LOCAL NEWS.

VOL. 3.

The wind shifted from the east to southwest this noon and the weather wise are now predicting rain.

Quite a large crowd, and a happy crowd at that, went down the river this morning on the Passport, on the excursion given by the Brooklyn Sunday School.

A correspondent writes: Pretty women are humored, caressed and courted; that is to say, if they know anything-while a plain woman has to look out for herself and keep in the bakground, unless she wants to have her toes hurt.

A geptlemen who arrived here this morning from Augusta says that we don't know what hot weather is here. Wilmington is an ice house compared to Augusta. The general verdict of travelers is that Wilmington is one of the coolest, and Augusta one of the bottest places, in the country at this season of the year.

An old man who gives his name as Daniels was picked up by an officer and carried to the City Hall last night with a severe cut about the face. No one can understand how the wound was inflicted as all that can be learned from the injured man is that his name is as given above, that he is sixty-three years old and is a resident of Duplin county. He was sent this morning to the Marine Hospital for treatment.

The Banks Snappers.

After all their trouble and their elaborate preparations, the party of "Banks Snappers" which left here on the steamer Fassport on Wednesday afternoon failed to reach the Snapper Banks, their destination, yesterday, because of the rough rides at anchor in the neighborhood of water, and were therefore forced to content thenselves with a visit to the Blackfish Grounds. They had very good luck and returned to the city yesterday with something like 1,500 or 2,000 fish.

Colored Excursionists.

A large number of colored excursionists are expected here on Sunday morning from Columbia, the occasion being an excursion to be given on the W. C. & A. R. R. for the benefit of the Bethel A. M. E. Church in Columbia. Some eight hundred to one thousand persons are expected. Three services will be held in St. Stephen's Church in this city, on Sunday, and the xcursion party expect to leave here on their return on Monday evening.

Conflict of Authority. The Collector of Customs of this port has ordered the Boarding Officer of the Custom House to board the Spanish brig Santona this afternoon, and perform the duties of his office. Mayor Fishblate has given public notice that "no person visiting the Santona will be allowed to return to the city until after going through a quarantine of ten days." If the Boarding Officer does not carry out the orders given him he get himself into trouble with his superiors, and if he does he will be arrested by the city government and sent out of the city.

We suppose this will be a test case and we will see which will prevail, Custom House rules and regulations, or the city Quarantine ordinance.

Rare Plant to Bloom.

This evening, after sunset, the Loto plant in the front window of Werner of Prempert's barber shop, on North Fron street, will be in bloom. The plant is very rare one and is one of the few in the State. The flower is described as being very fragrant at night but entirely odor less during the day time. These of our citizens who would like to see it can do so by dropping in at Messrs. Werner & Prempert's place of business.

We have been permitted to make the following extract from a letter received by a gentleman in this city from a friend now residing in Washington, an old Wilmingtonian, which will evidence the high stand which Col. Waddell has assumed in the estimation of others, as well as of those in his own home :

How is the election matter coming on ? Waddell will be elected to Congress, of course, as he should be. He is a splendld gentleman and an able representative, and city.
