## LOCAL NEWS.

**New Advertisements.**  
 E. L. Harding, H. H. Munson—Dissolution. MUNSON & Co.—Excellent Cass. Suits. A. SHRIER—Going North. S. JEWETT—New Supply of Pictures. See ad. "Tonsorial Notice." S. H. FISHLATE, Mayor—Sealed Proposals. SAM'L N. CANNON, Secretary—Notice. PETTEWAY & SCHULKEN—The Rule is Cut, "Cut." W. H. NASH—Fashionable Hair Cutting and Shaving Saloon.

The last oyster month is at hand. The Board of County Commissioners meet next Monday in regular session.

The Market House is taking on a coat of a light blue color. Plenty of thunder and lightning last night, the first, we believe, of the season.

Ex-Mayor Canaday, the new Collector for this Port, returned here this morning from Washington City.

The Mayor advertises for sealed proposals for work to be done for the city the ensuing year, in various departments, as required by the law.

Our correspondent at Lumberton informs us that the trial of Ben McAlister, colored, charged with murder, has been set for Tuesday next, April 21. McAlister plead not guilty.

By notice elsewhere it will be seen that the barbers in this city have agreed to return to the old prices, 15 cents for shaving, 35 cents for a shampoo and 35 cents for hair cutting.

The announcement is made that there are now 28,000,000 gallons of whisky in the country. This large supply is owing to the fact that quite a number of our Wilmington young men have sworn off

Flexible paint for canvas may be made by dissolving 2 1/2 pounds good yellow soap, cut into slices, in one and one-half gallons boiling water; grind the solution while hot with 140 pounds good oil paint.

J. E. Taylor, mail agent on the C. C. R. W., has been transferred to the W. C. & A. R. R., vice mail agent John Nutt, who has been transferred to the Lynn & Alston R. R., from Alston, S. C. to Lynn, N. C.

For cleaning brass inlaid work: Mix tripoli and linseed oil, and dip felt into the preparation, and with this do the polishing. If the wood be rosewood or ebony, polish it with finely-powdered elder ashes, or make a polishing paste of rotten-stone, a pinch of starch, sweet oil, and oxalic acid, mixed with water.

**Sacramental Wine.**  
 Spear's Port Grape Wine is a pure unadulterated wine, from the finest native grown Port Grapes, especially for the use of Christian Churches, and guaranteed to retain its grateful flavor and essential qualities unimpaired for any period. Much used for evening parties and by invalids.

**Waffles.**  
 One quart sweet milk, three small teaspoonsful DOOLEY'S YEAST POWDER, a little salt, five eggs, the yolks and whites beaten separately, a small cup of melted butter, enough flour to make a not very stiff batter. Mix the Yeast Powder with the flour while dry.

**Mothers, Mothers, Mothers.**  
 Don't fail to procure Mrs. WINSLOW'S SOOTHING SYRUP for all diseases of teething in children. It relieves the child from pain, cures wind colic, regulates the bowels, and, by giving relief and health to the child, gives rest to the mother.

Sharp competition is the order of the day, among the first class hotels in New York. With one or two exceptions, they are trying to keep their old trade while adhering to their previous high rates. The Grand Central has reaped much benefit from this, by quietly "cutting" the rates from one to two dollars per day.

**Consumption Cured.**  
 An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. W. Sherar, 126 Potters' Block, Rochester, N. Y.

## Linen Polish.

Take of white wax one ounce, spermaceti two ounces and a good pinch of salt. Mix and melt these together, and when cold it will form a hard cake. Put a piece the size of a pea in the hot starch for every three or four shirts. When ironing go over the linen quickly a second time; this increases the polish.

**Fruit and Garden Saws.**  
 The prospects of the fruit crop hereabouts are at this time splendid, but the cold weather in the North and West has already, it is said, cut the peach prospect there down to next to nothing. Apples promise to be abundant everywhere.

The truckers hereabouts appear well pleased with the situation, thus far. Yesterday's rains will do a world of good and the shipment of early vegetables will soon begin in earnest.

**For this Port.**  
 The following is the list of vessels cleared for Wilmington from foreign ports and now on the way here:  
 Barks—Christiana, Claudia, Christine, Concordia, Duen, Friedrich, Geo. Davis, Laura, Lydia Peschua, Margarita, Maria Pace, Maria Sophia, North Carolina, Recto, Steen, Stanbo, Vorwartz, Walfrid.  
 Brigs—All'on, B. F. Nash, Em'l, Fix, Ino, Vera.  
 Schooners—John Schutte.

**The Magistrates.**  
 Quite a number of Justices of the Peace are expected to be in the city to-morrow to attend the meeting which is to be held at the Court House at ten o'clock, for the purpose of organizing themselves into a board of canvassers, electing a Chairman, and so forth. It will look like old times to see so many of our country Squires coming to town in their Magisterial capacities, and reminds us of the days of the old County Court sittings.

**Scrapple.**  
 This savory and nutritious dish is made from the trimmings or scraps of pork and Indian meal. The following is a good receipt: Sift one pound of meal and half a pound of flour together; stir them into three quarts of boiling water with half a level teaspoonful each of pepper, thyme, summer savory and sweet majoram, six age leaves rubbed fine, one nutmeg grated, and two teaspoonsful of salt; boil for three quarters of an hour, stirring frequently; add two pounds of pork trimmings, boiled tender and chopped fine or one pound of brown pork scraps; then boil the scrapple for fifteen minutes, stirring often enough to prevent burning, and pour into a buttered mould to cool. When you want to use the scrapple turn it from the mould, cut it into slices and fry it brown.

**The South Atlantic.**  
 The April number of this excellent Southern Monthly is already at hand, and, while it has always presented a very attractive table of contents, we are glad to mark in this issue a still further improvement.

The number opens with a little poetical gem from the pen of Mrs. Margaret J. Preston, of Virginia, entitled "A Grave in Hollywood," which is a fit tribute to the memory of Job Stuart, whose undistinguished grave is a reproach to the people of the South. Then there is a Florida idyll, "A River of the Sea" by Wm. Brockden Brown; "Virginia County Life Before the War," by Mrs. Mary Cabell Early; the third part of Edward J. Maxwell's very interesting paper on "Hampton's Campaign in South Carolina," "Sunday on the Rhine," by Stella; "Chapters VIII-X of Mrs. Jarvis' "Baptism of Fire, "A Jest," a poem by Paul F. Horry; a very interesting paper on "Americanism," by W. H. Babcock; "The Mountain Horror," a legend of "Old Baldy" and the Indians, by W. C. Elam; a charming fantasy by Paul H. Hayne; and "Bolton Abbey," by Mrs. Susan Archer Weiss. The usual editorial department closes the number. Published by Mrs. Cicero W. Harris, at Wilmington, at \$3 a year.

**Hotel Arrivals.**  
 PURCELL HOUSE.—Wilmington, N. C., March 27.—Cobb Bros, proprietors.—F. J. Boesse, Mrs. H. J. Brookes, Mr and Mrs H. S. Crooke, Mr and Mrs J. H. Stegman, Wm G. Sterling, John Bodine, William Youngblood, New York; J. A. Cullen, Richmond; J. W. Bradbury, and wife, H. W. Bradbury, Maine; Mr. James G. Wood, Miss C. D. Wood, Poughkeepsie, N. Y.; J. A. August, Hot Springs, Va.; Isaac Guthman, Atlanta; Col. H. B. Short, Lake Waccamaw; S. C. Woodley, Ohio; S. O. W. Haynes, F. Pritchett, Baltimore; F. J. Calhoun, Atlanta; W. N. Geddes, Pennsylvania; W. L. Shelton, Zanesville, Ohio; George A. Whitter, Signal Service, U. S. Army; A. M. Foute, Baltimore.

## Shooting a Chicken Thief.

This morning a colored woman who gave her name as Melvina Manning was observed by Mr. Williams, Clerk of the Market, offering for sale some very badly dressed chickens at a price considerably less than their market value. He felt justified in causing her arrest and she was taken to the guard house by officer Gordon. When arrested she stated that they were given to her to sell by a colored man by the name of Johnson, but before she reached the City Hall she changed his name to Tom Jones, who she said had given them to her to sell for him promising her half of the proceeds. She stated that she lived at Jumping Run, a short distance South of the city, and officers Gordon and King were thereupon dispatched to that point. As they approached the house, they saw a small boy at the door, who refused to give his name, saying that his mother had told him not to tell. As the officers were about to enter the house, the door was opened and a colored man appeared presenting a gun. Officer Gordon thereupon seized the weapon with one hand and drew his pistol with the other but before he could cock it the man broke from him and ran. The officer thereupon fired at him several times and is sure that he struck him at least once as the man was seen to clap his hands to a certain portion of his body. The fellow got away, however, and the officers returned to the city and made their report.

## An Argument for Corn.

We know a gentleman in Pender county who makes no cotton, neither does he make turpentine, but he devotes all of his energies to raising corn. He is a "hog and hominy" man out and out. As a consequence he sold all of his crop last year, over and above his own requirements, at 80 cents per bushel, at his cribs. This is evidently better than cotton. He let others plant cotton and make turpentine and then sold them his corn at a good price. If there is any margin anywhere on anything it must be his. Corn is raised in the Eastern part of this state, shucked and shipped here and sold for 58 and 59 cents a bushel. The expenses of it from crib to pocket must be very nearly 20 cents thus leaving say 40 cents a bushel, and yet the corn growers are glad to get this. If, therefore, they can make money at 40 cents, per, how much more must our Pender county friend make at 80 cents net! We commend these facts to the attention of the farmers hereabouts.

Gold and silver are the only perfect metals known; they are called perfect, because they lose nothing from the heat of fire. Imperfect metals are those which decrease by the heat of fire, and are easily corroded by acids, as quicksilver, lead, copper, etc.

## The Military.

WILMINGTON, N. C. March 29th '78. To Editor of the Review:  
 In the Wilmington Star of this morning I was indeed gratified to read the communication signed "Old Cape Fear." The writer has indeed sounded the key note, and I think with him, that steps should at once be taken to aid our military companies. That they are necessary to good order and quiet no one can for a minute doubt, and certainly our city ought to be able to support three good companies, composed of the material that is now in those already organized. I am clearly of the opinion that it can and will be done if some of our most prominent men will take the matter in hand and push it forward. It is their duty as good citizens to show that kind of interest displayed in other cities and towns in the State as "Old Cape Fear" says: I know you will use your best efforts in this direction in bringing the matter before our people as you have so often done in your reliable paper. Urge not only the citizens of our own city, but appeal to the next Legislature to put the State Guard on a firm footing. Now, allow me as an humble citizen, and a warm supporter of the military of our city, to suggest that a committee of six of our leading citizens be constituted a committee of "ways and means," to be selected by the Chamber of Commerce, Board of Trade, and Produce Exchange to take the matter under advisement and see what can be done. I am informed by those connected with our citizen soldiery that they all are in immediate need, and surely if this be so we all are too deeply interested to let them fail. I am told that an order has been recently issued by the Adjutant-General of the State, requiring the Companies to whom arms have been issued and who have not been able to fully uniform themselves, to do so within the time prescribed by law, (which they say is sixty days) or return their arms. It would be a crying disgrace if Wilmington were to allow this to be done, when it would require so little from each one to meet the demand.

The annual meeting of the members, policy holders of the Wilmington Mutual Insurance Company will be held next Monday evening at Evans' Block on Princess street.
