No City Court to-day.

Shrimps were selling at five cents per quart yesterday afternoon.

Maj. J. C. Hines, a member of the Board of Commissioners of Sampson county, has resigned, but his successor has not yet been named.

The members of the Fayetteville Independent Light Infantry met in annual session recently and elected all of the old commissioned officers.

The naval stores piled up on the wharves are beginning to disappear into the holds of the foreign vessels recently arrived here under charter.

Parties for whom warrants were issued yesterday for neglecting to pay their city tax license are to-day walking up to the captain's office and settling.

Mr. Ralston, of the Signal office, informs us that at 1.50 o'clock to-day a fearful hurricane was reported as having passed to the right of Santiago de Cuba this morning.

The Knights of Pythias in this city, comprising the Stonewall and Germania Lodges, are contemplating at an early day a picnic excursion for the benefit of the yellow fever sufferers.

We invite attention to the card of Mr. F. A. Newbury, which appears in this issue. Mr. Newbury is an indefatigable business man and will give his prompt and individual attention to all business entrusted to his care.

In the pitiful account of the ravages of the yellow fever as published by us yesterday was found a reference to the noble labors of Dr. W. H. Beatty, of Mobile, now in Grenada. Dr. Beatty is a native of Bladen county and nearly related to L. J. Beatty, Esq., of this city.

Let our Boys Look Out.

The Fayetteville teams are at it and are making some good records as the following from the Fayetteville Gazette will testify:

Messrs. J. C. Vann, T. B. Fuller, J. P. Thomson and J. A. Banks made 40, 41, 42 and 43 out of a possible 60 in shooting for a barrel of Patapsco flour a few mornings since.

To Arrive.

A revised list of vessels cleared, sailed and up for this port, is published to-day. There are in all 61 sailing vessels bound here from foreign ports and of these 61, there are 58 square riggers. This is in addition to the handsome number already arrived here within the past few days and which are not, of course, included in the revised list.

Unmailable.

The following is a list of letters remaining in the Postoffice in this city:

Laura L. Harris, Margarettsville; John Quinchella, Columbus county, N. C.; Mrs. Pernetta Dunham, Elizabethtown, N. C.; Miss Gussie Sampson, Philadelphia; M. J. Keith, Castle Hayne, N. C.; Miss Eliza Skipper, Brunswick county, N. C.; Z. R. Draper, Alexander county, Alabama; John McMillan, Weldon, N. C.; J. F. Oliver, N. C.

One More Suggestion.

The suffering and distress in our scourged and afflicted sister cities appeals to us for aid and remembering when in similar distress the charitable of the land sent their generous contributions to aid our own city and citizens in that sad year of 1862 causes us to desire that Wilmington shall at the present time contribute freely of her means to relieve suffering and distress. Many unable to give much would contribute a little if some one would call for it or bring it to their attention. Why cannot our ladies, who are foremost in all good deeds, take the matter in hand and canvass the city, visiting every house, as they did for the Lee fund several years ago?

For the Sufferers.

Mr. George W. Kidder was soliciting donations for the yellow fever sufferers this morning. In about three hours he collected \$350 and is still exercising himself in behalf of the plague ridden cities.

Mariners Subscribing.

Capt. R. A. Williams, of the barque *Birdston*, now in port, feeling for the yellow fever sufferers, started out this morning among the captains of vessels in port and solicited aid for the sufferers. Up to 1 o'clock he had collected \$30, but had not seen all the captains. No doubt he will succeed in raising a handsome sum of money.

Credit This.

Wilmington is certainly not getting credit for all the money contributed by her citizens to the yellow fever sufferers, by a long way. Some of our Jewish fellow citizens a few days ago made up within an hour's time the sum of fifty dollars, and sent the amount forward through the proper channel to the sufferers of the West.

Monthly Statement.

A correspondent, a mercantile man says: It has been customary to render monthly statements on the first of each and every month and to collect on the second, but from the many notices to be found in our business houses, "no bills paid until the 15th" &c., renders some understanding necessary for as it is now collectors do not know when to call and if one has a right to postpone settlements others have the same peculiar right and, it resolves into the fact that our merchants have no system at all for monthly settlements.

A Sanitary Hint.

As the season of autumn advances, the heat of the noon day is relieved by the coolness of the evening and night, and there is a strong temptation to sit out of doors, in search of comfort. But the evening air is damp, and heavily laden with the condensation of the vapors which the sun's heat evolved in the day time. The vapors are, for breathing, simply "malaria," or unwholesome air; and it must be a high state of health which can breathe such air with impunity while the body is in repose. The frame is exhausted with the work and heat of the day, and is, therefore, peculiarly susceptible. Sit in doors, or under shelter. If you must go out for coolness walk.

A Receipt to be Miserable.

The best receipt we know if you want to be miserable, is to think about yourself, how much you have lost, how much you have not made, and the poor prospect for the future. A brave man with a soul in him gets out of such pitiful ruts and laughs at discouragement, rolls up his sleeves, whistles and sings, and makes the best of life. This earth was never intended for a paradise, and a man who rises above his discouragement and keeps his manhood will only be the stronger and better for his adversities. Many a noble ship has been saved by throwing overboard its most valuable cargo, and many a man is better and more humble after he has his gold.

Fat People.

Corpulent people can be reduced from two to five pounds per week without starvation, by using Allan's Anti-Fat, a purely vegetable and perfectly harmless remedy. It acts on the food in the stomach, neutralizing all saccharine and oleaginous matter.

383 Washington Street, Boston, Mass., May 21st, 1878.

BOTANIC MEDICINE CO., Buffalo, N. Y.

Gentlemen—Without special change of diet, two bottles of Allan's Anti-Fat reduced me four and one-half pounds.

Yours respectfully,
M. A. BUSH.

Hundreds of letters similar to the above have been received by the Botanic Medicine Co. Anti-Fat sold by druggists.

The Wine for Consumptives.

Consumptive persons are said to be greatly benefited by the use of Speer's Port Grape Wine. It seems to give nourishment when everything else fails, and Physicians are prescribing it as a rich nutritious wine.

No hotel in this country or Europe is more thoroughly comfortable for families and ladies traveling alone, than the well-known Colonnade Hotel in Philadelphia, Pa.

For Upwards of Thirty Years

Mrs. Winslow's Syrup has been used for children. It corrects acidity of the stomach, relieves *wind colic*, regulates the bowels, cures *diarrhea* and *dysentery*, whether arising from teething or other cause. An old and well-tried remedy. 25 cents a bottle. d & w.

Those interested are referred to the advertisement of Mayor Fishplate, to be found in this issue, inviting bids, one for furnishing materials for lighting the street lamps and the other for weighing beef cattle.

Death of Dr. Campbell.

A letter received here to-day announces the death of Dr. Campbell, U. S. A., a gentleman well known at one time to a number of our citizens. He married a sister of Mr. H. E. Scott, of this city, and sister to Maj. J. C. Mann's wife. Dr. Campbell died in Chicago on Sunday last, from softening of the brain. His wife was with him when he died.

A Privileged Class.

Squire Williams, Clerk of the Market, in response to a question from us informed us to-day that there are about forty hucksters who do business on the sidewalks on Market, Front and Second streets, who pay no taxes. These are they who are on hand with the first crack of daylight and buy up a load of produce before a consumer's eye and then make him pay an advance of 25 per cent. on any and everything he may want. They seem to be a class of people who are favored very strongly. They pay no taxes, laugh at laws and locksmiths and get fat on the needs and necessities of others. A licence tax of \$5 a month from each of them would make the by no means to be despised addition of \$200 a month to the City Treasury. Why do not the Board of Aldermen wake things up a little in this time?

Manly Act—A Little Fellow Nine Years of Age Saves his Brother's Life.

Yesterday little George Southerland, aged about five years, son of Capt. T. J. Southerland, came near being drowned when he was rescued from a watery grave by his brother Tom, a little fellow of nine years of age. The tide was high and the children were playing on a gangway leading to a bath house on one of the Sounds when George attempted to get into a boat but fell overboard and sank twice before his perilous situation was observed.

Little Tom manfully plunged into the water and caught his brother around the waist with his right arm and swam to shoal water with him, a distance of some five or six yards. The brave little fellow had presence of mind enough to swim with the tide and thus save his brother.

A gentleman was standing on the shore at the time of the accident and made all possible haste to get to little George, but before he could reach him Tommy had gotten him to shore. All honor, say we, to the brave little fellow, for to our mind his conduct was a most manly act of heroism.

Grand Picnic for the Benefit of the Sufferers.

By reference to our advertising columns it will be seen that Germania Lodge No. 4, K. of P., of this city, propose on Wednesday next, the 11th inst., to give one of their enjoyable picnics at the Wilmington Gardens in aid of the yellow fever sufferers of our sister cities. This movement on the part of the Knights of that Lodge is worthy of the commendation and co-operation of our citizens; the object, the relief of their brethren of Memphis, Louisville, New Orleans, and our other fever-stricken cities, is a noble one, more especially when we take into consideration the fact that they are taxed by the Supreme powers of the Order for the same purpose, and that all other sums given are voluntary. The members of the order responded when our committee of citizens called upon them, now let our citizens assist the Knights raising a goodly sum. The tickets are only \$1 each and those of our citizens who purchase them may rest assured that the act will not only be appreciated, but if they will attend the picnic that they will be heartily welcomed, and receive the worth of their money in real enjoyment.

"Good Wine Needs no Bush."

Neither does DOOLEY'S BAKING POWDER, matchless for all kinds of bread and pastry. The purest cream tartar made from grape juice is used in its composition. And each can is exactly full weight. It's not merely a question of economy in purse, however. The products in which it is used are most healthy and delicious.

One hundred bales of new cotton were received here yesterday over the C. C. Railway.

County Commissioners.

The Board met yesterday, at 4 o'clock, in adjourned session. The matter of instructing Mr. Solicitor Moore to draw a bill of indictment at the next term of the Criminal Court, against John F. Garrell, Superintendent of the County Poor House, in regard to certain complaints made by the Grand Jury at the August term, was left open until the next meeting.

On motion of Commissioner Worth, it was resolved that the Board should visit the County Poor House in a body, on Wednesday, the 11th of September, and examine into the condition of that institution.

The official bond of Gen. S. H. Manning, Sheriff of New Hanover county, was presented, and, on motion, left open until such time as Commissioner Sanders should be present.

S. VanAmringe then tendered his resignation as Clerk of the Auditing Committee, which was accepted.

On motion, it was resolved to go into an election for his successor, whereupon Commissioner Atkinson nominated Col. J. D. Taylor, and Chairman Wagner nominated A. B. Lind.

A vote was taken, when Col. Taylor was unanimously elected Clerk of the Auditing Committee and Warden of the Outdoor Poor.

On motion, it was ordered that the applications for the position of janitor be laid on the table.

The Board then adjourned.

Tribute of Respect.

Resolutions adopted by Lebanon Lodge No. 207, A. F. M., at Whiteville, N. C., Sept. 1st 1878:

WHEREAS, It has pleased God to take from us by the hand of death, our brother, Col. Forney George.

Resolved 1, That while in humble submission we bow to the decree of an all-wise Master, we deeply deplore the loss of a good man, and a worthy brother.

Resolved 2, That in his death the community has lost a good neighbor and warm-hearted friend, and the State a useful, public spirited citizen.

Resolved 3, That when we consider the many positions of honor and trust which brother George was called to occupy, as County Attorney, Representative in our State Legislature, Colonel in the C. S. Army, Delegate to State Convention, and Trustee of the State University, we recognize in him one who did his duty, and filled well all stations to which he was called.

Resolved 4, That we extend our true and heartfelt sympathy to the bereaved family now mourning the loss of a devoted husband, and kind, indulgent parent.

Resolved 5, That a page of our record book be inscribed to the memory of Brother George, and that the members of this Lodge wear the usual badge of mourning for thirty days.

Resolved 4, That a copy of these resolutions be presented to the family of the deceased, and that the Secretary forward a copy to the WILMINGTON JOURNAL and DAILY REVIEW for publication, with a request that the Raleigh Observer copy.

When bran new pianos can be bought for \$125, we ought to become a musical and music-loving people. This is what the Mendelssohn Piano Co., 21 East 15th Street, New York, are doing—selling pianos from their factory at these prices. The great reputation of these pianos—having been unanimously recommended for the highest honors at the great Centennial Exhibition—and the high character of the company for honorable and straightforward dealing, should insure for them liberal patronage. Their illustrated and descriptive catalogue, of forty odd pages, giving highest testimonials of leading musicians, will be mailed free to all, and all inquiries by letter cheerfully answered.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper. W. W. Sherar, 149 Powers Block, Rochester, New York. Aug 12-47
