SPRUNT—They must be sold. S. JEWETT—Stationery and Fancy Goods. For other local see 4th page. Gather up your hot house flowers. Gathering autumn grasses is now in time. Day's length 12 hours and 5 minutes. Why does a man never try to beat down the price of the railroad ticket? The interments this week in Pine Forest Cemetery were one adult and three children. There was but one interment, an adult, from Norway, in Bellevue Cemetery this week. The water in the Cape Fear is still falling there being about 10 or 12 feet left at Fayetteville. The Register of Deeds has issued marriage licenses this week to two white and two colored couples. Don't forget the Emersonian frolic at the Opera House this evening. There will be lots of fun on hand. A wasp's nest contains 15,000 cells, but you had better not go behind the returns and attempt a recount. St. Paul's Female Seminary will resume its sessions on Tuesday, October 1st. See advertisement in this issue. The stern-wheel steamer Isis, from Norfolk, a companion to the Ware, arrived here to-day and will probably run between this city and Fayetteville. We are requested to state that there will be early communion services at St. John's Church to-morrow morning, at 7 o'clock, conducted by Rev. Dr. Watson. The Emerson troupe paraded the streets to-day. They were drawn by four horses and discoursed some very fine music, but they reserved their big guns and Big Four for to-night. Mr. W. N. Royal, formerly of the Wilmington, Columbia & Augusta Railroad, has been appointed train dispatcher of the Charlotte, Columbia & Augusta Railroad, at Columbia. The hours for service at night in the Lutheran Church, and for Sunday School, have been changed, as may be seen by reference to the published announcement in the Church Calendar in this paper. The Cape Fear Military Academy opens for the new session on Monday next and it will open, too, under very favorable auspices. Maj. Burgess tells us that some ninety cadets have already been enrolled and it is probable that the list will increase to one hundred next week. The recent flood in Wilmington, though it scared the people smartly, did lots of good: It washed out the streets for them, which they never would have done themselves.—Southern Home. Thank you, but the people of Charlotte can get just as much benefit out of the text rain they have by standing in it bareheaded and barefooted. County Commissioners. The Board of County Commissioners met this morning but transacted no business other than to reduce the County tax levy one-fourth of one per cent. Their proceedings in the joint session with the Board of Justices will be found elsewhere. A Few Items Messrs. Williams & Murchison appear to-day as advertisers in the REVIEW, and we invite attention to their attractive advertisement, as it appears elsewhere. This firm is not only among the largest dealers in the State, but in the entire South. Their business dealings extend over a large portion of North Carolina, and to meet the immense requirements of trade they have laid in an unusually large stock of goods. It is not often that one firm in the South carries 12,000 sacks of salt, 1,000 barrels of flour, and 1,000 rolls of bagging in stock, yet this is a portion of the goods Messrs. Williams & Murchison now have in store. Their business seems to multiply itself every year.

For the Orphans. The box of clothing that is to be sent by the ladies of the Lutheran Church and a few other friends, to the orphans in Memphis, will be open until 4 o'clock Monday afternoon. If there are any others who desire to contribute to this charitable cause, they can send their donations of clothing or blankets to the Lutheran Parsonage during Monday. Two New Coaches. There are at the W. & W. Railroad shops, in this city, two first-class passenger coaches far advanced towards completion, which for excellence of workmanship in every particular will compare favorably with any work of a like character in the country. We were particularly impressed with the combination of the substantial in the structure and the ornate in the finish. Both bare ample testimony to the mechanical and artistic skill in the employ of the company. Carolina Yacht Club Regatta—Yacht Rosa the Winner. The September regatta of the Carolina Yacht Club was sailed over the Wrightsville course yesterday by the yachts Restless, Frolic, Rosa, Lizzie and Ripple. The breeze was comparatively light but good time was made by the yachts, the Rosa winning the race in 1h 38m 50s., beating the Ripple 1m 30sec. The interest of the race was centred in the Rosa and Ripple, they each having won two races this season—up to yesterday. Capt. Henry Savage and Messrs. George A. Peck and Thos. W. Strange were appointed judges. The start was made as follows: Restless, at 2h 4m Frolic, at 2h 4m 42s Rosa, at 2h 5m 35s Lizzie, at 2h 5m 38s Ripple, at 2h 7m 5s On the course from the Banks House to the Inlet buoy, the Frolic was passed by the Rosa, Lizzie and Ripple, and the Restless by the Rosa. On the return the Ripple overhauled the Restless, and on the way down the second time the Lizzie succeeded in tacking to windward and rounding the buoy ahead of the Restless, which relative positions were maintained to the finish, which was as follows: Rosa, at 3h 44m 25s Ripple, at 3h 47m 25s Lizzie, at 3h 39m 41s Restless, at 3h 42m 32s Frolic, at 3h 39m 57s Fleet Captain Wiggins, acting Commodore, delivered the prize, the Club Champion Flag, in a neat little address. Capt. Jno. M. Cazaux receiving it in a modest manner. There were no accidents and the race was closely contested. Rail Road Accident. This morning the outward bound freight train of the Carolina Central Railway Company met with quite a serious accident to the Company, by running through the open draw of the bridge at Meares' Bluff. The engine and four box cars were precipitated into the river, but we are happy to state no lives were lost by the accident. We have heard three different versions of the accident but in either case there seems to us to have been that lack of attention which should have been given in order to ensure the safety of property and life. At all events the draw was open, and the train came thundering along and was precipitated about twelve feet into the river below. At the time of the accident a flat was passing through the draw loaded with wood and it is said that the signals were up and were seen by the engineer who did all in his power to stop his engine, but could not in time to avert the catastrophe. It is true the engine was reversed, but were the brakemen at their posts? Capt. Garrason, of the steamer Murchison, states that the bridge-keeper was very loose in his duties and that his steamer was detained at the bridge this morning very nearly an hour, and also states that he came very nearly running into the bridge, because of the absence of the light on it. The debris was soon cleared away and the Southern train was detained only a few minutes. Two of the box cars floated with the tide pass this city this morning about 12 o'clock. We are confident the matter will be looked into by the railroad magnates and that a like accident will not occur again. The cars alighted to above were empty, and the others, which were loaded, are in the river at Meares' Bluff. The floating cars were caught and towed to the Company's wharf.

Joint Meeting of the Board of County Commissioners and the Board of Justices of the Peace. At a meeting of the Magistrates of the County of New Hanover, convened in the Court House this 21st of September in accordance with a notice for a joint session with the County Commissioners, a quorum being present, the meeting was organized and ready for concurrent business. Whereupon the Chairman appointed a Committee to wait on the Board of Commissioners and inform them of readiness to cooperate with them. The Committee reported the Commissioners ready, when they entered in a body. Jno. S. James, Esq., Chairman of the Board of Justices, stated that inasmuch as the joint session was convened by request of the Board of Commissioners and it being only necessary for one officer to preside, he therefore moved that J. G. Wagner, Esq., Chairman of the Board of Commissioners be appointed Chairman of the meeting which motion being carried, it was then moved that the secretary of the two Boards act as secretaries of the joint meeting. The Chairman then explained the object of the meeting to be to take into consideration the propriety of reducing the tax levy which was agreed upon by the County Commissioners, it being shown to the County Commissioners that it was not necessary for so great an amount of taxes. Col. E. D. Hall raised the point that the Board of Justices had no right to act upon the tax levy, as the time had expired, the machinery act for the levying of taxes providing the first Monday in August. Commissioner Worth said that the two acts conflicted, that is the act (machinery) and the act to establish county governments. Col. Cantwell moved that the Chairman of the Board of Justices of the Peace designate five members of their body to confer with the County Commissioners and also to take legal advice upon the subject of the tax levy. J. C. Hill, J. P., moved that Solicitor Moore give his opinion to the joint meeting. Col. Moore thought it was not necessary for the County Commissioners to consult the Board of Justices as to this tax levy. H. E. Scott, J. P., moved that the Board of Justices concur with the County Commissioners, in reducing the tax levy one-fourth of one per cent. Col. Cantwell's motion was put and lost. On motion of A. A. Moseley, J. P., the meeting adjourned for five minutes in order that the County Commissioners should reduce the tax levy. The County Commissioners again came in meeting and the following action had by them was read by the Clerk of the Board: On motion it was ordered that the county tax, as levied in June, be reduced from one per cent to three-fourths of one per cent on the real and personal property and the polls for the year 1878: H. E. Scott then offered the following: Resolved, That the Board of Justices of the Peace and the Board of County Commissioners in joint meeting assembled, do hereby concur in the action of said Board of County Commissioners in their levy as amended Sept. 21, 1878 of 1/4 of 1 per cent on real and personal property and poll for 1878. Carried. On motion the joint meeting adjourned. The meeting of the Justices of the Peace was resumed, Jno. S. James, J. P., Chairman, and Jno. Cowan, J. P., Secretary, when it was resolved that the Chairman appoint a Committee, to consist of one from each Ward in the city and one from each Township in the county, to recommend suitable persons for Registrars and Poll holders, also to provide places for registration and polling places, said Committee to report at a subsequent meeting of this Board. Col. Cantwell offered the following amendment. That the Committee make enquiry and ascertain what sums will be paid for places of registration, also what sums to Poll Holders and other necessary expenses. Carried. On motion the meeting adjourned subject to the call of the Chairman. MUFFINS.—One quart of flour, three small teaspoonfuls DOOLEY'S YEAST POWDER, one teaspoonful salt, one tablespoonful butter. Mix with sweet milk as stiff as can be stirred with a spoon. Bake in a quick oven. The most excellent attributes to the success of a first-class hotel are courteous, treatment a well-appointed cuisine, and well-furnished rooms. You can find all these at the Colonnade Hotel in Philadelphia.

Unavailable. There are unavailable letters in the Postoffice here addressed to Mrs. Marian Backus, Darlington, S. C., and Mrs. Phillis Moore, colored, Pamlico county, N. C.; also a package of medicine addressed to Ferguson & Miller, Greenville, S. C. Mr. Mendelssohn's Lecture. Rev. Mr. Mendelssohn was greeted by a fine audience last night at the Opera House, assembled there to hear his lecture on "Woman: Her Conservatism and Station in the Talmud." He was introduced by Mr. A. H. VanBokkelen, Chairman of the Committee of Arrangements. We should like to produce a lengthy synopsis of Mr. Mendelssohn's delightful address, but knowing our inability must refrain. It was a clear, forcible and masterly effort and delighted all who heard it. We would be glad to see it in print for the benefit of those who were not present last evening. Aren't the honey-banked laboring men in the new party a little outnumbered by the honey-checked politicians? Now Advertisements. Beautiful Lines. SCARFS, Silk Hdkfs, Col'd Hair Hese.
