LOCAL NEWS.

New Advertisements. Mrs. Lumsden—For the Ladies. Brown & Roddick—Wake Up. S. Jewett—Look. Munson & Co.—Examine Blue Flannel Suits. A. Shrier—Big Excitement. Days' length 13 hours and 9 minutes. No interments this week in Bellevue Cemetery.

There have been three interments this week in Oakdale Cemetery, one child and two adults.

The Register of Deeds has this week issued marriage licenses for two white and two colored couples. The melancholy days have come, the saddest of the year, when house-flies light upon your nose and waltz off on your ear.

The turpentine men from Sampson county have flocked to the city during the past three days and as a consequence there has been considerable loose change floating around.

The H. H. D. Club. A meeting of the H. H. D. Club will take place on Monday evening next, at their rooms, at 7 P. M. Every member is earnestly requested to be in prompt attendance. (Signed): May Sunshine and Many Blessings Always Light the H. H. D.

N. C. State Medical Society. Dr. L. Julian Picott, the Secretary, announces that the State Medical Society will meet in Goldsboro on Tuesday, 14th May, and that arrangements have been made with all the railroads for a reduction of charges. The State Board of Medical Examiners will hold its session during the convention and examine applicants for license.

Simple Method to Clean Paint. If our housewives should adopt this method, it would certainly save them a great deal of trouble. First provide a plate with some of the best whitening to be had, and have ready some clean water and a piece of flannel, which dip into the warm water and squeeze nearly every day; then take as much whitening as will adhere to it, apply it to the painted surface, when a little rubbing will instantly remove any grease or dirt.

Fire at Sea. Capt. Kennedy, of the schooner *Cattawampus*, which arrived in this port this morning from Rocky Point, Me., with a load of lime for Messrs. Worth & Worth, reports that about seven days ago, on the 6th inst., when off Frying Pan Light Ship, his vessel was struck by a gale of wind, which threw her on her beam ends, in which condition she remained for about thirty hours; that during that time, her pumps failed to work altogether right and in consequence of this, the water reached a portion of the cargo of lime, unslacking it, which caused a fire to ensue; that he had to move out of his cabin and the crew out of the fore-castle and close everything down tight to save the vessel. The only provisions saved was a barrel of flour, which the Captain and crew have been living on ever since, besides having to sleep on deck. The *Cattawampus* arrived this morning about 11 o'clock, and anchored in the stream, where she now lies, though it is thought that the fire has all been extinguished or smothered.

By the exercise of the most judicious management, the Grant Central Hotel, New York, has very cleverly turned the tide of trade in its direction, not less by the sweeping reduction of its rates than through its excellent management.

"My dear," said Mr. S. to his blooming helpmeet. "I must congratulate you on your recent improvement in cakes, biscuits, bread, rolls, every kind of pastry in short." "Oh!" said the wife, "I've solved the secret by using the greatest thing in the market for baking—Dookey's YEAST POWDER. Henceforth my kitchen knows no other."

Mothers, Mothers, Mothers. Don't fail to procure Mrs. Winslow's SOOTHING SYRUP for all diseases of teething in children. It relieves the child from pain, cures wind colic, regulates the bowels, and, by giving relief and health to the child, gives rest to the mother.

The Good Templars. The Executive Committee of the Grand Lodge of Good Templars of this State have selected Newbern as the next place of meeting for the Grand Lodge. The session will commence in August next.

Sudden Death. Mrs. V. Bryan, wife of Mr. W. J. Bryan, died very suddenly yesterday afternoon, about 6 o'clock, at her residence on the corner of Wooster and Sixth streets, aged 51 years. The cause of her death is said to have been a paralytic stroke.

Palm Sunday. To-morrow is known in the Church calendar as Palm Sunday. It is the last Sunday in Lent, and opens this week in the solemn season, known variously as Passion Week, the Great Week and Holy Week. It is called Palm Sunday because on that day, as Christ made His triumphant entry into Jerusalem, the people cut off palm branches and strewed them in His way, crying, "Hosanna: Blessed is the King of Israel that cometh in the name of the Lord."

Got It All Right Now. There is a slight mistake relative to the announcement that Col. D. Klein, who has recently qualified as Deputy U. S. Marshal, has been appointed vice Deputy Van Soelen resigned. Mr. Van Soelen has not resigned, but still retains his position. There are two Deputy Marshals here, Col. Klein succeeding Dr. Peterson, who was last summer appointed to the position which he has recently resigned.

Justice Maffitt's Committee. The committee appointed by the Chairman of the Board of Magistrates at the Organization of the Board on the 30th ult., held their first meeting at Justice W. W. Harris' office, Princess street, at 11 o'clock to-day. The object of the meeting was in conformity with the resolution adopted at the organization of the Board. The committee, after agreeing upon a report to be made at the next regular meeting of the Board, adjourned until the second Monday in May.

Good Samaritans Returned. The *Charlotte Observer* says: The Queen Grandee and Excelsior lodges of the Independent Order of Good Samaritans and Daughters of Samaria, of this city, returned night before last from an excursion to Wilmington, whither they went on the 8th to participate in the celebration of the anniversary of the Star of Liberty lodge, of Wilmington. Mail Route Between Rocky Point and Point Caswell. The semi-weekly mail from Rocky Point to Lillington (Long Creek), in Pender county, has been extended on to Point Caswell, so there is now a semi-weekly mail between Rocky Point and Point Caswell. It leaves Rocky Point on the mornings of Wednesdays and Saturdays, goes straight on to Point Caswell, via the new Postoffice at Bellville, and Lillington, and returns the evenings of the same days, by the same route, and reaches Rocky Point in time for passengers and the mail to take the down train to this city, which passes Rocky Point at 6:30 p. m. The good people of Pender are wide awake to the advantages of better mail facilities. They are entitled to new postoffices and new mail routes.

New Post Office in Pender. A new post office has just been established at Bellville (Bellmore) in Pender county with Mr. Joseph Q. Bell as postmaster. Bellville is a beautiful location immediately upon the road from Rocky Point to Lillington and about equidistant from each. It is about sixteen miles from this city and is located also at the junction of above road with the road leading from Wilmington to Fayetteville near Lillington. Two other public roads also emerge from Bellville—one to Burgaw, a few miles distant, and the other to a noted public landing on the navigable waters of Morgan's Creek. It is a place of considerable importance and fine trade, built up in the last few years by that prominent citizen and enterprising gentleman, Fletcher H. Bell, Esq. It is in the midst of a progressive community, and a post office has been much needed there.

Colored Eggs for Easter. A nice dish of eggs, of various colors, is very appropriate and pretty for Easter breakfast. To color them a fine, bright red, get five cents worth of cochineal from the druggists. Into boiling water put part of it, dissolved in a little cold water. Put in all the eggs you wish to color red, boil a few moments, remove part of the eggs, then add half of the remaining cochineal, boil a few minutes longer, then remove more of the eggs, throw in the rest of the coloring; boil and you have the rest of the eggs a deep shade of red; you have three shades of red, and can have more by adding the coloring gradually. Several shades of yellow can be made by using a little gamboge, to be had also at the druggists. Coffee will make the eggs of a beautiful brown. Onion skins will give still another color, and bright colored cotton prints, tied round the eggs before boiling, will mark them very prettily. The water should boil very hard to extract the coloring from the cloth. After the eggs are boiled in some bright color they may be ornamented in a great variety of ways by using a sharp penknife and etching monograms, landscapes, faces or flowers, birds or insects upon them. These make very unique and attractive little tokens of remembrance for friends—especially as they are supposed to be very hard boiled and will never decompose.
