Advertising rates low and liberal.
Subscribers will please report any and all failures to receive their papers regularly.

THE DAILY REVIEW.

VOL. IV. WILMINGTON, N. C., WEDNESDAY, APRIL 23, 1879. NO. 65

PLEASE NOTICE.
We will be glad to receive contributions from our friends on any and all subjects of general interest but:
The name of the writer must always be furnished to the Editor.
Communications must be written on only one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the Editor does not always echo the views of correspondents, unless so stated in the editorial columns.

Now Advertisements.

Wake Up!
BROWN & RODDICK,
45 Market Street.

KEEP EASY.
1550 Yards Colored Silk Figured Barage, 15c per yard, GOOD value 40c.

The above does not embrace all the SPECIAL BARGAINS we have secured during the four weeks passed in the markets, having spared neither trouble or time in order to accomplish our object. It affords us even more pleasure than it does our patrons to put desirable goods on this market below their actual value as it increases our business and is really the cheapest system of advertising as well as the true policy of extending any business.
We are also offering great inducements in all our regular purchases and can with safety add that at no time have our facilities been equal to the present season, and we are determined to put our regular stock of General Dry Goods on this market at a lower rate of percentage than ever before. See advertisement in Star.

Brown & Roddick,

No City Court to-day.
Jet lace is coming in volume.
Narrow trains are *de rigueur*.

Dolly Varden styles are revived.
For other locals see fourth page.
Who will be 'Queen of the May'?

Round trains are generally preferred.
Crabs are now plentiful and are getting cheaper.

The yachtmen are thinking about getting their boats out.

When is water most likely to escape? When it is only half tide.

It is better to hang around a sensible girl than a street corner.

Shingle weddings occur when the first child is old enough to spank.

New beets, the vegetable kind we mean, in market this morning.

When does a man smoke a cigar too long? When he smokes it too short.

Even a clothes-line becomes unsteady when it has too many sheets in the wind.

We seek for riches, and do not find them; we do not seek for death, but alas! he comes.

Another fox chase is on the tapis for Friday morning, in which several ladies will indulge.

These seems to be a general desire that Prof. Agostini should repeat Aladdin or give us something new.

Have nothing to do with a man in a passion, for men are not like iron, to be wrought upon when they are hot.

As sturgeon are now being caught in the Delaware river no more shipments of the fish will be made from this point this season.

Give it to the children. Physicians prescribe it. Thousands use it. Sold by Druggists. Dr. Bull's Cough Syrup. Price 25 cents.

A mule's hind leg has only one season—it is always a beautiful spring, even if it is backed down. Spring in this case is always followed by an early fall.

Love rules the court, the camp, the grove and earth below and heaven above, but it never sewed a gray patch in the seat of your husband's black trousers. That isn't love. That's revenge.

The attendance at Sunday Schools is getting to be large as the season approaches for pic-nics and excursions.

Several dramatic troupes are wending their way North. Some of them may conclude to stop in this city.

The flower gardens in this city were never more beautiful than they are this spring.

A gentleman who advertised his goods in yesterday's REVIEW informs us that the articles were all disposed of by noon to-day.

Another race on the track at the fair ground is talked of. New horses will be put on the track and the excitement will no doubt be great.

The kidnapping scare still lingers in some portions of the city. We have heard of no person being kidnapped, but the owners of chickens and early vegetables suffer.

The "Sons of Rest," composed of the brick-pavers of this city, we understand, will organize to-night by electing a President, Secretary and Treasurer. What they want with the latter named officer we can't tell.

The stockholders of the Bellevue Cemetery Company are reminded by advertisement to be found in our columns, that their annual meeting will be held at the City Court room on Friday, next (the 25th inst) at 8 o'clock, p. m.

Knights of Honor meet to-morrow night.

One more week, then oysters stop down and out.

We have not heard of the first green peas of the season as yet.

Lay aside your blisters and turn your thoughts towards ice-cream.

And now the Cornet Concert Club speak of their inability to appear on parade and discourse music for the Ladies' Memorial Association on the 10th of May, Memorial Day.

rumored.
It was rumored on the streets last night and this morning that some man in this city tried to put an end to his existence yesterday by hanging, but that he was discovered in time and cut down. We could trace the report to no reliable source and think in all probability that some one started the report just to give us a local.

Big Swimming.
We learn from Mr. W. J. Hand, who was a witness to the feat, that a young steer attached to a cart ran away from his owner and driver, a colored man, yesterday, near the Northeast ferry, nine miles from this city, and plunged into the river and swam across, having a cart with about 400 pounds of load on the cart. It seems that the colored man who was driving the steer at the time had been into the city with a load and was on his return home, and in going down the hill towards the ferry, the steer became frightened and ran into the boat, and from thence into the river. In going out of the boat the wheels became detached and were left behind, while the frame with the load continued attached by the shafts to the steer. The water, was about eighteen feet deep where he jumped overboard, but he made a straight line for the opposite shore which he reached, and with the assistance of M. Hand, who was present, he landed safely with his cargo minus only a few bars of soap which were washed off in the passage. The distance across the river at this point is nearly or quite 200 yards.

A Non Paying Business.
A producer having called our attention to the fact of the very low price of tar, we together entered this morning into a calculation concerning the cost of the production of this commodity with the following result: We will take for an example that the producer intends making a 50 barrel kiln, the expenses of which are first:

For the labor of one man two weeks to cut the lightwood.....	\$6.00
One man's labor and horse and cart one week to haul to the kiln.....	6.00
Banking the kiln.....	5.00
Burning and running off the same.....	5.00
50 empty barrels at 40c each.....	20.00
Hauling to the river.....	5.00
Freight and expenses in Wilmington 80c per bbl.....	15.00
Total cost of production and expenses.....	\$62.00
Credit by 50 bbls merchantable tar, 800 lbs to the bbl at 82½ cents per bbl of 2-0 lbs.....	44.20
Deficit.....	\$17.80

Laying a balance as above stated on the debit side of the producer, after paying the expenses of making the article and placing it on the market, of \$17.80; In other words, the producer, after selling his 40 barrels of tar and pocketing the proceeds finds on his return home, when he endeavors to pay his laborers, that he is short \$17.80, and lacks just that amount to pay off his hands, and consequently, after all his labor, trouble and worry, to say nothing of the cost of the lightwood, he is in debt \$17.80. In this view of the case we think it our turpentine farmers and tar producers would turn their attention to tilling the soil, planting chufas, wheat, rice, flax or tobacco, and cultivate a less area of ground than has been their custom for some years when planting cotton, and enrich their plot of ground from time to time with farm manure, they would find, in our opinion, a fuller crib and smoke-house, besides having a heavier purse to buy Sallie and the children a new dress and Sunday clothes to go to church in at the end of the year, and possibly, in the course of a few years, the farmer who quits entirely the production of turpentine may be able to run a two-horse farm where now he only runs one, or probably a four-horse team where now it is only one. What say our friends in the country to trying a change? They have tried the turpentine business for, lo! these many years, and have tested it thoroughly and, as we understand the matter, are getting poorer and poorer every year.

Reception of His Excellency, Governor T. J. Jarvis and Party.

The arrival of Hon. Thomas J. Jarvis, Chief Magistrate of the State of North Carolina, Col. Wm. L. Saunders Secretary of State, and Major H. A. Gilliam was announced last night by the booming of cannon from a section of the Cape Fear Light Artillery stationed near the depot, as the 9:53 train from the North, bearing the Governor and party, rolled into the depot. The party, after a short hands shaking, stepped into carriages which were awaiting them and drove rapidly down Front street to the Parcell House, where quite a large crowd had assembled to greet the Executive of the State. There was, however, no demonstration of any kind beyond the fact that a goodly number of citizens had assembled in front of the hotel to pay their respects to His Excellency, some of whom expected that the Governor would deliver a small talk on the occasion of this, his first visit to us as the highest official in the State. But after alighting from the carriage the party entered the hotel where they proceeded without delay to brush away the dust of travel, Col. F. W. Kerchner, in the meantime, appearing in front to announce to the crowd assembled that His Excellency would not be able to make a speech to-night owing to the fatigue of his journey, but that he would be glad to meet and shake hands with his fellow-citizens in the reading room of the hotel in a few moments. Accordingly the crowd began to throng the room set apart for the reception and the Governor coming in a few moments later all hats were doffed when Col. H. B. Short and Col. F. W. Kerchner proceeded to introduce the different gentlemen as they came forward. His Excellency is a man of fine physique, standing about six feet, one inch, is rather retiring and modest in his demeanor and extends his left hand to shake, his right arm having been crippled to such an extent by Yankee bullets during the late war that he has now very little control of it. After the reception the Governor and party retired to the dining-room to partake of supper, and the crowd adjourned.

To-day His Excellency and party, accompanied by several gentlemen of this city, took a drive to Wrightsville Sound, where they spent the day, expecting to return this evening in time to participate in the festivities of the ball of the Lotus Club at Germania Hall, which is given in honor of the Governor. To-morrow morning the party will make an excursion to Waccamaw Lake as the guests of Col. H. B. Short where they will sail out on the lake and proceed to haul in the fish which Col. S. alleges that he has already baited and waiting for them. The party from the Lake will return home to Raleigh direct.

Climbing the Pole.
Several unsuccessful attempts were made yesterday afternoon to reeve the halliards on the Democratic flag pole on Front street. A sailor was engaged to do the work and several times climbed nearly to the mast-head but as the pole was very slender and apt to be broken by his weight he came down and this morning lowered the top-mast, reeved the halliards and then raised the mast to its proper place. The flag of the Nation was to-day run up in honor of Governor Jarvis and Secretary of State Saunders.

Mr. J. C. Lumsden has very courteously extended an invitation to the Governor, Col. Saunders and Maj. Gilliam to partake of the hospitalities of his ice cream and strawberry saloon at any time during their stay in Wilmington.

Mrs. Lumsden's grand opening of Spring and Summer hats and bonnets, and flowers and feathers takes place to-morrow, to continue during the remainder of the week. Of course all of the ladies will be there.

DIED.
At her residence on Rocky Point, in Fen der county, on the morning of the 18th inst. Mrs. HANNAH CORBIT, aged 61 years. She was a consistent member of the Baptist Church, lived and died in the faith, and was buried by the Rev. Mr. Kenney of Wiley's Creek Church.
This ends a long life of usefulness. She leaves a family of eight children to mourn her loss; their loss is irreparable—but it is to her eternal gain. Now, children, weep not but bow in humble submission to the will of God, her Father, remembering that she can never come to you, but if you will, you can go to her. What a consolation! She was a good woman and leaves many, very many, warm friends, who truly sympathize with her kindred, because they know what a treasure they have lost. May her spirit guide and protect her children now as she did when she was in this fleeting world. "Oh God, not my will, but Thine be done."

LIVER
This important organ weighs but about three pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. It is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and a trying to throw it through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Epilepsy, Rheumatism, Chills, Malarial Fevers, Piles, Skin and Scurvy, and general debility follow. Dr. J. C. LUMSDEN, the great vegetable doctor, cures torpidity, causes the liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an access of bile; and the effect of even a few drops upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaints is made certain by taking HEPATINA in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.
SOLD AS A SUBSTITUTE FOR PILLS BY ALL DRUGGISTS.
Price 25 Cts. and \$1.00

LUNGS
The quality of Consumption or Throat and Lung Diseases, which sweep to the grave at least one-third of all our citizens, arises from the Opium or Morphine treatment, which simply stupifies the work of death on the lungs, and will be paid for by the use of the Globeflower Syrup. Opium, Morphine or Potash, can be found in the Globeflower Syrup, which has cured people who were living to-day with but one remaining lung. No greater wrong can be done than to say that Consumption is incurable. Globeflower Syrup will cure it when all other means have failed. Asthma, Cough, Scurvy, Bronchitis, and all diseases of the throat and lungs. Read the testimonials of the Hon. Alexander H. Stephens, Gov. Smith and Ex-Gov Brown of Ga., Hon. Geo. Peabody, as well as those of other remarkable cures in our book, free to all at the drug store, and be convinced that if you wish to be cured you can be by taking the Globeflower Syrup. Take no Troches or Lozenges for Sore Throat, when you can get Globeflower Syrup at same price. For Sale by all Druggists.
Price 25 Cts. and \$1.00

BLOOD

Our mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in the scalp, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood poisoning. Dr. F. MERRILL'S SERRILLIN or QUIN'S DETOUR is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer.
\$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.
Price by all Druggists \$1.00.
GLOBEFLOWER SYRUP and MERRILL'S HEPATINA are the best for sale by all Druggists in 25 cent and \$1.00 bottles.
