LOCAL NEWS.

New Advertisements. S. Jewett—Stationery and Fancy Goods. P. Heinsberger—To Suit All. J. C. Menden—Thermaline. Moxson—We are Prepared. Crabs are scarce and poor. News is very scarce to-day. Shrimps cling like a brother to ten cents a quart.

The question now is: "Are we going to move?" The Greenbackers meet to-night in the Court House. Disinfect your premises and see that they are properly policed.

The office of the Hibernian Association was draped this morning. Oysters in market yesterday, but not very fat. No "r" in them. Mulletts were selling at 7 1/2 cents per bunch yesterday afternoon.

The ranks of the noble army of grass widowers are becoming thinned out. Fall is most here, but to the man who steps on a grape hull it has already come. Only a few more days left in which to take the benefit of the Bankrupt act. Pitch in lemons. Marsh hen shooting is now in order on the sounds. Some sportsmen have had good luck thus early. Packages of bilious fever put up in green globes are offered for sale now under the name of watermelons.

We learn that a movement is on foot looking towards the organization of a Juvenile Debating Society. Dr. George L. Shackelford, a native of this city, but latterly residing in Tarboro, is about to remove to Charlotte for the practice of his profession, dentistry. The river is falling very rapidly and now is in very uncomfortable boating order. Capt. Garrison states that he will have to run flats in order to get over the shoals. The flags of the shipping in port and those of the English, German, Norwegian and Danish Vice Consuls were half-masted to-day in respect to the memory of Capt. I. B. Grainger. A ragged urchin whose love for sweets made him forget the Eighth Commandment, if he ever knew it, stole a young duck a few days ago and offered it at a corner grocery for a stick of candy. The foreigners are coming in rapidly and ours begins to look like a seaport town now. There are still between fifty and sixty square riggers due here and in a few days our harbor will be pretty full but with the facilities we now enjoy we will be able to furnish cargoes for them all.

Personal. Edwin W. Kerr, Esq., of Sampson county, is in the city on a short visit. We mentioned a report yesterday from the Goldsboro Messenger, to the effect that Mr. Kerr was about to announce himself as an independent candidate for Congress in this district, and to-day a Review reporter interviewed him on the subject but found him non committal. Carolina Yacht Club. At an adjourned meeting of the Carolina Yacht Club held this afternoon in the National Bank building, resolutions expressive of the feeling of the members of the club at the death of Commodore Grainger were passed. The regatta which was set for Wednesday, September 4th, will be postponed out of respect to the deceased Commodore. Within the short space of three months the members of the Yacht Club have been called upon to mourn the death of two of their most highly esteemed members. Cottage Gingerbread. Take one cup of butter and lard melted together, add one cup New Orleans molasses; stir into this one cup each of sugar and cold water, two large teaspoonfuls ginger, two eggs beaten, and four cups of flour, having in it three large teaspoonfuls DOOLEY'S YEAST POWDER. Bake in moderate hot oven. Wilmington District. Appointments for Quarterly Meetings made by Rev. L. S. Burkhead: THIRD ROUND. Clinton, at Salem, Aug 31-Sept 1. Onslow, Sept 7-8.

Big Freshet.

There has lately been one of the largest freshets known in Sampson county and the destruction to crops and cattle is said to be very great. The drought killed the high land crops and the freshet has swept away most of the corn in the low lands. It will be difficult to estimate the loss caused by the freshet, and the farmers are of the opinion that not one third of a crop will be made in Sampson this year.

City Court.

Richard Washington was arraigned before His Honor, the Mayor, this morning on the charge of an assault with a deadly weapon upon Lud Johnson. Washington was ordered to give bond for his appearance at the next term of the Criminal Court, in default of which he was placed in the custody of the Sheriff. Lewis Nixon was next brought before the Mayor, charged with sleeping on the streets. The case being a trifling one the boy was discharged. A white man was also arraigned on the same charge and was likewise discharged. Laura Williams, charged with disorderly conduct, was ordered to pay a fine of two dollars or be confined in the city prison for 15 days.

The Hog Cholera.

Our good friend, Col. T. S. Memory, of Whiteville, Columbus county, having seen the article which we published a few days since relative to the cases of hog cholera, sends us a recipe as a cure, or preventive, which we commend to our readers: WHITEVILLE, N. C., Aug. 26, 1878. DEAR SIR:—During the fall of 1876, when Turner's Almanac came out, I saw a remedy for hog cholera on page 11. I have used it ever since and have not had a single case of cholera among my hogs, although my neighbors, whose lots were not more than 100 yards from mine, lost many hogs from the disease. The remedy (and it is equally as good as a preventive) is simply to give to each hog a teaspoonful of saltpetre twice a week. My hogs have done so well from the use of the above that I desire it to be known to the public. The saltpetre may be given with slops. Pulverized charcoal, (mixed with corn meal so as to induce the hogs to eat it) is a very good thing. Yours, &c., T. S. MEMORY.

A Pedestrian Tour.

The Charlotte Observer gives the following interesting particulars of a long pedestrian tour undertaken and accomplished by Mr. Willie B. Meares, a young gentleman well known here and son of Dr. Buckley Meares, a native, and for many years a resident of Wilmington. He was accompanied by Mr. John Arthur, also well known in this city. Mr. W. B. Meares, formerly of Salisbury, now a Baltimore commercial traveler, well known in this section of the State, came into the city from the mountains a day or two ago, having just completed a tramp through that section of the State, covering 505 miles. Less than two months ago he left Walthalla, S. C., in company with Mr. John Arthur, of Columbia, and struck for the North Carolina line. They wore English walking suits with knee pants and brown stockings, and their baggage weighed only five pounds. They traversed all the counties west of the Blue Ridge and east of Asheville, where they wound up the journey less than a week ago. They made the trip by easy stages, stopping to fish and hunt whenever they struck a suitable place for the exercise of these sports, but occasionally they stepped thirty miles a day and found no trouble in doing so. Both are charmed with their trip, and heartily recommend the mode of travel to summer tourists in Western North Carolina. Their expenses, including the outfit, were only \$50.

First National Bank.

The banking rooms in the old Cape Fear Bank building, on North Front street, recently occupied by the Dawson Bank, are being remodeled and improved, under the superintendence of Capt. R. S. Radcliffe, for occupation by the First National Bank. The main, or banking room, is undergoing some marked changes, the wooden pillars to be removed and iron columns to be built to the rear of the Directors' room of the same size as this latter, and to be connected with it by folding doors. In this the President's office will be located and when a meeting of the Board of Directors is to be held, the two will be thrown into one. Altogether, when completed, it will be one of the handsomest banking houses in the State. It will be ready for occupation by the first of October. Col. Waddell will fill his appointment to address the people of Wilmington, on Friday evening next, from the portico of the bank building, opposite the Purcell House.

Inquiries Answered.

Mr. Thos. A. Branch, of Hillsboro, Tampa county, Florida, writes to know something of the whereabouts of three uncles who resided near Wilmington previous to the war, by name John R. McLendon, Thos. A. McLendon, and E. C. McLendon. The first named has gone West or South, we do not know which, the second is living near the old place in Pender county, postoffice Asheton, and the third is practicing medicine somewhere in Onslow county.

Dastardly Assault.

Two unsuccessful attempts have been made within the past two days by Richard Washington to take the life of Lud Johnson, a shoemaker having his shop in "Paddy's Hollow." Both the men are colored and there seems to have existed some grudge against Johnson, growing out of what Washington thought to have been Johnson's influence in having him discharged from the steamer Waccamaw and having a young friend appointed to the position caused by his discharge. Monday night Washington attempted to pick a quarrel with Johnson while the latter was in a shop in the Hollow. Later in the night Johnson went to the steamer Waccamaw to see his friend about some money matters when he was confronted by Washington and thrown to the ground, when Washington told him he was going to throw him overboard and tried to get his legs over the cap of the wharf. Johnson called for the police and succeeded in breaking away from his antagonist who hurled stones at him as he ran out into the street. Last night Johnson was getting his tea at an eating shop near the corner of Mulberry and Front streets, when he was called to the door and again confronted by Washington, who made a lunge at him with a sheath knife. Johnson saw the blade of the knife glitter by the dim light of the fire on the hearth of the room just in time to get out of the way by jumping backwards into the room and knocking over a large table which was spread for tea. The cry of police was raised and Washington made a hasty retreat but was captured near the corner of Princess and Front streets. Washington, it seems, was boosted up to his deeds of desperation by a couple of sable damsels from "Ram Cat Alley." As will be seen by the proceedings of the City Court, he has been committed to jail to await a hearing of his case at the next term of the Criminal Court. The damsels have been arrested for aiding and abetting Washington in his assault, and will have a hearing before Justice Harriss.

Grape Jelly.

For grape jelly the fruit should not be too ripe; wash, remove the stems and put into a porcelain kettle with just enough water to keep from burning; simmer until the grapes are soft, then strain through a cloth or flannel bag, and to each pint of juice add one pound of sugar; boil twenty minutes, and just before it is done add one teaspoonful of dissolved gum arabic to each pint.

Arrival of the Remains of Capt. I. B. Grainger—The Funeral Services.

The remains of Capt. I. B. Grainger arrived this morning by the Wilmington & Weldon R. R. train and were met at the depot by a large concourse of citizens who had gathered there to pay respect to the memory of the lamented deceased. Committees from the Produce and Commercial Exchange, Hibernian Benevolent Association, Carolina Yacht Club and Cape Fear Light Artillery met the body at Rocky Point and escorted it to this city. The remains, followed by a very large number of citizens, were carried to the Parish School room of St. John's Church where they were left until the hour fixed for the funeral services. Detachments of the Hibernian Association and the Cape Fear Light Artillery were left with the body. Mrs. Grainger arrived this morning, and as she appeared on the platform many were the eyes which were dimmed with tears of sympathy for her in her deep and great affliction. As we write the last tributes of affection and esteem are being paid to the mortal remains of the deceased. The services at St. John's Church, which in the absence of the Rector, Rev. George Patterson, were conducted by Rev. Dr. Watson, and Rev. T. M. Ambler were impressive in the extreme, the Church being crowded to its utmost capacity. The pall bearers were Hon. R. R. Bridges, Col. J. J. Hedrick, Col. J. W. Atkinson, Maj. T. H. McKoy, Maj. James Reilly, Maj. C. M. Stedman, Maj. D. J. Devane and Wm. H. Bernard, Esq. There is to a great extent a suspension of business during the progress of the funeral ceremonies, the entire community, almost to a man, seeming desirous to give some indication of their regard for the memory of the lamented dead.

The Complexion.

It will, no doubt, be of great interest to many ladies to know that "magnesia," (an article used by many: a toilet powder in the firm belief that it is harmless) is pronounced by chemists to be very injurious to the skin. Used for any length of time it dries the cuticle, and causes the face to become rough and scaly. For the benefit of those who may have been induced to use magnesia we append the following simple but efficacious remedy: One ounce glycerine, one-half ounce cologne, six and one-half ounces orange flower water. Apply to the face morning and night. As a toilet powder is almost a necessity, and as many of the preparations in the market contain magnesia, as well as other injurious ingredients, ladies would do well to apply the following simple and convincing test before using: To a teaspoonful of the suspected powder add the juice of a lemon, mix slightly, and if effervescence ensues the powder is dangerous, and its use should be avoided, as it will ultimately injure the skin, and destroy the beauty of the complexion.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for consumption, and permanent cure for consumption, the bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper. W. W. Sheras, 140 Powers Block, Rochester, New York. aug 12-4w

Can the Truth Overtake a Lie?

Investigation discloses the fact that the lady reported in the Associated Press dispatches, about Aug. 10th, to have died in Chicago after two weeks' use of some reputed remedy for corpulency, had not taken Allan's Anti-Fat, but had used a preparation put up by a regular physician in Luzerne, Pa. Allan's Anti-Fat is manufactured in Buffalo, N. Y., by the undersigned. We have already sold over 100,000 bottles of it. It has therefore been taken by thousands, and we challenge proof that it has ever harmed any body, unless the reduction of obese persons from 20 to 60 pounds, leaving them healthy and strong, is considered a misfortune. Furthermore, we hereby offer \$5,000 reward for evidence showing that it contains poisonous or injurious ingredients. We also offer \$5,000 if we cannot prove that it has reduced numbers of persons, as stated herein, and always without injury. It is said a lie will out-travel the truth any time; but we trust that those newspapers that have misled the public by saying that physicians attributed the lady's death to the use of Anti-Fat (which is only put up) by us, the term "Anti-Fat" being our trademark, will co-operate the false impression they have conveyed, by publishing this refutation.
