BATON ROUGE, La., Sept. 19.—Ex-Gov Sam Bard died last night of yellow fever. Although not officially reported, I count over 30 cases of death to date. We have many new cases. The disease is assuming a more malignant type.

LENO JASTREMSKI, Mayor.

CANTON, Miss., Sept. 19.—The Howard Association and the Relief Committee are no longer in need of either provisions or money.

NEW ORLEANS, Sept. 19.—The Young Men's Christian Association have received a despatch from Lagooda plantation, asking for six male nurses, saying the fever is very bad.

The weather is cooler, cloudy, and threatening rain. The number of cases of death reported from noon to 6 p. m., 19; cases of fever, 86, of which 41 originated prior to the 16th inst.

MIDDLETON, N. Y., Sept. 19.—Sister Rath, whose name appears in the death list from yellow fever at Memphis yesterday, was Miss Helen George, daughter of the Hon. Thomas George, formerly County Judge of Orange County, now of Colorado.

MOBILE, Ala., Sept. 19.—The Board of Health report officially this morning two more cases of yellow fever on the 28th, both terminating fatally. These cases occurred in the same section of the city as those previously reported, that is, that portion bounded by Beauregard, State, and Conception streets. Only five cases have been reported since the one by Dr. Wm. Ross, which terminated fatally on the 16th of August. Since the official report has been published, another case has been reported to the Board of Health in the same locality.

The presents are numerous and are valued at \$100,000.

### Tramps Surrounded and Captured.

NEW BRUNSWICK, N. J., Sept. 19.—A large body of tramps have for some time past rendezvoused at Stelton. They had completely overawed the inhabitants, and their demands for money, clothes, and food were promptly acceded to for fear of violence. Their depredations were carried to such an extent that the aid of the police of this city was sought. At 3 o'clock this morning the officers, aided by citizens, surrounded and secured ten of the tramps. They were brought to this city and committed for vagrancy by Justice Ford.

### General Howard's Prisoners.

SAN FRANCISCO, Sept. 19.—A Portland dispatch says General Howard has been collecting bands of surrendered Indians at Camp McDermott, and the whole of them, aggregating about 1,000, are being transferred to Camp Henry. They are held as prisoners, and are to await the pleasure of the Government. The country is now cleared of all the bands of Putes which have been engaged in hostilities. General Howard recommends that they be taken to Indian Territory or some other distant locality. The general desire of the people is that measures should be taken without delay to effect permanent settlements with the Indians of Moses' band on the Upper Columbia.

### Not to Leave the Vatican.

LONDON, Sept. 19.—A dispatch from Rome to Reuter's Telegram Company says a special congregation of the Cardinals has just decided that the Pope should not leave the Vatican unless under special overruling circumstances. Cardinal Nina is seeking to ascertain whether the German Catholics are inclined to follow party leaders or orders from the Vatican. Pending the result of his inquiries, it is understood that negotiations with Prince Bismarck will be almost suspended. The Vatican has ordered the Catholic Bishops in Mexico to abstain from participation in political contests.

### Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper. W. W. Sherar, 149 Powers Block, Rochester, New York. Aug. 12-4w

### Fat People Easily "Sunstruck."

Fat people are not only liable to sudden death from heat disease, apoplexy, etc., but statistics show that they are more liable than others to "sunstrokes" and affections arising from extreme heat. An extensive experience in the treatment of corpulence has resulted in the introduction of Allan's Anti-Fat, a safe, certain, and speedy remedy for the cure of this terrible condition. Its use insures a reduction of from two to five pounds per week. If corpulent people who are exposed to the rays of the sun value life and a comfortable existence, let them use Allan's Anti-Fat. Sold by druggists.

### Tricky Traders.

The attempt to establish a business by closely imitating the name and style of a favorite article has new illustration in W. F. Taylor's Labor Saving Detergent Soap. For many years this brand of soap has been made solely by Colgate & Co., New York, which fact, together with its wide popularity has made it a shining mark for the unscrupulous imitator. Buyers should remember that each genuine wrapper and bar bears the name of W. F. Taylor.

Its reduced and present low prices ensure its being sold everywhere as heretofore. sept 19-8w

### Job Printing.

We want all our patrons, readers and friends and everybody else to know that our Job Department is complete in all its appointments, and that we are now prepared to turn out all kinds of Job Work in the very best style and as cheap as can be done by any other printer in the city. Our job printer cannot be excelled, and we invite all to call and get our estimates before contracting for work elsewhere. In workmanship and prices we guarantee satisfaction.

### Behavior in Church.

There is no sight more pitiable than that of people who haven't good breeding enough to behave in church. Sa! indeed, must be the feelings of that parent whose daughters or sons go to the solemn sanctuary of the Most High to indulge in levity and disgusting disrespect; not only the listening portion of the congregation and of the minister, but of the Almighty himself. Church is the place of all others where opinion is formed of character, and no man or woman can escape severest criticism who disregards the sacredness of the place and the proprieties of conventionalism. If people cannot conform to the laws of God and to the conventional forms of society when they attend church they have no business to insult their Maker and to contemptuously disregard the ordinary demands of refined society.

## Committed for Larceny.

Wonders will never cease. Daniel S. Miller, colored, one of the leading lights of the Republican party of Pender, and a well-known schoolmaster of that county, was tried and convicted before a magistrate's court at Rocky Point on Thursday for larceny, and committed to jail. Daniel lives in Rocky Point township, and was tried for stealing a fat hog from Dr. Satchell, of that place, and after a full and patient hearing of the case he was adjudged guilty and committed to prison for trial at the next term of the Superior Court of Pender. Truly does the Republican party seem to be on the downward grade, and truly do the morals of many of its colored school masters need improving. Here is a young man of fair education, petted by his race, prominent, one of the Republican leaders and speakers of the Republican party, and well-known as an instructor of youth, convicted of stealing a fat hog. Our School Examiners cannot be too careful in granting certificates of unusual character to applicants to teach public schools. Parents are often guilty of great wrong to their children and to society in selecting teachers. The Republican party is too much addicted to the pernicious habit of fostering and honoring men, as in this case, who ought to have been in the penitentiary many years before. Truly do we live in times of depravity and corruption.
