For Engrossing Clerk.
Mr. J. S. Tomlinson, of the Hickory Press, is a candidate for Engrossing Clerk of the Senate in the next Legislature, as he announces in a letter to the editor of this paper. New Jersey Premium Wine.
Physicians state that the Port Wines that took the premium at the Centennial, produced and offered for sale by Mr. Alfred Spear, of New Jersey, are wines that can be safely used for medicinal purposes, being pure and free from medication, and are more reliable than other Port Wines. For sale by Green & Flanner.
“Laugh and Grow Fat.”
This ancient bit of advice is well enough for “spare” people but how about those that are already too fat? What is to become of them? Sit still, and I'll tell you. After many experiments extending through months of patient investigation and toil the celebrated analytical chemist, J. G. Allan, has perfected and given to the world Allan's Anti-Fat. Thus far in several hundred cases this great remedy has never failed to reduce a corpulent person from three to six pounds per week. It is perfectly harmless and positively efficient. Sold by druggists.

Board of Aldermen.

The Board met in called session at the City Hall yesterday afternoon.
Bids for the position of cattle weigher were opened and read by the Clerk.
Alderman Hill offered the following resolution, which was adopted:
Resolved, That the ordinance heretofore passed by this Board in relation to the letting out of the weighing of beef cattle for the city of Wilmington, be and the same is hereby repealed, and that the weighing of beef cattle from and after this date be performed by a suitable and competent person, to be paid the sum of \$30 per month and appointed by this Board.

Under the foregoing resolution Alderman Myers nominated Wm. H. Hays, Alderman Flanner nominated Wm. L. Jacobs, and Alderman King nominated Lewis Chatman.
On the second ballot Mr. Hays received a majority of all the votes cast and was declared elected.
Alderman Flanner, Chairman of the Committee to whom was referred the bids for furnishing the city with light, asked for further time to report.
Alderman King moved that the matter of letting out the contract for furnishing the city with light be deferred until the next regular meeting of the Board, which motion was carried.

The Mayor called the attention of the Board to the want felt for the use of a wharf to store ballast, stating that it was of the utmost importance that something should be done at once, and submitting propositions in reference to the matter.
Alderman Foster moved that the matter be referred to the Committee on Streets and Wharves.

Alderman Lowery moved to amend by inserting the words “with power to act,” and the motion was amended was carried.
Petition from sundry citizens, asking that a kerosene lamp be placed on the corner of Seventh and Wooster streets, was referred to the Committee on Lights.
Petition from sundry citizens, in reference to the storage of kerosene oil in excessive quantities in the business centre of the city, was referred to the Committee on Fire Department.

Communication from Alex. Oldham, endorsed by the Board of Fire Underwriters, in reference to the storage of tar barrels near his mill, was referred to the Committee on Fire Department.
Petition from J. C. Scott, in behalf of the Eureka Band, asking for the use of the City Hall for one night, free of charge, was granted.

Petition of W. H. Stone, asking for a position on the police force, was referred to the Committee on Police.
Alderman King moved that (the Board of Audit and Finance concurring) the police force be furnished with overcoats by the city.

Alderman Myers moved that the matter be referred to a committee of three, who shall consult with the Board of Audit and Finance in reference thereto, which motion was carried.
The Mayor announced as the committee Aldermen Myers, Bowden and King.
No further business appearing, the Board adjourned.

The following communication from the Board of Audit and Finance was submitted to the Board of Aldermen at their meeting on the 8th inst., and by them accepted:
OFFICE BOARD OF AUDIT & FINANCE,
CITY OF WILMINGTON, N. C.,
WILMINGTON, Sept. 30, 1878.

The Honorable the Mayor and Board of Aldermen City of Wilmington, N. C.:
GENTLEMEN: Having in view the economical administration of the city, we make the following proposition, which for reasons hereinafter stated, we trust will be accepted. We desire to elect Mr. John Cowan, Captain of the day Police, as Clerk of this Board in place of Mr. Gause, resigned.

His duties as Pay Captain are in a great measure clerical, and they will not interfere with the full discharge of those required by us. We deem it advisable that he retain his authority as officer of police, in order that he may have the power to issue warrants in the absence of the Chief. He will also be able to assist the Clerk and Treasurer as heretofore. We propose that his present compensation be continued, to be charged at the rate of \$200 per annum to the Police Department and \$700 to salaries. We are authorized to say that Mr. Cowan does not object in any way to the contemplated change.
By this arrangement the tax payers will be saved \$500 per annum. As this is to be a bona fide saving, of course it is expected that the Police Department will, at the end of the fiscal year, show an unexpended amount equal to this proposed reduction.
Very respectfully,
NONWOOD GILLES, Chairman.

Quite Sick.

Miss Fay Templeton was taken quite sick on Thursday night and was unable to play on Thursday night. The audience had assembled and were waiting patiently for the performance when Mr. Templeton appeared and announced that the doctor had prohibited Miss Templeton from playing. It was hoped that her condition would be such as to have her assume her role in “Lost Love” on last evening. The Troupe are still in Fayetteville.

The Sound Survey from Masonboro to New Inlet.

Tuesday morning last, October 8th, a party consisting of Capt. C. B. Phillips, Corps of Engineers, U. S. A., and his principal assistant, Maj. J. B. Shiver, Assistant Engineer, Drs. E. A. Anderson and T. B. Carr, Capt. George Quince, Sailing Master, and Master Sam. D. Carr, as cabin boy, left Masonboro Sound to reconnoitre a route through the Sounds for a canal to connect this place with New River, the same to become a section of the Great Atlantic Coast Inland Canal Route from New York to Albemarle Sound, in this State. They passed Masonboro Inlet at 10 o'clock a. m., but having little wind, and being desirous of examining the channel near the land they soon left the “Banks Channel” and stopped on the main land at 10 o'clock for dinner. They then continued their course near the land, camped at night and reached Sloop Point, midway between Masonboro and New River, at 9 1/2 o'clock Wednesday morning. Thence they proceeded with light wind arriving at New River at 8 p. m.; this they crossed and spent the night two miles above the mouth of the river. Thursday morning they started on the return trip at 7 o'clock and reached Sloop Point at 8 1/2 o'clock p. m. Here a rain storm checked their progress until 1 1/2 o'clock Friday, when they again set sail with a fair wind and arrived at Masonboro Inlet before 9 o'clock in the evening, well pleased with their trip.
The reconnaissance demonstrated to the satisfaction of the entire party that the “Land Channel” was decidedly preferable to the “Banks Channel” for canal purposes, it being well protected, almost the entire distance, by a natural dike consisting of marshes and islands reaching from one to three miles from the ocean banks and that the distance could be materially reduced by cutting through some of the marshes.
Major Shiver expects to commence a full survey of the route very soon in accordance with the act of the last Congress.

Jewish Festivals.
This is now the season of festivals with the Hebrew people. In the past two weeks have occurred Rosh Hashana and Yom Kippur, and now Succoth, or the “Feast of Tabernacles” commenced today and continues for seven days. It is a feast of rejoicing in celebration of the harvest in-gathering. It is in commemoration of the booths in which the Israelites dwelt after their exodus from Egypt. The first two days are considered sacred, and are called “Mikru Kodosh,” or “Holy Convocations.” After service each evening the Hebrews assemble in their respective houses and march into the yard, where a rude structure of wood is constructed resembling an arbor, drink wine, sing, and be merry. This is only customary among the orthodox. “Hoshanna-Rabba,” the seventh day of the “Feast of Tabernacles,” is observed in a solemn manner. Prayers are invoked that the following year may not be one of drought.

The eighth day of the “Feast of Tabernacles,” or “Branches,” is called “Shemen Ahzras,” or a “day of solemn assembly.” It is also called the “Rejoicing of the Law,” because it is a solemnity in memory of the termination of the reading of the law. On this day the last section of the Pentateuch is read, and the first section immediately commenced. The following Sabbath is termed “Shabbath Bereshith.” This being the last of the holidays, great enjoyment is manifested in all the synagogues. While one of the congregation is carrying the scrolls of the law around the Rabbi begins to sing a psalm, which is heartily joined in by the rest of the company. Suddenly a shower of peas and nuts greets him, which is the sign of a general storm of merriment. This concludes with a grand feast.

A very interesting letter from a young Wilmingtonian, now in California, will be found on the third page of this issue.

“Gott mit uns.”
The policy of the HAMBURG-BREMEN INSURANCE COMPANY contains a clause (the 8th) which we have not seen or heard of in that of any other Company. It reads to this effect: “All losses shall be paid without unnecessary delay, and without deduction or discount.” You can't find anything said about 60 or 90 days in the whole policy. And that said clause is no dead letter is proved by the fact that we have paid IN FULL all the Company's losses in North Carolina, (seven) during the last four years, within from one to twenty days after they occurred.
