The annual crusade against tight lacing has commenced.

A large excursion party from Shelby is expected here on the 26th inst.

A lot of fresh meat was condemned and sent out of the market this morning.

In the race for matrimony it isn't always the girl that covers the most laps that wins.

The fish market was tolerably well supplied yesterday and crabs were in great abundance.

The man who says one bird does not make a spring, has never seen a sparrow hopping for seed.

The fresh supply of four per cent certificates expected by Col. Brink were received this morning.

The wind has hauled around to the Southeast, the knowing ones tell us that we are to have settled weather.

Rev. S. Mendelsohn having returned to the city divine services will be held tomorrow morning, at 10 o'clock.

The old saying that rain in the morning is like an old woman dancing; it can't last all day—has been verified to day.

The third of the Cuban boys was captured by the police last night and sent out of the city by Chief of Police Brock.

The bright sunshine to-day, with the wind from the South, makes glad the hearts of the fishermen and the truckers.

The small boy who won't make a garden for fifty cents a day, will dig around an old marsh a week for a half dozen fishing grubs.

The family excursion to Smithville and the Forts to-morrow on the *Passport*, under the auspices of Prof. Agostini, promises to be a very enjoyable affair.

The healthy growth of the baby is dependent upon its freedom from the pernicious effects of opium. Dr. Bull's Baby Syrup is the best remedy known for the diseases of early childhood.

The Wilmington Light Infantry are to shoot for a gold badge next Tuesday, their anniversary. The winner will wear it for a year when it is to be passed over to the next anniversary to the man who shoots best then.

Lost Their Grip.
Since Hayes and the Stalwarts have been trying to starve the army out, General Meyers has lost all interest in his department, and the signal officers in this section of country have lost their grip on Jupiter Pluvius; hence a rain every day for the past two weeks.

Dr. Mendelsohn and Bride.
Rev. S. Mendelsohn and his bride, the daughter of Rev. Dr. Jastrow, of Philadelphia, arrived here last night by the 9:53 train from the North, and were received at the depot by numerous friends and escorted to their residence, on Chestnut street.

Protect Them.
If we are not mistaken there is a city ordinance prohibiting the destroying of birds' nests, yet there is hardly a day but what birds are killed and nests robbed. A mocking bird's nest was destroyed a day or two ago with three little birds in it which were apparently not a day old. Father Foster will please see that the ordinance is enforced and that the harmless birds are protected from the ravages of boys whose bump of destructiveness is evidently too fully developed.

Better Sidewalks.

That miserable apology for a sidewalk colored between Walnut and Red Cross streets, which we have had frequent occasions to anathematize, is being repaired and improved, and we may now hope that belated pedestrians can risk themselves on that thoroughfare without quite so much of danger to life and limb.

The Old Third.

The Association of Officers of the Third N. C. Infantry celebrated their anniversary to day by a trip to the Sound and a dinner at Capt. W. A. Cummi g's place at Greenville. They had a nice day for it and have probably enjoyed themselves to the full in a mingling of the reminiscences of the past and the enjoyments of the present.

Rev. Dr. Wilson.

We are gratified to learn that Rev. Jos. R. Wilson, D. D., pastor of the First Presbyterian Church in this city, was chosen Moderator of the General Assembly on its organization yesterday at Louisville. There were but two nominations, Dr. Wilson and Rev. John S. Grasty, o. St. Louis, and the vote stood 121 for the former and 4 for Mr. Grasty. Dr. Wilson has been Stated Clerk of the Assembly for the past thirty years.

Excursion to Waccamaw.

The Sunday School connected with the Front Street M. E. Church made an excursion to Lake Waccamaw this morning, where they intend to pass the day in boating, fishing, eating, singing and quiet rambles in the shade of the trees which skirt its margin. The train was very large and was thronged with pleasure-seekers of all ages and of both sexes. We wish them a happy time and a safe return.

The Grand Lodge.

We had hoped to be able to present full reports of the proceedings at Fayetteville this week in both the Grand Lodge of Odd Fellows and the Episcopal Convention, but our correspondence has not yet come to hand. In this emergency we quote here from yesterday's *Raleigh Observer's* report of the Grand Lodge proceedings:

FAYETTEVILLE, May 13, 1879.
The Grand Encampment met to-day with quite a good attendance, and after electing the following officers for the ensuing year adjourned to convene in the place selected for the meeting of the Grand Lodge next May:

E. Hubbs, of Newbern, Most Worthy Grand Patriarch.

L. O. Hewlet, of Greensboro, Grand High Priest.

H. T. Clawson, of Raleigh, Grand Senior Warden.

R. J. Jones, of Wilmington, Grand Scribe and Treasurer.

J. J. Barefoot, of Wilson, Grand Junior Warden.

The following were the appointments: Henry Porter, Raleigh, Grand Sentinel.

DISTRICT DEPUTY GRAND PATRIARCHS, Campbell Encampment, No. 1, J. L. Duilly, Wilmington.

Pine Encampment, No. 3, D. G. Mc Rae, Fayetteville.

Calumet, No. 4, S. K. Eaton, Newbern.

Talula, No. 8, D. B. Bradford, Elizabeth City.

Paisey, No. 10, David Scott, Greensboro.

Robertson, No. 13, Ed. Pennington, Tarboro.

Rowan, No. 14, Theo. F. Klutz, Salisbury.

McKee, No. 15, W. B. Hutchings, Raleigh.

Wilson, No. 16, W. P. Wooten, Wilson.

Rocky Mount, No. 19, D. K. Styles, Rocky Mount.

Salem, No. 20, J. H. Shultz, Salem.

Catawba River, No. 21, Thos. Ledwell, Charlotte.

The Grand Lodge will convene this evening, and will keep your readers posted from day to day in regard to its transactions. The Cape Fear and People's Steamboat Company has tendered the use of its side-wheel steamer *Gov. Worth*, for an excursion down the river to-morrow afternoon. A large number of the members of the Grand Lodge are very anxious to avail themselves of this opportunity to enjoy a pleasant trip on the Cape Fear, and at the same time make the acquaintance of some of our handsome brunettes and pretty blondes, as the Odd Fellows of Fayetteville have promised their visiting brethren that the fair sex of our town will be represented on the excursion. Some of the older members say that the Lodge has too much business before it to indulge in pleasure even for half a day; but these, be it understood, are married men.

C. M. Babcock, Esq., of Raleigh, will deliver an address on "Old Fellowship" to-morrow evening in the Baptist Church from the reputation of the speaker we feel we have a treat in store.

When lovely woman stoops to lie, she can make even old politicians blush.

City Court.

Edgar Miller and G. Jenkins, both indicted were up before His Honor this morning charged with an affray. Miller was discharged and Jenkins was adjudged to pay \$5 and costs or rest 10 days in the city prison.

Two young gents who woke up yesterday with their pugilistic suits on indulged in a little set-to, and were up before His Honor this morning, who adjudicated the matter.

Fabiola.

The young ladies of the Academy of the Incarnation presented the drama *Fabiola* last evening to an appreciative audience. The play is from Cardinal Wiseman's celebrated work representing scenes laid in Rome during the third century. It is an estimable production, being based upon the trials and persecutions of the early Christians, and offers to the mind of all a kaleidoscope of that interesting period in the history of the early church. Where all did so well it would be unkind to be invidious and we will only echo the thoughts of the audience in pronouncing as excellent every part of the entertainment.

Be Sure of your Point, etc.

A drummer "poy" who carried a fine line of samples and who evaded the hawk-like vigilance of Fies Meyers yesterday, and who thought that he had eukered the detective, was arrested at the depot last night just on the eve of his departure, and carried before the Mayor, who said \$17 fine and three dollars for the license. The detective policeman and "drummer poy" rode down from the depot to the Mayor's office in a carriage and during the drive Fies' head was bobbing around in a very uneasy manner. He was afraid some Nihilist would take him for a crowned head and put a ventilator in his cranium. When "de poy" and the detective parted the latter sang out, "Pe sure of your points before you show you hand by time."

Death of Mr. George Williams.

Mr. George Williams, a native of England, who came to this city from Liverpool, England, about eighteen months ago, and who has been employed with Messrs. Alex. Sprunt & Son during the past year, died this morning of congestion of the liver. Although he had been unwell for about two weeks, he was so much better yesterday that it was thought he would be able to be out again in a very few days, and his sudden death was a sad surprise to all. Deceased was about forty years of age, was married and leaves a wife and several children who are in England. While here his estimable qualities endeared him to a large circle of friends from whom he received the kindest possible attention during his last sickness. His funeral will take place from Mrs. Stevenson's, on Fourth street (his late residence) to-morrow morning at 10 o'clock.

Sudden Death.

Between the hours of twelve and one o'clock to-day, Mr. Washington Burkholder was in the saloon and grocery of Mr. John O'Brien, at the corner of Red Cross and Nutt streets, for the purpose of trying to sell Mr. O'Brien a box of cigars. He complained of feeling very unwell, and stated that he had not been well for some days. During his stay he sold Mr. O'Brien a box of cigars and after he had received the pay for them sat down by the door while the proprietor remained behind the counter to eat his dinner. In a few minutes Mrs. O'Brien, who happened to come into the store, discovered that something serious was the matter, and called the attention of her husband to Mr. Burkholder. She then took some whiskey and tried to get him to swallow some but he was then speechless and unconscious. Help was called for and a number of the railroad officials came in, and in very brief time Dr. Lane, who happened to be driving by, came also, but death had done its work before his arrival. Chief of Police Brock soon arrived and had the body sent in a carriage to the residence of the deceased on Princess, between Eighth and Ninth streets.

Mr. Burkholder was an old and esteemed citizen of Wilmington, and a brother to Mr. Henry Burkholder, the tobaccoist, now doing business in this city. He has resided here for a long time, probably for thirty-five years past and came here originally, we think, from Baltimore.

Old Papers and Old Times.

Col. Jas. G. Burr, of this city, has communicated a very interesting article to this week's issue of the *Raleigh Farmer and Mechanic* on "Old Papers and Old Times Connected with the Lower Cape Fear." It is a very readable article and it was our intention to present it entire to our readers in this issue of the REVIEW but on account of its length have been compelled to defer that pleasure until to-morrow.

EDITOR WILMINGTON REVIEW:

SIR:—May I ask the courtesy of a word through your journal, and as I shall come direct to the subject matter, I hope it will not give coloring to the idea that I would assume the importance of public interest in regard to the question of security for character, or public property, except as a citizen of Wilmington. I dislike being on the main road of newspaper notices, whether favorable or otherwise; and yet as I claim the right of claiming or waking my own citizenship, and the recent notices furnishing gossip scandal, without regard to facts, on the part of a well-known irresponsible party, notorious for family feuds, speaks of me as formerly of Wilmington, I desire to state that I've never had a home anywhere except in Wilmington, never voted anywhere else, reside there now and am operating in the South as an anti-freedomer exodus worker, in connection with some of the most prominent whites and colored men of Washington, Georgia, and Louisiana, bearing credentials or commissions accrediting me as a citizen of Wilmington where I'll return when required. I've always been a man of convictions; my own know what I am doing; and feeling that I am doing my greatest duty for our greatest good, regard silence as the sacratory of truth and justice as the queen of virtue, though a colored friend cries stop thief, because his wife left him about the same time I left Charlotte.

Respectfully,
J. P. SAMPSON.

"Truth lies in a nut-shell," and 'brevity is the soul of wit.' To be brief, when the shell is broken, the truth will be discovered that the Grand Central Hotel, on Broadway, New York, now kept on both plans, the American \$2 50 or \$3 00, and the European \$1 00, and upwards, per day, gives more satisfaction for the same money than any other first-class house in Gotham. An elegant Restaurant, at moderate prices, is conducted by the Grand Central.

American Wines.

But few persons are aware of the great amount of grapes raised in New Jersey. Alfred Spear is known to be the largest wine grower east of the Rocky Mountain. His Port Grape Wine is the best, and is considered by physicians and chemists as the best wine to be procured. It is ordered to London and Paris, where it is becoming very popular among wealthy families. For sale by J. C. Munds, P. L. Bridgers & Co and Green & Planter

LIVER

This important organ weighs but about three ounces, and all the blood of a living person about the size of a galledon passes through it at least once every half hour, to have the life and other impurities strained or filtered from it. It is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the various parts of the system, and in trying to get through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Fatigue, Irritation, Chills, Malarial Fevers, Piles, Scurvy, and other diseases, and general debility follow. It is the source of the acid that causes the Liver to become torpid, and it is the cause of the acid that causes the Liver to become torpid, and it is the cause of the acid that causes the Liver to become torpid.

LUNGS

The faculty of Consumption or Throat and Lung Diseases, which cause the death of at least one-third of all death's victims, arises from the Opium or Morphine habit, which simply stupifies as the work of death goes on. It will be paid for from the Liver, or any preparation of Opium, Morphine or Prussic Acid, can be found in the Great Flower Cure Syrup, which has cured people, who were living to-day with but one remaining lung. No greater wrong can be done than to say that Consumption is incurable. GLOBE FLOWER Cure Syrup will cure it, if you will, and all other means have failed. Asthma, Bronchitis, and all diseases of the throat and lungs. Read the testimonial of the Hon. Alexander H. Stephens, Gov. of Georgia, and Ex-Gov. Brown of Ga. Hon. Geo. Peck, as well as those of other remarkable cures in our book, free to all at the drug stores, and be convinced that the Liver is the cause of it, and can be cured by taking the Great Flower Cure Syrup. Take no Fakes or Imitations for the Cure. Throat, when you can get the Great Flower Cure Syrup at same price. For sale by all Druggists.

BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrophula, Syphilis, White Swelling, Ulcerous sores and Skin Diseases, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of disease. It will kill you, if you do not stop it. GLOBE FLOWER Cure Syrup is the only medicine upon which a hope of recovery from Scrophula, Syphilis and Mercury diseases, in all stages, can be reasonably founded, and that will cure them.

\$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless, can be found in it.
