The failure of wells and cisterns in

## Brown & Roddick in Fayetteville.

We are glad to learn, as we do from  
letters received from that city, that  
Messrs. Brown & Roddick have been very  
successful in opening a five and ten cent  
store in Fayetteville. Their counters have  
been thronged every day, and so great  
was the press on one or two occasions that  
they were compelled to close their doors to  
keep out the crowd.

## Some New Magistrates.

We understand that, in accordance  
with the law "in such cases made and  
provided," the Clerk of the Superior  
Court, Mr. S. Van Amringe, has notified  
the Sheriff to give official information to  
the magistrates in this county, elected by  
the last Legislature, that they must ap-  
pear before the said Clerk and duly qual-  
ify on or before the 4th of August en-  
suing. The following is a list of the  
newly elected magistrates:

Wilmington Township—J. D. Taylor.  
Cape Fear—Iredell Johnson.  
Harrett—Garrett Walker.  
Masonboro—J. A. Farrow.  
Federal Point—J. P. Montgomery.

## The International Review

For August has been received and is an  
unusually interesting number. The ta-  
ble of contents is as follows: "Current  
Politics and Literature in France," by E.  
De Pressence; "George Sand, Her Life  
and Writings," Part II, by Leopold  
Katscher; "Separation," by William M.  
Harding; "Cabinet Government in the  
United States," by Thomas W. Wilson;  
"Some Political Notes and Queries;"  
"The Zulus," by J. A. Farrer; "The  
Thoroughbred Race-Horse," by Hark  
Constock; "The Capture of Chief Joseph  
and the Nez Percés," by G. W. Baird;  
"Contemporary Literature" and "Recent  
English Books."

Published monthly by A. S. Barnes &  
Co., New York, at a subscription price  
of \$5 per annum.

## The Supposed Murderer.

We have received a postal card from  
Magnolia, S. C., which states that a man  
answering to the description of the mur-  
derer of Lauier, at Dudley, a few days  
ago, had been arrested at that place and  
lodged in the guard house on the suspi-  
cion that he committed the murder. He  
refuses to give references, but says that he  
has had a half dozen different names.  
He also says that he came from near  
Goldsboro, in this State, but refuses to  
tell with whom he has lived or upon  
whose plantation he has worked—all of  
which proves that he is a suspicious  
character, whether he is the one wanted or  
not.

The arrest was caused by one of our sub-  
scribers, Mr. J. H. Johnson, of Magnolia,  
who writes to us the facts. He says that  
the man claims at present the name of  
Frank Collins and that he corresponds, in  
color, height and weight, with the dis-  
cription published of him.

## Accident to the Regulator.

The steamship *Regulator*, in making  
her regular trip from New York to this  
port, after crossing the Main Bar, at the  
mouth of the river yesterday, struck a  
piece of an old wreck which is supposed  
to be that of a blockade runner, causing  
the steamer to come to a sudden stop,  
which threw the rudder out of gear and  
sland the ship around on the shore. At  
the first shock the Captain thought the  
engines had broken down, but upon in-  
quiry the surmise was soon found to be  
incorrect, and the true cause of the acci-  
dent ascertained. A small hole was  
knocked in the bottom and what is term-  
ed as the shoe on the keel, which is a  
piece of iron leading from the propeller  
to about midships, knocked off. The hole  
was made about midships, but the pumps  
kept her clear and it is thought that very  
little if any damage has been done to the  
cargo. The U. S. dredgeboat pulled the  
steamer off and the steam-tug *Alpha*  
towed her up to the city this morning.

The full extent of the damage to the  
ship cannot be ascertained, however, un-  
til the cargo is all discharged. For all of  
which information we are indebted to the  
courteous Superintendent of the line, Mr.  
Thomas E. Bond.

## Honored and Blessed.

When a board of eminent physicians  
and chemists announced the discovery  
that by combining some well-known val-  
uable remedies, the most wonderful medi-  
cine was produced, which would cure  
such a wide range of disease that most all  
other remedies could be dispensed with  
many were sceptical; but proof of its mer-  
its by actual trial has dispelled all doubt  
and to-day the discoverers of that *great  
Medicine*, Hop Bitters, are honored and  
blessed by all as benefactors.

## Sale of Express Packages.

The sale of packages of unclaimed  
freight remaining at the Express Office  
in this city, was made this morning by  
Messrs. Cronly & Morris, Auctioneers,  
under instructions from Mr. Allen, the  
agent here. They sold well but for hardly  
enough, it is thought, to pay the freight  
due on them.

## The Rainfall.

The amount of rain which has fallen  
thus far during this month, as we learn  
from the Signal Office in this city, has  
amounted to but 19-100 of an inch, while  
during the month of July, 1878, it was  
8 and 11-100 inches. There are yet eight  
days in which to make up the amount to  
that which stands to last year's credit, and  
we would beglad to take it all in one dose  
to-night.

## The Noonday Prayer Meeting.

We learn that the prayer meeting this  
noon, held at the Seamen's Bethel, notice  
of which we gave yesterday, was not  
largely attended. Devotional exercises,  
however, were held for the purpose for  
which the meeting was called, and the  
Throne of Grace was earnestly implored  
for rain to refresh the parched earth. The  
meetings will be continued until further  
notice.

## Colored Sunday School Convention.

We learn that a Sunday School Con-  
vention of the A. M. E. Church of this  
State will be held at Newbern on Tues-  
day, the 29th inst. All persons connected  
with that Church and all who feel an in-  
terest in the colored Sunday Schools are  
respectfully invited to be present, and  
participate in the deliberations. Arrange-  
ments have been made with the railroads  
to convey passengers to the Convention  
from this city and return at \$3 for the  
round trip and children at half price.

## A False Alarm.

The British barquentine *Indiana* is  
reported in below with sickness on board,  
one of the crew having died on the pas-  
sage, in consequence of which rumors  
have been rife upon the streets to-day  
that a vessel with yellow fever on board  
had put in below and was detained at the  
quarantine station.

The facts of the case are simply these,  
as we have learned them from a reliable  
source: The vessel, it is above stated,  
the British barquentine *Indiana*, from  
the West coast of Africa, where she has  
been trading. Unfortunately, however,  
the crew caught what is known as the  
African fever, which is a virulent type of  
malarial fever and nothing more. One of  
the crew has died and two others are now  
sick in the hospital, opposite the regular  
quarantine station near Smithville. The  
vessel has been quarantined by the Quar-  
antine Physician, Dr. Curtis, who has  
telegraphed to this city from Smithville  
that there is no cause whatever for any  
apprehension on the part of our citizens.

## Man's Inhumanity.

Last evening a colored individual, one  
of the innumerable army of hucksters in  
this city, was driving his poor little ox  
along through the heavy sand on McRae  
street, when the patient beast of burden,  
tired and famished, gave out and could  
go no further, whereupon the man gave  
him a most unmerciful beating. The animal  
then dropped in the street, lowing piteously,  
but the driver continued to beat him. A  
number of ladies witnessed the scene from  
various houses in the neighborhood, and  
some of them came out to their gates and  
plead with the fellow to be merciful to  
the beast, but he would not heed them;  
whereupon they one and all vowed that  
they would never again buy a cent's  
worth from him as long  
as they lived, a vow they  
are determined shall not be broken.  
The owner of the animal finally got  
help and the ox was raised to his feet and  
led off, walking very feeble and looking  
at every step as though he was about to  
drop and give up the weary burden of life.  
We think that there is a State law  
somewhere which covers just such cases  
as this and it should be looked up and  
enforced.

There is a rumor current on the streets  
this afternoon that a lady was drowned  
to-day at Smithville, but as one of the  
REVIEW staff went down on the *Passport*  
to-day and we have heard nothing of it  
from him, we are justified in saying  
that the report must be a false one.  
Adjutant-General Moise and Brig-  
General Richardson, from South Carolina,  
are in the city.
