It is still too warm to have much of a demand for winter clothing.

The almanac promised fair weather for to-day, if the wind was Northwest.

When shall our people enjoy an open air musical concert as formerly from the C. C. Club?

If our army had more file and less rank we think the country would be just as well off.

Mr. J. H. Barnes, Editor and Manager of the newsy little *Lumberton Times*, was in the city yesterday and favored us with a call.

Mexican silver dollars are now received at the banks here for only ninety cents, a fact which all our merchants, trading people and readers of the REVIEW would do well to remember.

Figs are ripe, grapes in abundance, melons by the thousand lots, of pears and peaches till you can't rest, and other fruits too numerous to mention and as cheap as—as—well, as greenbacks.

There are more ladies than gentlemen in Salt Lake City.—Ee.

That may be very true, but are there more women than men in that city of many wives?

The recent rains have caused quite a freshet in the Cape Fear river, and it is now in excellent boating condition. We may say, also that it is being utilized, and the Fayetteville steamers are carrying large freights both ways, "whereof we are glad."

A Good Idea.

Remembering the sufferings from yellow fever of our own people in the year 1862, the suggestion has been made that prayer be offered in all of the churches on Sunday for our afflicted sister cities now suffering from the terrible scourge, and that at the same time thanks be returned to Almighty God for the good health our own city has enjoyed and implore a continuation of His mercy and favor to us.

Hours for Service.

A correspondent writes: "The late hours for morning and evening services at our churches is not very conducive to health during the heated term. In the morning, it compels the congregation to return to their homes during the hottest part of the day, and at night, they return home so heated that it requires an hour or more to cool off before retiring, and thus make it late before sleep and rest can be sought and obtained these warm and short nights."

Don't.

It seems that the victorious Republicans cannot be satisfied with the result of the recent election without more of their confounded noise as a celebration of the victory, but propose to give a final howl over the affair on some night before long. We can only hope that they, with some regard for the feelings of those who have already been bored almost beyond endurance by the noise and rowdiness of the campaign, may conclude that "enough is as good as a feast" and will make no demonstration.

Heavy Rains.

We are sorry to learn from a friend from Pender county that the recent rains have caused much damage to crops in that section, many of the lowland fields being entirely submerged by the streams which have become so swollen by freshets as to overflow their banks. The crops which have not been thus injured are doing finely, but much corn is now under water, one gentleman having over five hundred bushels in this condition. A cessation of the rains to allow the water to run off will do much towards saving the threatened crops.

Nutritious Cookery.

Nothing is so well calculated to promote good health and good humor as light, easily-digested, nutritious cookery. With that unrivalled article, DOOLEY'S YEAST POWDER, in the kitchen, elegant, white, light, and wholesome bread, rolls, biscuits, cake of every kind, and corn bread, waffles, muffins, buckwheat-cakes, etc.; are always possible in every household.

American Wines.

But few persons are aware of the great amount of Grapes raised in New Jersey. Alfred Speer is known to be the largest Wine grower east of the Rocky Mountains. His Port Grape Wine is the best wine to be procured. It is ordered to London and Paris, where it is becoming very popular among wealthy families.

The Foreign Fleet.

As will be seen by the report of vessels to arrive from foreign ports, to be found in another column, the fleet bound to this port has increased somewhat since our last report. The number now en route for Wilmington is fifty-three, of which thirty-one are barques, nineteen brigs, and three schooners. "And still there's more to follow."

Succotash.

Cut the corn from a dozen cobs, and add to it one pint of shelled green beans, and one pint of okra pods, boil half an hour with a slice of nice salt pork, in just enough water to leave plenty of juice. Season with butter and pepper and a little salt if needed, and dish up. It preferred the pork can be left out and more butter, or a half cup of sweet cream used instead.

To Color Photographs.

Take a strongly printed photograph on paper, and saturate it from the back with a rag dipped in castor oil. Carefully rub off all excess from the surface after obtaining thorough transparency. Take a piece of glass an inch larger all round than the print, pour upon it dilute gelatin, and then "squeeze" the print and glass together. Allow it to dry, and then work in artist's oil colors from the back until you get the proper effect from the front. Both landscapes and portraits can be effectively colored by the above method without any great skill being required.

The Inland Route.

The Elizabeth City *Economist* says: During the last session of Congress Senator Ransom obtained an appropriation of \$20,000 for the survey of an inland water route of communication from the harbor of Norfolk, Va., to Wilmington, N. C. The Engineers appointed to carry out the purpose of the appropriation have commenced their labors. Gen. Robt. Ransom, who is an assistant engineer on the work, came through the Albemarle & Chesapeake Canal, on Wednesday last, on a tour of examination of the rivers and canals along the route preparatory to a report and the commencement of the main work. He will examine the Dismal Swamp canal this week. We have confidence in Gen. Ransom's skill and impartiality and fitness for the work in which he is engaged. We do not know who is the engineer in chief, but we hope Gen. Ransom and his Chief will visit Eliz. City, while engaged in the work. Our people will be pleased to see them.

City Court.

Alderman L. H. Bowden, Mayor pro tem., presiding:

Maria Hall, a colored denizen of Paddy's Hollow, was the first case on docket this morning, charged with disorderly conduct and fighting and resisting a police officer. The Mayor pro tem., after hearing the evidence, said \$20 fine or thirty days in the city prison.

Richard Stowe, a colored gemman, who in a spirit of chivalry or under the influence of some other spirit or *spirits*, rushed to the rescue of his dusky-hued paramour, was fined \$25 or thirty days in prison. The parties are not greenbackers, and therefore they didn't either possess enough of the necessary article wherewith to procure their release by paying the fines imposed, and so were consequently locked up. And this ended the chapter for to-day.

Appelwhite & Delgado.

The two young men who were arrested last evening by officers Carr and Bunting, and carried before Justice Hall, and were committed to jail in default of bond for their appearance before him this morning, but who were subsequently released upon their own recognizance, appeared at the appointed hour at the Magistrate's office, and were again released upon their recognizance, to stand trial at the next term of the Criminal Court. The young men declare it was not their intention of swindling any one, but as they were unable to do any business, either in Raleigh or Wilmington, were consequently unable to pay their bills.

The charge against them is obtaining board upon false representations, and in reply to questions asked by Justice Hall, they stated, they had not explained their imppecunious condition to their landlady, because they thought they could make money enough to pay her—and furthermore, at the time of their arrest they were working for that purpose. Whether the young men will remain here to stand trial at the next term of the Criminal Court, remains to be seen.

Personal.

Rev. G. D. Bernheim D.D. has returned to the city and will preach in St. Paul's Lutheran Church on Sunday morning in German. There will be no services in the afternoon or evening.

Dr. Bernheim has just made an extensive trip through a portion of the State in the interest of the Lutheran Church, which, we are pleased to hear, he represents to be in a most prosperous, growing condition. At Greensboro he organized a new church, and the preliminary steps have been taken for a church each in Goldsboro and Raleigh, and perhaps Newbern, to be under the pastoral charge of Rev. Mr. Cook, the highly talented young minister who filled Dr. Bernheim's pulpit during that gentleman's absence in Europe last summer. The Lutheran Church now numbers 45 congregations in North Carolina, with a membership of nearly 5,000 communicants.

Accident to a Wilmingtonian.

From the Charlotte *Observer* of the 15th we learn as follows:

Yesterday morning John White, a brakeman on the freight train of the Charlotte, Columbia & Augusta Railroad, met with a serious and perhaps fatal accident at Woodward's station. He was standing between two cars preparing to couple them, when they came together with such force that the bumpers of one of the cars gave way, and the unfortunate brakeman was caught between them and his body badly mashed. He was taken to Blackstocks where medical aid was summoned. When last heard from he was in a very critical condition.

Mr. Benj. F. White, of this city, a brother of Mr. John White, telegraphed Mr. T. D. Klein, Superintendent of the road, this morning, to ascertain the extent of the injuries sustained by his brother, to which Superintendent Klein answers: "Wrote you last night, nothing serious; Doctors think he will be up in about one week." Mr. Jno. White is well-known in this city and his many friends will be pleased to learn that his condition is not as was first reported.

Recovered.

A lady from Robeson county who was on a visit to this city a few days ago had the misfortune to drop her pocket book on the streets, containing about eleven dollars and fifty cents in money, but it was soon missed and every effort was to recover it, but all efforts were of no avail. It was then discovered that one Edward McFarland, a colored boy, who walks bow-legged and blacks boots for a living, and is better known by the sobriquet of "Pot Hooks" was in possession of the missing funds. But the aforesaid "Pot Hooks" was no where to be found. Finally Chief of Police Brock put out word where he knew "Pot Hooks" would hear it, that he was urgently wanted at Police Headquarters and it would be well enough for him to walk up and disgorge. And so "Pot Hooks" walked up just like a little man about nine o'clock last night and handed the Chief ten dollars. But the Chief remarked in a deep basso tone of voice "one dollar and a half more." So "Pot Hooks" said "just come with me, Chief," and the Chief went, and the dollar and a half was soon forthcoming from another little colored spert whom "Pot Hooks" had divided that much with.

The lady, who in the meantime has left the city, will receive her money by tomorrow's mail.

A Big Freshet.

Capt. Albert Werth, of the steamer *A. P. Hart*, reports that there was a rise of over twenty feet of water in the river at Fayetteville when he left there yesterday morning, and that it was "still a coming." If it gets to be much higher, it will spread out all over the rich low-lands in Bladen county, which are even now in danger, and heavy losses to the farmers will be the result.

Capsized.

A sail boat belonging to Mr. W. M. Collins, of this city, which is sometimes used for wrecking purposes at the mouth of the river, was capsized on Saturday night last when off Big Island about ten miles below this city by a sudden flaw of wind, which struck her. The parties in the boat at the time were Jack Speight, William Sheahan and a person who goes by the name of "Big Tom," and fortunately all escaped with their lives but lost all of their clothing except what they had on.

Don't forget the moonlight excursion on the *Passport* to-night. Present indications are that it will be a lovely night for it.

Lost Seven Pounds in Three Weeks

Allan's Anti-Fat is a genuine medicine, and will reduce corpulency from two to five pounds per week. Purely vegetable and perfectly harmless, acting entirely on the food in the stomach, preventing the formation of fat. It is also a positive remedy for dyspepsia and rheumatism.

BOSTON, Mass., Feb. 11th, 1878.

BOTANIC MEDICINE CO., Buffalo, N. Y.

GENTLEMEN—The lady alluded to lost seven pounds in three weeks, by the use of Allan's Anti-Fat.

IN MEMORIAM.

MARY A. BRINK—A beautiful flower, redolent with the perfume of the early spring time, has been suddenly cut down, dried up and withered. She whose early death we so deeply deplore was the life and charm of the social circle and the loved object around whom clustered the tenderest affections. And she was worthy of all the devotion bestowed upon her by friends and relatives. It was not the beauty of her person alone that gave such a charm to her every movement, but added to that beauty of person was a loveliness of disposition and christian virtues that not only made her the idol of her home, but exercised an influence for good upon all with whom she came in contact. She was most gentle, most kind and affectionate, with a generous heart that was prompt to respond to the cry of suffering or distress. In the inscrutable wisdom of Providence she has been taken from us in the rich beauty of her young life, but she is not dead, only transplanted to another and purer world, to shine amid the saints in light. In the midst of this crushing grief, what comfort is there in the thought that the loving and beloved one is safely at rest in the arms of that Saviour in whom she trusted? Weep not for her then, but weep for the bereaved on earth. May God have mercy on them and give them strength to say, "Not our will, but thine, oh Lord, be done."

DIED.

BRINK—At Old Fort, N. C., August 14, MARIE A. BRINK, daughter of Edwin R. and Elizabeth J. Brink, aged 21 years and 14 days.

The funeral will take place from the residence of her parents, corner of Second and Red Cross streets, Saturday, 17th inst., at 10 o'clock, A. M. Friends and acquaintances are respectfully invited to attend.

North Carolina at Gettysburg.

APPLICATIONS ARE CONSTANTLY made for copies of THE OBSERVER containing the articles in regard to the conduct of North Carolina troops at Gettysburg. The number of requests for these, from the Northern States especially, has lately become so great that, being unable to supply them otherwise it has been determined to publish them in book form. The papers on the subject, on both sides will be reprinted just as they appeared in THE OBSERVER, and will make a volume of some two hundred pages. The book will be printed on fair white paper, with good, clear type, and in paper covers will be sold at 25 cents each; to dealers and canvassers at \$15 per hundred. A library edition will also be made, printed on superior paper and handsomely bound, which will be sold at \$1 each; to dealers and canvassers at the rate of \$60 per hundred. Single copies of either edition mailed postpaid on receipt of the price. The book will be ready for delivery in a few weeks. Orders accompanied with cash are solicited.
