An elderly maiden lady, hearing for the first time that matches are made in heaven, declared that she didn't care a straw how soon she left this sinful world for a better land.
A new temperance song is called "Tonight You've Been Drinking Again." If the first and third letters of the last word of the title had only been omitted, the name would have been much more explicit. Now it deals in only "glittering generalities."

Have you any tomato plants? When two inches high transplant to a warm situation, as much exposed to the sun as possible. By pinching back have them grow strong and stocky near the ground. The use of frames or trellices is beneficial.
The Grand Central Hotel, New York, has long been a favorite with Southern people. Now that the St. Nicholas is soon to close, it is presumed that the Grand Central will absorb a still larger proportion of the Southern trade.
Highest Prize Port Wine.
The best Wine in the country, that took the highest premium at the Centennial, is Speer's-Port Grape Wine, which has become so celebrated. This wine and his P. J. Brandy are now being used by physicians everywhere, who rely upon them as being the purest and best sold by Druggists.

Robbed and Burned.
This morning, just before day, a store on Mr. Jno. F. Garrell's plantation, *Sans Souci*, about two miles from the city, was robbed and fired. Two men, employed by Mr. Garrell to haul meat to market, heard a noise in the store when they passed it on their way to the butcher pen, but thought nothing of it, and proceeded on their way. A few minutes later they discovered the store to be in a light blaze, and gave the alarm, which brought the farm hands out, who did all in their power to save the stock, but had to turn their attention to the dwelling, which was about twenty or thirty yards from the store.
Men were placed upon the roof, and by continuous application of water, saved the dwelling. About fifty dollars worth of groceries were saved, and the balance was either stolen or burned. Mr. Garrell had \$400 insurance on his stock and \$400 on the building, and estimates his loss to be about \$600, over and above the insurance.
It is thought that the store was first robbed and then fired, as coffee-grains were strewn along the ground to the main road. The stock was valued at \$800 and the building at \$400.
Carpenters have been sent this morning to commence rebuilding, and Mr. G. is in hopes of having the building up in a few days.

Excellent Corn Bread.
One cup of corn meal, one cup of flour, one cup of sweet milk, one egg, one tablespoonful of sugar, and two teaspoonfuls DOOLEY'S YEAST POWDER, mixed with the meal and flour while dry.

Three Men.

There are three men in town who are not aspirants for office and who have not had one word to say about politics this year. They are wooden men and can be found in front of the tobacco stores.
Buttermilk.
Yesterday noon, as Mr. W. F. Potter's milk wagon was coming in town, the horse took fright and tore frantically down the road strewing buttermilk far and near. He was finally stopped after having a refreshing buttermilk bath.

Didn't Want It.
A young man of this city sent north for some visiting cards, and received some of a transparent kind which when held up to the light reveal the outlines of a donkey. Unaware of this peculiarity the young man gave his sweetheart one, and was astonished to hear her say that she didn't want his photograph.

Omissions.
In publishing the proceedings of the meeting of Magistrates on yesterday, the names of A. Grady, J. N. Maffitt, Jas. A. Montgomery and J. H. Horne, were omitted, as being part of a committee from their respective townships, "to recommend suitable persons to act as registrars and judges of elections. Also to consider all applications for a change of voting places."

Excursion to Columbia.
The various lodges in this city of the Order of Good Samaritans, viz: Queen Esther, Star of Liberty, Fidelity, Ingenious, Union, and Damon and Pythias, together with the Queen Grandee and Excelsior Lodges of Charlotte, will give a grand excursion to Columbia on the 27th inst., on which occasion they will institute a new lodge, to be called Purity Lodge, in that city.

A Total Eclipse of the Sun.
On the 20th of July next will occur an astronomical event of great interest—a total eclipse of the sun—which will be visible generally in the United States. The eclipse will be visible from 4 to 6 o'clock in the afternoon. The path of totality in this eclipse runs diagonally across the centre of the United States from Montana to Texas, and is between 120 and 150 miles wide.

A Family Reunion.
Quite an interesting event for the members of one of the oldest families in this city will take place here on Friday next, the 10th inst. On that day Mrs. Mary J. Langdon will celebrate her birth day anniversary and her children and grand children will all be present on that occasion. The children are Dr. Samuel Langdon, of Stockton, Cal., who with his wife and child is expected here to-night; Mrs. A. D. Young, of this city; Capt Paul, H. Langdon, of Augusta, Ga., and family, who will be here in a day or two; Capt R. F. Langdon, of this city, and Dr. Walter R. Langdon, with his wife and child, of Stockton, Cal., who arrived here a few days since.

North Carolina Medical Journal.

The April number of this excellent publication, as far as its typographical execution is concerned, is an improvement on the other numbers, although there seemed to be nothing lacking in this respect, in the first numbers. An article on the "Source of Cartagium in Towns," by Dr. DeRosset, is of more than professional interest, and of itself makes a chapter of auxiliary value for the State Board of Health, and we will make room for it in some future issue.
An article on a new method of examining the pulse, shows how vast and rapid are the improvements being made in all the mechanical appliances for detecting disease, but nothing of the sort astonishes us since the telephone has been discovered.

There is another article in this *Journal* of public interest. It is entitled "The American Mountain Sanitarium for Consumption" by Prof. Chaille of New Orleans. The advantages of the climate of Asheville for the cure of consumptives is set forth in such a convincing way, and by such high authority, that we predict that at no remote say, invalids will flock there as a few years ago they flocked to Florida. Let those afflicted with consumption and their friends read this article and convince themselves, as we are convinced, for we could detect no word of exaggeration in it.
The Paris and New York letters seem to compass all the current items of medical progress, or if not, there is enough to engage the attention of the student and busy practitioner.
By all means, gentlemen of the medical profession, support your own *Journal* liberally. Subscription is \$3.00 a year, in advance. Address P. O. Box 535 Wilmington.

Brunswick and Duplin.
From the list of crop reports made from the various counties to the Agricultural Department, we copy two from counties in this section, Duplin and Brunswick, as they appear in this week's *Farmer & Mechanic*:
DUBLIN COUNTY.
Corn, an average crop planted; what is up is doing well; cotton, 25 or 30 per cent more planted and to be planted and looking finely; millet is planted on a small scale. Prospect good so far, for fruits of all kind. All are planting chufa who can get the seed. It is one of the greatest hogs food that we have ever had. There will be a large stock of honey made this year. Sheep can be raised with profit, if the stray dogs were killed and a tax on all that are left. We pay a tax on sheep, why not on dogs? There is an improvement in the breed of cattle and hogs. Hog cholera is raging in some parts of the county. No manufacturers nor machinery. No stock law. There are fine thrashers in the county; 50 per cent. more fertilizers used than last year.

Superior Court.
The court to-day was occupied in arguments in the case of J. A. Jones, Admr, vs Ellen J. Jones, et al.
Navassa Guano Co., vs James F. Jones.
These cases were continued.
The argument in the case of the County of New Hanover vs Henry Nutt, occupied most of the day. His Honor reserved his decision.

Mothers, Mothers, Mothers.
Don't fail to procure Mrs. WINSLOW'S SOOTHING SYRUP for all diseases of teething in children. It relieves the child from pain, cures wind colic, regulates the bowels, and, by giving relief and health to the child, gives rest to the mother.

Hotel Arrivals.

The Congressional Convention.

In accordance with the notice given by the Chairman, Maj. C. M. Stedman, the Democratic Executive Committee for the Third Congressional District will meet in this city to-morrow morning, at 10 o'clock, at the Purcell House. On this Committee will devolve the duty of naming the time and place for holding the Convention, and we respectfully suggest to the gentlemen of the Committee that there is no place in the district which presents such advantages for the purpose as does our own city of Wilmington. This is the substantial centre of the district and it is here that the principal interest has of late centered. Besides, those who may be the delegates can combine business with politics by a visit to Wilmington and our city would not be the sufferer in the end. We suggest these views to the gentlemen of the Committee, satisfied that they will at least meet with a courteous consideration.

A Little Spark.
At about 12 o'clock to-day the large shed on the premises formerly occupied by Messrs. Vick & Mcbane, on Nutt street, near the W. & W. and W. C. & A. freight depots, was discovered to be on fire on the top. The employees of the road and others rushed to the rescue and after a short but vigorous fight suppressed the flames. The fire is thought to have originated from a spark falling on the roof. The alarm did not become general and the damage was very light.

Harbor Master's Report.
From Capt. Joseph Price, Harbor Master, we have the following report of the arrival of vessels at this port, for the month of April:
Barques, 17; brig, 2; schooners, 11; steamers, 10; total, 40. Aggregate tonnage, 16,940; foreign, 6,269.

Leg Bail.
A colored man, who was handed over to the Sheriff in default of payment of costs, tried to give "leg bail" to one of the Deputy Sheriffs, who went with him to secure bail. The prisoner was finally caught, but wheeled upon his pursuer and made a desperate effort to whip him.

Personal.
Hon. George Howard, of Tarboro, is in the city to-day, as is also Capt. T. D. Klein, Superintendent of the Charlotte, Columbia & Augusta R. R., and Col. Jno. A. McDowell, of Bladen county.
