The above does not embrace all the SPECIAL BARGAINS we have secured during the four weeks passed in the markets, having spared neither trouble or time in order to accomplish our object. It affords us even more pleasure than it does our patrons to put desirable goods on this market below their actual value as it increases our business and is really the cheapest system of advertising as well as the true policy of extending any business.  
We are also offering great inducements in all our regular purchases and can with safety add that at no time have our facilities been equal to the present season, and we are determined to put our regular stock of General Dry Goods on this market at a lower rate per cent than ever before. See advertisement in Star.

**City Court.**  
Jas. Davis, colored, arraigned for the larceny of a pair of shoes some days ago, the trial of which was continued until this morning on account of the absence of witnesses was this morning bound over by the Mayor to the next term of the Criminal Court for this county.

**Unmailable.**  
The following is a list of unmailable articles remaining at the Post office in the city:  
Mr. Johnson care J. Williams, care schooner Jennie E. Simmons, Charleston, S. C.; B. Spicer, Newberne; Mr. Beaur Jackson, Bladen Co., N. C.; Mr. Dan'l Kelly, Charlotte, N. C.; Rev. B. W. Nash, S. A. Grange; 2 postal cards for Millie Leech, written on face.

**Not Strong enough.**  
The religious excitement has again broken out among the colored people of this city and is spreading like an epidemic. Last night, while a prayer meeting was being held in a house on Campbell, between Seventh and Eighth streets, the congregation began shouting and stamping and away went the girders of the house which caused some little excitement among those in the building.

**Pious Woman.**  
Patsy Jones laid Emma Haggert out with a board this morning. There had been some little altercation between them before. Patsy boarded Emma. The assailant said she was a pious woman and didn't want any more trouble about the matter, but as Emma's feelings had been hurt by indecent language and actions on the part of Patsy she proceeded to a Magistrate's office, where she had the pleasure of seeing the pious woman pay the costs.

**Another Wilmingtonian.**  
Mr. Frank D. Smaw, a former Wilmingtonian, has a position under the City Government of New York. He has been appointed "Search Clerk," whose duty it is to examine records and titles of property. He is also said to have a good legal practice. We are pleased to chronicle the advancement and welfare of any son of the old North State and we congratulate Mr. Smaw upon his success.

The First Twenty Years.

We thank Dr. Bernheim, the author, for a copy of his "First Twenty Years of the History of St. Paul's Evangelical Lutheran Church, Wilmington, N. C.," published at the book and job printing house of Mr. S. G. Hall in this city.

It is very interesting reading matter and not only contains a full and complete sketch of the history of St. Paul's Church but embraces other matters of interest in that connection which have transpired within the memory of this generation. It is published and sold for the benefit of the Lutheran Church in Wilmington and may be had at the various book stores in this city. Price 50 cents.

**Laurinburg Notes.**

Through the kindness of our correspondent 'De Facto,' we are able to give our readers a few ideas relative to the growth and business enterprises of the thriving town of Laurinburg, in Richmond county.

The population of the town is between 400 and 500; it has three churches—one Methodist, one Baptist and one Presbyterian; thirteen stores for the sale of general merchandise; three millinery stores; four barrooms and grocery stores; two drug stores; one tin shop; one butcher; one watchmaker and jeweler; two shoemakers; and one harness maker. There are two physicians in the town. The prominent business firms are, Messrs. Everett Brothers & Gill, McCaskill & McLean, M. McKay & Brothers, Fountain & Bro., McCall & Co., and D. J. Rivenbark.

Laurinburg has bought and shipped 5,000 bales of cotton in a single season, of which 2,000 bales were shipped by one firm. During the present year the business men have sold to the planters between \$35,000 and \$40,000 of fertilizers, and in many instances, the farmers in the surrounding country have mortgaged both crop and farm to enable them to purchase manufactured manures. A large acreage will be planted in cotton during the year. The recent cold weather has injured the corn badly, and in some instances it has had to be ploughed up and planted over again. Fruit, especially peaches, will be scarce. The quietude of the town is just now excited over two topics of local interest, viz: The coming May election of town officers, and, secondly, prohibition or no prohibition. Quite an animated controversy is now going on between the Methodists and Presbyterians, on the one side, and the Baptists, on the other, relative to baptism, concerning which much interest is manifested.

**Foreign Postage—New Rules.**

By the 'Universal Postage Convention,' concluded at Paris, June 1, 1878, which went into operation on the 1st inst., several important modifications of the pre-existing international postal arrangements were made.

The postage on all letters now sent from the United States to countries and colonies of the 'Universal Postal Union,' except Canada, is five cents per half ounce, prepayment optional in all cases. The postage on all postal cards is two cents; on newspapers, not over four ounces in weight, two cents each; on other printed and lithographic matter, commercial papers, and samples of merchandise, one cent for each two ounces or fraction thereof. On all articles except letters the postage must be at least partially paid.

Commercial papers include 'all instruments or documents written or drawn wholly or partly by hand which have not the character of an actual or personal correspondence.' They must be forwarded unsealed. The maximum weight is fixed at four pounds six ounces, same as for books and other printed matter. The maximum weight for samples is eight and three quarter ounces. The minimum charge on commercial papers is five cents, and on samples two cents.

The postal arrangement between the United States and Canada remains unchanged.

It should be understood that the new rates and privileges do not apply to letters, &c., mailed to any countries not yet included in the 'Universal Postal Union,' for instance, parts of Australia, Bolivia, parts of Central America, Paraguay, Siam, &c. The countries and colonies to which most, if not almost all, of the correspondence from North Carolina is sent are included in the Union.

A. W. Strange, Esq., Lynchburg, Va., writes: 'I use Dr. Bull's Cough Syrup regularly for a tickling cough at night. It gives relief and puts me to sleep. It is much used here.' Price 25 cents a bottle.

Mr. Battle's Lecture.

We have rarely seen a better pleased audience than that which assembled last evening to hear the address of the distinguished President of the University of the State before the Historical and Scientific Society of this city. The room was filled and the marked attention paid by all present was the best evidence that could have been given of the interest excited by the speaker. It was an exceedingly interesting and instructive address, containing a large amount of valuable historic matter, personal sketches of distinguished individuals of the olden time and of the manners and customs of our people long before the era of railroads and telegraphs. Mr. Battle was introduced to the assemblage by the President of the Historical Society, Rev. Dr. Bernheim, and with a graceful allusion to the soil upon which he stood, and its connection with our past history, proceeded to read, as he modestly termed it, his first chapter in the history of the University of North Carolina. We could not but feel a glow of pride when he stated that the old North State was the first of the old thirteen to engrave in her constitution a law for the establishment of a college of learning, and as he depicted, in eloquent words, the lofty characters of the founders of the institution, and the prominent part borne by the representatives from this section of the State, we felt, if such a thing were possible, increased satisfaction and delight in being a native of the Cape Fear country. His description of the laying of the cornerstone of the College, in 1783, was, in our judgment, the most eloquent part of his address, and his sketches of Davis, Moore, McCorkle and others, were admirable in conception and felicitous in expression. We have no hesitation in saying that if this, his first chapter of the history of the University, is a specimen of what we may expect hereafter, then the people of the State will be under lasting obligations to him for his antiquarian research into the archives of the past, and his valuable contributions to our early history.

Mr. Battle spoke for about an hour, perhaps longer, but the audience exhibited no signs of fatigue; indeed, it was manifest that a feeling of regret was felt when he brought his remarks to a close. He speaks with great ease, has a full, sonorous voice and a keen sense of the humorous which flashed out frequently in the course of his address. He has certainly made a fine impression upon our people and we are under obligations to the Historical and Scientific Society for an intellectual treat of a very high order.

At the conclusion of Mr. Battle's address Col. J. G. Burr, the Vice President of the Society, rose and in very felicitous tones expressed the thanks of the Society and the audience for the pleasure he had given them. Among those present we noticed His Excellency Gov. Jarvis and Col. W. L. Saunders, Secretary of State, and many of our prominent citizens.

**A Test Case.**

A very interesting case was heard before the Mayor yesterday afternoon relative to the tax on drummers. The defendant was Mr. W. J. Egan, a New York drummer, who exhibited a State license but had no city license. He was fined \$10 and costs but the case was carried before Judge Mearns last night on a writ of habeas corpus, who ordered Mr. Egan's release. The city thereupon appealed and the case will go to the Superior Court. The line of defence was that there is a provision in a law passed by the last Legislature to the effect that the possession of a State license exempts a drummer from all county or municipal tax for a license. The city was ably represented by Mr. F. H. Darby, City Attorney, and the defence by M. London, Esq.

**Sins of Commission.**

When errors, either typographical or grammatical, appear in a newspaper the natural supposition is that the proof-reader is at fault. But, very often we can safely affirm that this is not the case in the REVIEW office, but that the error lies with the typo who fails to correct the mistake marked in the proof.

Yesterday we reported the arrival of several corn vessels. The typo in the proof brought to us had them cleared; we corrected the mistake and marked them arrived, but this seemed to have made no difference with the typo; he kept them cleared and consequently necessitated our writing this notice.

**The Hop Last Night.**

Germania Hall last night was well filled with fair ladies and gallant gentlemen who were assembled there on the occasion of the hop given by the Lotus Club complimentary to our distinguished visitors from the State Capital, who were all present during the evening. Notwithstanding the warmth of the evening the dancing was kept up with much spirit and the affair proved an unusually enjoyable one.

**Complimentary Farewell.**  
The Germans in this city gave a complimentary farewell at the Howard Engine Hall last evening to Messrs. J. W. Gerdt, C. F. VonKampen and H. Busch and family, who all leave here next Monday on a visit to their old homes in Europe. A pleasant feature of the evening was a farewell address delivered by Mr. Gerdt and responded to by Messrs. Jno. Haar, Jr., and W. H. Gerken.

Two Hearts that Beat as One.

Bruce Williams, Esq., a young and prominent citizen of Lillington, in Pender county, was married in Whiteville yesterday, to Miss Flora M. Baldwin, a beautiful and accomplished young lady, daughter of Col. W. M. Baldwin. We thank our friend for the kindly invitation extended to the editor of this paper to be present on the auspicious occasion, and very much regret that we were unable to be there. We had, however, a clever correspondent at the scene, and we will let him tell all about it in his own words:

WHITEVILLE, April 23d, 1879.  
**EDITOR REVIEW:**

This quiet and pleasant town wears an enlivening aspect to-day. Much of the wealth, intellect, refinement, culture and worth of old Columbus assembled here in delighted interest to witness one of those interesting events that never fail to stir public attention. The occasion was no less than a brilliant marriage between a prominent and well known citizen of Pender and a beautiful and accomplished young lady of this place. The contracting parties are Bruce Williams Esq., of the new county, and Miss Flora M. Baldwin, of Columbus—daughter of that popular and leading citizen, Col. William M. Baldwin, so favorably known in all our Eastern counties. The ceremonies were performed by Rev. Mr. Lyons, Methodist minister upon this circuit, at 8 o'clock this evening, in presence of a large crowd of ladies and gentlemen who had assembled by invitation, at the large and elegant mansion of the bride's father in this prosperous town. The occasion will be long remembered, not only because of the attractive number of beautiful ladies and many men who were present, but also because of the profuse and warm-hearted hospitalities of the magnificent entertainment given by Col. Baldwin. The supper was splendid and the social enjoyments, which lasted until a late hour, were all that heart could desire and characteristic of the proverbial kindness and hospitality of the people of Columbus. May this new link in the chain of kindness between Pender and Columbus, not alone constitute an enduring bond of increasing happiness between this happy and interesting couple, but tend to constitute an alliance, offensive and defensive, between those two counties so closely identified in interest.

The newly married couple, accompanied by a crowd of friends, will leave on the morning train for Mr. Williams' home in Pender, where a large number of his friends await their reception with warm greetings and cordial congratulations.

**The Fishing Party.**

His Excellency, Gov. Jarvis, and party went up to Waccamaw Lake this morning to try a little fresh water-fishing, but an easterly wind has been prevailing all day and we fear that the sport has not been of the best. Fisherman's luck, you know, is no respecter of persons. They can console themselves, however, in other ways, Col. Short having been unanimously elected Governor *pro tempore* of our sister State, so that there will be no lack of a Governor of South Carolina on hand for the Governor of North Carolina to make remarks to.

It is the intention of the party, we believe, to pass through the city to-morrow night on their return to Raleigh.

**Sins of Commission.**

## LIVER

This important organ weighs but about three pounds, and all the blood in a living person about three quarts, passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. This is the natural purgative of the bowels. If the liver becomes torpid it is not separated from the blood, but carried through the system, and in trying to escape through the pores of the skin, causes it to turn yellow or discolored, and in some cases each becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fever, Piles, Sick and sour stomach, and the great venereal disease, GONORRHOEA, the great venereal disease, are caused by torpidity, causes the liver to throw from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile, and the effect of even a few doses upon yellow complexion or a brown dirty color of the skin, will astonish all who try it—they have the first symptoms to disappear. The cure of all bilious diseases and Liver complaints is made certain by taking HEPATINA in accordance with directions. HEPATINA is generally cured in twenty minutes, and no disease that arises from the liver can exist if a fair trial is given.  
SOLD AS A SUBSTITUTE FOR PILLS BY ALL DRUGGISTS.

Price 25 Cts. and \$1.00

## LUNGS

The Fatality of Consumption or Throat and Lung Diseases, which sweep it the grave at least one-third of all death's victims, arises from the Opium or Morphine treatment, which simply stupefies the work of death-giving. \$5.00 will be paid if Opium or Morphine, or any preparation of Opium, Morphine or Pius Acid, can be found in the GLOBE FLOWER COUGH SYRUP, which has cured people who are living to-day with but one remaining lung. No greater wrong can be done than to say that Consumption is incurable. GLOBE FLOWER COUGH SYRUP will cure it when all other means have failed. Also, Cough, Asthma, Bronchitis, and all diseases of the throat and lungs, are cured by the testimonials of the Hon. Alexander H. Stephens, Gov. Smith and Ex-Gov. Brown of Ga., Hon. Geo. Peabody, as well as those of other remarkable cures in our book, free to all at the drug stores, and be convinced that if you wish to be cured you can be by taking the GLOBE FLOWER COUGH SYRUP. Take no French or Lemongrass Sore Throat, when you can get GLOBE FLOWER SYRUP at same price. For sale by all Druggists.

Price 25 Cts. and \$1.00

## BLOOD

Great mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Diseases, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease known. Dr. PEMBERTON'S STILLINGIA or GLOBE FLOWER DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer. \$50.00 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.  
Price by all Druggists \$5.00.
