1 Shocking Shame.

Wax is put to a queer use in 'Vienna. ne beles of that capital wear throats said of it. Several years ago a noted stress, while playing in this city, heat the Vientese belles. She had been blismed for a cold, and got an artist to paint be a bosom, which she actually wore, stile personating Juliet, over the fair seast rudely assailed by Spanish flies. See of the critics alluded to her swellar and heautiful bosom with all the ensasm of true artists, while the puriwit writers denounced her low-neck deplay as a shocking infringement of molety. Wax has its wonders, but sent is more woodrous.

#### Seventeen Camblers in a Vault.

CHICAGO, November 4-Yesterday George Hankins' faro den was raided si seventeen players were bundled ato the fire-proof vault, . the door exed and the police admitted, Hantins and a negro servant remaining suiside. Instead of going away as cension finding the room deserted, st down and waited. In about an boar the air in the vault, although it vis provided with ventilating holes, beame so vitiated that the inmates became desperate, and from the inside ome faint cries of 'Let us out! We are nearly dead!' Even then the promistor refused for a time to liberate them, and when he did the inmates mshed out in a state bordering on sufficestion. One old man was nearly had and all were terriby exhausted. They were taken to the station.

#### A Long Horseback Ride.

Captain Salvi, says the London Sportsman, has successfully accompheled the feat of riding from Bergamo, in Lombardy, to Naples, a distance of 900 kilometres, or abut 580 E glish miles, in ten days, on Leda, a Sardinian mare, the property of an Italian cavalry officer. The mare is Sardinian born and bred, but her grandsire was a pure Arab. She stands a little over 141 hands, and is said to be about seven years old, gray, with an Arab forehand, and very plain hindquarters. The last stage, from Caserta to Naples, was ridden not without the greatest difficulty, the gallant little mare being tressed beyond measure, On arriving within the precincts of the city with half an hour to spare, she was unable to move an inch further, and could not proceed to the cavalry barracks, as had been arranged. She had to be put up at the nearest stable, where she lay down dead beat, trembling all over and refusing food and water. Thanks, however, to the care bestowed upon her, she was compartively all right again the following day. Capt. Salvi started from Bergamo on the 22d ultimo at 10 a. m., and arrived at Naples on the 3d instant, at 9 a. m. Previous to starting he made a bet of 6,000 frames to do the distance in ten
