People pick their teeth, and yet they do not all get good ones.

Industry, brains and cheek—these three—but the greatest is cheek.

The receipts of cotton at this port today foot up 1,415 bales.

One adult was the only interment in Bellevue Cemetery this week.

The thermometer stood at 86 degrees in this office, at 3 o'clock today.

The steamer *Tybee*, Tibbon, sailed yesterday from New York for this port.

Save your money by buying your Building Supplies from Altaffer & Price.

To-morrow is known in the Church Calendar as the Nineteenth Sunday after Trinity.

There have been five interments in Oakdale this week, one adult and five children.

In Pine Forest Cemetery there were two interments this week, one adult and one child.

The Fourth Quarterly Meeting for Topsail Circuit began to-day at Scott's Hill.

The barque *Newark*, (Br.) Boyd, sailed from Sidney, N. S. W. Aug., 14th, for this port.

A number of our people who have been to the State Fair at Raleigh returned here this morning.

The box sheet for the performance on Monday night, now open at Heinsberger's, is rapidly filling up.

Hon. A. M. Waddell will lecture before the Historical and Scientific Society, on the first Monday night in November, on the Ancient History of North Carolina.

We learn from steamboat men who arrived here to-day that the Cape Fear is still very low and that the water is still falling. It fell two inches on Thursday night.

Girls, when you work a pair of slippers for him make them very small. Of course he won't be able to wear them but he'll appreciate the compliment just the same.

Every Church in the city, without exception, so far as we can learn, will be open for divine services to-morrow. With these abundant opportunities before you there is no excuse for going wrong.

The caps for the Stedman Fire Company, some 86 in number, have arrived. They were ordered through Mayor Fish-blate and will, we presume, be distributed at an early day. They are very handsome.

Indications.

WAR DEPARTMENT,  
Office of the Chief Signal Officer,  
Washington, D. C., Oct. 17, 1879.

For the South Atlantic States partly cloudy weather, and rains, followed by colder Northwest winds and rising barometer.

For Liverpool.

The British barque *D. H. Bills* cleared at this port to-day for Liverpool with a cargo of 2,150 bales of cotton, taken on at the Wilmington Compress. The cargo is shipped by Messrs. Williams & Murchison.

Money saved in buying your Household Hardware at JACOBI'S, No. 10 South Front street.

There is a little encouragement as regards the weather. The Indications we publish to-day tell us that the wind will get round to the Northwest to-night, and that it is to be cloudy, rainy and cooler. The wind this afternoon comes from the Southwest.

The Fourth Annual Fair of the Roanoke and Tar River Agricultural Society will begin at Weldon on Monday next and continue for five days. Col. H. G. Flanner and Mr. T. W. Strange, of this city, will be in attendance, the former as Chief Marshal and the latter as one of his aids.

### A Wee Bit of Charity.

The total amount of money raised for the benefit of the gallant Confederate General Hood's children, from all sources, foot up the tremendous sum of \$5,873.17. This is to rear and support ten little orphan children, the oldest of whom is 12 years, and the youngest not half as many months.

Truly the South is almost as patriotic as the soldiers in Ohio at the recent election.

The celebrated Zeb Vance, Southern Baker and Chief Cook Stores, Parlor and Heating Stoves for old prices. No advance at JACOBI'S Hardware Depot.

### Writing on Postal Cards.

A long-standing order of the post-office department has required that all postal cards having any portion of the message written on their face should be treated as unmailable. First Assistant Postmaster General Tyner recently rescinded this order to the extent of holding that such writing shall not render them unmailable *per se*, nor prevent their being forwarded unless it makes the address illegible. The public are cautioned, however, that by writing any portion of the message on the face they will incur a risk of the cards being mislaid or delayed.

### The Military and the Charlotte Fair.

Col. C. W. Alexander reports that Brigadier-General M. P. Taylor and staff will attend the Charlotte fair and witness the competitive drill. Colonel Alexander has sent invitations to all the companies in his regiment, the second, to attend and enter the contest. The invitations have but recently been issued and as yet no replies have been received. The *Wadesboro Herald*, received yesterday, states, however, that the Anson Veterans will probably come. Arrangements have been made with the railroads to transport companies at the rate of one and a half cents per mile each way from near points, and \$4 for each member from Wilmington and Fayetteville. Our military boys would like to throw themselves in the field alongside of a Wilmington or Fayetteville company, and indeed would be glad to drill against any visiting companies in the State. The prize is \$100.—*Charlotte Observer*.

If you have a Sick Headache take a dose of Dr. Bull's Baltimore Pills; we know you will find relief.

### A Little Breeze.

The usual quiet at the corner of Chestnut and North Water streets was stirred into a little ripple of excitement this afternoon by a half drunken white man, clad in a red blouse, who tried persistently to pick up a fight with a very peaceably disposed colored man. The colored man did his best to avoid a conflict, but red shirt kept following him up, giving him an invitation to walk up to Paddy's Hollow, where, he (red shirt) could be found ready and willing at all times to whip any man who didn't weigh over 165 pounds. At last patience ceased to be longer a virtue and the colored man picked up a stick and hit red shirt over the head, breaking the cudgel in two pieces. This was unfortunate for red shirt's head which deserved to be broken. After the blow was passed the colored man walked up towards Mulberry street, and was soon followed by the would-be bully.

Economy is wealth—buy White Lead, Colors, Varnishes, and all kinds of painting materials for the lowest prices at JACOBI'S Hardware Depot.

### Advance in Naval Stores.

There has been a very flattering, and to the producers a very gratifying, increase in the price of all kinds of naval stores very recently. A month ago, September 18th, spirits was quoted at 25 cents, and today it sold for 31 cents; rosin is in demand today at \$1.25 for strained and \$1.30 for good strained, as against 92 cents and 97 cents a month ago; tar is quoted now at \$1, an advance of 10 cents, and crude turpentine is quoted today at \$1.25 for hard and \$2.10 for soft, an advance of 25 cents on hand and 50 cents on soft.

As for cotton, sales were made today on a basis of 10 cents for middling; on September 18th it was quoted at 10 1/2 for middling, but we must remember that at that time cotton was on the boom and has since declined everywhere. The tendency of the market now seems upward.

The Register of Deeds has issued only one marriage license during the week, and that to a colored couple.

### Different Opinions Upon the Weather.

Two of our old, or, perhaps we had better say, middle aged, respectable citizens were in conversation to-day upon the subject of the weather. The first gentleman remarked that this was exactly the same kind of weather that existed during the dark days of 1862 when the yellow fever scourge visited our devoted city—warm and dry, with no prospect of frost at an early day, and gave it as his opinion that frost would not be seen any sooner here this year than on that memorable year, when the first visible signs of it appeared on the 15th of November. Citizen No. 2 thereupon consulted his diary and said that in the year 1877 the first frost seen here was on the 13th of November and he believed that we would not have it sooner than the last named date, but that he would differ with his friend and cotemporary and give the last named date as the time in his opinion when we would have the first sight of Old Jack Frost. Both of the gentlemen referred to above are native and to the manner born and have lived on the old Cape Fear all of their lives, but notwithstanding this fact we are going to quote a third party whose opinion we think will carry greater weight than either of our friends alluded to above. This third party is none other than old Probabilities, who informs us that for the South Atlantic States we are to have rains, followed by colder Northwest winds to-night and to-morrow morning. In that event we think old Jack Frost will be apt to put in an appearance now in a few days. At any rate, we earnestly hope that poor fever-stricken Memphis will be visited by him whether we are or not.

Strangers in the city should not fail to visit the Sash Factory, foot of Walnut street.

### Important Arrests.

William Fisher and John Fisher, brother, were arrested yesterday and lodged in jail in default of \$100 each for their appearance before Justice Gardner on Monday. The former is charged with harboring the notorious Alonzo Elri, alias Elvi Johnson, alias Tom Johnson, the colored desperado, and the latter with assisting Johnson in the abduction of his wife, although how this latter can be made a penal offence we are yet to learn. The particulars in regard to the arrests were in possession of a REVIEW reporter yesterday, but at the earnest solicitation of some of the officers of the law, who thought to publish it at the time might defeat some of the ends of justice, it was withheld. It is not the first time we have been obliging in this respect, only to find the item in the *Star* next morning, but, gentlemen, it is about the last.

You pay the lowest cash prices for Doors, Sash, and Blinds, Builders' Hardware, &c., at JACOBI'S, No. 10 South Front street.

### Hold On, Boys.

Hold your tongue when you are just ready to swear, lie, or speak harshly. Hold on to your hand when you are about to snatch, steal, or do any improper act.

Hold on to your foot when you are on the point of kicking, running off from study, or pursuing the path of errors, shame or crime.

Hold on to your temper when you are angry, excited or imposed upon, or others are angry with you.

Hold on to your heart when evil associates seek your company and invite you to join in their mirth, game and revelry.

Hold on to your good name at all times, for it is of more value than gold, high places or fashionable attire.

Hold on to the truth, for it will serve you well and do you good throughout eternity.

Hold on to virtue—it is above all price to you at all times and places.

Hold on to your good character, for it is and ever will be your best wealth.

The Grand Lodge of Good Samaritans and Daughters of Samaria of the State of North Carolina, a colored organization, will hold its annual session at Statesville on the 26th inst. Delegates from subordinate lodges throughout the State are expected to be present.

### Important to the Afflicted.

We would advise all who may need the advice of a physician, to either call or write to Dr. Robertson, 19, So. Eutaw St., Baltimore, Md., who from 15 years experience in Hospital and Special Practice, guarantees a cure in all diseases of the *Urinary Organs* and of the Nervous System, Organic and Seminal Weakness, Impotency (loss of sexual power), Nervous Debility and trembling, Prolapsion of the Heart, dimness of sight or blindness, Nocturnal Emissions, &c., all resulting from abuses in youth, or excesses in manhood; also all skin and blood diseases quickly cured. Dr. R. is a graduate of one of the oldest and best medical schools in this country (University of Maryland), and refers to the leading physicians in his city, and all consulting, in case you rely upon honorable and confidential treatment. In writing enclose stamp for reply. Special attention given to all female complaints. Good accommodations for all wishing to call and see him. Medicine sent to any address.

### A Wise Deacon.

'Deacon Wilder, I want you to tell me how you kept yourself and family well the past season, when all the rest of us have been sick so much, and have had the doctors visiting us so often.'

'Do, 'T you, the answer is very easy. I used Hop Bitters in time; kept my family well and saved the doctor bills. Three dollars' worth of it kept us well and able to work all the time. I'll warrant it has cost you and the neighbors one or two hundred dollars apiece to keep sick the same time.'

'Deacon, I'll use your medicine hereafter.'

The poor ye have—always with you. Yes; that is so. We have as yet heard of no process by which we could be enabled, for a single moment, to break away from ourselves.
