Day's length 14 hours and 2 minutes.

We lost 10 minutes of daylight this week.
More meat and fish complimented yesterday.

Capt. Swift Galloway's first court will be in Nash in August.
One infant interred in Oakdale Cemetery this week. No adults.

New sweet potatoes in market this morning. Price \$4 per bushel.
Canteloupes are rapidly playing out, a consequence of the very dry weather.

Put one interment in Bellevue Cemetery during the past week—that of an infant.

The Register of Deeds has issued marriage licenses this week for one white and one colored couple.
Rev. A. A. Benton will serve in St. John's Church to-morrow morning and evening at the usual hours.

The Brooklyn Mission Sunday School, Mr. J. W. Taylor, Superintendent, convenes every Sunday at 4 o'clock p. m., at Walnut Hall, Fourth street.

Wendell Phillips says, that "in fifteen years from now the woman will hold the spear and shield in her own hands." Good—for then we shall have less of the tongs and fire poker.

We learn that the people in the country are fasting and praying for rain. We need it very much in Wilmington. Suppose prayer be offered in the city churches for it to-morrow. What say you all?

As will be seen by advertisement elsewhere Mr. Joseph W. Taylor announces himself as a candidate for the office of Sheriff of New Hanover county. Mr. Taylor would make an excellent Sheriff.

And now, when all our would-be labor reformers are howling against all labor-saving machinery as being one of the chief causes of all our trouble, in China, where they have hardly as much machinery as a gimlet and screw driver, the people are starving to death by thousands every day.

Quarterly Meeting.
To-day and to-morrow Rev. Dr. Burkhead, the Presiding Elder of the Wilmington District, will hold the third quarterly meeting at the Fifth Street Methodist Church for the present Conference year. That at Front Street Church will be a week later, embracing the 3rd and 4th of August, an exchange of the time having been made between the two churches.

What Can be Done.
One of the wealthiest and most successful farmers of New Hanover county was a day laborer fifteen years ago. For his services he received one dollar per day and had a large family to support, but by economy and temperate habits he managed to lay up a little of his small salary to commence life on his own account. He purchased a small tract of land near this city and by hard work and close attention to his farm soon took rank among the most prominent truckers of the county. Little by little he added to his stock and farm, and to-day he has over one hundred acres of as rich land as is in the State, a greater number of horses, cows, and goats, of better breed than those of many farmers in the county. Those who know say that the farm of Thomas H. Monk is one of the best equipped and appointed in the county and yet when he started the land and surrounding was about on a par with most of the land in this section. The whole farm is under a high state of cultivation and the lands are being improved by the judicious use of compost heaps etc.

Refor-r-r-r-r-m!

And now, by the order of that patron saint of all the frauds in the political calendar, John Sherman, Mr. Waddell, a near relative of Hon. A. M. Waddell, our distinguished Representative in Congress, has been dismissed from a government clerkship at Washington. The only reason alleged for his removal was because he refused to pay an assessment for campaign purposes. Vive la Civil Service Reform!

The South Atlantic.
The August number of this excellent monthly has been received. Among the many interesting and valuable contributions with which this number is filled, the first in importance as well as position is a paper entitled "Our Mineral Wealth," by Prof. W. C. Kerr, State Geologist. In Poetry we have "Lord Sterling's Stand" by W. H. Babcock which, though betraying vivid and graphic descriptive powers, might have been improved in its versification; the other articles are interesting, maintaining the high literary character of the publication. Mrs. Cicero W. Harris, Publisher, Wilmington, N. C.

A Word of Caution.
In the selection and purchase of thermometers during this hot weather, it is of great importance that the utmost care should be exercised. No well regulated family should be without a first class thermometer. A cheap one not only jeopardizes the health, but the peace of the family, and we advise any who may contemplate purchasing to reject any thermometer which does not readily make 115 in the coolest place to be found. We pronounce all that do not make those figures in the present weather, as dangerous frauds and not to be trusted.

An Exchange Says.
At Rochester, Mich., they have a good way of advertising the "swells" who stand on the church steps after meeting to stare at the ladies. The following card is constantly kept standing in the columns of the *Era* of that place:—"The Donkey Club, of this village, would respectfully inform the young ladies especially and the public generally that they have made arrangements for an extensive demonstration on the steps in front of the Methodist Episcopal Church—the members locating themselves on either side of the main entrance—on Sunday evening next. Positions taken immediately after the close of the religious exercises within."

Supreme Court.
Court opened yesterday at 9 o'clock, a. m. All the Justices were present. The consideration of appeals at the end of the docket was resumed, and causes disposed of, as follows:
Alexander Oldham vs. W. M. Sneed, from New Hanover; call and continued for absence of counsels of both sides, under the rules.
F. J. Swann et als, vs. George Myers et als, from Columbus; argued by W. S. & D. J. Devane, T. H. Sutton and Battle & Mordoccai for the plaintiffs, and A. T. & J. London for the defendants. Chief Justice Smith, having been of counsel in this case, did not sit on the hearing.
Hill Humphrey vs. H. W. Humphrey et als, from Onslow; argued by H. R. Bryan for the plaintiff, and W. A. Allen and W. S. & D. J. Devane for the defendants.
W. C. Monroe, adm'r., vs. T. S. Whitted, adm'r. from Bladen; argued by J. W. Hinsdale, for the plaintiff, and T. H. Sutton, for the defendant.
J. D. Williams, et als, vs. E. W. Woodson, adm'r. from Bladen; argued by T. H. Sutton, for the plaintiff, and J. W. Hinsdale, for the defendant.
State vs. Jas. M. Lanier, from New Hanover; argued by the Attorney General, for the State, no counsel for the defendant.
W. A. Rogers, Ex'r, vs. Robert McKenzie, et als, from Robeson; called and continued under former order.
Consider Booshee, et als, vs. L. M. Surles, et als, from Harnett; argued by T. H. Sutton and J. W. Hinsdale, for the plaintiff, and Neill McKay and Guthrie & Carr, for the defendants.
Court adjourned until this morning, (Friday) at 9 o'clock.—*Ral. Observer*, 26.

Doctors and Churches.
The Doctors of New York City say Speer's Port Grape Wine has proved to be pure, unadulterated, of a fine flavor, and tonic properties, and is unsurpassed for its restorative powers, and they prescribe it as a very superior wine. Churches use it for communion. For sale at Green & Flanner's drug store.

Capt. Swift Galloway on the Forum.

Captain Swift Galloway, the Democratic candidate for Solicitor of the Third Judicial District, according to previous announcement, addressed his Democratic constituents of this city last night from the portico of the Dawson Bank building, immediately in front of the Western Union telegraph office. He was introduced by Mr. DuBrutz Cutlar, chairman of the city Democratic Executive Committee.

Captain Galloway was listened to by a large and attentive audience, composed principally of the Democratic voters of Wilmington, with here and there a sprinkling of a colored man or so. To attempt a synopsis of this really fine effort would be doing our worthy candidate injustice; nothing short of the entire speech itself would convey to a reading public an approximate idea of the argumentative force and eloquence of Captain Galloway's address. It was a severe and bitter, yet just arraignment of the corrupt Republican party, both in this State and throughout the United States.

Captain Galloway interspersed his speech with pleasing anecdotes, which elicited much applause and laughter. We think the thanks of the Democratic party are due to our gallant standard bearer for the very able and vigorous canvass which he has made during this campaign, which has been done at a great personal sacrifice to himself of time and money. This is to be all the more appreciated when it is remembered that Capt. Galloway has no opposition whatever, and that his election is already assured.

The unnecessary annoyance caused by the music of the M'wning faction of Radicals was very provoking but thanks to Capt. G's powerful lungs and stentorian voice his hearers enjoyed his speech all the same, and lost none of his arguments. The only regret expressed was that he should have stopped so soon.

A Trip to the Interior.
The editor of this paper returned this morning from a flying trip to the interior of this State. The ultimate objective point was Raleigh and so we boarded the C. C. Railway train in this city for a trial of the new route via Hamlet, and the Raleigh & Augusta Air-Line. This route is not only quick but comfortable you leave Wilmington in the afternoon and take breakfast next morning in Raleigh, and then, on the return, you leave Raleigh in the afternoon and breakfast next morning in Wilmington, a great convenience to the traveling public.

We spent several days this week in Chatham county which we found suffering, not only from the effects of the drought, but from an overflow of public spirited citizens, who wanted "office." In that county there are regular candidates nominated by a regular Democratic convention, and yet these are more independent than regulars. Some of the very men who went into convention, thereby pledging themselves to abide by the action of that body, were among the first to bolt and set up shop for themselves.

The prospects, however, we are happy to say, are good for their triumphant defeat as it is said that there is but one independent in the county who stands any showing at all.

The crops all over Chatham are suffering terribly for the want of rain, but in Pittsboro and immediately around it they are literally dying and the prospects there are not flattering for even the fourth of a crop. Fruit is very scarce, the apples and peaches nearly all dropping from the trees before full maturity.

Correspondence.
WILMINGTON, July 26.
H. K. Bryan, Esq.—
DEAR SIR—I am directed to announce to you that you were unanimously nominated by the Executive Committee of New Hanover and Pender counties, at their joint meeting held to-day, to represent the Twelfth Senatorial District in the next General Assembly, and to request your acceptance of the same. Very respectfully, your obedient servant,
DUBRUTZ CUTLAR,
Chairman Joint Committee.

WILMINGTON, N. C., July 25, 1878.
Du Brutz Cutlar, Esq., Chairman, &c.
DEAR SIR—Your note of to-day has been received, informing me of your unanimous nomination as the Democratic candidate to represent the Twelfth Senatorial District, composed of New Hanover and Pender counties, in the next General Assembly. As I have not sought this honor, so I do not feel at liberty to decline it. I regret that your choice has not fallen upon one more able to bear the burden of the conflict, and to achieve a victory. The people of New Hanover and Pender have known me too long to require any pledges as to my course if elected to the Legislature.

I, with thanks to the committee and the people whom they represent for this unexpected honor, remain yours truly,
R. K. BRYAN.

The Coming Eclipse.

Everybody will be on the lookout on Monday next for the eclipse of the sun, booked for the afternoon of that day. Although a full eclipse, it will only be partly visible here. It will begin at 4 h. 33 m. and 54 s. p. m. and will end at 6 h. 25 m. and 6 s. p. m. The magnitude of the eclipse will be 9.3 digits.

Joint Meeting of the Democratic Executive Committees of the Counties of New Hanover and Pender.
A joint meeting of the Executive Committees of New Hanover and Pender counties was held yesterday evening, to nominate a candidate for Senator to represent the Twelfth Senatorial District. After the selection of a Chairman to preside over the joint meeting, Dr. E. Porter, Chairman of the Executive Committee of Pender county, presented the following letter of declination from Mr. F. H. Darby and requested its acceptance:

WILMINGTON, N. C., July 26.
To the Members of the Committees of New Hanover and Pender, in Joint Meeting Assembled:
GENTLEMEN—As this is the first meeting (since the endorsement of myself by the County Convention of Pender county for the Senatorial nomination for this Senatorial District) of the joint Committees of New Hanover and Pender counties, the only bodies competent to take this matter into consideration, I tender you my letter of declination. I most respectfully decline to have my name considered in connection with the said nomination. Before your joint meeting, which is to make the nomination, you will please therefore not consider me a candidate.

I am very grateful to my numerous friends in Pender county who, without my solicitation or request, paid me the compliment of the unanimous endorsement of their Convention.

I am, very respectfully, yours,
FRANK H. DARBY.

On motion, the above declination was accepted, and requested to be published.

Mr. R. K. Bryan was then put in nomination, and there being no other name presented, Mr. Bryan was unanimously nominated.

On motion, the *Morning Star* and *DAILY REVIEW* were requested to publish the proceedings of the meeting.

DUBRUTZ CUTLAR,
Chairman of the Joint Meeting.
BURGAW, July 27th., 1878.

EDITORIAL REVIEW.
The political campaign in Pender is lively and is daily growing in interest; outside of soreheads and disappointed aspirants for office, the Democratic party are solid for the regular Democratic nominees. The Greenback Labor movement in Pender is only an effort of these Democratic soreheads to divide and defeat the Democratic ticket. Under the name of the Greenback and Labor party, it is an effort, in the main, of a few Democrats to ride into the county offices, or, failing themselves, to defeat the regular Democratic nominees. If there is anything good in this new and third party, why not be content to wait until after the present closely contested campaign in Pender is over? The Democrats in Pender are seeking in good faith to redeem the county, and why will soreheaded Democrats make this covert attack upon our men and measures? The men, formerly of our party, who now favor any other ticket than the regular Democratic ticket are digging their own political graves, and will bitterly regret their course.

The refusal of your talented young townsman, F. H. Darby, Esq., to allow his name to be run for State Senator, endears him more than ever to the people. He was the choice of Pender, and his nomination by our County Convention was not only open and fair, but warm and unanimous. The communication of "Common Sense," recently published in your paper, did not fail, as professed, from Bannerman's Bridge, in this county, and it abounded in misrepresentations out and out, and under the guise of friendship for Mr. Darby was intended as an attack upon him and the Convention that nominated him. Sore heads in our party in Pender are doing more harm by writing such unworthy and disorganizing pieces and by their other disorganizing course, than all the opposition of Republicans combined. All such men, whether as independent or greenback candidates, or as Democrats by name, who are going about scattering innuendoes and doubts and disaffection in our party had better sell out at once and go over to the Republican party. Now is the time when the Democrats of Pender need every man who is not a traitor, for the struggle here is hard and the contest likely to be close. He who is not for us is against us.
A DEMOCRAT.

Household Economy.
The housekeeper or cook who studies economy in the kitchen, can do so in one direction by always using DOOLEY'S YEAST POWDER. It will be found a truly economical and valuable assistant in baking biscuits, rolls, bread, cake of all kinds, waffles, muffins, and most all articles prepared from flour; and why? Because, in using the Dooley Powder you save in eggs, in shortening, in patience, in everything; and when the baking is done, it is turned out light, palatable, and wholesome, so that every morsel is eaten up and no waste.

PLEASE NOTICE.
We will be glad to receive communication from our friends on any and all subjects of general interest but:
The name of the writer must always be furnished to the Editor.
Communications must be written on only one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the editor does not always endorse the views of correspondents, unless so stated in the editorial columns.
