSTER,  
 Committee on Finance.

The following was offered by Alderman Hill and referred to Committee on Ordinance.  
**Ordered,** That the City Attorney be requested to revise and compile all the existing ordinances of the city, and have the same bound in one volume, and that he be authorized to employ such legal assistance as he deems best to aid him in the completion of the work; and, further, that bids be advertised for printing and binding the same when completed.

Aldermen Foster offered the following, which was, on motion, postponed until the next regular meeting:  
**WHEREAS,** The money appropriated for the Police Department has been overdrawn \$130; therefore, be it  
**Resolved,** That His Honor reduce the police force on March 1st so as to meet the deficit.  
 Petition of John H. Lee, to be relieved of tax on cart house, was not granted, the Board not having the authority to do so. Barbers were allowed to open their barber shops on Sunday without being subject to a penalty. The Board then adjourned.

**Serious Accident to Mr. James Thompson.**  
 We learn from a gentleman just from Point Caswell that Mr. James Thompson, a Magistrate of Pender county met with quite a serious accident last Saturday, which came very near proving fatal to him. It seems that Mr. Thompson accompanied by his wife and children and Mr. James Colvin were returning from Point Caswell to their home, riding in a cart with a mule attached, and that the mule took fright and ran, throwing Mr. Thompson out in front of the cart, the wheel passing over the right side of his face, and severely injuring him, though fortunately the injury is not necessarily a fatal one, the balance of the party fell out the rear end of the cart and we are happy to state sustained no serious injuries. Mr. Thompson we learn has been confined to his bed ever since.

**State Factories.**  
 The Farmer and Mechanic of Raleigh furnishes a list of fifty-two cotton factories in this State with the number of looms and spindles in forty-two of them. The factories are mostly small, but they make a good beginning at any rate. The number of looms, as far as reported, is 1,464, and of spindles, 90,686. The capital invested is estimated at above \$1,600,000, and the number of operatives employed, 3,288. Other mills of larger dimensions than any now in operation, are in course of construction.

## The Opera House To-Night—Mr. Sothern as Lord Dundreary.

Of course every one who can, will go to-night and see this eminent comedian in his great character of Lord Dundreary in his popular comedy of "Our American Cousin." In the impersonation of this character, Mr. Sothern stands without a rival, his reputation as a successful Dundreary is not confined to this continent but extends as far as the British Isles.

The Norfolk *Virginian* in alluding to Mr. Sothern's performances in that city has the following to say upon the subject:  
 For a period of time, considerably exceeding a decade of years, Mr. Sothern has been famous throughout this country and Europe as Lord Dundreary, in Mr. Byron's popular comedy, of Our American Cousin. In fact, all attempts to measure approach him in this great impersonation have proved futile, and to-day he stands without a rival. The announcement that he was to appear in Norfolk, created a sensation, and last night it culminated in a crowded house. The audience was composed of the elite of the two cities, representatives from Old Point and vicinity, and taking advantage of the special train secured through the energy of W. T. Howell, Esq., Suffolk, added to the audience seventy of other citizens. It is useless to speak in any extended manner of Mr. Sothern's Lord Dundreary. It is hard to describe, as word painting utterly fails to do justice. It is one of those peculiar phases of acting which must be seen to be appreciated. Our readers have, probably, a very good conception of the specimens of English nobility the author intended to represent, and we will only add that Mr. Sothern, as an artist, has in his copy exceeded the original; for his master hand has continually retouched it until the comparatively crude portrait struck off at first has been perfected. He received several encores, while the side-splitting laughter and enthusiastic applause showed that he was fully appreciated. He was admirably supported.

**A Goose Thief.**  
 Sometime last night some thief or thieves entered the premises of Col. Jno. L. Cantwell, on Princess between Eighth and Ninth streets, and stole therefrom nine fine large fat geese. The fellow or fellows, whoever it was, showed good generalship, some of the same kind that Grant showed around Petersburg in front of the mine, for instead of exposing himself to the fierce yard dogs, and at the same time running the risk of Col. Cantwell opening upon him with his dogs of war; this shrewd strategist entered the premises by tunnelling from a neighbor's yard and came up into the poultry house through the floor, the planks of which had been taken up a day or two before, to allow the dogs to catch some rats which had burrowed there. The goose general must have taken fright at something and beat a hasty retreat, for he left some very fine ducks and other poultry untouched. We don't know, but we think Col. Cantwell would like to have the same kind of a visitor to-night.
