GEN. DICK ANDERSON.

A brief telegraphic paragraph has announced the death of Lieut-Gerr. R. H. Anderson, one of the gallant spirits of the late war. He died at Beaufort, S C., on Thursday last, in the 62d year of his age. He was born in Sumter county, was educated at Edge Hill Academy, and afterwards graduated at West Point in 1840, was assigned to duty in the famous Second Dragoons and saw much hard service on the frontier and in the Florida war. The Charleston News and Courier publishes a lengthy and interesting sketch of his eventful life, from which we make copious extracts. It says:

In the Mexican war Gen, Anderson so Honor. At the time that South Carolina seceded from the Union he held the rank of Captain. He instantly resigned his commission, came to Charleston, and was appointed Colonel of the First Regiment of Infantry, succeeding Gen. Barnard E. Bee, After the fall of Sumter, he was transferred to Gen. Bragg's command at Pensacola, and commanded the Confederate forces at the attack on Santa Rosa Island, where the enemy were dispersed, and the commanding officer, Gen Vogdes, was captured. On July 19, 1861. appointed Major General, On June 1 1864, he was appointed Lieutenant-General, and upon the return of Gen. Longstreet to duty in the fall of the year, Gen. Anderson took command of the forces which had been commanded by Gen. Beauregard in front of Petersburg, Gen. Anderson left Petersburg in command of son's command having been reduced less than five hundred muskets, was relieved from duty with the Army of that he might be free to make his way to and present them. In the battles around Richmond he won new fame, making the last and successful charge at Gaines' he was wounded in the thigh, but remained in command of his division until he fell fainting from his horse. At Chancellorsville, with a line of battle no stronger than a picket line, he held the Confederate centre while Jackson executed his famous flank movement. The men of Anderson's Division were ten paces, or more, apart. Only the thick woods, concealing their weakness, deattack. Gen. Yet was he almost a stranger amongst hi own people!

The planting in which he engaged, after the close of hostilities, was un profitable. President Magrath, of the South Carolina Railroad, rescued him from an almost hopeless condition, by finding employment for him in his own office and, afterwards, as agent at Camden. But he was well-read and possessed of large information It was not in him to take part in a scramble for preferment, and the who pushed themselves to the front left no room for Lieut, Gen. Anderson, the rank ng officer in the Confederate service from South Carolina.

THE HOT FIGHT IN OHIO.

A Washington dispatch in the St Louis Republican says Generals Ewing and Rice have been in consultation there, and have decided to make such a canvass of Opio as has not been made in years. Democratic members of Congress from other States have volunteered to go into Ohio and do all they can to help the ticket. The Democrats realize they wil have to overcome an all-powerful money and Federal official influence, and they are going to make that fact an issue o the campaign Foster, the Republican candidate, is a rich man, and will spend distinguished himself that the State of his money freely to be elected, as he is South Carolina presented him a Sword of full of ambition to be not only Governor of Ohio, but at least Senator. A seat in the Senate was always in his mind when he was here in Congress.

A DANGEROUS PRECEDENT

A few months ago, in Spartanburg District, South Carolina, a Miss Heator was most brutally murdered while attempting to defend her virtue, and the evidence pointed to one John J. WASHINGTON LETTER.

WASHINGTON, D. C., June 27, 1879. Senator Burnside is not a learned man, and, as shown in his quarrel with Conkling, is not a ready man, but his late resolution concerning the construction of a ship canal across the sthmus, by a foreign corporation under the coutrel of forign nations, is a very proper and patriotic one. Just how o prevent such construction nuder such influence is a question to be soived, but the United States should lose no time in declaring its position on the subject. The Senator should see that the Senate acts upon his re-

solution. It is as follows: "Whereas, The people of this Union for fifty years have adhered to the and is overflowing with the richest and spi 'Monroe' doctrine that the nations of ciest matter of the day-Poems, Essays the American continent, by the free and independent condition which they have a sumed and maintained, are enceforth not to be considered as subjects for future occupation by any European power; therefore be it

Another resolution was introduced a REVIEW one year for \$6, or, we will send the few days ago by one of the most intelligent, pains-taking and conscientions men who ever sat in the Senate-Senator Beck, of Kentucky. It proposes an investigation into the subject | thrown in. Address this office, or of government revenues and the manner in which the Departments are carried on. Those who have given any thought to the subject know that immense sums are annually wasted, not only through the imperfection of our methods of collection, but through the inefficiency of those holding position, and that in several of the Departments there are double the number of employes, at large salaries, that are necessary. The inquiry of Senator Beck is proper, and he is the man of all others to head the proposed

LIFE IN A BOTTLE.

The Most Valuable Medical Discov ery Known to the World-No More Use for Quinine, Calomel or Mineral Poisons-Life for the Blood, Strength for the Nerves, and Health for All.

AN OPEN LETTER TO THE PUBLIC

Believing that by cleansing the blood and building up the constitution was the only true way of bani hing disease and being troubled with weakness of the lungs, catarrh, very much broken down in constitution, &c, and after trying the best physicians and paying made from roots and herbs. I fortunately ciscovered a wonderful Bitters of Blood Cleanser, the first bottle of which gave me new life and vigor, and in time effected a permanent cure. I was free from catarrh, my lung: became strong and sound, being able to stand the most severe cold and exposure, and I have gained over thirty pounds in weight. Feelng confident that I had made a wonderful discovery in medicine, I prepared a quantity ot the Root Bitters, and was in the habit of giving them away to sick friends and neigh-

bors. I found the medicine effected the most wonderful cures of all diseases caused from humors or scrofala in the blood, Imprudence, Bad Stomach, Weakness, Kidney Disease, Torpid Liver, &c , &c. The news of my discovery in this way spread from one person to another until I found myself called upon to supply patients with medicine tar and wide, and I was induced to establish a laboratory for compounding and bottling the Root Bitters in large quantities, and I now d vote al' my time to this business.

I was at first back ward in presenting either myself or discovery in this way to the public, not being a patent med cine man and with small capital, but I am getting bravely over that. Since I first advertised this medicine I have been crowded with orders from druggists and country dealers, and the hundreds of letters I have received from persons cured, prove the fact that no remedy ever did so much good in so short a time and had so much success as the Root Bitters. In fact, I am convinced that they will soon take the lead of all other medicines in use. Nea ly one hundred retail druggists, right here at home in Cleveland, now sell Root Bitters, some of whom have already sold over one thousand

Root Bitters are strictly a medical prepar ation, such as was used in the good old days of our forefathers, when people w re cured by some simple root or plant, and when

calomel and other poisons of the mineral kingdom were unknown. They acceptrongly on the liver and kidneys,

keep the bowels regular and build up the nervous system. They penetrate every part of the body, searching out every nerve, single box has cured the worst old chronic bone and tissue from the head to tre feet, cleansing and strengthening the fountain springs of life, hence they must reach all diseases by purification and nourishment.

No matter what your feelings or symptoms are, what the disease or ailment is, use Root Bitters. Don't wait unvil you are sick, but if you only feel bad or miserable, use the Bitters at once. It may save your life, Thousands of persons in all parts of the

country are already using Root Bitters. They have saved many lives of consumtives who had been given up by friends and physicians to die, and have permanently cured many old chronic cases of Catarra, ecrofula, Rheumatism, Dyspepsia, and Skin Diseases, where all other treatments had failed. Are you troubled with sick headache, costiveness, dizziness, weakness, bad taste in the mouth. nervousness, and broken down in constitution? You will be cured if you take Root Bitters. Have you humors and pimples on your face or skin? Nothing will give you such good health, strength, and beauty as Root Bit-

I know that jeal us physicians will cry humbug because my discovery cares se many of their patients, b t I care not. It is now my desire and determination to place my Root Bitters as fast as pes ible within the reach of all those suffering throughout the press on receipt of price, \$1 00 per bettle, or six bottles \$5.00. For certificates of wonderful cures, see my large circular around each bottle of medicine. Read and judge for yourself.
