LIVER HEPATITIS. This important organ weighs but about three pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour. To have the liver and other important organs strained or filtered from it is the natural purgative of the bowels, and Liver becomes torpid if it is not separated from the blood, but carried through the whole to all parts of the system, and in trying to escape through the pores of the skin, causes it to become yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fever, Piles, Sickness and Sour Stomach, and general debility, are the result. Benson's Hepatic is the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they feel the first symptoms to disappear. The cure of all bilious diseases and Liver complaints is made certain by taking HEPATIN in accordance with directions. It relieves the bowels in twenty minutes, and no disease of the liver from the Liver can exist if a fair trial is given. SOLD AS A SUBSTITUTE FOR PILLS BY ALL DRUGGISTS. Price 25 Cts. and \$1.00
