tic. He has been sent to Siberia for young Nakotin can sweep back from the plains of Tartary to bring ruin and desolation upon his oppressors, he is as dead as if he lay at the bottom of a tomb, and the world will hear of him

This man has been famous during the last few years at nearly every capiand ailed in the escape of 'Vera Sassu t h. He was the author, bearer and deseminator of Nihiliet pimples and annous cements to Berlin, to Paris and to London. He was I am, your struly. W. B. Nakotin was a perfect enthus ast for ansrchy, and like the petrel, his coming ever beded a storm. His ingenuity has been so remarkable that he has constantly evaded arrest. The ablest detectives of Berlin and St Petersburg laid traps for him in vain But he fell into their clutches at last. He became the victim, like so many noble natures before mirable qualities became the direct St. Louis, Mo. causes of his downfall.

young girl of entrancing beauty wh Address. T. Potter Wight & Co., Bankyoung girl of entrancing beauty wh was the daughter of a German who lept al dging bon . The bard head el and astute political conspirator, the man of high family, who had given up all the privileges of rank to serve and rai e ti e down troden people, became this gur's sleve. They we e married, and from that moment the doom of bakotin was sealed. A most from the first his base and licentions wife betrayed him. She entered into intrigues with all the men she far cied, and speedily made the life of 10 hasband wretched. His friends im plored him to part from her, as he had ample reason to do, but he refused. He thought he could reclaim her, and believed it was his duty to do so. In the sequel, while with her in Russis, she deliberately plotted his destruction. She had involved herself with a certain Major, an officer in the Russian service and desired to be rid of her husband astogether. She therefore conveyed to the Schicitor General a written denunciation of Nakotin, under oath, giving an account of his life and deeds, with information respecting his papers and correspond-

ents. His urrest and exile immediately followed, and the miserable wretch, his wife, is said to be now in Paris enjoying herself with her latest paramour.

There may be dramas in real life more sad and more terrible than this, but for the honor of human nature it is to be hoped they are few and far between. It is almost impossible in reading of poor Nakotin's history and fate not to sympathize with his comrades, the Nibilists, who, it is said, have sworn vengeance to the death pon his betrayer and her companion and who are pretty certain to carry out their vow.

YELLOW FEVER ---- BLACK VOMIT.

It is too soon to forget the ravages of this terrible disease, which w.ll no doubt return in a more malignant and virulent form in the fall months of 1879.

MERRELL'S HEPATINE, a Remedy discovered in Southern Nubia and used with such won derful results in South America where the most aggravated cases of fever are found, causes from one to two ounces of bile to be filtered or strained from the blood each time it passess through the Liver, as long as an ex cess of bile exists, By its wonderful action on the Liver and Stomach the HEPATINE not only prevents to a certainty any kind of Fever and Black Vomit, but also cures Headache, Constipation of the Bowels, Dyspepsia and all Ma . ial diseases

No one need fear Yellow Fever who will expel the Malarial Poison and excess of bile trom the blood by u ing MERRELL'S HEPATINE, which is sold by al! Druggists in 25 cont and \$1.00 bottles, or will be sent by express by the Proprietors. A. F. M&R ELL & CO., Philadelphia, Pa.

Delight.

The reports of wonderful cures of Rheumatism, Scrofula, Salt Kheum, Syphilis, Cancer, Ulcers and Sores, that come from all parts of the country, are not only remark able but so miraculous as to be doubted wer it not for the abundance of proof.

Remarkable Cure of Scrofula, &c. CASE OF COL. J. C. BRANSON.

KINGSTON, Ga., Sept. 15, 1871 Gents:-For sixteen years I have been a

great sufferer from Scrofula in its most distressing forms. I have been co fired to my room and bed for lifteen y ars with scrofu lous ulcerations. The most spproved remedies for such cases had been used, and the most eminent physicians consulted, without any decided benefit. Ihus prostrated, distress d, desponding, I was advised by Dr. yer, of Floyd county, Ga., to commence the use of your Compound Extract Stillingia Language is as insufficient to describe the relief I obtained from the use of the Stillingia as it is to convey an adequate idea of the in tensity of my suffering before using your medicine; sufficient to say, I abandened all other remedies and continued the use of y ur Extract of Stillingia, until I can say truly, "I am cured of all pain," of all disease, with nothing to obstruct the active pursuit of my profession. More than eight months have elapsed since this remarkable cure, without any return of the disease.

For the truth of the above statement, I refer to any gentleman in Bartow county, Ga., and to the members of the bar of Cherokee Circuit, who are acquainted with me. I shall ever remain, with the deepest gratitude, Your obedient servant.

J. C. BRANSON, Att'y at. Law.

After having been confined about six years to her bed, and the case considered hopeless, I was induced to try Dr. Pemberton's Compound Extract of Stillingia, and was so well satisfied with its effects that I have continued the

use of it until the present. My daughter was confined to her bed about six years before she sat up or even turned over without he p. She now sit, up all day, tal in Europe.
