THE DAILY REVIEW.

VOL. 3. WILMINGTON, N. C., SATURDAY, SEPTEMBER 7, 1878. NO. 187

PLEASE NOTICE.

We will be glad to receive communication from our friends on any and all subjects of general interest but: The name of the writer must always be furnished to the Editor.

LOCAL NEWS.

New Advertisements. MESSON—Cadets C. F. Military Academy. THOMAS H. HOWAY—First Receipt of Fall Goods.

Oysters are almost fat enough to eat. Nice birds are becoming more plentiful. Northern apples are plentiful in market.

We lose 63 minutes of daylight this month. Plenty of grape hulls on the sidewalks. Thinning out—The ranks of the grass widowers.

Marsh hen shooting on the sounds is improving, so they say. Shanghai berries were only 25 cents per dozen this morning.

The Thalian Amateurs propose an entertainment, at an early day, for the benefit of the sufferers.

Rev. Fred W. Eason, of Fayetteville, will preach in the First Baptist Church to-morrow, morning and evening.

The Greenbackers "slopped over" last night at "Dry pond" and kept political matters pretty well mixed and muddled until nearly midnight.

There seems to be a looseness about the management of the prisoners of the County Work House which should be looked into. We will have more to say of the subject in a few days, and as soon as we can ascertain some facts of which we are now in pursuit.

lookout for a Storm—A Cyclone Coming.

The Storm Signal flies from the top of the Signal Office here to-day, run up by orders from Washington City this morning, on account of the cyclone reported off Santiago de Cuba, yesterday afternoon, which is now heading this way, and was reported off the Eastern coast of Florida at 9:30 to-day.

The wind off Key West this morning at 7:30 was reported travelling at a speed of 43 miles an hour. If the same rate of speed is maintained until to-morrow, the cyclone will probably reach here at the same hour that it was reported off the Florida coast this morning, viz, 9:30; unless the Gulf Stream takes it and holds it. We are indebted for this information to Mr. D. E. Ralston, the courteous and obliging Signal Officer at this station.

Probable Homicide—A Work House Bird at Large.

Between 9 and 10 o'clock last night a bloody affair occurred in the upper section of this city which will probably result in the death of one of the parties. Not long after 9 o'clock one Simon Hagggett, colored, who was supposed to be safely secured in the County Work House, serving out a two years' sentence, accompanied by his wife approached a house on Brunswick street, between Sixth and Seventh, occupied by Bill Boyd, also colored, and employed for some time past as a car coupler at the Wilmington & Weldon R. R. depot in this city.

For the Sufferers—A Good Day's Work.

We mentioned yesterday the fact that Mr. George W. Kidder, in the kindness of his heart, had started out to collect a handsome amount for the benefit of the yellow fever sufferers and reported the result up to noon. Mr. Kidder gave the entire day to the undertaking, and part of to-day, and the result is now before us. The list shows 68 contributions, the amounts varying from 50 cents to \$100, and aggregating the very handsome sum of \$888.85. There are twenty-three contributions of \$5 each, two of \$8, seven of \$10, one of \$20, four of \$25, two of \$50 and two of \$100. We would be glad to publish the entire list but for the positive objections made by some of those who are among the most liberal subscribers. At this writing all but \$11 has been paid in and the entire amount will be sent off to-night by a telegraphic money order. It will all go to Memphis as it would appear that in proportion to the population the suffering there seems to be the most and the need of the poor afflicted people the greatest.

The Social Dry Rot.

Of to-day is dishonesty in business among merchants and manufacturers. Let us record a noble, exception. DOOLEY'S YEAST POWDER, for baking purposes, is always full weight, and made of the purest chemical substances. Its use saves money, labor and delight, both to palate and stomach.

Stop It.

There were fifty-one hucksters on the sidewalk from Front to Second streets this morning of whom ten only pay a license tax. Either make these hucksters pay a tax or cease their exorbitant speculations in the necessities of life.

A Large Cargo and a Quick Trip.

Messrs. Alex Sprunt & Son yesterday dispatched the British larque George Davis, for Antwerp, with a cargo of 7,124 merchantable barrels of rosie of 280 lbs each, which is, we think, beyond dispute, the largest cargo of rosie ever sent out of Wilmington. The George Davis reached the bar on her inward voyage only ten days ago and her quick and prompt dispatch is an evidence of the way our merchants do business at this port.

At Last.

We are more than happy to know of a cooler atmosphere, to feel a cooler breeze blowing, and we fervently hope that it may continue in duration and increase in extent until it may reach the plague-infected, sorrow-stricken cities where death holds high carnival, and carry not only to those suffering sick a hope of relief, but to those brave self-abnegating heroes, (the physicians and nurses) who have stood at their post of peril, on the very verge of eternity, inflicting, during all the fearful struggle, a hope of rest from their terrible labors.

An Attempt at Robbery.

Officer McMillan, of the night police force, reported at headquarters at the City Hall this morning that at about 2:30 o'clock this (Saturday) morning, while making his rounds, he heard a noise in the alley that runs immediately in rear of the row of London buildings, on North Water street, and that upon going to ascertain the cause, he discovered some one in the rear of the store occupied by Capt. Chas. D. Myers, endeavoring to effect an entrance, who, upon his approach, fled; that thereupon he, McMillan, fired at the retreating party, but with what effect he does not know.

Merchants and housekeepers should be very careful in fastening their stores and houses securely, so as to prevent the entrance of thieves, as the season is fast approaching when the number of idle vagrants swarming in the city will be on the rampage to obtain something for cold weather.

"How I Love Louisa."

We do not know the age, height, size, social position, or even the hue of Louisa, but she certainly must be the most popular damsel in the city, for every one we meet seems bent on letting the world know his entire devotion to her charms. She may be the fairest of the fair, for aught we know, and she most probably is a delightful "old gal"—a gushing piece of dimity—and altogether lovely; but if our young friends could be induced to "let up" on their song of love, and give us a rest for awhile we would be duly grateful. Write to her and ascertain if she is susceptible to the tender emotion, and find out whether the prospects are flattering to your hopes. If you don't want to write, pluck up courage and go and see her, but, at all events, be assured that we would be satisfied with less of the song.

For the Sufferers—A Good Day's Work.

We mentioned yesterday the fact that Mr. George W. Kidder, in the kindness of his heart, had started out to collect a handsome amount for the benefit of the yellow fever sufferers and reported the result up to noon. Mr. Kidder gave the entire day to the undertaking, and part of to-day, and the result is now before us. The list shows 68 contributions, the amounts varying from 50 cents to \$100, and aggregating the very handsome sum of \$888.85. There are twenty-three contributions of \$5 each, two of \$8, seven of \$10, one of \$20, four of \$25, two of \$50 and two of \$100. We would be glad to publish the entire list but for the positive objections made by some of those who are among the most liberal subscribers. At this writing all but \$11 has been paid in and the entire amount will be sent off to-night by a telegraphic money order. It will all go to Memphis as it would appear that in proportion to the population the suffering there seems to be the most and the need of the poor afflicted people the greatest.

At Point Caswell.

They are to have a big time at Point Caswell next Wednesday, and there will probably be a large attendance. The inducements are an address from Col. Polk, Commissioner of Agriculture, and a picnic by the ladies. We again acknowledge a pressing invitation to be present on that occasion.

A grand vocal and instrumental concert is in preparation for the benefit of the yellow fever sufferers. Particulars in a few days.

Pender County—Proceedings of the Board of County Commissioners.

We are indebted to Mr. I. H. Brown, Clerk of the Boards for the following report of the proceedings in last Monday's session, held at Burgaw:

The Board met in regular monthly session at 10 o'clock a. m., present, R. M. Croom, Esq., Chairman, and Commissioners Shaw, Humphrey, Armstrong and Tate.

It was ordered that the Board proceed to revise the jury list.

Ordered that the Clerk be authorized to deliver to the two Registrars of Holly township two new books for new registration.

Ordered that in accordance with Article 5, Section 2, Constitution of North Carolina, twenty-five per cent. of the proceeds of the State and County capitation tax levied for the year 1878 be appropriated to the support of the poor and the clerk of this Board shall notify the Sheriff of the same.

Ordered that all the newly elected officers except C. S. C. come forward and qualify and that the matter of giving bond be indefinitely postponed according to law.

Ordered that the Clerk of this Board deliver to the Sheriff a copy of the tax list for the year 1878 with an order to collect the taxes therein mentioned, provided that the Sheriff shall before receiving the tax list produce the receipts of the State and County Treasurer to the Clerk of this Board.

Ordered that the official bond of Williams T. Bannerman, Clerk of the Superior Court for Pender county, in the sum of \$10,000, with Messrs. Elisha Porter, Robert T. Williams, John T. Bannerman and L. H. Murphy as sureties, thereon, be and the same is hereby approved, ordered registered and placed on file. The entire Board voted in the affirmative.

Ordered that C. M. Galloway be notified to turn over all books, papers and records in the office of Clerk of Superior Court to W. T. Bannerman, the Clerk elect.

Ordered that the petition of Card Robinson be placed on file.

Ordered that the Bridge matter be left with the magistrates of the several townships to let out and receive such bridges as may need repairs and send reports in to the Board of Commissioners and that the Clerk of this Board notify the Secretary of the Board of Magistrates of the same.

Ordered that the matter of John Henry be referred to the Chairman with power to act.

Ordered that the bill of C. M. Galloway be laid over till next meeting.

The Board then adjourned till the first Monday in October.

An Excellent Suggestion.

Ed. Review: In view of the very generous pecuniary assistance extended to the afflicted yellow fever sufferers at New Orleans and other places would it not be better to apply the money contributed, or a portion of it, to sending capable physicians or nurses to that portion of the South requiring their assistance? I feel assured there are many in this city who would readily volunteer their services in the noble cause who have not the means so to do. What think you of the suggestion?

We publish this with pleasure. The suggestion, it seems to us, is an admirable one and we respectfully commend it to the consideration of those whose province or privilege it may be to act in the matter. Wilmington should furnish a number of capable nurses who passed through the fever crisis here in 1862 and who would be excellent attendants at the bedsides of the afflicted, but of course they cannot go, nor would they be expected to go, to the complete sacrifice of their time. If they will be willing to risk their lives that is sufficient for them; the expense should be furnished by others. We again commend the suggestion to those to whom it is more specially directed.

At Point Caswell.

They are to have a big time at Point Caswell next Wednesday, and there will probably be a large attendance. The inducements are an address from Col. Polk, Commissioner of Agriculture, and a picnic by the ladies. We again acknowledge a pressing invitation to be present on that occasion.

A grand vocal and instrumental concert is in preparation for the benefit of the yellow fever sufferers. Particulars in a few days.

Green Pills.

Quite a crowd of colored persuasions intermixed with a few whites gathered on the North side of Market Dock this morning, the cause of which upon approaching a little nearer we discovered it to be a flat load of watermelons which had just been landed. The darkey looked with longing eyes, "watermelons are getting scarce" and every "feller" that had ten cents this morning invested.

RALEIGH, N. C., Sept. 6, 1878. To the Editor of the Daily Review.

SIR:—In your issue of the 5th inst., appears the following in reference to the writer:

"MATTERS IN WILMINGTON."

G. D. (Maj. Graham Daves?) writes a very interesting letter to the Raleigh Observer, from this city, in which the most prominent object spoken of is the cotton statistics of the port, the figures having evidently been obtained from the table published by the REVIEW on Monday last but which the correspondent neglects to state.

You are entirely mistaken in supposing that "the figures" in my letter purporting to give the cotton statistics of Wilmington, were "obtained from the table published by the REVIEW." The writer has never seen the article published in the REVIEW, to which you refer. The statistics were furnished by Col. Jno. L. Cantwell, Secretary of the Produce Exchange, of which acknowledgment was duly made, as a more careful reading of the letter would have shown.

The letter to the Observer was written and posted long before the REVIEW of Monday, the 2nd inst. went to press. The writer has been absent from Wilmington for nearly a week, and had not seen a copy of the REVIEW during that time when that of the 5th inst., was handed to him.

It is probable that the REVIEW and the writer obtained their information from the same source, and hence the similarity of the figures.

There are some slight errors in the figures as published in the Observer, for which Col. Cantwell is not responsible. G. D.

Tribute of Respect.

At a meeting of the Board of Directors of the Bank of New Hanover, September 7th, 1878, the following Memorial was ordered to be entered upon the minutes and furnished for publication in the newspapers of this city. The Board of Directors hereby express their profound sense of bereavement in the death of their President, ISAAC B. GRAINGER. In the mind and character of this gentleman were blended extraordinary capacity with those virtues and graces which throw the sweetest and brightest colorings over human nature, and illustrate the true dignity of human life.

He had a clear head and a sound judgment, and was eminently conservative. He thoroughly understood what he took pains to examine, reached judicious conclusions, and on these he acted promptly, boldly and with singular firmness.

He was the first to conceive the business necessity for the establishment of this Bank and by personal exertion secured the desired subscription to its capital. He was its President from the beginning and by skillful management built it up, until it occupies a position among the leading financial institutions in the South.

In his official character he was strict in integrity, steady in habits, faithful to his duties, firm, frank and open in his relations with others who have no business connections with the Bank.

He was indeed distinguished for every manly virtue—faithful, brave, of unbending honor, of warm heart, and, above all, a sincere, noble Christian.

The legacy of memory he leaves to those he loved and who had the privilege of loving him in return, is such as precludes their sorrowing at his death, and, hopefully, to what we would express our deepest sympathy with the weeping ones of his own household in this, their hour of affliction, and would point them hopefully to what the departed soul now is, yet we would not seem to make their loss appear any less than it is, for to do this would not truly express our own feelings and those of the entire community, and would be a wrong to the memory of the worthy dead.

The members of this Board must long and sorely feel this bereavement, for the loss of an Executive so able and of a friend so true, cannot be repaired.

Resolved, That a copy of this memorial be sent to his family in testimony of our deepest sympathy.

Tribute of Respect.

WIGWAM OF WYOMING TRIBE No. 4. IMP'D O. R. M. WILMINGTON, N. C.

Third Sun Corn Moon, G. S. D. 387.

WHEREAS, It has pleased the Great Spirit of the Universe to call from the Hunting Grounds of our fathers, our beloved and highly esteemed Brother, JOHN H. SCOTT. Be it Resolved, That we deeply deplore the loss of so good and tender our heartfelt sympathies to the bereaved family, who will feel the more heavily than ourselves.

Resolved 2, That a blank page be reserved in our Record Book for inscription of his name, age, &c. Be it further Resolved, That a copy of these resolutions be tendered to the bereaved family of the deceased and published in the daily papers of this city.

T. W. WATSON, T. J. HERRING, W. S. HEWLETT. Committee.

DIED.

WARREN—In Battleboro, N. C., Sept. 6, Mr. N. G. WARREN, aged 64 years.

The friends and acquaintances of the family are invited to attend the funeral to-morrow (Sunday) morning at 9 o'clock, from the residence of W. J. Yopp, on Fifth, between Princess and Chestnut streets, thence to Oakdale Cemetery. Star copy.

New Advertisements. New Advertisements.
