**Superior Court.**  
The June term of the Superior Court of New Hanover county, Judge A. S. Seymour presiding, convened at the Court House this morning. The attention of the Court was occupied during the morning hours in arranging the calendar for the session, after which the Court adjourned until 10 o'clock to-morrow morning.

**Diabolical Attempt.**  
This morning W. H. Merrick committed an assault with an attempt at rape upon the person of Mary Hous'on, in Cape Fear Township. Merrick was followed to this city and captured. The girl and witnesses were brought to town later in the day and a preliminary examination of the case was had by Justice Grady, who sent Merrick to jail, until next term of the Criminal Court in default of bond. Both parties are colored the girl being but ten years of age.

'Truth lies in a nut-shell,' and 'brevity is the soul of wit.' To be brief, when the shell is broken, the truth will be discovered that, the Grand Central Hotel, on Broadway, New York, now kept on both plans, the American \$2 50 or \$3 00 and the European \$1 00, and upwards per day, gives more satisfaction for the same money than any other first-class house in Gotham. An elegant Restaurant, at moderate prices, is conducted by the Grand Central.

**Confirmation.**  
The apostolic rite of confirmation was administered at St. John's Church last night, Whitsunday, by Rt. Rev. Bishop Atkinson. The candidates for confirmation were six males and two females.

**Suggested.**  
It has been suggested that a musical concert be given in this city for the benefit of the indigent poor. We heartily endorse the suggestion and hope some one will take the matter under consideration. It is a fact too well known that the efforts of the Ladies' Benevolent Association are not properly appreciated by the citizens generally. The association has voluntarily taken upon themselves this labor of love and with their small means gladden the hearts of many widows, and fatherless children. We understand that the Treasury of the organization is depleted, and that many of the poor are suffering for want of the necessaries of life.

**Sudden Death.**  
We are pained to learn of the sudden demise of an old and esteemed citizen of Brunswick county in the person of the Rev. W. M. D. Moore, which occurred at the village of Summerville in the above named county between 2 and 3 o'clock yesterday afternoon. We have been unable to learn the full particulars of Mr. Moore's death, but understand that the venerable gentleman was just preparing to attend his Sunday School when he was stricken by the cold iron hand of death and fell to the floor speechless, dying almost instantly. The doctors, we learn, pronounced the disease paralysis of the brain. The deceased was sixty-six years of age at the time of his death and had been in the ministry of the Methodist Episcopal Church for the period of forty years. Mr. Moore at one time filled the responsible position of Clerk of the County Court of Brunswick.

The deceased gentleman's only son, Mr. Walker Moore a resident of this city, left here this morning for the village to attend the funeral obsequies of his lamented father.

**Board of County Commissioners.**  
The Board of County Commissioners met in regular monthly session at 2 o'clock this afternoon. Col. W. L. Smith, Chairman and Commissioners A. J. Grady, H. A. Bagg, Jas. A. Montgomery were present. Minutes of last meeting were read and approved. Sheriff Manning reported having laid off a road from seven mile post on the plank road to Franks Landing, Middle Sound.

Licenses were granted to the following persons to retail spirituous liquors: John Crowley, H. F. Leseman, B. H. J. Ahrens, J. W. Hopkins. Lewis Hines was admitted to the Poor House.

Petition of Graham Daves, guardian, for the remission of double tax, was granted. Ordered by the Board that the following schedule be adopted for the assessment of live stock for the year 1879: Horses and mules No. 1, \$200, No. 2, \$100, No. 3, \$75, No. 4, \$50, No. 5, at the discretion of assessors. Hogs at the discretion of the assessors. Sheep, lamb and goats \$1 25 each; steers, No. 1, \$80, No. 2, \$25, No. 3, \$10; dry cattle, No. 1, \$12, No. 2, \$8, No. 3, \$5, calves \$2 50.

Claim of Mecklenburg county for \$22-12 for care of Frank Johnson was not allowed.

Finance Committee reported having made a contract with M. Cronly, Esq., for computing and completing the four tax books for the county, for the sum of \$660. Approved by the Board. Additional distribution of school fund was made on 4,685 pupils at 10 cents per capita.

It was ordered that Trustees for the several schools in the county be appointed at the next meeting.

At the time of closing our report Dr. Thos. F. Wood, Secretary State Board of Health, was explaining the object of the law authorizing the organization of the County Boards of Health and the regulation of the same, which was passed at the last legislature.

**NOTE**—In connection with the appearance of Dr. Thomas F. Wood before the Board of County Commissioners, as stated above, we will state that the Board of Health of this county is composed of the Mayor of this city, the Chairman of the Board of County Commissioners, the city Surveyor and the Licentiate of the State Board of Medical Examiners residing in the county, who according to the same law authorizing the organization of the Board, elect the Superintendent of Health for this city.

**Telephones to be Erected.**  
We learn through one of the city fathers that Mr. J. M. Ormes, of Richmond, Va., will arrive in this city during the early part of this week and commence the erection at once of telephones at the City Hall and Fire Engine and Hook and Ladder houses in accordance with the contract recently awarded by the Board of Aldermen to the National Bell Telephone Company.

**Items from Whiteville.**  
The closing exercises of the spring session of Whiteville Academy were held on Friday the 30th ult. The school has been under the tutelage of Messrs Johnson & Lovelace, who though young men, have manifested a thoroughness both in teaching and discipline. The services of the forenoon were very interesting, consisting of recitations, dissertations and declamations by the pupils. Miss Ellis, daughter of Capt. John W. Ellis, of Whiteville, read an interesting "History of Whiteville Academy," from which we learned that the institution was founded in 1851—that the original stock holders were Col. W. M. Baldwin, Col. A. L. Smith, Col. J. A. Maulsby, Jr., Col. T. S. Memory Dr. M. R. Morrison, Messrs, J. C. Pridgen, J. Thompson, W. Haynes and others. The building was erected under the supervision of Col. W. M. Baldwin, and the first teacher was Mr. A. J. Butner, whose services were secured by Col. Forney George, then a law student under Judge R. M. Pearson.

We regret that space will not permit us to name all the subjects treated upon by the young ladies and gentlemen composing the school, for they all evinced literary taste and very decided intellectual powers.

At noon an intermission of an hour and a half was announced, and the teachers, pupils and large concourse of friends present adjourned to the grove in which the Academy is situated, where in a few moments a table improvised for the occasion was spread with a beautiful feast of good things to eat, while one hundred gallons of iced lemonade furnished a cooling draught to the thirsty palate. The viands were abundant in quantity and varied and delicious in quality, and established the fact that the housewives of Whiteville and vicinity are excellent cooks, and that her noble sons have a generous hearted hospitality.

In this connection, and before we get back again to the school room, we must take occasion to say that we have seldom seen in a like concourse of people so many bright, intelligent, healthy-looking young ladies as were gathered around that table. They were all good looking, healthy looking and bright looking, and there was not one among them but would make almost any man a better wife than he deserves.

The intermission being over and physical hunger being fully satisfied, the multitude re-assembled in the school room to partake of a rich intellectual symposium in the shape of an address to the young ladies by that brilliant orator and gifted son of North Carolina, Col. Duncan K. McRae. It was the first time we ever had the pleasure of listening to him, and although we were prepaed, from the universal opinion of those who had heard him, for an excellent treat, we confess that we were agreeably surprised at the peculiar beauty of his eloquence, the purity of his language, and the poetic wealth of his thought. The wisdom of his speech was intermingled with a spontaneity of wit, which at times carried the house captive in roars of laughter. His address was listened to with the profound attention it richly deserved, and all were delighted.

The address concluded the services of the day, and the people dispersed to their several homes, happy in the thought of a day pleasantly and profitably passed.

At Whiteville there is a tannery which has just commenced operations in which leather is prepared for use by a new patent which greatly expedites the tanning process. We were shown leather manufactured by this process in two days, and the heaviest cowhides are tanned in about eight days. The article principally used by this new process is Gambia, which is imported from Hindostan.

In conversation with farmers of the vicinity we learned that the crops are somewhat backward, but that there is rather a larger acreage both in corn and cotton than in previous years. There are other items of interest which we gathered during our brief stay, but space compels us to leave them for another time.

The Criminal Court adjourned for the term on Saturday afternoon at 5 o'clock.

**American Wines.**  
But few persons are aware of the great amount of grapes raised in New Jersey. Alfred Speer is known to be the largest wine grower east of the Rocky Mountains. His Fort Grape Wine is the best, and is considered by physicians and chemists as the best wine to be procured. It is ordered to London and Paris, where it is becoming very popular among wealthy families. For sale by J. C. Mundy, P. L. Bridgers & Co and Green & Flanner. Apl. 1-2w
