Request has been for several years one of the most popular pastimes. Unlike most of our-door sports, it does not require the possession of great strength or powers of endurance, or severe muscular exertion on the part of the player. Excellence in it is almost equally attainable to the weakly and delicate as to the healthy and robust. Old and young meet on its arena on more nearly equal terms than in any other known game of skill.

The very simple reason why the world is full of gossip is that those who indulge in it have nothing else in them.

There is one advantage in marrying a woman who hasn't a mind of her own; she can't forever be giving you a piece of it.

A contemporary asks if Edison can invent anything to beat the brilliancy of a woman's eyes. A bad husband will do it—beat all the brilliancy out of them.

Everybody must talk about something. The poor fellow who was told not to talk for fear that the people would find out that he was a fool, made nothing by the experiment.

Keep a Scrap Book. Every farmer should do this. When he finds a valuable hint in his paper he should at once cut it out and preserve it for future reference. In a few years, if he pursues this plan, he will have collected a library of valuable information of such a character as is not to be obtained from any other source. If he does not keep a scrap book his papers will soon be mislaid or torn up and then the good ideas he has obtained from reading them will soon have passed from his mind and been lost. An old Government Patent Office or Financial Report makes a scrap book that will answer very well. Cut out two leaves and paste scraps on both sides of one throughout the book—this will fill it evenly.

Palate and Stomach. If you would have your biscuits, bread, rolls, cornbread, cake—in short, all articles prepared from flour, thoroughly enjoyable and digestible, use DOOLEY'S YEAST POWDER, which is not only free from adulteration, but wholesome, and makes food very nutritious. This Baking Powder is used by the most eminent chemists and physicians. Buy it only in cans, never loose or in bulk.

### Cape Fear Club.

At the annual meeting of the Cape Fear Club, held in their rooms last Saturday evening, the following officers were elected for the ensuing year, viz:

President—Capt. Chas. D. Myers. Vice President—Maj. Jno. W. Dunham. Secretary and Treasurer—O. G. Parsley, Jr., Esq.

### City Court.

There was only one case for the Mayor's consideration this morning, that of Richard Boston, colored, arrested on Saturday night in front of Dolegate Towers' place in Paddy's Hollow for disorderly conduct—\$5 fine or ten days in the city prison for the defendant was the result of the investigation this morning. And not being a hard money or a greenbacker either, the prisoner was escorted to a cell below.

### A Chance for our Poets.

As Wilmington is notoriously check-full of poets of the very first water, who lack for nothing but an opportunity to distinguish themselves, we publish the following announcement, in order that they may be made aware of a chance for the easy making of a hundred dollar silver cup:

Following the New Orleans Times the Mobile Daily News offers a silver cup valued at \$100, suitably inscribed, as a prize for the poem best expressing the gratitude of the South to the North for the charity shown in the epidemic of 1878. The judges are the celebrated poet, Father A. J. Ryan, Major Stephens Croom, a distinguished literary scholar of Mobile; a third gentleman whose name is to be announced. The competition is limited to Southern writers, and all manuscripts must be sent to the judges by February 10. The News proposes to publish the prize poem in the Mardi Gras edition.

### Heard From Him.

You can't catch Charlotte Observer Joe Caldwell napping. We said so the other day and we know so now. Here is the way he flings back at us on the dog drunk question:

"Them REVIEW fellers" down at Wilmington are making a wonderful ado about a dog which went into a rum mill in that place the other day and got blind drunk on the slops in the bucket in which the bar-tender washes out the glasses. Perhaps James, and Harris and among 'em never read or heard about Old Zeb, the Charlotte setter, which did that same thing at the New Idea Saloon here for a steady thing. Zeb got full as a tick every day, marching in for his rations whenever he got dry, and finally died a confirmed drunkard, full of years and full of spirits. And it hasn't been more than six months ago that an old Mecklenburg lady hog and a litter of pigs got howling drunk on hard cider, the old lady being unable to part the pigs when they got to fighting. Them REVIEW fellers are not posted.

The Committee That Goes to Raleigh.

Mr. W. P. Canaday, Collector of Customs at this port has been added to the committee of tax payers appointed by the Mayor under a resolution of the Board of Aldermen at their meeting on Saturday authorizing the Mayor to appoint a committee to proceed to Raleigh in the interests of Wilmington.

The committee appointed on the part of the city is as follows:

Mayer S. H. Fishblade, Aldermen Chas. D. Myers, H. G. Flanner, H. Volers and F. W. Foster. Other citizen-tax-payers Col. T. C. McIlhenny, Messrs. Norwood Giles and S. W. Vick, Major C. M. Steadman and Col. J. W. Atkinson and W. P. Canaday, Esq.

DELEGATES FROM THE CHAMBER OF COMMERCE.

Dr. A. J. DeRoset and Messrs. J. H. Chadbourn and Edward Kidder.

FROM THE PRODUCE EXCHANGE. Messrs. D. G. Worth, G. J. Boney and J. H. Currie.

FROM THE BOARD OF TRADE. Messrs. Jas. C. Stevenson, F. Rheinsteins and E. T. Hancock.

Delegates appointed in accordance with a resolution of the citizens, meeting held at the Exchange on Saturday last: Messrs. Donald McRae and D. R. Murchison, Col. Roger Moore and Col. F. W. Kerchner.

Mr. McRae, it is understood, will be the Chairman of the whole delegation. The entire delegation of committee-men, we understand, leave to-morrow (Tuesday) morning for the scene of action at Raleigh.

Cold piercing winds and driving rains seldom fail to bring on a cough, cold or hoarseness at this season, and Dr. Bell's Cough Syrup should be kept in every house. For sale by all Druggists, 25 cts.

### Fire Works.

This morning, when the fire crackers and rockets commenced to explode in the establishment of Cooper & Price, our "noble fire boys" retreated in good order. They can stand fire, water, and a hard time generally, but when it comes to fire-works they want to be counted out. Its too much like the other place.

### General Colston.

By the Raleigh papers received this morning we glean the fact that General R. E. Colston was in Raleigh on Saturday, and by a telegram received in this city to-day we gather the additional information that this distinguished gentleman and former citizen of Wilmington will arrive in this city to-morrow night.

We suppose of course, that Major Burgess will have his corps of cadets under arms at the depot to-morrow evening to receive the founder of the Cape Fear Military Academy in this city.

### Change of Officers.

We acknowledge the pleasure of a visit this morning from Mr. Jas. M. Watson, Signal Officer at this station, who relieves Mr. D. C. Ralston, the courteous and obliging gentleman who has been in charge of the signal office at this place for more than a year past. We welcome Mr. Watson to his new field of labor, but at the same time regret parting with Mr. Ralston, who has been transferred from this station to Dakota territory.

### Bishop Lyman.

This distinguished prelate, who has just returned from Europe, was to have delivered an address in the Church of the Good Shepherd, in Raleigh, last night, on the proceedings of the great church conference, recently held at Lambeth, England, at which over one hundred Bishops of the Anglican Communion were present.

There was a rumor here on Saturday that Bishop Lyman would visit Wilmington in a few days, but we could learn nothing definite in regard to it.

### Ventilation.

Many persons complain of always getting up tired in the morning. This is very often due to defective ventilation of the bedrooms or from using an undue amount of warm bed clothes and bedding. Feather beds are too soft and yielding, and partially envelope the sleeper, thus producing profuse perspiration. The habit of lying too much under blankets is also very pernicious by reason of the carbonic acid exhaled by the sleeper being respired. Again, it is a common error to suppose that by simply opening a window a little at the top, a room can be ventilated. People forget that for proper ventilation there must be an inlet and outlet for the air. In bedrooms there is often neither, and if there is a fireplace, it is generally closed up.

The Fire This Morning.

A policeman on his rounds this morning, about three o'clock, discovered smoke pouring from under the door of Price & Cooper's establishment on South Front, near the corner of Market Street. The fire alarm was sounded and the fire department turned out on time, but as the fire had evidently been raging for some time, it had gotten a good headway and had destroyed the most of Price & Cooper's stock before it could be gotten under control. The origin is supposed to have been incendiarism. The stock and fixtures were insured for \$350, in the La Casse, represented by Jno. W. Gordan & Bro. The damage to the building, owned by Mr. Jno. L. Holmes, was slight and was covered by insurance. Price & Cooper's loss will amount to considerably more than the insurance.

### Success in the Stock Market.

Few people understand how large fortunes are amassed so rapidly in stock operations. Messrs. Lawrence & Co., Bankers, N. Y., have just published "Two unerring rules for success," and full details, so that any one can operate. Mailed free. Their new combination system of dealing in stocks is wonderfully profitable. By this method thousands of orders, in various sums, are pooled into one immense capital, and co-operated as a mighty whole, thus securing to each shareholder all the advantages of vast capital and best skill. Profits divided every 30 days. \$15 would make \$75 profit, \$100 would return \$1,000, or 10 per cent. on the stock in the month, and so on, according to the market. Mrs. S. J. Battey, Fashion Editress Newark Daily Advertiser, made over \$75 per cent. profit on an investment, Oct. 5th, 1878. Many others are doing as well or better. Large or small amounts can be used with equal proportionate success by this system. All kinds of stocks and bonds wanted. Government bonds supplied. Apply to Lawrence & Co., Bankers, 57 Exchange Place, N. Y. City.

A Legitimate Triumph in Medicine.

Dread and despair fall upon the community when a terrible epidemic, like the cholera or yellow fever, suddenly desolates our homes; yet, all the while, a more insidious, but no less fatal foe, enters thousands of households every year and carries off the flower of the family in the early flush of manly youth and budding womanhood. People call it Consumption, or "decline." It is not in most cases, the tubercular phthisis or consumption of the lungs, which is the peculiar malady in climates like those of the British Islands and New England, but a general decay or arrest of the vital processes of nutrition. All the doctors agree that there is no remedy for this but Cod Liver Oil but they are constantly met by the obstacle of inability on the part of the patient to swallow or retain it. This repulsion is entirely overcome by Scott's Emulsion of the Oil with the Hypophosphites of Lime and Soda which is agreeable to the taste, and an unequalled nutrient and tonic for the body, nerve and brain.

A Princess On Our Soil.

NIAGARA FALLS, Jap. 22—This morning the vice-regal party, under the guidance of Mr. Isaacs, of the Prospect House, visited Prospect Park and were highly delighted with the magnificent scenery. The princess's visit to the park was her first on American soil.

The soot from the chimney should be saved. A pint of soot to a pailful of water will make a liquid manure of great value for the flower beds and plants of all kinds.

Doctors and Churches.

The doctors of New York City says Spear's Port Grape Wine has proved to be pure, unadulterated, of fine flavor and tonic properties, and is unsurpassed for its restorative powers, and they prescribe it as a very superior wine. Churches use it for Communion. For sale by J. C. Mumds, Green & Flanner and P. L. Bridges & Co.

CAROLINA.

The colored people in Raleigh are about to organize an Emancipation Historical Society.

Charlotte Observer, Eddie, a little twelve-year-old son of Capt. E. M. Ferris, of Gastonia, Gaston county, was handling a gun the other day, when the weapon exploded and blew his left hand all to pieces. A surgeon dressed the wound and thinks that the thumb may be saved.

Rockingham Spirit: Mr. John H. McIlwain, with a pack of dogs, captured and killed a catamount last Thursday morning, on the old Col. Henry Harrington estate, some eight or ten miles south of this place, which weighed 39 pounds. This species of cat is not the regular wild-cat, being described in zoology as the North American tiger. He is a dangerous customer for either man or dog to tackle.

You always get DOOLEY'S YEAST POWDER from your grocer in cans, quarter pound, half pound, one pound and five pound, in weight. No test has ever shown a single can to be short by the veriest trifle. Another thing about this baking powder is, its absolute purity, strength and exactness of composition.

Go North, South, East or West, and you will find coughs and colds at this season of the year. A remedy which never fails to give satisfaction is Dr. Brill's Cough Syrup. Price 25 cents.
