

In Brief.

Governor Seymour and Senator K... express their hopes of a Democratic victory. There was an attendance of 15,000 people at the land meeting at Oork Sunday and Mr. Purcell told them they should rely on passive physical resistance to unjust demands. The English army advancing into Afghanistan is about to send a force against the marauding tribes. There is some prospect of an arrangement between the Turkish and Greek border commissioners. A meeting in the interest of the proposed Franco-American treaty was held Sunday in the circles of the Champs Elysee. The Standard's dispatch from Zergun, Shar reports that the Afghan artillery did not join the mutineers but at present protects the Ameer's property and family. They, however, now threaten to sack the city and disperse unless the Ameer returns. The six days' walk for the O'Leary belt was begun Monday morning at Madison Square Garden in the presence of a full house. Mr. Beecher has returned from his vacation and appeared in his pulpit Sunday. Mr. Talmage preached Sunday for the first time since his return from Europe. Russian ladies have just begun to take part in boat races. In Saratoga the first prize, a golden bracelet, and the second, a golden breastpin, were adjudged to the two young ladies who handled the rudder. The nominal strength of Russia's army is four millions, but she could not march more than eight hundred thousand, and, exclusive of the Cossacks, not more than two millions are to be regarded as trained soldiers. The army is fearfully addicted to drink. Eighty-seven Indian children from Red Cloud and Spotted Tail bands passed through Sioux City, Ia., Sunday on their way to school at Carlisle, Pa. They were profusely decorated with paint and bright blankets. This is another venture of the Interior department. Several citizens and a German consul have been killed during a Communist uprising in Colombia. Two aeronauts lost their lives at San Francisco Sunday while making an ascent on a half a gale of wind. Reports are continually coming from Maudslayi of barbarities committed on persons suspected of looking to the British for protection. Count von Bulow, the German Secretary of State, has obtained permission to withdraw from office for six months on the ground of ill health. The Sportsman announces that Boyd, the oarsman, has expressed his intention to cross the Atlantic and attempt to win the championship here. It is asserted that during the year 1889 the coinage of 20,400,000 roubles worth of gold and 7,312,000 roubles worth of silver will be authorized by the Russian Government. The London Standard says semi-officially that in consequence of the increasing gravity of the situation at Mandalay and evident danger to the British representatives, the Indian Office has requested the Admiralty to station a sufficient naval force at Rangoon for their protection. An expedition under the command of General Titter, consisting of several regiments, is about to be sent out to avenge the murder of Lieutenant Kinloch by marauding tribes. The Times' Simla despatch says orders have been issued to shoot marauders in Afghanistan wherever seen. The Standard's correspondent in Simla says the report that the garrison of Shutar Garden was entirely cut off from Ali-Khyle and Kushi is false. General Roberts' force will arrive at Cabul on Monday next. It is estimated that there are nearly one million railway men in England who are obliged to work on Sunday. Kosuth, the illustrious Hungarian, resides near Turin. One of his sons is an engineer, and his only living sister is in this country. Of the seven million Hebrews in the world, statisticians say there are five millions in Europe and a million and a half in the United States. John W. Keene, the inventor of the Remington-Keene magazine gun, died at Ithaca, N. Y., on Saturday, aged 53 years, of Bright's disease, after a brief illness. During a third of the year the sun is never visible at Balmoral Castle. Japan has five macadamized roads, on which the bicycle is coming into high favor. The Sheriff of Blair county, Pa., levied upon a graveyard, and has advertised it for sale. There is still no news from Captain Payne's command, but the belief that Agent Meeker's people were killed before the battle with Thornburgh's force is confirmed. A chief of another branch of the Utes has forbidden his braves to fight against the soldiers. Moody and Sankey began a series of meetings in Doan's Tabernacle, Cleveland, Ohio, Sunday. Mr. Moody preached to an immense audience, and Joseph Cook addressed an overflowing meeting. Thirteen tramps armed with missiles boarded a train on the Maine Central Railroad Sunday and tied the conductor to a post. After running some distance the train halted on an iron bridge, help was called for, and the ruffians left the cars. There is only one woolen mill in the State of Texas, and it netted to its owners \$81,000 last year. It is situated in New Braunfels. The most active steersman in New Zealand is Sir Julius Vogel, a Jew, now Agent-General in London, who is about to offer himself as a candidate for the House of Commons. Seventy-two thousand dollars is believed to have been the highest price ever given for a horse in England. It was given by its richest peer, the Duke of Westminster.

Will Gov. Sprague be Ejected?

PROVIDENCE, R. I. October 5.—Much comment has been excited by the publication—permitted by Governor Sprague—of the following article: OFFICE OF THE A. & W. SPRAGUE, MANUFACTURING COMPANY, PROVIDENCE, Oct. 3, 1879. Hon. Wm. Sprague, South King-town. Sir: Mr. Guydon on his return from Canochet last Monday informed me that you refused to allow him to enter the premises and that he could not make the inventory of the property which I asked him to take. This refusal on your part to allow him to enter the premises on my orders means, I suppose, that you assume control of the property. This will inform you that I claim control of the property under the deed of trust and assignment, and now ask you to vacate the same forthwith or agree to allow free access to such person or persons as I may order therein the way of business otherwise I shall take legal measures to possess same. Yours, Z. CHAFEE, Trust and Assignee. Mr. Sprague will pay no attention to this note. He says that the inventory alluded to in Mr. Chafee's letter—being an inventory of Mrs. Sprague's separate property—has been taken by Mrs. Sprague in person and is in her possession, and that a second inventory is unnecessary. He claims further that Canochet is part of the Quinck Company property. He is president of that company and Mr. Chafee is only treasurer. The Sprague trust deed of 1873 does not, Mr. Sprague says, cover the Quinck Company. Mr. Chafee dissents emphatically from this view and will take legal measures to eject Mr. Sprague. The ex-Governor has said to his friends that his enemies mean to ruin him and to send him to an insane asylum. Mr. Chafee, however, says that he views the matter purely as a question of property. The report of Mr. Sprague's insanity is attributed here to Senator Cookling's personal friends.

Suicide of a Young Lady.

CINCINNATI, Ohio, Oct. 5.—Miss Lula George, of Bonaparte, Iowa, attempted suicide here to-day under the most distressing circumstances. She was affianced to F. B. Ferriman, who died at the St. James hotel yesterday. The death of her lover so worked upon her that she became insane, and purchasing a pistol this morning shot herself in the left breast. The tragedy occurred at her boarding-house, corner of Fourth and Smith streets. Miss George is a portrait painter, but was taking lessons at the College of Music Her mother, who is a widow, is a cousin of Hiram Powers, the sculptor. Miss George is alive, but no hopes of her recovery are entertained.

The Shanghai Consulship.

SAN FRANCISCO, Oct. 5.—Authoritative advices from China, by steamer Tokio, have just been made public, giving information that before the name of Bailey, late consul at Hong Kong, was sent to the Senate for confirmation (at the last session) as consul general at Shanghai, the Secretary of State was in possession of Consul Mosby's dispatch as published in the Post, charging Bailey with being a defaulter to the Government to the amount of \$30,000 or \$40,000, with record evidence sustaining the charge; that not until after Bailey's confirmation, and Mosby's dispatch had in part been published in the Post, did the Secretary of State take any notice of the charges. The department then sent Gen. Stahl, Consul at Hiogo, Japan, a friend of Seward and Bailey, to investigate the truth of the charges made by Mosby. Gen. Stahl sought to have Bailey explain the charges. Stahl has concluded his investigations, and has been obliged to report to the department that the charges of Bailey's embezzlement from the Government, while consul at Hong Kong, as made by Mosby, are untrue. There is also information received that Seward's private secretary, Holcomb, has written letters to various officials in China denouncing Mosby; also that Seward is using his influence to shield Bailey and prevent investigation. There is also evidence showing that Bailey was placed at Shanghai to cover Seward's tracks.

CAROLINA.

Morganton Blade: The cattle in the lower part of Caldwell county are dying with distemper. Many of the citizens have been losers. Morganton Blade: Two convicts made their escape last week from the stockade at Swaanona tunnel, by choking Mr. Jim Murphy, the guard. Goldsboro Messenger: Among lawyers expected in attendance of our Superior Court this week, will be the distinguished Col. Duncan K. McKee. He has secured rooms at Mrs. M. K. Crawford's. Goldsboro Messenger: The case of the negro murderer Bell, removed to this county from Sampson, will be called up Wednesday, when he will be arraigned. The trial will probably not take place till next week. Goldsboro Messenger: A shocking affair happened at Mount Olive, in this county, Thursday evening of last week, resulting in the death of Mr. Wm. R. Thompson. It seems that the deceased had been indulging in the foolish and truly reckless habit of crossing the track between the freight cars while the train was in motion, and his success in this fool-hardy business was quite a matter of boast with him. Thursday night, as the freight train was pulling out from Mount Olive, running at a rate of ten to twelve miles an hour, he attempted to repeat the daring feat, and in doing so met a most terrible death, being crushed

ed underneath the cars, and his body literally out in two.

Fee Dee Bee: We are glad to state, from good authority, that Mr. O. D. M. has will retain his position as agent of the Carolina Central Railroad and as Telegraph Operator at Rockingham, a place he has filled long and faithfully.

Goldsboro Messenger: The total receipts of cotton received in this market for the week ending Saturday, Oct. 4, foot up 1,016 bales, but this only embraces that weighed by our cotton weighers, and does not include cotton bought by Goldsboro cotton buyer in neighborhood towns and brought here for shipment.

Wine and Cake for Evenings.

Alfred Speer of New Jersey, it should be known, is one of the most extensive producers and dealers in Pure Wines and Brandies in the United States. He makes a Superior Port Wine, which took the highest premium at the Centennial, known as Speer's Port Grape Wine. It is sold by J. C. Munds, P. L. Bridgers & Co. and Green & Flauner. Aug. 15.

Grape Culture and Wine.

Mr. A. Speer, of New Jersey, one of the largest grape producers of the East commenced, but a few years ago, in a small way, to make wines from currants, blackberries and other fruits. He now controls large vineyards, from which his famous Port Grape Wine is made, which chemists and physicians say rivals the world for its beneficial effects on weekly and aged persons. For sale by J. C. Munds, Green & Flauner and P. L. Bridgers & Co.

"I was troubled for many years with Kidney Complaint, Gravel, &c; my blood became thin, I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me, until I got Hop Bitters and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72 and I have no doubt it will do as well for others of my age. It is worth a trial." (Father)

The South American Armies Moving.

LONDON, Oct. 3.—A despatch dated Valparaiso, September 8, says that the news of the advance of the Peruvian and Bolivian armies is confirmed. It is reported that the Chilians before evacuating Calama sacked and burned that place. The Chilians have made raids into Bolivia beyond Cochabambas destroying commissary and ordnance supplies and seizing horses and carts. It is reported that Peru has suspended payments from the Treasury and prohibited the exportation of silver.
