LOCAL NEWS.

SKRINA'S—Keep Cool.

No City Court to-day.

Yesterday was uncomfortably warm.

Spilt meat and fish were sent out of market yesterday.

Mayor Fishplate is still confined to his house from sickness.

The thermometer was better yesterday, judging from the way it got up.

There were tolerable good rains around the city last night—so we are informed.

Irish potatoes are very scarce in this market and are in consequence very high priced.

Office should never be entrusted to a man who allows personal prejudice to interfere with his duty.

The market is well supplied with watermelons and cantaloupes but the hucksters keep the prices well up.

The last *Police News* contains pictures of the shooting of Mary Radcliffe by James Heaton and the subsequent discovery of Heaton's body in a vacant lot.

The steamship *Regulator* is lying at the Government Wharf awaiting to be taken on the Steam Railway of Messrs. Cassiday & Ross, where she will undergo repairs.

It is questionable at least to allow the baby to exhaust itself and annoy the household with its continual crying when that tried remedy, Dr. Bull's Baby Syrup will quiet it at once. Price 25 cents.

Benj. Hunter, colored, was arraigned before J. C. Hill, J. P., this morning for an assault, and bound over to the Criminal Court in the sum of \$50 for his appearance at that term.

The steam yacht *Elizabeth* is about completed, and will commence making regular trips to Smithville on or about the first proximo. She is said to be very fast, as well as being a perfect little beauty.

There are about fifty telegraph hones now in use in this city, and new ones are being constantly put up. When all are put in position there will be about one hundred and fifty instruments in operation in Wilmington.

The ninth excursion of the season under the auspices of Professor Agostini was well attended. The *Passport* left her wharf this morning loaded with happy hearts. The Professor certainly knows how to get up and conduct an excursion, He is voted a signal success.

Services at Dudley's Grove.

We are requested to state that the Rev. James B. Taylor, of the First Baptist Church, will preach at Dudley's Grove next Sunday, the services commencing at 4:30 p. m. A cordial invitation is extended to the public to attend.

A New Home.

We take pleasure in calling attention of the ladies to the advertisement of the New Home Sewing Machine, because of the many advantages claimed for it in the light running, self setting needle &c. Those wishing to purchase or exchange would do well to call and examine this machine represented by Mr. J. B. Farrar, who will take great pleasure in showing its many excellent points.

The North Carolina Medical Journal.

The July number of this valuable periodical has just been received, and, from the nature of the articles treated upon and the manner in which they are discussed, we should think it a valuable addition to the library of the physician or the medical student. We are glad to notice that many of the articles have been prepared by North Carolina physicians, and embody the results of their research, experience and practice in the science of medicine and surgery. Dr. M. J. DeRosset, of New York, and Dr. Thomas F. Wood, of this city, are the editors, and it is published monthly at a subscription price of \$3 per annum.

Wine and Cake for Evenings.

Alfred Spoor of New Jersey, it should be known, is one of the most extensive producers and dealers in Pure Wines and Brandy in the United States. He makes a Superior Port Wine, which took the highest premium at the Centennial, known as Spoor's Port Grape Wine. It is sold by J. C. Munds, P. L. Bridges & Co. and Green & Flanner. July 23-

Only a Rumor.

A rumor was current on the streets to-day to the effect that a shooting scrape and murder occurred at Burgaw this morning. It was unfounded, and a cruel hoax on the newspaper fraternity, as the operator at Burgaw says he has heard nothing of it. We won't be cheated out of an item, but this is about all we can make out of the rumor.

Stop Them.

Burglaries are becoming alarming frequent in this city, and it is about time that the gang of thieves and burglars which infest this city should be apprehended and brought to trial. Unless the officers of the law can ferret them out it would be well for the citizens to set a trap, tempt them in their house and sleep with both eyes open with a pair of howitzers as roommates.

Fainted.

Quite an excitement prevailed near the corner of Fifth and Castle streets, to-day about 1 o'clock, caused by the fainting of a colored woman who was at work hanging out clothes. The woman was well early this morning, but for some reason did not eat her usual morning's repast and the attending physicians think that the attack was caused from general debility and weakness.

Sudden Death of an Old Citizen.

Again we are called upon to chronicle the sudden death of an old and esteemed citizen of this city. Mr. Wm. Wilson, aged about 80 years died at his residence in this city, on Princess, between Sixth and Seventh streets, this morning of paralysis of the heart. He was taken sick yesterday afternoon, but was in no way considered dangerously ill or that his demise was so near at hand. He leaves a wife and large family and a host of friends to mourn his sudden death. He was probably the oldest white citizen of this place. One by one, the landmarks pass away.

The North American Review.

The August number of this magazine has made its appearance, and contains the following very readable and instructive articles:

"The Work and Mission of My Life," Part I, by Richard Wagner; "The Dairy of a Public Man;" "Garrison," by Wendell Phillips; "The Power of Dissolution," by Edward A. Freeman; "The Founder of the Khedivate," by the late John L. Stephens; "The Future of Resumption," by an Old Financier; and "Recent Works of Ancient History and Philology," by John Fisher.

Published by D. Appleton & Co., New York at \$5 per annum.

Sharp Practice.

Yesterday a seedy, rustic looking individual stepped into the store of Mr. John D. Gerds on the corner of Fourth and Bladen streets and ordered a bill of goods put up, a careful account of which he kept on a piece of paper furnished for the occasion by the store-keeper. After about nine dollars worth of flour, bacon, meat etc, had been wrapped up, in small quantities, and the seedy, rustic looking individual had added up the column of figures opposite the goods, and had counted and recounted the packages, he ordered as the last thing a pint of good whiskey which he put in his pocket. The parcels of groceries were nicely piled upon the counter and Mr. Gerds was asked to make out a bill while the supposed purchaser stepped around the corner for his cart. The bill was made out, and Mr. G. is waiting for the fellow to back his cart up to the door and take out the goods. The last that was seen of the man he was scooting out of the town in the direction of Hilton, and is perhaps at this very moment taking his constitutional draught with a "here's at you old fellow," with Mr. Gerds in his mind's eye.

GEO. P. ROWELL & Co., in the American Newspaper Directory for July,

show that the whole number of newspapers in the United States has increased since January of the current year, from 8,703 to 9,153. New papers abound in the Territories. Suspensions have been fewer than in any corresponding period for several years.

Maria Wortham, the half-witted colored woman, having out-witted the authorities in regard to leaving the city, is still to be seen in her favorite haunts, on North Water street, in the neighborhood of Paddy's Hollow.

MEETING OF THE BOARD OF ALDERMEN.

Abstract of Proceedings in Special Session.

Pursuant to a motion made for adjournment at the last regular meeting, the Board of Aldermen held a special session yesterday afternoon, beginning at 4 o'clock. Present—Aldermen Myers, Flanner, Bowden, VonGlahn, Vollers, Foster, Hill and Lowrey.

Mayor Fishplate being absent, on motion of Alderman Foster, Alderman Flanner was requested to take the Chair.

Major Stedman as counsel for the Western Union Telegraph Company, stated that he had called on Mayor Fishplate and found him confined to his bed, and that he would be unable to attend the meeting of the Board, but desired the Board to act on the petition of the subscribers to the Wilmington Telephone Exchange at this meeting.

A communication from Mr. Lee A. Angel, manager of the Wilmington Telephone Exchange, explanatory of the petition of the subscribers to the Exchange, was read.

Col. Duncan K MacRae, attorney for the Bell Telephone Company made a "rattling" speech in behalf of his client and spoke forcibly and to the point Major Chas. M. Stedman, counsel for the Western Union Telegraph Company, was just as earnest in behalf of his client and replied to many of Col. MacRae's arguments.

Aldermen Myers offered the following: Resolved, That the petition of a large and respectable number of citizens, subscribers to the Telephone Exchange Company, and operated by the Western Union Telegraph Company, asking permission to connect with their own city Fire Alarm, be and is hereby granted.

Alderman Foster moved to amend as follows:

Resolved, That the Western Union Telegraph Company shall first furnish a justified bond of \$5,000 to indemnify the City of Wilmington for any damage that may be awarded by any competent Court within this jurisdiction for making said connection.

Alderman Myers moved to amend Alderman Foster's amendment:

That the Bell Telephone Company shall be bonded in same amount to and for the same extent and purposes.

The acting Mayor ruled Alderman Myers' amendment out of order.

Alderman Myers appealed to the Board, and the Mayor was not sustained.

The ayes and nays were called on Alderman Myers' amendment, with the following result:

Ayes—Aldermen Myers, Vollers, VonGlahn, Lowrey.
Nays—Aldermen Bowden, Flanner, Foster, Hill.

The chair announced the amendment lost.

The ayes and nays were called on Alderman Foster's amendment, as follows:

Ayes—Aldermen Bowden, Flanner, Foster, Lowrey, Myers, Vollers and VonGlahn.
Nay—Alderman Hill.

The motion as amended was then voted on and carried by the following vote.

Ayes—Aldermen Bowden, Flanner, Hill, Lowrey, Myers, Vollers, VonGlahn.
Nay—Alderman Foster.

Mr. Walker Meares sent in a communication in regard to taking the census of the city which was referred to a committee, consisting of Aldermen Bowden, Myers and Foster.

On motion, the meeting then adjourned.

Meeting of the Board of Health.

The New Hanover Board of Health held a meeting at the Court House last night, at which the following members of the Board were present: Col. Wm. L. Smith, Chairman, and Drs. W. G. Thomas, G. G. Thomas, Thomas F. Wood, W. J. H. Bellamy, and Mr. John K. Brown, the Secretary, Dr. J. C. Walker, and Dr. Curtis, the Health Officer at Smithville.

The session was protracted, and was devoted mainly to consultation as to the best means to prevent the introduction of the yellow fever into the county, and at the same time protect, as far as practicable, without jeopardy to the health of the people, the commercial interests which centre in this city.

vessels arriving in the Cape Fear from the West Indies, South America, or any other infected ports will be held at the Quarantine Station, whether there is sickness on board or not, and they will not be allowed to discharge or take in cargo, or hold any communication with the city until after the 1st of next November.

Extract from Decisions of Supreme Court.

Ashe, J.—State vs Lawrence; from Columbus.

Petition for a writ of certiorari in nature of a writ of error, to review the judgment pronounced upon the defendant tried and convicted at Spring Term, 1866 Columbus Superior Court. The indictment contained two counts, one for stealing a horse and another for receiving the same, knowing it to have been stolen.

The first concluded at common law and the second against the statute. The jury returned a general verdict of guilty and the defendant was sentenced to twenty years in the State's prison. He alleges in his petition for the certiorari that he has been kept in the penitentiary ever since his conviction, and in consequence thereof, besides his extreme poverty, he has been unable, until now, to invoke the aid of this court. He insists that the sentence pronounced upon him was not authorized by law and that the judgment below should be reversed and then, as the certiorari is to be treated as a writ of error, he must be discharged upon the ground that no person can be put in jeopardy twice.

Hold: The writ of error in criminal cases does not obtain in this State. In no event can the prisoner be discharged; but as the sentence was too great the certiorari will be granted and the cause remanded to the court below that the prisoner may be brought before it and be sentenced according to law. The utmost punishment for larceny is ten years in the county jail.

What are the Profits?
This is the absorbing point that is of chief interest in every business transaction. By the combination system of operating in stocks, Messrs. Lawrence & Co., Bankers, N. Y., write the orders of thousands of patrons, in various sums, into one immense amount, and operate them as a mighty whole, thus obtaining all the advantages of the largest capitalists and best skill. Profits are distributed pro rata among shareholders every month. In this way large gains are secured in short periods, and capital from \$10 or \$15 to \$50,000 can be used with equal proportionate success. \$20 will make \$100 in 30 days. \$150 will pay \$1,500 profit, or 10 per cent. on stock, and so on, according to the market. A citizen of Troy made \$315.74 on an investment of \$50. Many customers are doing better. The new circular has "two unerring rules for success," and full details so that anyone can operate profitably. Stocks and bonds wanted. Government bonds supplied. Apply to Lawrence & Co., Bankers, Exchange Place, N. Y.

Honored and Blessed.
When a board of eminent physicians and chemists announced the discovery that by combining some well-known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of disease that most all other remedies could be dispensed with many were sceptical; but proof of its merits by actual trial has dispelled all doubt and to-day the discoverers of that great Medicine, Hop Bitters, are honored and blessed by all as benefactors.
