Cucumbers are getting very cheap. Day's length, 14 hours and 27 minutes. Fur fringes, with tassels at intervals, are late novelties.

Flowers play a conspicuous part in balls and evening toilets.

Pekin brocade is a new, pretty and quaint dress material.

Long circulars are unbecoming to very short or stout women.

A new design for a pin is a bundle of wood with a hatchet across it.

Why is the phonograph like a woman. Because it repeats everything.

The present style of dressing makes it necessary to adopt princess lingerie.

The fashionable shades of green are moss, jasper, olive and Russian green.

All shades of blue are fashionable, from the palest sky blue to dark indigo.

Elderly ladies' dresses are made nearly plain, but of rich and heavy materials.

White cluster roses or bunches of violets are worn by ladies in half mourning.

White lace and colored ribbon bows convert a black silk costume into a dressy evening toilet.

The woman who maketh a good pudding in silence is better than she who maketh a tart reply.

A boot-jackophone is wanted—an instrument that can grab up the mewscik and the cat at the same time.

The Summer exodus is now at his height. All who can get away seem to have suddenly become in a very great hurry about it.

A very pleasant little play was given to the children of St. James' Sunday School on Thursday night, at the school-room in rear of the Church.

Very few persons spell the word "gipsy" correctly. As one of the boats of the Carolina Yacht Club is thus christened, it becomes of interest to spell the word properly and as given above.

A dress worn by the mother of a bride when accompanying her to the altar is no longer of a necessity the traditional pearl gray or lavender silk, but of any becoming color or material she may desire.

The paper on Indian Pottery found near Wilmington, read by Mr. W. B. McKoy before the Historical and Scientific Society on Monday evening, June 3rd, is published on the third page of this issue. It will be found both interesting and instructive.

We ask for attention to the advertisement of Mr. J. D. Davis, of Smithville. His house is a popular resort there and public opinion says decisively that everything he offers is of the best.

The schr. Only Son reported in yesterday's Review as having put in below in a leaking condition is anchored in the stream opposite Smithville, having her s'ams caulked up before putting to sea again.

Farmers' Fruit Cake. Two cups of sugar, one cup each of butter and sweet milk, five eggs, three and a half cups of flour, three teaspoonfuls DOOLY'S YEAST POWDER, half of a nutmeg, one pound raisins. Flavor the icing with rose water and vanilla.

For Upwards of Thirty Years Mrs. WINSLOW'S SYRUP has been used for children. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, cures dysentery and diarrhoea, whether arising from teething or other cause. An old and well-tried remedy. 25 cents a bottle. d & w.

One of the pleasantest recollections of the Centennial trip to Philadelphia thousands of people will connect with their pleasant quarters and agreeable treatment at the Colonnade Hotel.

Grape Juice. The art of fermenting the Opoto Grape into wine in this country has been brought to a greater degree of perfection by Mr. Alfred Speer, of Passaic, New Jersey, than by any other person; and his wines are very popular as ladies' wine; as well as for the communion table, and for invalids.

New Route to the Mountains.

The new route to the mountains of Western North Carolina, via Columbia and Spartanburg, and thence on the Spartanburg & Asheville R.R., seems to be attracting considerable travel just now. A poster just issued from Col. Pope's office offers for sale tickets to the West, either by this route or via Goldsboro, at remarkably low rates; to Asheville and return, tickets good until November 1st, at \$15. Full particulars with regard to these routes, with rates to different points, will be given in a day or two in advertisement in the Review.

Bonny Kate.

We thank the publishers, Messrs. D. Appleton & Co., of New York, through Mr. Heinsberger of this city, for a copy of this, Christian's Reid's last book. It is a charming little tale, well suited to the season, pleasantly conceived and pleasantly told. It is not a laborious production as Morton House or A Daughter of Bohemia it will yet be found equally attractive. It has already run to its second edition and the demand for it seems continually on the increase. It is one of those rare romances which may be carried everywhere and read with impunity by everybody, old and young alike.

The Nose Bath.

In a variety of nasal affections, catarrh, colds in the head, inflammation of the nasal passages, nose-bleed, etc., this remedy proves beneficial: Water should be snuffed freely through the nostrils and drawn back, if possible, so that it is ejected by the mouth. This should be repeated several times a day, when the object is to tone the debilitated mucus membrane of the nose, and should be used cool or cold. When, as in ulcerated surfaces, the design is to cleanse them, it may be used tepid, following with cold water for a tonic effect.

The contest between the Charleston Steam Fire Engine Company, the Comet, and that in Wilmington, the Cape Fear, took place yesterday afternoon, the result having been reached after our paper had gone to press. The contest was in favor of the Charleston Company. With 80 pounds of steam the Good Enough, the Charleston engine, threw a stream 194 feet, and the Cape Fear 149 feet, 3 inches. The result was, however, foreseen by those who knew anything relative to the condition of the two steamers. A year or two ago the Cape Fear Company carried their engine over to Charleston and there beat the Comets, but since that time the engine of the latter has been thoroughly overhauled and renewed, while the Cape Fear has remained in the same condition.

We understand that a large number of tickets have already been sold for the Parlor Concert to be given at the Opera House on Monday evening and that the demand for them continues good.

The yacht race is considerably "mixed," and we will have to await the decision of the Judges and regatta committee on Tuesday evening as to the result.

Comparative Reports.

From a table made up by Col. John L. Cantwell, Secretary of the Produce Exchange, we glean some items of peculiar commercial interest at this time. The statement deals with stocks, receipts and exports, and covers the years 1876, 1877 and 1878. July 1st is the day.

In 1876 we have in stocks 611 bales cotton, 7,926 casks spirits, 41,017 bls rosin, 464 bbls. tar and 2,297 bbls. crude turpentine, against 12,611 cotton, 3,673 spirits, 38,325 rosin, 1,286 tar, and 1,163 crude turpentine in 1877, and 43 cotton, 8,214 spirits, 79,825 rosin, 3,763 tar and 2,025 crude turpentine in 1878.

The comparison of receipts is as follows, the period covered being the first half of the year: 25,977 cotton, 40,063 spirits, 250,503 rosin, 42,352 tar and 68,155 crude, in 1876, against 27,094 cotton, 43,945 spirits, 269,125 rosin, 51,195 tar and 84,286 crude, in 1877, and 33,496 cotton, 51,014 sprits, 311,883 rosin, 47,396 tar and 106,243 crude in 1878.

In exports, both foreign and domestic we have 32,441 cotton, 37,332 spirits, 260,056 rosin, 44,898 tar, and 3,206 crude, in 1876, against 41,183 cotton, 49,148 spirits, 298,562 rosin, 55,409 tar, and 3,529 crude, in 1877, and 52,703 cotton, 54,882 spirits, 296,362 rosin, 46,229 tar, and 3,383 crude in 1878.

The exports cover the first six months in the year, the period beginning January 1 and ending June 30.

Attention Democratic Executive Committee.

We would suggest to the County Executive Committee of the Democratic party, the propriety of having the information disseminated that an entire new registration has been ordered by the Board of Magistrates for this county. This fact we have just been informed is not generally known, and the people from some sections of the county do not know that in order to vote at the August election it is absolutely necessary that they register under the new order from the Board of Magistrates. Let the Executive Committee get together and devise some plan to acquaint the people at once of the importance of registering, as the election is not quite one month from date.

"Eating" Rules.

Never eat when much fatigued; wait until rested. Never eat just before you expect to engage in any severe mental or physical exercise. Never eat while in a passion, or when under any great mental excitement, depressing or elevating. Never eat just before taking a bath, or before retiring at night. Never eat before regular meals. Thousands of persons have been prematurely laid in their graves simply from eating heartily when the system was not in a condition to properly digest and appropriate the food. When the system requires food, and is in a condition to make good use of it, it will call for it in a legitimate way.

No marriage licenses issued this week.

No interments this week in Bellevue Cemetery.

There have been three interments this week in Pine Forest Cemetery.

It takes a woman just twenty-seven minutes to close a trade with a gardener for a five cent bunch of onions.

Lunch fiends whenever they buy a drink are called major generals, possibly because they are invariably strapped.

After a feast a famine and local news is dull to-day after the feast of good items had all of this week previously.

The Pender county Radicals hold their Convention to-day at Burgaw; but no news of the result has come down to us as yet.

We are again under obligations to Mr. F. M. James for some of his fine honey. He is prepared to serve the public in sweets. Give him a call.
