The Nor. barque *Zephyr*, Jansen, for this port, was at Liverpool on the 30th ult.

'Investigator' wants to know what is good for cabbage worms. Bless your soul, man, cabbage of course. A good, plump cabbage will last several worms a week.

The Board of County Commissioners for this county will meet next Monday afternoon at 2 1/2 o'clock, for the purpose of completing the tax list and giving Sheriff Manning an opportunity to renew his oath.

If a woman could only make up her mind as to what she wants and how much she can afford to pay for it before she enters a store, the poor clerks would be saved many a weary sigh.

But little change is noticed in gentlemen's fashions. Short cutaway coats will be as popular as ever for general wear while Prince Albert frocks and swallow-tails will rule for dress.

From Harnett Township.

Gabe Everitt and Gool Foy, both colored, were sent to this city today in custody of Officer Carney, under commitment from Justice Gerritt Walker, of Harnett township, upon the charge of larceny, in default of \$200 bond for their appearance at the next term of the Criminal Court.

Carpet Patterns.

Carpets like clothes are subject to fashion's whims, and authority on the subject says: The general preference which heretofore was given to the Persian patterns seems now to have subsided in favor of those styles in which more ground work is apparent, and upon which the designs are less coumingled. Dark olive grounds, lighted up with gay Oriental colors and moss shaded grounds over which the gayest of roses are strewn, are the newest patterns shown. These are the distinctive new styles in carpets of all grades, from the modest ingrain to the elegant Wilton velvet, for they are all patterned from the same models.

The South Atlantic.

For August has just been received. The articles in the present number are, 'Carmelita,' (continued) by W. H. Babcock; 'Richard Dobbs Spaight,' by Jos. H. Wheeler; 'The Late Prince Napoleon,' by D. J. O'Connell; 'Influence of Mind and Body on Each Other,' by Jos. A. Creech; 'A Ballad of the Third Crusade,' by Paul H. Hayne; 'John Davidson's Wife,' (continued) by W. H. Alexander; 'From the Talmud,' by Paul T. Horry; 'Bierout to Constantinople,' by W. C. Johnstone; 'A Curious Inauguration,' by Th. VonJasmund, besides short reviews of recent literature. The number is well gotten up, and is quite interesting.

The Raffle To-Night.

Do not forget that the raffle of the bale of cotton for the benefit of the gallant General Hood's children comes off at Mr. Stephen Jewett's bookstore at 8 o'clock this evening. Those who have not already subscribed can read the following touching lines written by a little girl in Norfolk, and they will possibly be in a better mood to do a generous act.
(Norfolk Virginian.)

NAVYARD, Sept. 8, 1879.

Col W. H. Taylor,
DEAR SIR—I am very sorry for Gen. Hood's little children, who have neither father or mother, so I open my money box and send you \$5 for them.
Very respectfully.

ROSEBUD.

The above was written in a child's hand and bears upon its face the evidence of childlike tenderness of heart. Little Rosebud has set an example worthy of imitation by older persons and taken the initiative in a movement which deserves the consideration and generosity of the entire Southern people.

A dull, heavy pain in the sides, sleeplessness, want of energy, no continuity of thought or labor, these all indicate a disease of the Liver, and should be removed by the use of Dr. Bull's Baltimore Pills, which will surely accomplish the object sought.

Magistrate's Court.

Justice T. M. Gardner had four more parties arraigned before him today for neglecting to work on roads. Two of the defendants submitted and paid the costs of the case, a third took an appeal, and the fourth was committed in default of payment of the costs.

Moved to Goldsboro.

Captain De Leon B. Fillyaw, of this city, has in connection with Mr. V. W. Land of Goldsboro, bought out the Underhill Sash and Blind Factory Mills in the above named place. The *Messenger* says: Capt Fillyaw was for many years a very popular and clever conductor on the W. & W. R. R. and makes friends wherever he goes. All of which we endorse most heartily, hoping at the same time that our former young townsman will meet with that success in business in his new found home which his energy as well as his genial and amiable qualities entitle him to.

Sudden Death.

It is with sincere regret that we are called upon to announce the death of Mr. William Farrior one of the most respected and much esteemed citizens of Duplin county, who dropped dead in his field near Kenansville yesterday afternoon.

Mr. Farrior had been unwell for some time, but was not considered dangerously so, and his sudden demise has caused a shock of sadness among a large circle of children, relatives and friends.

The deceased has filled many positions of trust and honor in his county, the most recent and notable of which was his membership of the late Constitutional Convention of North Carolina, which formed the Constitution under which we now live.

Mr. Farrior was about 75 years of age and he died as he had lived, a respected citizen and an honest man, of whom it can well be said, truly a good man hath departed.

Base Ball.

The match game of baseball between the Champion and the Home Clubs of this city was played at the Athletic Grounds yesterday afternoon. The game was very closely contested throughout, with victory hanging about evenly balanced between the respective clubs until the very last moment. Quite a large number of visitors were present who manifested the liveliest interest in the progress of the game.

Mr. John J. Fowler acted as Umpire, and Messrs. G. H. Smith and J. W. Meares as Scorers.

The following is the official record, which declares the Champions to be the winners of the game by only one score.

Soon after the termination of the game, the Champions returned to the city and, stopping at Burbank's Pharmacy, the proprietor came out and presented the Club with a box containing 100 fine cigars which were thankfully received. The Club then held a meeting and voted to present Mr. Jas. C. Weedon, of Baltimore, an excellent base ball player who is on a visit to this city and participated in the game, and by his superior skill contributed much towards a victory to perch on the banner of the Champions, with a box of cigars as a testimonial to his worth as a man and his skill as a ball player. In behalf of the Club, Mr. A. G. Ricard presented the cigars to Mr. Weedon in a neat and appropriate speech. Mr. Weedon, in receiving them, replied expressing his gratitude in a brief and chaste little speech.

The New Market—Its Dimensions and Facilities.

As the new Market House building is beginning to assume its proportions the community generally are asking questions about it and seem to be desirous of knowing its dimensions, facilities, etc. We examined the charts of the building this morning, the minute details of which were explained to us by Mr. J. H. Vaughan and Mr. John E. Lippitt. When completed, the market will supply a long-felt need in this community and will compete in beauty, durability and facilities with any Market House in a city the size of Wilmington in the country. The building is 70 feet wide by 208 feet long. On each side of the building, there will be cart sheds 18 feet wide, making the width of the Market House and sheds 106 feet. The level of front walls is 36 feet from grade line. The centre portion of the front is 55 feet high.

The tower on northeast corner of the building will be 15 feet square by 84 feet high to top of final. The tower will be arranged for a belfry and city clock. A corresponding tower on the Southeast corner of the building is 15 feet square by 64 feet high and will be finished off by an appropriate final. The top portion of this tower will be provided with a reservoir to be supplied from the river by a force pump and to be used in washing out and cleansing the building. The average height of the side walls will be 25 1/2 feet. The Market is to be supplied with fifty-eight stalls fitted up with native woods and marble, and the cart sheds will have a holding capacity of 200 carts. Access to the sheds are bountiful; there being doors every eight feet apart opening in the sheds. The front of the building will be supplied with two stores and one restaurant. There will also be two restaurants on Water street. Over the stores is to be a room 28 by 40 feet and two smaller ones, 14 by 34 feet, besides suitable and appropriate offices for janitors and the superintendent of the Market. The stores, restaurants and rooms, are to be heated by a furnace, and will be supplied with small flues. Two main avenues 14 feet wide will run the entire length of the building from Front to Water street.

There will be twenty-two side avenues communicating with the cart sheds on each side. The building will be provided with a clear story in the centre 36 feet high to the bottom of the ventilator, which is to be 12 feet wide, and 9 feet high, running the entire length of the building. The sides of the ventilator will be made of glass with adjustable sash so as to admit plenty of light and fresh air.

The projectors of the enterprise have paid considerable attention to the matter of light and ventilation. There are 37 doors and windows on each side of the Market and eleven in the front of the building, besides two entrances to the Market from Water street.

All produce, meats, etc, are to be kept under shelter and out of the weather and owing to the admirable construction of the building, persons marketing in rainy weather are relieved of the unpleasant necessity of making their selections of country produce with the rain pouring down on them, as is now the case.

THE FISH MARKET

Is to be constructed of wood, on the wharf immediately in the rear of the Market House. It is to be 60 feet wide and 88 feet long. It will be supplied with a skylight or ventilator 18 feet wide and extending the entire length of the building. It is to be supplied with 36 stalls. To the South of it there is to be a dock 20 feet wide to be used by the fish boats. There will also be a sufficient quantity of light and air in this building which will be used exclusively for fish, oysters, crabs, etc.

The Family Story Paper.

We have received a copy of an 8 page illustrated weekly, bearing the above title, published by N. L. Munro, 14 and 16 Vandewater street, New York, at \$3 per annum. As its title would indicate it is devoted to such light reading as would be apt to interest the younger portion of the home circle, although from the hasty glance we have only had time to give, it reveals much that should be of interest to those of more mature years. It contains no advertisements and no original editorial matter, but is filled up with narratives, tales, short sketches, poetry and such other matter as to particularly engage the attention of the young.

Base Ball, Base Ball, Base Ball and Base Ball

The Second Nine of the Champion Base Ball Club and the Starlight have a contest at the Athletic grounds this afternoon.

We also learn that another match game will be played between the Starlight Club and the Young Boys of America at 3 o'clock on Thursday afternoon at the corner of Seventh and Princess streets. Then there are about sixteen more matches next week and about as many more the week after and so on *ad infinitum*.

City Court.

Wm. Phinney, colored, the well-known disorderly character who has been up before the Mayor's Court and other Courts, on different occasions, to the number of at least a score of times, was to-day again arraigned before Mayor Fishblade on two charges, viz: disorderly conduct and resisting the police. Upon the first charge His Honor said, \$25—or thirty days, and upon the second charge, it appearing in the evidence that the defendant was very violent, the Mayor repeated the dose of \$25—or thirty days. "In consequence of which" the aforesaid defendant, Wm. Phinney, will not emerge from his solitary confinement until the 15th of November. He will have a splendid opportunity to save money for Christmas, as he has no temptation to spend it—provided, he has the money.

For bar steel, iron and carriage goods go to JACOB'S Hardware Depot.

The Fire This Morning.

The alarm of fire which was sounded this morning about 4 o'clock, was caused by the burning of the carriage factory of Alderman James Lowrey, situated on the corner of Fourth and Campbell streets. There are conflicting accounts about what part of the building the fire first originated. It was no doubt the work of an incendiary who doubtless had set his mind on plunder. The factory tools and stock was a total loss. The dwelling next adjoining the factory which was also owned and occupied by Alderman Lowrey caught fire, but was soon extinguished without much damage to it. Quite a number of articles, including wearing apparel, bedding and a carpet were stolen during the excitement which ensued. A sable brother was seen making off in the direction of the cemetery with a large bundle on his back during the raging of the fire and it is thought to have been the missing carpet. The building on the opposite side of Fourth street, occupied by Mr. E. Scharff and owned by Mr. Jno. H. Harding, was slightly damaged. Alderman Lowrey had an insurance of \$800 on the building and \$350 on stock and tools in the Royal of Liverpool, represented in this city by Mr. Norwood Giles, but it is estimated that his loss will amount to \$1,500 over and above the insurance. His dwelling was insured in Atkinson & Manning's Agency and the damage is fully covered. Notwithstanding the rapidity with which the fire spread the Fire Department kept it confined to the building in which it originated.
