No City Court to-day. See other local on fourth page.

Pretty moonlight nights now. The election is over. What next? The fish market is well supplied.

Louise Pomeroy is in Petersburg. Good beating water in the Cape Fear yet.

A great many sturgeons are in the city. Dusty and dry, and a rainy spell would be welcome.

Everybody seemed thoughtful this morning. Why so pensive? It is not yet known whether Dr. Carter and Texas Jack will exhibit here.

The Radical party are jubilant to day but to-morrow—what of to-morrow? One of Tilley's big spears weighed 2,260 lbs and the other 2,150. Big beef.

The repairs on the revenue steamer Crawford have not yet been completed. The elk still draw a crowd, but the Female Minstrels to-night will draw a larger one.

Scrappings from oiled floors should be placed in the open air; they are liable to spontaneous combustion. The demand for opera glasses is increasing. The performance commences at half-past seven precisely.

Don't examine your friend's new fall overcoat too closely. It costs more to dye a duster than many people think. The circus agent has come and gone and yet we do not know if they will show here on the fifteenth of this month.

The foundation for the meanest man is laid when a small boy turns the worm-hole in an apple for his companion to bite from. Madame Rentz's female troupe arrived this morning. The male members of the company who compose the band paraded the streets this morning.

How long do the city authorities propose to allow the mountain of sand on Princess, between Front and Water streets, to remain where it is? The new front of the "Donald McRae building" on Front street has had the finishing touches put on it and presents a new and handsome appearance.

On Friday the brothers-in-law of Miss Linkhaw, the murderer of J. E. Hartman, will have a hearing under the right of the habeas corpus in Lumberton. Bishop Keane to Lecture.

We are requested to state that Bishop Keane will lecture on next Friday evening to the colored people of this city at a place to be announced hereafter. The public generally are invited to attend on the occasion.

The Pluck That Wins. Yesterday's Raleigh Observer says: Major Engelhard and Messrs. Thos. H. McKoy, W. B. McKoy and R. H. McKoy left yesterday for their homes in the Third District to vote. This is sure enough Democracy, and if we had such a spirit pervading and animating our party we could look with confidence to the results of elections.

Through Freight on the C. C. R. W. Yesterday's Charlotte Observer says The Carolina Central Railway has cut off from the Raleigh and Augusta Air Line, or the Raleigh and Augusta from the Carolina Central, in consequence of which the Seaboard Air-Line route via Norfolk is no more. What the trouble is the public has not been permitted to know. The agent of the Carolina Central road has had published the fact, and invites all shippers to try the Wilmington route. The Rockingham Spirit, speaking of the same thing, says that a line of wagons to haul freight is soon to be established between Rockingham and Hamlet, and adds that efforts will be made to induce the Raleigh and Augusta Air-Line to extend their road to Rockingham.

THE ELECTIONS IN OTHER STATES.

[SPECIAL TO DAILY REVIEW.]

WASHINGTON, D. C., Nov. 6th, 4 p. m. Butler is defeated by forty thousand plurality. Maryland is Democratic except Urner in the Sixth District. Delaware and Connecticut are Democratic.

The New York Congressmen elected, are Muller, Cox, Wood, Einstein, McCook, O'Brien, and Morton. The Legislature is Republican.

In Pennsylvania the State ticket is Republican. Virginia elects Johnston, Goode and Harris.

In Georgia Felton and Harris are defeated. In Alabama Lowe is elected, in the Fourth District; also Pettibone, Republican; and Dibrell, Democrat. Kentucky has gone Democratic.

Quick Work. The steamer Margaret arrived about 3 o'clock of one day, unloaded and loaded and cleared for New York the next day. The steamer Regulator did the same thing.

Some Big Potatoes. One of our subscribers, Mr. E. Meares, of Clarkton, has brought us in two monstrous potatoes, grown by him from slips. One of these measures 19 1/2, and the other 23 1/2 inches in circumference. They are decidedly the largest we have seen this season.

To-Night's Show. The public should not forget that the Rentz troupe shows here to-night. Their entertainment will no doubt be pleasing to the audience which will greet them upon their first appearance in this city. Of them an exchange says: The theatre was crowded last night, but the audience was principally confined to the sexes—"sterner sex." The ladies of the troupe are very pretty, and, in the main, good singers and good actresses, while the male actors are equal to any we have seen here either in minstrelsy or opera bouffe. There was nothing in the performances any more objectionable than we have seen the great Aimee or the little favorite Oates reveal in for nights on the stage before the most fashionable houses. The atmosphere, it is true, was not quite so pure; but that is not due to anything that happens on the stage. It is the fault entirely of the audience. The burlesque of the "Judgment of Paris," last night, was very fine, and the twins, Castor and Pollux, were as good a pair as we would wish to draw to. To-night the bill is to be changed to the burlesque opera of the "Forty Thieves," which will be produced in a style equal in brilliancy of costume and want of costume to any we have had on our stage.

U. S. District Court. This tribunal convened again this morning. His Honor, Judge Brooks, coming into court at 11 o'clock. The first business of the morning was to draw and empanel a Grand Jury and the charge to the same by the court, which consumed the time until recess at 12:15 p. m. The charge was nearly the same as is usual—a revival of the offences which are made criminal by acts of Congress—and the duties of the Grand Jury in such cases. The charge was very able and exhaustive in its character, and claimed the strictest attention, not only of the Grand Jury, but of the large number of the legal profession who were present.

The following compose the Grand Jury for the term: A. D. Brown, Foreman, Joshua Meares, H. H. Foster, Samuel A. King, R. W. Middleton, George H. Bellamy, Alfred Brown, Abraham David, Frank Mitchell, George Franklin, E. Schriver, Lewis Herring, Charles W. Bradley, J. D. Woody, J. A. Evans, Joseph Gore, H. Vollers, R. W. Hargrove.

Madame Rentz's Female Minstrel troupe arrived this morning and registered at the Purcell House. Judging from the box sheet they will have an emment house to-night.

Indications. WAR DEPARTMENT. Office of the Chief Signal Officer Washington D. C., Nov., 6th. For the South Atlantic States, warmer, partly cloudy weather, occasional rains, variable winds mostly Southerly, stationary or lower pressure.

Wilmington District. Appointments for Quarterly Meetings (in part) made by Rev. L. S. Burkhead, D. D., Presiding Elder of the Wilmington District, Methodist E. Church, South: FOURTH ROUND. Clinton, at Andrew's Chapel, Nov 9-10 Onslow, at Queen's Chapel, Nov 16-17 Mountain Chapel, Rockingham co., Saturday, Nov 9 Leaksville, 21st Sunday at Trinity, Nov 10 Reidsville, Monday evening, Nov 11

The Elections.

The election returns, so far as received at this writing are as follows:

NEW HANOVER.

First Ward—Upper Division, Waddell 47; Russell 430. Lower Division, Waddell 83; Russell 680.

Second Ward—Waddell 285; Russell 123.

Third Ward—Waddell 250; Russell 129; Canaday 2.

Fourth Ward—Waddell 219; Russell 125.

Fifth Ward—Waddell 117; Russell 537.

Majority for Russell in the city 925 as against 1,156 for Canaday in 1876. The total vote in the city yesterday was 1,001 for Waddell, 1,924 for Russell and 3 for Canaday against 1335 for Waddell and 2,502 for Canaday in 1876.

Harnett Township—Waddell 29; Russell 169.

Cape Fear Township—Waddell 19; Russell 217.

Masonboro' Township—Waddell 11; Russell 45; Canaday 1.

In Brunswick county but three precincts, Town Creek, Northwest and Smithville have thus far been heard from. The report from these gives Russell 543 majority. Brunswick gave Canaday 58 majority in 1876.

In Bladen County, Bladenboro, Brown Marsh, Whit's Creek and Alboitsburg are reported as having given Russell 121 majority. Reports from this county by steamer last night are to the effect; however, that the vote of Bladen will not vary much from that of two years ago, with probably a slight increase in favor of Waddell. Bladen gave Canaday 58 majority in 1876.

Cumberland county, very much to the surprise of all, has give about 200 majority for Russell. It would have been much greater, but for the fact that Cross Creek township made a gain of 100 for Waddell.

In Pender county, reports thus far received place Russell's majority at from 300 to 350. These are not, however, official reports.

Harnett county, according to a private dispatch received here this P. M., is said to be "all right" and Moore will give an increased majority for Waddell.

Columbus county has given Waddell about 300 majority against 646 held by him in 1876.

There are reports from Duplin but nothing reliable as to the result from the county as a whole. The county has undoubtedly gone for Waddell, but on what vote is yet uncertain.

Rumors from Carteret are to the effect that the county will give a decreased majority for Waddell, as compared with the vote in 1876.

Onslow is far off and hard to hear from. A dispatch received here to day from a prominent citizen of that county estimated the majority for Waddell at 600, but this estimate was not founded upon the returns.

Telegraphic advices to the REVIEW as relating to Sampson county state that the vote there was light but as yet we have had no figures.

It is not worth while to give full details of the votes of various counties outside of this District, as our readers will care only for general results. It is certain that the Democrats have carried five out of the eight districts in the State, the Fourth, Fifth, Sixth, Seventh and Eighth, leaving the First, Second and Third as yet uncertain. In the Second a dispatch to the REVIEW received at 3 o'clock from Goldsboro, says that the vote will be very close and that full returns will be needed to decide the result.

As to the elections in other States it is impossible as yet to give results. It only seems certain that Butler has been defeated in Massachusetts and that we have lost several Democratic Congressmen but not enough to endanger a majority in the next House.

The returns from every direction come in slowly and we have in vain endeavored to get news by telegraph the reason being, perhaps, that the returns from the various counties are not yet in.

On the whole the result in this district is not by any means encouraging, and at this writing, judging from the outlook, we fear that Col. Waddell has been defeated.

The break in the Carolina Central Railway, caused by the falling through of the Pee Dee Bridge, has been repaired and the trains are now running through on schedule time.

Midnight Tax Gatherers.

Some time during Monday night thieves effected an entrance into the furniture establishment of Dr. P. A. Schutte by breaking a pane of glass from the window in the rear of Mr. C. Klein's Cabinet Shop. The only things that were missed was a quantity of rope and window curtains. The thieves tried to open the money drawer but were unsuccessful. No clue as to the perpetrators of the theft.

A Strange Rescue.

A party of six sailors, shipwrecked on a desolate island, were studying how to live three days on two pounds of flour. The mystery was solved on one of the sailors producing a can of Borden's YEAST POWDER, which made such a large, light biscuit, that the party were feasting heartily when rescued.
