

The Glasgow Crash.
The Suffering Shareholders

GLASGOW, Oct. 4.—The excitement has considerably abated over the failure of the City of Glasgow Bank, although much painful anxiety exists in financial circles here. Further developments are expected which are at present unapparent and complications have arisen involving many houses whose fate is inevitable. It is impossible, therefore, to estimate accurately the full range of the disaster. Many damaging rumors continue to circulate about the fatal mismanagement of the bank, which are eagerly discussed by depositors and shareholders alike, for each are equally interested—the former in the fear the deficit cannot be made good and the latter because of their full legal liability for the difference between assets and liabilities.

An analysis of the list of shareholders of the broken bank shows 323 ladies and 831 gentlemen. The holders of sufficient stock to qualify them to be directors are divided as follows:—Bankers, 185; bank officials, 16; solicitors and writers, 43; ministers, 35; widows, 46; teachers, 31; papermakers, 7; manufacturers, 9; merchants, 19; tradesmen, 82; doctors, 82; insurance agents and factors, 22; farmers, 47; executors, 24; trustees, 78; other professions, 37; not stated, 335. Almost the whole of the shareholders reside in Scotland. In Glasgow there are 267; in Edinburgh, 193. The remainder of the total of 1,249 are scattered all over the country. The liability of the shareholders is unlimited and heavy calls are shortly expected. An assessment of £150 (£750) to £200 (£1,000) for every share of £100 (£500) is considered probable. It is estimated that over sixty per cent of the shareholders can respond to these calls, although an estimate of the damage is at present impossible.

The State Guard at the Fair.

All interest now centers in the grand equipment of the State Guard at the Fair, which, beginning on Monday, October 14th, continues five days, and not two days, as erroneously reported. The site selected is peculiarly suitable, possessing every advantage of accessibility, situation, and abundance of water. The number of troops to be present will be about 1,200 or 1,500. There will be represented 26 companies of infantry, two of artillery, and perhaps one of cavalry. The camp is so accessible, being just on the city's outskirts, that it will prove a most delightful place to visit, and the long lines of white tents, the bustling soldiers in uniform, will carry many an old campaigner back to the days of the blue and the gray, while it will be an agreeable novelty to hundreds of younger spirits.

The kindness of the railway and steamship officials is a general subject of conversation, and elicits from all interested in the State Guard, expressions of appreciation.

Every arrangement will be made for the comfort of the troops, who will find their quarters ready, and all things prepared against their arrival.

Where the First Mecklenburg Militia Captain is Buried.

Mecklenburg abounds in old graveyards but excepting that at Sugar Creek church there is not perhaps an older in the county than the old Black burying ground in Providence township, about three-quarters of a mile from Matthews' station. In this is buried Capt. Wm. Black, the first man who ever commanded a militia company in this county, and the inscription on the old soapstone slab which marks his resting place shows that he was buried in the year 1761—117 years ago. There may even be older graves in this old burying ground than that of Capt. Black. The place has fallen into neglect, overgrown with weeds and briars, and some of the slabs which marked the graves in times gone by, have sunk far into the ground until the names and dates upon them have disappeared from view.

England's Trouble with Afghanistan.

LONDON, Oct. 5.—The Standard has the following despatch from Bombay: "Four of the Ameer's infantry regiments and six guns are stated to have arrived in front of Ali Munsjid, a short distance up the Khyber Pass, and have advanced within three miles of Jamrud, at which place a detachment of British troops has arrived. Much larger bodies of Afghan troops are on their way down. These threaten to attack the Khyberes for having allowed the British mission to penetrate the pass. This would throw the hill tribes into our hands. It is expected we will assist them if the Ameer should attack them. Probably our first advance will be into the Koorum Valley. The Afghan troops and guns may be taken from the Almurid ford, and we will occupy some of the minor passes. Hostilities may begin any moment."

Massacre by Albanians.

CONSTANTINOPLE, Oct. 4.—The Government has received intelligence that Saad Detden Pasha, on announcing that he had received orders to surrender Podgoritza to the Montenegrins, was killed by the Albanians, and 156 officers and men under his command.

Political Duel in Italy.

FLORENCE, Oct. 4.—The population is excited because a member of the Internationale has been killed in a duel by an officer of a Bersaglieri regiment stationed here. The troops are confined to the barracks, and it is hoped the agitation will subside without a disturbance.

Austria's Conquest of Bosnia.

SERAJEVO, Oct. 4.—The Austrians entered Visegrad this morning unopposed. The insurgents evacuated their entrenchments abandoning tents, cannon, and ammunition. The Austrians entered Gorazda yesterday unopposed, and to-day occupied Cajnica. The district of Pechia is cleared of insurgents. Thus the whole of Bosnia and Herzegovina is subdued, and the country in our hands.

Signal Station at Charlotte.

A Sergeant of the U. S. Signal Service has arrived at Charlotte, and assumed charge of the Signal office there. He has selected a room in the toy store of the Traders' National Bank Building, and expects to be able to make his first report Sunday morning the 6th. As previously stated the reports from all signal stations are now being received through the Western Union telegraph office and can be used as soon as desired.

This is the signal station which Charlotte has been so long expecting, and it is now a fixed fact. She is the first inland point in the State to have a station; the only others already established are at Wilmington, Smithville, Hatteras and Kitty Hawk.

CAROLINA.

Chapel Hill Ledger: A good many of the boys will attend the Fair. Upwards of 50, we hear, will be there.

Raleigh News: A plan is on foot to purchase one of the large, double tank chemical engines, for use by the Victor fire company, colored.

Asheville Citizen: The annual meeting of the stockholders of the Western Division of the W. N. C. Railroad Co., will be held in Asheville, on Wednesday next, the 9th inst.

Raleigh Observer: Mr. Frank H. Alfriend, who was a Professor in the Cape Fear Military Academy when Gen. Colston was at its head, afterwards the Editor of the Star and a distinguished author, is in the city.

Blue Ridge Blade: The Catawba River (Baptist) Association will be held at Bottle's church, three miles from Morganton, this year. Services will begin on the 10th inst., and continue over Sunday following.

Blue Ridge Blade: Our efficient and popular Sheriff, Joseph Brittain, bought witness tickets against the county in the case of Secret amounting to \$1534.65 for \$678.20. This he did at McDowell Court in the face of rival bidding and saved to Burke county \$678.20.

Raleigh Observer: Mr. Overman received a telegram from Governor Vance yesterday bearing the sad intelligence that his mother was sinking rapidly, and that he could not come down as he expected. He has gone to Asheville.

Beaufort Atlantic: Blue fish are now very numerous in our waters and many hundreds of them are being caught with hook and line every day. Several boats on a single tide have taken as many as from one to two hundred, and the fishing seems to improve each day.

Asheville Citizen: Gov. Vance has ordered an extra term of the Superior Court for Madison county, to begin on the 25th of November, the week following the regular term of the court for that county.

Asheville Citizen: Col. Winston's conduct in the Fifth district is as culpable as Jo Turner's in the Fourth—even more so, for nothing good or honorable was expected of Turner, while Col. W.'s former course has led all to expect something of him. To persist in a course which cannot possibly elect himself but may probably elect the infamous Tourgee is disreputable and criminal.

Charlotte Observer: Rev. B. S. Bronson has tendered his resignation as rector of St. Peter's Episcopal church, of this city, and this resignation was accepted by a meeting of the vestry held night before last. Mr. Bronson has been the rector of this church for many years, and has greatly endeared himself to our people, regardless of denomination. He is a man of great learning, and not only a thorough scholar and deep thinker but a gentleman of high christian character and rare personal address.

Charlotte Observer: A telegram received in this city yesterday announced the death of the mother of Gov. Z. B. and Gen. R. B. Vance, at the residence of the latter on the Swannanoa river in Buncombe county. Mrs. Vance was a very aged lady, and has for several months past been declining rapidly. Indeed the Governor has several times been called from his official duties to attend at her bedside. She died in the full enjoyment of the hope held out by the christian religion of a blessed immortality beyond the grave, and leaves behind her the incense of a quiet, devoted christian life.

LOCAL NEWS.

Three police arrest this morning. The victims are ruminating over their misdeeds and will be interviewed by His Honor Mayor Fishplate to-morrow morning.

Fire Saturday.—A frame building near the corner of Seventh and Market streets was discovered to be on fire on Saturday evening but was extinguished before any considerable damage was done or the alarm became general.

Put in for Coal.—The steam tug Fox, Capt. R. Foulat, from Philadelphia for New Orleans, put in to this port this afternoon for coal; she is a beautiful craft and is said to be of immense power. The Fox will not go direct to New Orleans but will stop at Pensacola until the fever has abated in the Crescent City.

The Speaking at Burgaw.—This being the first Monday in the month, the County Commissioners of Pender have their regular monthly meeting at Burgaw, and the Greenbackers taking advantage of the opportunity and of the crowd that is expected there, have invited Judge Russell, late of the Radical party, to address them there to-day. Upon second thought, however, we are not positive as to whether the Judge was invited by the Greenbackers or whether he invited himself. At any rate, he is to speak there to-day, and if we mistake not he will be replied to, too, by one who is thoroughly competent not only to handle the subject in a masterly manner, but able also to use up this inflated representative of the Greenbackers in any argument he may chance to hit upon.

The person we refer to is none other than Pender's favorite son, Major C. W. McClammy. This gallant son of Pender and staunch Democrat promised us some two weeks since that he would try and be at Burgaw to-day to meet this distinguished ex-Judge, but we received a note from him this morning written yesterday afternoon informing us of the fact that he had been suffering from sickness ever since his last visit to this city, but at the time of his writing was feeling better and if no worse to-day he would certainly be in attendance at Burgaw. We sincerely trust that our friend, first for his own sake is much better, and secondly for the sake of the Democratic party, so that he may be able to meet the opponents of Democracy at Burgaw and vanquish them as he certainly will do if his health permits.
