

THE SITUATION IN THE COAL MINES.

No Danger of a General Strike in the Pottsville and Hazleton Regions.

POTTSTVILLE, Pa., Aug. 11.—The Mining Journal to-morrow will publish the following on the mining situation in this region:

"At another meeting of the Knights of Labor of this county, held last week, the subject of a general strike, which had been determined upon, to take place early in August, was re-canvased. The employees of the Philadelphia and Reading Coal and Iron Company were almost unanimously opposed to a strike. They stated that while the wages were not such as they thought they ought to have, they had been gradually increased under the operation of Mr. Gowen's plan of making them participants in the advance of tolls; that they were informed there would be another advance soon, which would bring their wages up to the \$2.50 basis, and that they had assurances of steady work for the balance of the year at this rate, and preferred to let well enough alone for the present. On a vote being taken it was found that a majority were of this opinion, and so the danger of a general strike in this region may be said to have passed for the present. There will, no doubt, be local strikes, as has been the case during the present week, brought on by those who are not paid the same rate of wages that are given by the Coal and Iron Company. Individual operators cannot afford to pay the same rate of wages as the company at the present price of coal, for they are not participants in the profits of the advanced rate of tolls. Some pay it under protest, however, in order to keep peace in the mines. Others do not, and strikes are the consequence. We are credibly informed that at a meeting of Lehigh operators held at Hazleton on Friday night, it was determined to pay the men on the 18th basis. This destroys the ground of discontent, and it leaves no pretext for a strike in that region."

THE FIGHTING IN BOSNIA.

An Eight Hours' Battle, in which the Bosnians Lost 500 Men.

VIENNA, Aug. 11.—Official intelligence has been received fully confirming in all details the report of the battle on the 8th inst. along the line from Magli to Shepscha, as telegraphed by the correspondent of the London Daily News. The official reports place the number of insurgents at considerably over 6,000, with four cannon and a rocket battery. The fighting lasted eight hours, the insurgents obstinately holding a succession of strong positions. The Bosnians lost 500 killed and wounded and 700 prisoners. On the 9th the Austrians advanced against the strongly entrenched position of Vrandak.

CONSTANTINOPLE, Aug. 11.—It is positively stated that the Porte on Sunday telegraphed decisive instructions to Sarajevo that an agreement had been reached with Austria upon a basis for a Convention; that therefore, the Austrians enter the Turkish provinces as friends, and that any offer of resistance to them will be to no purpose.

BUCHARST, Aug. 11.—News received from insurgent sources is to the effect that the opponents to Austrian occupation, consisting of Bosnians, Turkish troops, Arabs and Albanians, number over 100,000 men, well armed. All the strategic points on the road to Sarajevo are occupied and entrenched. Both the insurgents and the Austrians are being reinforced daily.

THE WALLINGFORD DISASTER.

Burying Twenty-Seven of the Victims—One More Dead and Three Others Dying.

MERRIDEN, Conn., Aug. 11.—The devastating tornado at Wallingford, Conn., is still of prominent interest, and the town is the scene of a constant stream of comers and goers. The funeral services of twenty-three of the victims were held to-day, and fully 10,000 persons from all parts of the State were present. About 2,000 carriages were in attendance. The services were conducted by the Rev. Father Leo of Winsted, assisted by the Rev. Fathers Bloom and O'Connell, of New Haven, and the Rev. Father Mallon of Wallingford. Twenty-seven persons have thus far been buried.

The cemetery was surrounded by the town's company of the Connecticut National Guard of thirty-eight men, and 120 special officers were sworn in and put on duty throughout the place. At the Town Hall, where a temporary hospital has been opened with professional nurses, there are seventeen badly wounded, of whom Richard Taylor, with back broken, John Littlewood, concussion of the brain, and John Mooney, injured internally, are not expected to live through the night. Mary Matthews, aged 10 months, died late yesterday afternoon, making twenty-eight so far who have been sacrificed to the fury of the elements. Promises of assistance for the destitute are coming in from all sides. The Catholic diocese of the State will take prompt measures to aid their people in a substantial manner. All who have died, with the exception of Frederick Littlewood, are of the Catholic faith, but the assistance from all denominations could not be exceeded for kindness and generosity.

The Freedmen's Bank Plunderers to be Exposed.

WASHINGTON, Aug. 11.—The Gazette of to-day says: "Congressman Wait-or writes to a friend in this city that as soon as Congress meets in December, he will take measures to expose and bring to justice the men who pose organized in the conspiracy to rob the Freedmen's Bank; that there was a deliberate conspiracy to rob the bank he thinks there is ample proof. He has been making a careful examination of the records to see whether the original trustees cannot be held responsible for the loss in a civil suit."

The Chinese Embassy.

HARTFORD, Aug. 11.—The members of the Chinese Embassy will remain in privacy at the Chinese headquarters in this city for two or three weeks, declining anything in the nature of a public reception till after presentation to the President. Chin Lau Pin, Yung Wing, and D. H. Bartlett, Secretary of Legation, will go to Washington soon to arrange for permanent quarters for the Embassy there.

Yellow Fever at New Orleans.

NEW ORLEANS, Aug. 11.—Twenty-two new cases of yellow fever and fourteen deaths were reported by the Health Board to-day. At Porte Etads, to date, twenty-five cases and five deaths are reported.

CAROLINA.

The diphtheria has broke loose in Salisbury.

Mrs. Vance is better and the Governor has returned to Raleigh.

Morgan on the Edge: A new process for curing fruit at a cost not exceeding one or two cents per bushel has been discovered, and is now being introduced in this section. From what we have seen of it, we believe it will do all claimed for it.

Beaufort Atlantic: There is an exhibition at the "Ocean View Hotel," the skull of a whale which was caught on our coast a year or two ago. This whale was seventeen feet in length, and the oil and whalebone sold for \$1,610. The skull alluded to above weighs about 400 lbs.

The Observer is afraid that the Charlotte wholesale trade will suffer by the Richmond excursion, and suggests as a set off that the Charlotte merchants gather in the dealers on the various lines of railroad and bring them on to that city and give them a hunky old time.

Monroe Enquirer: The gold mines in this county belonging to the estate of Hugh Dowling, deceased, were sold by G. W. Floyd, as Commissioner, at public sale on last Monday. The Stewart mine, including 495 acres land, brought \$1,990. The Fox Hill mine, with 195 acres brought \$654. James Floyd was the purchaser of both.

Raleigh News: Dr. Grshaw of Louisa, was found dead in his bed on Friday. As was the custom his servant took his breakfast into the room, late in the morning, and reported him sleeping. At dinner time he had not aroused, and the fact being reported to his daughter, he was found to be dead, with every appearance of having died early the night before.

Concord Sun: We learn of the singular death of a colored man while digging a well, near Mr. Noah Blackwelder's, last Monday. He had sunk the well to a considerable depth, when he struck an opening of some kind, through which a poisonous gas rushed and overcame him immediately. When brought to the surface, he was dead. We could not learn the unfortunate man's name.

Newbern Nat Shell: A two-year old child of Moses Mason, of this city, was playing with a tin whistle on Saturday, when the toy slipped down its throat. After vainly trying to get the whistle up, the parents of the child carried it to one of our physicians. He used every means in his power to dislodge the toy, but was finally compelled to inform the parents that it was impossible to do so, and the child could not live.

Raleigh Observer: The State has a column devoted to the North Carolina guests, in Richmond. The trip, the representative merchants, the appearance of the streets the hospitalities and personal mention, make a readable article. The Charlotte delegation heads the list, numbering 220. Raleigh has 75, Durham 60, Winston 75, Greensboro and Salisbury 60, and smaller numbers from smaller towns.

Monroe Enquirer: We were shown on last Friday, quite a curiosity, in the shape of a fine pup, minus the fore legs. The mother, which belongs to Mr. W. C. McCall, of this place, gave birth, just a week ago, to three pups, this being one of them. Otherwise, the little fellow is perfect—and a beauty. It is of a natural shape, and no deformity is exhibited where the fore legs should be only that they are not there. It is now a week old, and from all appearance his chance for a long life is equal to those of its mates.

Goldsboro Messenger: A singular accident happened on Friday last to the little infant son of our townsman, Dr. John D. Spicer. In an unguarded moment he fell out of a second floor window, head foremost, but fortunately he fell first upon some thickly grown shrubbery before striking the ground, and this had the effect of breaking the severity of the fall. Before assistance could be rendered him he was up on his feet again, and we are pleased to say is doing well and appears to have sustained no injury beyond a few scratches.

Charlotte Observer: Mrs. Linwood, a Massachusetts lady, got on the Charlotte and Statesville train at Charlotte Friday evening, to go Statesville. When the conductor came around for tickets she reached in her pocket and discovered that her money was gone. It could not be found in the car, and the supposition is that the roll, amounting to \$110, fell out of her shallow pocket at the depot, as she remembers having it in the omnibus. Up to this time the missing property has not been found.

Notice. Schedule B Tax.

ALL WHOLESALE AND RETAIL Merchants are hereby notified that a privilege tax was levied by the last Legislature of Five Dollars (the same levied by county) in addition to the Schedule Taxes proper. Wholesale dealers are also notified that in giving their purchases, the law now compels payment on all purchases made within the State as well as out of the State, including Hardware, turpentine, spirits of turpentine, rosin and naval stores of any kind, and cotton, also wood and coal dealers. All Hotels, Boarding Houses, Restaurants and Eating Houses are required by law to pay one-half per cent on gross receipts. The tax will be due July 1st, and payable within the first ten days thereafter, on all purchases since the first of January, 1878. All parties interested in the payment of Schedule B Taxes will save costs by attending to the same at once, as the law will be strictly enforced. I. H. BROWN, Register of Deeds for Fender County.
