The Board of Aldermen meet this even-
ing.
Eggs continue to retail at 10 cents per
dozen.
Never count on your spring chickens
before they are broiled.
The blue wash on the ceiling of the
Market house is already peeling off.
Cure that cough or you may have to
take an apartment in a sarcophagus.
Fool's Day and lots of practical
pranks were played this forenoon on peace-
ful and patient people.

The annual meeting of the policy holders
of the Wilmington Mutual Insurance Com-
pany will be held this evening.
Capt. Lippitt has on sale the first green
peas of the season. They are from Flor-
ida and are selling at 75 cents a peck.
From present indications we fear the
"Spring Fever" will become an epidemic.
Some of the veterans are already very
seriously indisposed.
The Board of County Commissioners
met this morning at 11 o'clock, but ad-
journed for the want of a quorum, sub-
ject to the call of the Chairman.

The First Battalion
The following is a full list of the staff
appointments for the First Battalion
Light Artillery, N. C. S. G., made by
Maj. Planner, Commanding:
Jno. H. Allen, of Wilmington, Quarter
Master, with rank of Captain; Thos. P.
Deveraux, of Raleigh, Commissary, with
rank of Captain; Stephen Jewett, of
Wilmington, Adjutant, with rank of First
Lieutenant.
These selections are excellent ones, one
point of great merit being that all
of these gentlemen have seen actual ser-
vice in the field.

Euchred by a Hen.
An attempt was made last night about
11 o'clock to steal and carry off the chick-
ens of Mr. R. J. Barclay on Third, be-
tween Nun and Church streets. The
thieves, two in number, got into the coop
through the roof and had "gathered them
in" but in their fowl play picked up an
old hen which proved to be a good
trumpeter and by this means the thieves
discovered by Mrs. Barclay who gave an
alarm and frightened them off without
their booty. The same hen last year was
the cause of thieves being run off and has
twice saved for Mr. Barclay his fowls.

Sacramental Wine.
Speer's Port Grape Wine is a pure
unintoxicating wine, from the finest
native grown Port Grapes, especially for
the use of Christian Churches, and guaran-
teed to retain its grateful flavor and es-
sential qualities unimpaired for any period.
Much used for evening parties and by in-
valids.

Consumption Cured.
An old physician, retired from practice,
having had placed in his hands by an
East India missionary the formula of a
simple vegetable remedy, for the speedy
and permanent cure of consumption,
bronchitis, catarrh, asthma, and all throat
and lung affections, also a positive and
radical cure for nervous debility and all
nervous complaints, after having tested
its wonderful curative powers in thou-
sands of cases, has felt it his duty to make
it known to his suffering fellows. Ac-
tuated by this motive, and a desire to re-
lieve human suffering, I will send, free of
charge, to all who desire it, this recipe in
German, French, or English, with full
directions for preparing and using. Sent
by mail by addressing with stamp, nam-
ing this paper, W. W. Sherar, 126 Pow-
ers' Block, Rochester, N. Y.

Sharp competition is the order of the
day, among the first class hotels in New
York. With one or two exceptions, they
are trying to keep their old trade while
adhering to their previous high rates.
The Grand Central has reaped much bene-
fit from this, by quietly "cutting" the
rates from one to two dollars per day.
Mothers, Mothers, Mothers.
Don't fail to procure Mrs. WINSLOW'S
Soothing Syrup for all diseases of teeth-
ing in children. It relieves the child
from pain, cures wind colic, regulates the
bowels, and, by giving relief and health to
the child, gives rest to the mother.

Change of Hour.
The hour for ringing the breakfast bell,
according to custom was changed this
morning from half past seven to seven
o'clock and turn-out bell from half-past
eight to eight o'clock. The breakfast bell
will ring from now until the fall season at
seven and turn-out bell at eight o'clock.

Tax Injunction.
We understand that Judge Eure has
granted an injunction restraining the city
from offering for sale for non-payment of
taxes, the property held by W. J. Duffie
and wife, Trustees &c., and that the case
will be heard at Chambers, at Elizabeth-
town, on the 10th inst. The grounds on
which the injunction was applied for will
not be given for publication until the case
is argued.

Cape Fear Steam Fire Engine.
The steam fire engine Cape Fear was
out practicing at the foot of Market Dock
this afternoon, and turned a good stream
of water into the Market House, which
not only had the effect of cleaning it pre-
tly thoroughly, but afforded considerable
amusement for several small boys around.
The water started several Market House
rats from their hiding-places, and the boys
gave chase, capturing and killing several.

Postponed.
Capt. Henry Savage, City Clerk and
Treasurer, advises in to-day's issue of
the REVIEW that the sale of property for
taxes for the year 1877, is postponed until
Saturday, the 20th day of this month, at
12 o'clock.
Parties who waived the advertisement of
their property for that year are also notifi-
ed that unless the same is paid by the
15th inst., their property will be ad-
vertised on the 20th inst., for sale.

Sworn In.
Messrs. C. C. Walker, J. W. King, A.
D. Love, D. S. Bender and the ex-City
Messengers, Mingo C. Hill, were to-day
sworn in as Health Officers by Mayor
Fishplate and assigned to duty as follows:
For the First Ward, M. C. Hill; Second
Ward, D. S. Bender; Third Ward, A. D.
Love; Fourth Ward, C. C. Walker;
Fifth Ward, J. W. King. The officers
have the authority of policemen also and
are to be obeyed and respected accord-
ingly.

Confirmation.
The Bishop preached and confirmed at
St. Mark's P. E. Church, colored, yester-
day afternoon. There was a very large
attendance, every seat being full. Rev. C.
O. Brady, of St. Mark's, read Evening
Prayer and Rev. Dr. Patterson, of St.
John's, preached from the text: "Keep
thy heart with all diligence, for out of it
are the issues of life." The Bishop con-
firmed fourteen persons, the candidates
having been presented by Rev. C. O.
Brady.

City Court.
Three little colored boys were the only
prisoners before Mayor Fishplate's court
this morning—and these little rogues,
though young in years, are old in crime,
two of them being old offenders. Their
names are Robert Stevenson, Mike Peden
and George Wilson; the last named two
had the honor to plead at the City Court
Bar for the same offence they were ar-
raigned for this morning on a previous oc-
casion. The defendants were arraigned to-
day upon the charge of forcibly entering
the shop of Parish Wood, on Front street,
yesterday (Sunday) afternoon about four
o'clock. Robert Stevenson was seen to
enter the shop through a broken pane of
glass. Officer G. W. Davis of the police
force, was notified, who came and arrested
the boy before he could make his egress
from the shop. The two other boys were
arrested upon being accessory before the
fact. It seems from the statement of the
first little rogue arrested, that the three
have a regular and systematized plan for
robbing houses or shops where they can
get victuals. The policeman did not suc-
ceed in arresting Peden and Wilson until
this morning about four o'clock, when he
found them under Parish Wood's shop,
where they are in the habit of roosting
every night, so they say, upon a bed made
of paper and rags. And according to the
statement of the policeman, it was not
without some difficulty that they were in-
duced to leave their bed of paper and
rags. He used a long pole and stirred them
up and frailed about with it underneath
the shop, until the little villains for their
own safety were compelled to crawl out.
On account of the extreme youth of the
prisoners—the oldest being only twelve—
His Honor seemed puzzled to know what
to do with them, but finally ordered that
they be confined in separate cells in the
Guard House until further orders. This
concluded the business of the Court for
the day.

The best thing for chapped lips is the
essence of two-lips.

Criminal Court.
This court convened this morning at 10
o'clock. His Honor Judge Meares pre-
siding.

The following named persons were
drawn to serve as Grand Jurors for this
term of the court:
B. F. Hall, Foreman, John A. Hewlett,
James Elder, Adm Brown, John A.
Farmer, Edward S. Gause, S. W. Holden,
Ez-kial Hollis, N. Morris, Richard F.
Langdon, James Richardson, Joseph J.
Cutter, Isham Quick, Charles W. Bradley,
Joseph Doane, John H. Bonemarr, Wm.
Buchanan, Sr., Henry W. Bryant.

After the Grand Jury were drawn a dem-
urrer was filed by the State against the
panelled Judge delivered his charge.
Maj. John W. Punham, Clerk, then
presented his bond for the ensuing year
which was accepted by the Judge, after
which a few minutes before one o'clock
the court took a recess until three this af-
ternoon at which time the docket will be
taken up and the court proceed to trial of
the cases. There are some thirty-two
cases on docket already we understand and
the Grand Jury will in all probability
find true bills for as many more.

Wilmington Phosphates.
The Raleigh News says: There has
been very considerable interest excited in
the eastern section of our State by the
recent discovery of beds of phosphate on
the farm of a gentleman near Wilming-
ton. A seam of about four feet in width
was there found, and has been traced for
more than 60 yards. The phosphate is
considered by competent judges to be fully
equal to that from the celebrated deposits
near Charleston, S. C. Col. L. E. Polk,
State Commissioner of Agriculture, re-
ceived on yesterday specimens of the find,
for analysis. Accompanying these was a
letter from the sender, a prominent gentle-
man of Wilmington, in which he says:
"The discovery of the unusually rich
deposits of green sand, and a conglom-
erate of coprolites and phosphatic nodules,
has excited general attention. To-day,
accompanied by a number of gentlemen
from this city, I visited the place of dis-
covery, where I obtained the specimens
sent you. I am satisfied that they will be
found useful for application to lands in
their vicinity, and may probably admit of
transportation. Prof. Ravenel, of Charle-
ston, claims to have realized wonderful re-
sults from a combination of one-third
barrel marl, one third ground phosphate,
and one-third ground sulphur pyrites. If
he is correct, this deposit may prove to
lack only the pyrites to make it very
valuable, and they can be easily obtain-
ed."

The specimens will be at once anal-
ysed, and it is hoped will prove as rich as
expected, thus adding another to our
resources.

A pretty fashion prevails at present—
long dresses for ladies, worn short by being
carried in the hand.

"Hold the fort" is the cry of the candi-
dates, and the present occupants of office
will have to look out, or somebody may
creep in.

The "heftiest" item in the REVIEW to-
day will be found on the second and third
pages, in the shape of the City Tax List
for the years 1871, 1872, 1873, 1874, 1875
and 1876.

The Mayor, ordered the discharge this
morning of the woman, Melvina Manning,
and Bill Rivers, who were arrested last
week on suspicion of being in league with
chicken thieves.

The first grand illumination of the
Market House took place Saturday
night and was found to work extremely
well. There are six lamps already in
position and three more are to be added
this week.

Slandering Your Neighbors.
The chief claim for support and pat-
ronage by some of the manufacturers of
Baking Powder in this country, seems to
be based on the idea of always vilifying
and traducing the character and quality
of the goods of other manufacturers. "Our
goods, or none," is their motto. The
manufacturers of DOOLEY'S YEAST POW-
DER set up no such arbitrary claim; but
they do claim to produce an absolutely
pure, wholesome, and, in every way, per-
fect Baking Powder. Beside which, it is
strictly full weight.

Up the Road.

LAURINBURG, March 30th, '78.

DEAR REVIEW:
There is but little of Laurinburg to-
day to remind one of it before the conflag-
ration, some eighteen months ago, which
destroyed the Railroad depot and freight
building and the business portion of the
town. Twelve or thirteen neat two story
frame buildings have been and are now
being erected which in size and looks are
a great improvement over those which
were destroyed. Mr. T. C. Bundy is
running a hotel, near the site of the old
one, and is giving satisfaction to travelers.
He sets a nice table and does every thing
in his power for the comfort of his guests.
In walking through the railroad shops I
saw several Wilmingtonians who seemed
to be happy and prosperous and who ex-
pressed themselves well pleased with their
new homes. The hand fire engine Wil-
lard which was bought by the town
authorities of this place is now in the yard
of the railroad company. The Willard
is to receive the repairs needed and a com-
pany will be organized in the shops to
man her. A handsome parlor car is
being built in the car shop and when
completed will be a perfect beauty. I
could not ascertain between what points
the car would be run but know that it will
not be put on the line between Wilming-
ton and Charlotte. An engine has re-
cently been built in the shops and named
for Capt. V. Q. Johnson, the Superintendent
of the road. The engine was built
for use and not for sale and is looked upon
as a very fine one. Large substantial box
cars are being turned out the shops almost
daily.

All along the line of the road I noticed
what seemed to me to be immense quan-
tities of different brands of guano. One
can easily tell long before he sees it that
"the thing is there and no mistake." Busi-
ness at the towns where I stopped is very
quiet and every one is complaining of
hard times. One thing I have noticed,
very much to my surprise, that for most
of the necessities of life a higher price is
asked than is charged for the same articles
in Wilmington; eggs are held at ten to
twelve and one half cents per dozen, and
dry salt meats from ten to twelve and one
half cents per pound, calico is sold for
four and five cents per yard higher than
in Wilmington and the same is the case
with other goods.

Quite a heavy rain, accompanied by
severe thunder and lightning, passed over
Robeson and Richmond counties a few
days ago, which was very grateful to
vegetation and seems to have put all the
farmers in good humor, at least it put
most of them at work planting and
ploughing.
