S. JEWETT—A Book for all Readers.  
A. SHRIER—Must be Sold.

Two Spanish barques are reported in below.  
How to start a roomer nowadays—Just let his landlady ask him for next week's board in advance.

John T. Raymond played Col. Mulberry Sellers in Petersburg on Monday night and is booked for Norfolk on Friday. But there are no enquiries for the Oper Hous in this city.

The reason given for a girl's not being able to throw anything with the accuracy of a boy is that her collar bone is some inches longer and some degrees lower down, and, being long and crooked, interferes with the free action of the shoulders.

**Capsized.**  
Three young friends of ours were capsized in the river last evening, about 7 o'clock, opposite Point Peter, and were in a serious fix, when they were picked up by Mr. Charles Edwards, Mate of the British brig E. P. Sherwood, and some of the crew. The young men had been fishing and were on their return home in a small boat when the accident occurred.

**Anniversary.**  
Wilmington Steam Fire Engine Co. No. 1, will celebrate their anniversary on Friday next, the 22d inst. It is in contemplation, we understand, to have on that occasion a thorough test of the steamer and the activity of the members of the Company in regard to the time it will require to arrive at a given point and put out a stream of water.

**The Feast of Purim.**  
Yesterday was known as the feast of Purim or of Lots, instituted to commemorate the deliverance of the Jews from the machinations of Haman. "Wherefore," we read in Esther ix:26, "they called these days Purim after the name of Pur," that is, the lot, which Haman, the Agagite, the enemy of the Jews, had cast "to consume them, and to destroy them."

**Moffett Bell Punch.**  
As per announcement the Moffett Bell Punch was exhibited by Alderman Foster at the Produce Exchange this noon. The Register was worked theoretically and not practically, that is, there were no alcoholic or malt beverages on hand to show the practical working and the register was thought by the spectators to be the dryest punch they had seen for some time.

The register works on a principal similar to that of a gas meter and can register as many as 10,000,000 drinks, far more than is ever sold at any one bar in a year. Its working and mechanism are simple but cannot well be tampered with without detection.

Mr. Foster also exhibited the Parks Coupon system, but in this we think we see a greater opportunity of corruption and fraud than we do in the Moffett, Bell Punch and if either is to be adopted in this city we think it would be to the interest of the honest salesmen to prefer the Bell Punch.

**Simmons, Slocum & Sweetnam.**  
This popular troupe will make its first appearance in our city on Friday evening. It is now returning from one of the most successful tours through the South ever made by any minstrel party. We clip the following from the Louisville Courier-Journal:

"The Simmons, Slocum & Sweetnam's Minstrel troupe gave an excellent entertainment last night to a crowded house at Liberty Hall. The programme contained new and original selections; when old points were used they were given a new turn. Even the farce was enlivened by a new feature in the way of a watch dog, who gave practical demonstration in anything but a tame style of the approved canine method of handling the tramp. While Lew Simmons was amusing, and Goss and Fox very comical with tricks of their own, Billy Sweetnam, in his original specialties, is immense. His quiet humor in his dissertations on affairs and in the narration of some remarkable experience, kept the audience in a continued laughter. He is really very original, and there is as much true humor about his productions as anything that is laughed over in print or public entertainments of the day. The songs, dialogues and choruses are good. We recommend the troupe, and advise amusement-seekers to see them.

Mr. Parmelee, the agent, very sensibly put down the price of admission for the performance in this city. The sale of reserved seats commences to-morrow morning.

**Young Housekeepers**  
Should not forget that the way to reach a husband's heart is through his stomach. Use DOOLEY'S YEAST POWDER in making biscuits, bread, cakes, rolls, muffins, etc., and they will be nice, light, digestible, and wholesome.

**Garden Truck.**

The Express Company is busy now transporting vegetables and early fruit to the North, nearly a ton of strawberries, green peas, asparagus, &c., passing here daily. They are from Charleston, Savannah and points in Florida and all go to that greedy comorant, the North, where there are lots of people whose appetites never outstrip their pockets. They don't stop here; they wouldn't be healthy at the present prices.

**Of Great Interest.**

The following, published in the *Y Drych* of Utica, N. Y., is of such general interest in every locality, that we make no apology to our readers for reproducing it here:  
Cyhoeddwyd yn benderfynol yn ddio weddar fod y bachgen colledig Charli-Ross, yr hwn a ladratawyd o Philadelphia, flynyddoedd yn ol, wedi ei ddarganfod yn grwydryn yn un o'r Ynyson eidd Gorllewinol. Aunonwyd y bachge, hwn gan foneddwr haelionus i Baltimore, a darparodd arian i roddi aiddysag a chynaliath iddo, os nad Charlie Ross ydoedd. Aeth Mr Ross i'w weled, a deallodd yn fuan nad oedd yn debyg i'w fachgen colledig. Y mae efe wedi cael ei alw edrych 573 o fechgyn, er pan gollodd ei blentyn, yr hyn a ddengys fod nifer mawr o hogan yn y wlad, nad oes neb yn gwyrbod pwy ydyw eu rhieni. Nid oes gan Mr Ross ond gobaiith gwany dychwoli ei blentyn; ac os ydyw yn fyw, y mae wedi newid erbyn hyn, fel na fydd yn ddichonadwy iddo ei adnabod.

**Lippincott's Magazine.**

Lippincott's Magazine for April is full of light and readable matter. Robert A. McLeod writes graphically of Italian Lakes, —Garda, Como, Maggiore, etc.—and Olive Logan gives a sparkling description of scenery and manners in Norway. Both papers are profusely illustrated, and present together a vivid notion of the contrast between northern and southern Europe. "The Home of the Jaguar," by Dr. Felix L. Oswald, brings us to one of the most striking regions on our own continent, the pathless swamps and thickets of Yucatan; where the king of American beasts has his lair; the author is well acquainted with the ground, and gives many anecdotes illustrative of the strength and ferocity of the jaguar. "Recollections of Edward L. Davenport," the tragedian, is by Henry P. Goddard, and "Home Harmonies," giving hints to amateur quartet players and domestic performers generally, by S. Austen Pearce, Doctor of Music and Professor of the Art at Columbia College.

Dr. S. Weir Mitchell begins a story (in three parts) of Quaker life in old Philadelphia, entitled "Hepzibah Guinness," and there are several other stories in the number, all well written and entertaining. The poetry is by Pual H. Hayne, Sidney Lanier, and Phillip Bourke Marston, and the "Gossip" is unusually full, comprising papers on Russian Proverbs, Portable Furniture, Dusseldorf Street Life, and other topics.

**Marriage Anniversaries.**

At the end of the first year comes the cotton wedding; at two years comes the paper; at three, the leather; at the close of five comes the wooden; at the seventh anniversary the friends assemble at the woolen, and at ten comes the tin. At twelve years the silk and fine linen; at fifteen the crystal wedding. At twenty, the friends gather with their china, and at twenty-five the married couple who have been true to their vows for a quarter of a century are rewarded with silver, gifts of esteem that become rapidly more valuable. When the thirtieth anniversary is reached they are presented with pearls; at the fortieth come the rubies; and at the fiftieth comes the glorious golden wedding. Beyond that time the aged couple are allowed to enjoy their many gifts in peace. If, however, by any possibility, they should reach the seventy-fifth anniversary, they are presented with the rarest gifts to be obtained, at the celebration of their diamond wedding.

**Consumption Cured.**

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. W. Sberar, 126 Powers' Block, Rochester, N. Y.

According to the Almanac Spring commences to-day.

**Board of Aldermen.**

The Board met in called session at the City Hall last evening present, His Honor, Mayor Fishplate, and Aldermen Myers, Flanner, Bowden, Vollers, VonGlahn, Foster, King, Hill and Lowrey.

Alderman Foster offered a resolution to the effect that after April 1st, 1878, as near as may be practicable, not less than two-fifths of the police force shall be white and not less than two-fifths of the force shall be colored; also that the force shall not be less than twenty-five, and that the Mayor shall choose from the force five to act as health officers.

Alderman Flanner offered the following substitute:  
**Resolved,** That the police force shall consist of the Chief of Police, two Captains, two Sergeants and twenty-five privates; the force to remain as now constituted, and the additional number to be appointed by the Mayor. The health officers, not to exceed five, shall be selected from the force by the Mayor.

Upon a call of the previous question, the substitute was adopted by the following vote:

**AYES**—Aldermen Bowden, Flanner, Hill, King, Lowrey, Myers, Vollers, VonGlahn.

**NAYS**—Alderman Foster.

Alderman Myers offered the following resolution, which was carried:  
**Resolved,** That the present city officials, elected by the Board, be retained in office until further action be taken by the Mayor and the Board.

The Committees on Finance and Fire, Department were granted further time to report.

A communication from the Chairman of the Board of Audit and Finance was received, read and referred to the Mayor who was requested to consult with the Board of Audit and Finance.

The following report was made by the Special Committee in reference to granting land to certain Associations:  
"We, the undersigned, your committee, have the honor to report that we have examined the By-Laws and Regulations of the Association, and recommend that the grounds be granted them, under such rules and ordinances as this Board may adopt from time to time. That no contracts shall be entered into by said Association to subject the city to any debt or a lien upon said land. Also said Association shall hold said land at the pleasure of said Board of Aldermen of the City of Wilmington. And it is hereby provided that at no time and under no circumstances shall the title to these lands pass from the city, except by and with the consent of the Board of Aldermen."  
(Signed.) J. C. HILL, I. W. KING.

[This refers to the Pauper Burial Ground in the lower part of the city.]

A resolution was adopted to the effect that when the City Hall is rented, it shall be understood that the time is limited to 12 o'clock at night, unless by special permission of the Mayor.

A communication from Hon. Dan'l L. Russell was received and referred to the Finance Committee. It was in reference to the payment of claims for legal services in arguing cases before the Supreme Court.

A communication from Alderman VonGlahn was read, and referred to the Treasurer to correct the error alluded to.

A communication from many citizens, praying for the improvement of Red Cross street at its intersection with Fourth street, was referred to the committee on Streets and Wharves.

A communication from Alex. Sprunt & Son was read, and, on motion, Messrs. Alex. Sprunt & Son and ex-Mayor W. P. Canaday were invited to attend the next regular meeting of the Board.

A resolution was offered and carried that the quarantine regulations, as adopted by the Board for the year 1878, are hereby re-enacted, and it is further ordered that such regulations shall take effect from and after March 20th, 1878.

A communication from Dr. Curtis, quarantine physician, to Mr. E. Peschau was read and referred to the Mayor. This communication is in reference to the barque *Violette*, now at quarantine. Dr. Curtis states that there has been no case of sickness on board of her since she has been in the river, that she has been thoroughly cleaned and fumigated under his orders and thinks that she might be allowed to load at the mouth of the river.

A resolution was offered by Alderman Flanner, and carried, to the effect that the Market House be thoroughly renovated and repainted, under the supervision of the Mayor.

The following resolution was offered by Alderman Bowden and carried:  
**Resolved,** That from and after April 1st, 1878, the police force of this city be

uniformed at the expense of the city, and in the event that any policeman should resign of his own account, or be dismissed from the force, the cost of said uniform be deducted from his salary.

A substitute was offered and laid on the table.  
The report of the Superintendent of Health for February was read and ordered on file.

The Board adjourned until Thursday night, when it will meet to consider the apportionment for next year.

**Disgusted.**

While the Bell Punch was being exhibited by Mr. Foster this morning we overheard a young man giving vent to his displeasure at the idea of the adoption of the "dam thing" and was very severe in his strictures upon Dr. Moffett, the inventor, and Mr. Foster because he thought his name would be registered every time he took a drink. As soon as he understood the merits of the Punch he stepped across to Deumelandt's and smiled.

**A Freak in Fashion.**

Young ladies in white, provided it is not satin, when they wear neither flowers nor ornaments, are held to be in very deep mourning, says an English authority. The utmost allowed them in giving a piquancy to their coiffures is a tow of white satin in the hair. A matron, after the acute stage of sorrow has been got through, can appear in society in white silk or tulle, and pearl, diamond or jet ornaments. It is only *bourgeoises*, ignorant of delicate distinction of courtly etiquette, who assume purple and violet in the half mourning period.

**From Masonboro to New River.**

Some time ago a survey was made by the United States Government for an inland water route from New River to this city, and an unfavorable report was made by the Engineer in charge of the work on the ground that a canoe could not then be floated over the mud flats lying between Topsisal Sound and New River. Since that time the trip has been made by a gentleman of this city in a fishing skiff, and a few days ago a sloop drawing over three feet was sailed up through the Sounds from Masonboro Inlet to New River, with little or no trouble. During the equinoctial storm of last fall an inlet near the mud flats was washed through the beach and the water ran through the flats with so much rapidity that most of the mud has been carried off and now the tide ebbs and flows over them.
