surance Company of New York.

There is a slight demand for ice just  
now.

The schooner yacht *Ardetta* was on the  
river yesterday full rigged and presented  
quite a handsome appearance.

Wilmington is the coolest place on the  
Atlantic coast in summer, while in winter  
the temperature is mild and pleasant.

There are unmailable letters in the post  
office here for Berger & Engel, Philadel-  
phia, Pa; and Ben Mock, Columbia, S. C.

The Banks Snappers have had a good  
day for their fishing frolic and we expect  
to see them return here this afternoon with  
lots of fine fishes.

We regret to learn that Dr. W. T. En-  
nett, of Pender county, is detained in the  
city by a severe spell of sickness, and will  
not be able to return to his practice for a  
day or two.

One colored individual who was drunk  
and down was required by the Mayor  
this morning to deposit three dollars in the  
City Treasury or spend three days in the  
City Prison. The money was not  
forthcoming and so the prisoner was com-  
mitted.

The police force of the city will be in-  
creased until after the election, which takes  
place two weeks from to-day. Mayor  
Fishblade has already made several ap-  
pointments to-day, and will continue to  
make new ones until he gets a sufficient  
force.

**Ordered Back.**  
The Spanish brig *Santona*, De Marco,  
from Matanzas, consigned to Messrs.  
Paterson, Downing & Co., arrived up be-  
low the city to-day, where she was visited  
by the City Physician, who, in accordance  
with directions from the Mayor, ordered  
her back to Deep Water Point to discharge  
her ballast and receive her cargo.

**Building Association.**  
At the regular annual meeting of the  
Wilmington Building Association, held  
last evening, the following gentlemen  
were elected a Board of Directors for the  
ensuing year viz: I. B. Grainger, Roger  
Moore, Jas. C. Stevenson, J. C. Mundy,  
R. F. Langdon, Wm. Dent, John H.  
Hanby, S. L. Fremont, W. H. Bernard,  
Alex. Johnson, Jr., Wm. Larkins.

**The Cabieccs.**  
The latest reports from the Spanish  
barque *Cabieccs*, reported in yesterday's  
issue of the REVIEW as being in a sinking  
condition, is to the effect that the ship's  
pumps have been used successfully in free-  
ing her of water. The only trouble now  
seems to be the necessity of caulking her  
seams above the copper; this effectually  
done and the vessel will be ready for the  
balance of her cargo, and to set sail for  
her destination.

**Republican Meetings.**  
The Manning wing of the Republican  
party bow-wowed in Brooklyn last night,  
and the Garrell-Heaton side in the Fifth  
Ward. Nothing but parliamentary lan-  
guage was used on either side—such an  
exchange of courteous sentiment and ex-  
pressions as would have put a Chesterfield  
or a Chatham to blush—verily, indeed, it  
would, we imagine, have caused them to  
blush from head to foot. The parliament-  
ary expressions were such as have been  
adopted by the Radicals in conventions  
and caucuses of their own party.

**The Charlotte Grays.**  
The Charlotte Observer says: Lieut.  
R. B. Alexander returned from Wilming-  
ton yesterday, having completed arrange-  
ments for the excursion of the Grays to  
that point. He contracted with the Em-  
pire Hotel, recently opened there, to enter-  
tain the excursionists at special rates. He  
also arranged with the owner of the steam-  
er *Passport* to take as many of the excu-  
sionists as desired to go down the river on  
the 25th. Remember that the train leaves  
on Tuesday, 23d, and returns the follow-  
ing Saturday morning, allowing three days  
in Wilmington.

**For Upwards of Thirty Years**  
Mrs. Winslow's SYRUP has been used  
for children. It corrects acidity of the  
stomach, relieves *wind colic*, regulates  
the bowels, cures *dysentery* and *diar-  
rhea*, whether arising from teething or  
other cause. An old and well-tried  
remedy. 25 cents a bottle. d & w.

## Nights in July—The Moon and the Planets.

The evening sky will present some in-  
teresting and beautiful pictures in the  
latter days of July. The following facts,  
condensed from a reliable authority, will  
be of interest:

Jupiter will be a conspicuous object  
in the eastern sky during the month,  
rising now about 9 o'clock, and shining  
with wondrous beauty in the constella-  
tion Capricornus. On the 25th this  
planet comes into opposition with the  
sun, and will at that time shine with his  
greatest brilliancy, for he is at his nearest  
approach to us, the sun, the earth, and  
the planet being in a line with the earth  
in the centre. Nothing in the eastern  
heavens will dispute his supremacy until  
the crescent moon waxes into propor-  
tions that overshadow his milder beams.

Mars may be looked for in the con-  
stellation Leo, setting now not far from 9  
o'clock, and not very distant from Regu-  
lus. On the 22d Mars and Mercury  
are in conjunction. On the 29th those  
who are fortunate enough to witness the  
total eclipse of the sun will see Mars, Regu-  
lus and Mercury forming an irregular  
line, Mercury being the brightest, and  
possibly the only one of the starry trio  
visible during the short period of total  
darkness.

Saturn although not classified as an  
evening star until his opposition on the  
22d of September, rises now not long after  
11 o'clock, and at the close of the month  
may be seen nearly two hours earlier.

The inconstant moon, as usual, plays  
off her airs and graces to win the favor  
of her brother and sister planets. She  
glided as a slender thread of silver light  
near the path of Mars on the 2d inst,  
beamed with nearly full-orbed splendor in  
conjunction with Jupiter on the 15th, and  
will pass near Saturn on the 20th, having  
then nearly reached her last quarter. But  
she will be seen in her most fascinating  
phase on the morning of the 28th, when  
in waning glory she hangs near the bright  
morning star, while moon, star, and  
breaking dawn will form a picture of  
celestial loveliness fair to behold. Thus,  
with the waxing and waning phases of  
the July moon, the rising, setting, and  
conjunction of the planets, the midsum-  
mer nocturnal sky will form a succession  
of pictures of unending variety, full of  
beautiful combinations of starry glory,  
delightful to aesthetic taste, rich in arous-  
ing emotions of reverential awe.

**The Peabody Fund.**  
The Raleigh News says: Hon. J. C.  
Scarborough, superintendent of Public  
Instruction, received yesterday from the  
Trustees of the Peabody School Fund \$1-  
700. Of this amount \$1,000 is for the  
use of four schools in Wilmington, two  
white, two colored; \$500 for one white  
and one colored school in Greensboro; and  
\$200 for a school in Greensboro. These  
amounts are of course only a portion of  
the sums this year to be drawn by the  
schools of the State, for many more will  
make the necessary statements of suf-  
ficient scholars to entitle them to the ben-  
efits of the Fund.

**Col. Taylor's Card.**  
Col. John D. Taylor, the present clerk  
of the Superior Court for this county, an-  
nounces himself in a card in to-day's  
issue of the REVIEW as a candidate for the  
position he at present occupies, at the  
election to be held on the first Thursday  
in August next. Col. Taylor is too well  
known in this community to need any  
commendations at our hands. Born and  
reared in Wilmington where he has spent  
the larger part of his existence, he has  
always been known as a high-toned honorable gentleman,  
worthy of every trust that his fellow citi-  
zens might deem worthy to be imposed  
upon him. Since his induction to the  
office he now fills, we believe there has  
been no complaint and no ground for com-  
plaint against the Probate Judge's office  
in this county. We believe the unani-  
mous opinion of all those who have been  
brought in contact with Col. Taylor is  
that of satisfaction. It matters not  
whether the party be white or colored,  
the same amount of consideration in a  
business way is shown by the present  
Clerk of the Superior Court.

Col. Taylor makes the third Richmond  
in the field for the office. The Republi-  
can party has two candidates. The  
Democratic party none—i. e. we mean  
to say that the Democrats have made no  
nominations.  
Have you registered? If not, why in  
the—name of all that's hot don't you?

## For Smithville To-Night.

The trip to Smithville this arriving, on  
the steamer *Underhill*, will be a very en-  
joyable affair, and it is hoped that the  
crowd will be a large one. On evening at  
Smithville, the excursionists can dispose of  
their time to suit themselves, go to the  
ball or not, as they please, and get a good  
supper of shrimps, crabs, cold meats, &c.,  
for the small sum of twenty-five cents.

## Not the Devil this Time.

The cargo of the *Cabieccs* was put  
down in a local notice yesterday at 41,111  
bbls. rosin, which was only 37,000 bbls.  
more than the cargo really was, and  
enough to sink any ship afloat except the  
*Great Eastern*. The devil wasn't a  
devil bit to blame for this error how-  
ever (we mean the printer's devil of  
course); it was all the fault of the local-  
izer. The cargo was 4,111 bbls.  
rosin and should have been so stated.

## Marine Cleanings.

Steamship *Regulator*, Captain Doane,  
arrived in New York from this port on  
Tuesday.

The German barque *Christopher Colum-  
bus*, Captain Doebler, sailed from Bor-  
deaux for this port on the 14th inst.

The German barque *Elise Metzler*,  
Capt. Dehlman, sailed from Morlaix, for  
this port, on the 11th inst.

The steamship *Raleigh*, Capt. Oliver,  
arrived in Baltimore on Tuesday last.

## Give us a Rest.

Dogs barking, people howling, the  
band playing, and Radical candidates  
shouting made a good sized and effective  
pandemonium in Brooklyn last night.  
The row commenced a little after nine  
o'clock and lasted until after one o'clock  
this morning which made woeing the  
drowsy god, courting under the direct  
difficulties. The white residents of the  
First Ward are annoyed by the effects of  
such frequent doses of political castor oil  
at such unreasonable hours.

## Wanted Badly.

The want of rain is being very seriously  
felt in this locality. It has been several  
weeks since we have had a refreshing  
shower and the intense heat which has  
prevailed since then has parched the  
earth to a fearful degree. The crops are  
suffering and unless we have rain very  
soon they will be seriously injured. Mon-  
day last was St. Swithin's Day, and  
the old superstition that according as that  
day is so will be the next forty days, will  
be remembered. There was not a drop  
of rain on that day, but we hope that this  
will prove one of those signs which always  
fail in dry weather and that it is dry now  
no one will think of disputing. We turn  
for consolation to the almanac which  
promises "wind and rain" on the 25th  
(next Thursday) but as it spoke of "fre-  
quent showers" on the 15th, which we  
didn't have, there is no consolation to be  
found there. Our only hope for rain is in  
the weather bureau at Washington.

## F. H. Darby for the Senate.

PENDER COUNTY, July 18th, 1878.  
EDITOR REVIEW:—  
It has not been previously published in  
your paper that the Pender Democracy  
have proclaimed this gentleman as their  
choice for Senator from Pender and New  
Hanover. The choice was made in unani-  
mous open County Convention of the  
party at Burgaw, on the 8th of July. The  
Democratic Executive Committee of Pender  
were instructed to urge his nomination  
upon the New Hanover Democracy through  
their Executive Committee. This has  
been done. There are only two controlling  
circumstances to be considered in this  
matter, to decide it at once. One is that  
Pender has no other man to offer. Major  
McClammy positively refuses to run and  
joins the Pender Democrats in favoring  
the nomination of Mr. Darby. The other  
is that Pender is entitled to name the man  
this time, by custom and usage, and has  
named F. H. Darby, Esq. Courtesy and  
right, therefore, demand that New Han-  
over should fall gracefully into line for the  
nomination of her own popular and prom-  
ising son, Mr. Darby.

## MARY DEMOCRATS.

**New Jersey Wine sent to Europe.**  
Mr. Speer (of New Jersey) the Great  
Wine Man's success has arisen from the  
strict purity and valuable properties of  
his wines for invalids and feeble persons,  
and his reputation extends around the  
world. His Port Grape Wine is now  
being ordered by families in London and  
Paris. For sale by Green & Planner,  
Druggists.

## A Word to the Wise.

We wish to caution purchasers of  
DOOLEY'S YEAST POWDER against buying  
it in bulk or loose. It is the practice of  
unscrupulous grocers and dealers to keep  
cheap, inferior, and generally highly in-  
jurious baking powder in bulk, and sell  
it for the genuine DOOLEY'S YEAST POW-  
DER, or any other brand that is called for.  
Buy it only in cans, as it is not sold in  
bulk.

## The Maria di Pacheco.

The Spanish barque *Maria di Pacheco*,  
from Havana for this port, now quarantined  
at Smithville, on which there was a death  
from yellow fever on the voyage out, as  
reported by us on Tuesday, is still in  
Quarantine and is likely to remain there  
for some time yet, as will be seen by the  
following communication from Mayor  
Fishblade to the Superintendent of  
Health:

CITY OF WILMINGTON, N. C.,  
MAYOR'S OFFICE, July 17, 1878.

Dr. A. E. Wright,  
Superintendent of Health.  
DEAR SIR—You will please notify Dr.  
Curtis, Quarantine Physician at Smith-  
ville, that the vessel having had a case of  
yellow fever on board at sea, will not be  
allowed to come up to this city under any  
circumstances until after frost. All other  
vessels coming from infested ports will  
have to remain at quarantine at least  
thirty days, discharge their ballast at  
quarantine, be thoroughly fumigated  
there, and on their way to the city stop  
at the "dram tree" and again be thor-  
oughly fumigated by yourself, before the ves-  
sel will be allowed to come to the wharf.  
I will also say that no person will be al-  
lowed to enter the city who has been con-  
nected with the vessel that has had yellow  
fever on board.

Respectfully,  
S. H. FISHLADE, Mayor.
