WILMINGTON, N. C.

MONDAY, AUGUST 25, 1878.

[ENTERED AT THE POSTOFFICE AT WILMINGTON, N. C., AS SECOND-CLASS MATTER.]

NOT PLANTATION MANNERS.

There seems to be serious work in progress in San Francisco, Cal. On Saturday last, Rev. I. S. Kalloch, of unsavory memory, the workingmen's candidate for Mayor of the city, was called from his office by one of two brothers whom he had denounced as "bastard sons of a common prostitute," and "deliberately shot in the breast. Kalloch turned to retreat into the office, when his assailant fired again, the ball taking effect in his back. A mob of Kalloch's followers immediately surrounded the carriage in which was the assailant, whose name was Charles De Young, and dragged him out upon the sidewalk, and would have killed him but for the opportune arrival of a large police force, who rescued De Young and took him to jail as a place of safety. De Young, with his brother, Mike De Young, is editor of the Chronicle, and in a recent issue revived an old scandal concerning Kalloch, which occurred while he was pastor of a large congregation in Boston, some thirty years ago. Upon publication of this old scandal, Kalloch retorted in a public speech as we related at the outset. There is the wildest excitement and indignation among Kalloch's friends, and if his wounds should prove fatal it will only be by superhuman efforts on the part of the authorities that both of the De Youngs are not lynched and the Chronicle office destroyed. It may be that even all these have been accomplished already, and that the streets of San Francisco have been the fearful scenes of riot and bloodshed.

We think it was in bad taste for the Chronicle to renew that old scandal, after the lapse of so many years. We have heard of no moral obliquity in Kalloch since that time, and it may be that he has seen the evil of his ways and has repented, reformed, and been a good and worthy citizen ever since. We sincerely hope that he has. We know that the, natural impulse is always suspicious of one who has been detected in vicious acts, but that affords no reason why we should continually taunt him with his former vice, even though we should hesitate to trust him with another opportunity. Over a quarter of a century has elapsed, since the scandal burst over Boston and all New England like a storm—one of the parties is long since dead—and it is not for the benefit of society that the moral nastiness should now be exhumed simply because the only survivor is a candidate for the mayoralty of San Francisco.

But even the republication of that old story gave Mr. Kalloch not the slightest excuse for using the language he did relative to the De Youngs. Whether his statement was a matter of fact or not, it was equally unjustifiable and brutal. If any language could ever justify a summary retribution, his words relative to the editors of the Chronicle should certainly come within the category. It is language such as no sensitive man would endure for a moment, and when he uttered such language he must have known that he was placing his life in certain peril.

This is an affair in which we of the South have no further interest than to deplore such a condition of northern society as to make such outrages possible. Fortunately we have no such occurrences in the South, nor are we liable to have them. Our "plantation manners," which are so much an object of censure at the North, would not descend so low in political abuse and vilification, nor would they place in nomination a man whose reputation had been so foully smirched, even though subjected to the washings of thirty years for its purification.

THE CATERPILLARS.

The Troy, Ala., Enquirer reports that caterpillars have made their appearance in many farms in Pike county, but not in sufficient numbers as yet for their depredations to be damaging. The hopeful say that it will require three weeks for them to be in sufficient numbers to devour the crop, and by that time the crop will have made about all that will mature, while the despairing expect to awake every morning and see their cotton fields stripped of their foliage, the forms eaten up and a part of the bark on every stalk skinned off. The Cotton Exchange organ had reports of caterpillars in most parts of middle Alabama the second of August.

A NOVEL DIPLOMATIC ARGUMENT.

The German Gazette gives some curious intimate details of the efforts made by Ishmih Pasha to save his throne. Two days before his deposition, while the British consul was pressing him to abdicate, he offered him heaps of gold and

engaged to assume the entire debt and discharge it from his own resources if he were allowed to remain. Then, seeing that his appeals were in vain, he sent to his harem for fifteen of his most beautiful slaves, and when they arrived, decked with diamonds, he said, "There are my favorites; the jewels they wear are worth \$3,000,000; they are all yours if you will only leave me a little longer in peace."

WASHINGTON LETTER.

WASHINGTON, D. C., Aug. 23, 1878. A man of violence, named Dixon, has met death in a street brawl in a Mississippi town. He was originally from this District, and the family was a fighting family. An effort is being made to give a political coloring to the killing, but nothing more absurd can be imagined. Dixon was a man who for years was likely to kill or be killed when he went abroad, the chances being that the man who should kill him was the best man of the two.

Some of the employes of the Government here are attempting to evade the objections of Mr. Hayes to the reorganization of State Associations by forming an "auxiliary aid association." It is the original Jacobs' all the same, whatever name it may be known by. Reliable intelligence received here the past day or two from some of the most prominent and best informed Democrats in Maine, relating to the progress of the campaign now going on in that State, gives us the most cheering intelligence and leaves no doubt of the complete defeat of the Blaine and Hamlin party on the 8th of September next. No well-informed man of either party in the State believes there will be any choice of Governor by the people, in which event the election will devolve on the Legislature, as last year. The utmost harmony prevails in the Democratic and Greenback parties, who have united on their Senatorial candidates and county officers in all the counties, and also on candidates in the several Representative districts throughout the State, which will insure them a large majority in both branches of the Legislature.

The Republican leaders are getting up a great deal of noise and doing a large amount of blowing under the leadership of the unscrupulous Blaine, who is resorting to all the base and despicable means which he is capable of devising, but it will fail of its purpose. The tide is strongly in favor of the opposition—changes from the Republican to the Greenback party are constantly occurring all over the State, large numbers of whom have been among the most active and prominent members of that party.

The National Board of Health has decided that it will furnish rations for ten days only to refugees from fever-stricken Memphis. If this short allowance tends to drive the people back to the city it will of course defeat the great object of the Board and of physicians, which is to get people out of the city as fast as possible. There is rather an increase of the disease than otherwise in the city.

MOONSHINE.

Pennsylvania is now so well governed that life is almost as safe here as it is in Texas.—Phil Chron. General Pope is the man who is the best qualified to lead the Peruvian army; it is in full retreat.—Boston Post. Boston reveals another mystery. A bunch of yellow hair was found in a pan of beans, and not a woman has been seen on the streets for two days.—N.Y. Express. The ex-Khedive to New York. "Since I made you a present of the Egyptian obelisk I have failed in business. Couldn't you allow me \$30 or \$40 for it?"—Cin Engr.

It seems paradoxical to say that a thing can be bigger inside than out, but if you eat a pint of dried apples and drink a quart of water you'll find that such a thing can be.—Cin Com. Wicked for Clergymen. "I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article is made of valuable remedies known to all, that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them." Rev. Washington, D. C.

Headquarters for Ale,

Miscellaneous. Superior Court, New Hanover County.

Charles D. Hill, Charles R. Skinner and Charles Watkins, vs. Farnville Insurance and Banking Company.

To Farnville Insurance and Banking Company—Take Notice. THAT AN ACTION has been instituted as above for the recovery of Seven Hundred Dollars, with interest thereon from July 1st, 1878, due the Plaintiffs as Assignees of J. R. Moore, that a Warrant of Attachment was taken out at the time of issuing the summons in the above action and levied on certain bonds, the property of said defendant Company, in the hands of the Treasurer of the State of North Carolina, and that it is hereby required to appear and answer or demur to the complaint of said Plaintiff at a Court to be held for the County of New Hanover at the Court House in Wilmington, on the Thirteenth Monday after the First Monday of September next, or the Plaintiff will apply to said Court for the relief demanded in the complaint.

This the 23rd day of July, 1878.

S. V. SAMBRINGE, Clerk Superior Court New Hanover Co. July 23 1878

A Sure Cure for Piles.

A SURE CURE for the blind, bleeding, itching and ulcerated piles has been discovered by Dr. William C. Williams, of Lowell, Mass., called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of twenty-five and thirty years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electrocaries do more harm than good. Williams' Ointment absorbs the tumor, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles, itching of the private parts and nothing else. "I consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis and this city, and spent hundreds of dollars, and found no relief until I obtained a box of Dr. Williams' Indian Ointment some two months ago, and it has cured me completely." JOSEPH M. RYDER, Cleveland, O. "Has done me more good than all the medicine I ever tried, and I have spent more than \$100 with doctors, besides medicines I am cure cost me more than \$40." DAVID SPARKLING, Ingraham, Ill. "Have suffered twenty years with itching and ulcerated piles, having used every remedy that came to my notice without benefit until I used Indian Ointment and received immediate relief." JAMES CARROLL, (an old miser) Teocoma, Nev. No Pile Remedy ever gained such rapid favor and extensive sale. Sold by all Druggists. Price, 25 cents. For sale by J. C. Munds and T. S. Burbank, mch 20-cow-daw

For Health and Pleasure

GO TO Patterson's Celebrated Springs. THESE SPRINGS are situated four miles South of Shelby and six miles North of Whitaker's, on the Air-Line R. R. The mineral waters are sulphur and chalybeate. The properties of the sulphur are iron, sulphur and magnesia. Properties combined are beneficial to all diseases, and never fail to cure the most obstinate cases, as men will testify. The chalybeate waters cannot be surpassed, having wrought many almost miraculous cures. These Celebrated Springs will be open first April, and the prices are in reach of all, having been greatly reduced this season. Bathing houses, coquet grounds, ten pin alley, and other amusements and attractions free for visitors. Hacks running from this place will meet visitors at Shelby or at Whitaker's on the Air-Line R. R., upon short notice to the Proprietor.

RATES OF BOARD. Per day.....\$ 1 25 Per week..... 7 00 Per month..... 20 00 Per month for two or more months..... 18 00 Children and servants half price. For further particulars apply to W. G. PATTERSON, Prop'r. apr 29-daw-131 Shelby, N. C.

LIFE IN A BOTTLE.

The Most Valuable Medical Discovery Known to the World—No More Use for Quinine, Calomel or Mineral Poisons—Life for the Blood, Strength for the Nerves, and Health for All. AN OPEN LETTER TO THE PUBLIC

Believing that by cleansing the blood and building up the constitution was the only true way of banishing disease and being troubled with weakness of the lungs, catarrh, very much broken down in constitution, &c., and after trying the best physicians and paying out my money for many kinds of medicines advertised without finding a permanent cure, I began doctoring myself, using medicines made from roots and herbs. I fortunately discovered a wonderful bitters or Blood Cleanser, the first bottle of which gave me new life and vigor, and in three weeks, my lungs became strong and sound, being able to stand the most severe cold and exposure, and I have gained over thirty pounds in weight. Feeling confident that I had made a wonderful discovery in medicine, I prepared a quantity of the Root Bitters, and was in the habit of giving them away to sick friends and neighbors. I found the medicine effected the most wonderful cures of all diseases caused from humors or scrofula in the blood, Impudence, Bad Stomach, Weakness, Kidney Disease, Torpid Liver, &c., &c. The news of my discovery in this way spread from one person to another until I found myself called upon to supply patients with medicine far and wide, and I was induced to establish a laboratory, compounding and bottling the Root Bitters in large quantities, and I now devote all my time to this business.

I was at first backward in presenting either myself or discovery in this way to the public, not being a patent medicine man and with small capital, but I am getting bravely over that. Since I first advertised this medicine I have been crowded with orders from druggists and country dealers, and the hundreds of letters I have received from persons cured, prove the fact that no remedy ever did so much good in so short a time and had so much success as the Root Bitters. In fact, I am convinced that they will soon take the lead of all other medicines in use. I employ one hundred retail druggists, right here at home in Cleveland, and sell Root Bitters, some of whom have already sold over one thousand bottles.

Root Bitters are strictly a medical preparation, such as was used in the good old days of our forefathers, when people were cured by some simple root or plant, and when calomel and other poisons of the mineral kingdom were unknown. They act strongly on the liver and kidneys, keep the bowels regular and build up the nervous system. They permeate every part of the body, searching out every nerve, bone and tissue from the head to the feet, cleansing and strengthening the fountain springs of life, hence they must reach all diseases by purification and nourishment. No matter what your feelings or symptoms are, what the disease or ailment is, use Root Bitters. Don't wait until you are sick, but if you only feel bad or miserable, use the Bitters at once. It may save your life.

Thousands of persons in all parts of the country are already using Root Bitters. They have saved many lives of consumptives who had been given up by friends and physicians to die, and have permanently cured many old chronic cases of Catarrh, Scrofula, Rheumatism, Dyspepsia, and Skin Diseases, where all other treatments had failed. Are you troubled with sick headache, costiveness, dizziness, weakness, bad taste in the mouth, nervousness, or any other ailment, which all diseases by purification and nourishment. You will be cured if you take Root Bitters. Have you humors and pimples on your face or skin? Nothing will give you such good health, strength, and beauty as Root Bitters.

I know that jealous physicians will cry humbug because my discovery cures so many of their patients, but I care not. It is now my desire and determination to place my Root Bitters as fast as possible within the reach of all those suffering throughout the world. Sold by wholesale and retail druggists and country merchants, or sent by express on receipt of price, \$1.00 per bottle, or six bottles \$5.00. For certificates of wonderful cures, send my large circular, which each bottle of medicine. Read and judge for yourself.

Ask your druggist or merchant for FRAZIER'S ROOT BITTER, the great Blood Cleanser, and take no substitute but as recommended because he makes a large profit. G. W. FRAZIER, Discoverer. 338 Superior St., Cleveland O. For sale by J. C. Munds and T. S. Burbank, Druggists, march 26-cow-daw
