Two dusky-hued individuals were the only cases on docket this morning:

Romeo Harrison, colored, was the next case, the charge being the same as in the previous one. In this instance judgment was suspended and the prisoner released.

The River.

Capt. Green, of the North State, informs us that the recent rains have not had much effect in the upper Cape Fear section, and that there has been a rise of only about 4 1/2 inches in the river, which he thinks will be about the extent of the rise unless there is more rain soon.

The Newspaper Law.
The newspaper law says if any person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount. Also an action for fraud can be instituted against any person, whether he is responsible in a financial view or not, who refuses to pay for his subscription.

The Bell Telephone once More.
Mr. W. T. Washburne, Inspector of the Bell Telephone Company, has been on a tour of inspection to this city, but did not stay long as he had only two or three telephones to inspect here. But we are informed by Mr. De Forrest, the general agent of the Bell Telephone Company in this city, that Inspector Washburne sent a telegram yesterday to have other instruments forwarded immediately to this place. In consequence of this, we suppose that the subscribers to the Bell Telephone who have been so long and so patiently awaiting the erection of their telephone instruments may now reasonably look forward to be in telephonic connection with their neighbors in a very short time.

Mr. De Forrest's work has passed inspection very well, and Mr. De F. was complimented by Inspector Washburne for the completeness of his work.

An Intended Lecture.
It having been understood that Hon. A. M. Waddell had prepared a lecture upon the Ancient History of North Carolina, a committee was appointed by the Historical and Scientific Society of this city, to confer with him and request that he deliver the lecture before the Society. We publish the correspondence below by which it will be seen that Col. Waddell has consented, and the lecture will be delivered in the school room in rear of St. James' Church on the evening of the 27th inst., and will be free to the public:
Oct. 22nd, 1879.

HON. ALFRED M. WADDELL,
DEAR SIR:--The Historical and Scientific Society of Wilmington, N. C., at its last meeting appointed the undersigned a Committee to wait upon you and respectfully request that you would deliver before the Society at its next meeting (to be held on Monday evening, Oct. 27th, at 8 p. m., in the School Room behind St. James' Church) the lecture prepared by you upon the Hibernian Characteristics of North Carolina History.
Hoping that it will be in your power and agreeable to you to comply with the Society's request we are,
Your Obedient Servants,
[SIGNED.] EDWARD CANTWELL,
ALFRED A. WATSON,
ALEX. SPRUNT.

[REPLY.]
Oct. 22, 1879.
GENTLEMEN:
It will give me pleasure to comply with the request of the Historical and Scientific Society of which you have notified me, not only because of the compliment conveyed in it, but because I feel sure that the lecture will be to the Society what it purports to be; viz:--"A New view of North Carolina History."
With great respect I am,
Your obedient servant,
A. M. WADDELL,
To Hon. E. Cantwell, Rev. Dr. Watson, Mr. Alex. Sprunt, Committee.

You pay the lowest cash prices for Doors, Sash, and Blinds, Builders' Hardware, &c., at JACOBI'S, No. 10 South Front street.

When a man with a straw hat tells you that he is doing a rushing business, don't you believe him.

A fashionable shoe has a fawn-colored cloth top and a regiment of pearl buttons in Indian file up the side.

Birds are scarce, and those who grace their millinery with ornithological ornaments must pay dearly for the pleasure.

Shirring is to be used in all kinds of ways this winter, and knife and box plaiting will be much worn on all skirts. Very few skirts will have the whole skirt plaited; they are always getting out of order and therefore objectionable.

A new belt clasp has three compartments in which the wearer may stow pins, needles and cotton.
Colored velvet, shirred into rags, outlined by strips of satin, is a new facing for the rim of a hat.
New designs in sleeve-buttons are square with Japanese figures in relief, or impressed on them.
Expensive paper knives are in the form of a dirk, with a serpent's head, having rubies for the eyes.
The celebrated Zeb Vance, Southern Baker and Chief Cook Stoves, Parlor and Heating Stoves for old prices. No advance at JACOBI'S Hardware Depot.

The cataway jackets will be worn with all kinds of skirts the coming season.
These jackets are made of cloth by a tailor, and the elegance of the garment is due chiefly to its elegant cut and finish and to the silk buttons, which form its only trimming.
For the autumn, hats of black chip or fine English straw are trimmed with black or dark-colored velvet or satin, feathers and clusters of mixed flowers of the season, such as China asters, geraniums, verbenas and chrysanthemums of all shades and colors.

Personal.
Col. S. L. Fremont, who is now in charge of the government works on the Savannah river, is in the city to day and favored us with a short but very welcome visit.

Down the River.
About 30 of the visiting excursionists from Richmond and Robeson counties took a trip down the river on the Passport this morning to take a sniff of the salt breezes of the ocean and to take a look at the fortifications at the mouth of the Cape Fear.

Economy is wealth--buy White Lead, Colors, Varnishes, and all kinds of painting materials for the lowest prices at JACOBI'S Hardware Depot.

Magistrate's Court.
Henry Nichols, colored, was arraigned before Justice Gardner this morning for assault and battery, and in default of payment of fine and costs in the case was committed to jail.
William Fisher, and John the son of William, were brought before Justice Gardner this afternoon upon the charge of abducting the wife of Tom Johnson, the notorious outlaw, but up to the time of our going to press the trial had not been concluded. [John L. Holmes, Esq., appeared for the defence and Col. B. R. Moore, Solicitor, for the State.

Another Fisher-man Caught.
Arthur Fisher, colored, brother to William Fisher, who together with his son John, was lodged in jail a few days ago, upon the charge of abduction was arrested this morning by officer Carr, on the confines of the city, in the neighborhood of Gum Pond--or Gum Swamp--just the other side of Cumming's Row on the road to Jumping Run, and brought before Justice Gardner, who committed him for trial.
The charges are harboring an escaped convict, who was none other than Tom Johnson, and who it is alleged was sick at Arthur Fisher's house for several weeks and by the latter nursed until he got well. The trial of the last named Fisher will probably take place to-morrow.

New Uniforms.
The C. M. Steadman Fire Company met at their Hall last night, where each member received his uniform, consisting of a red helmet hat, upon which is the name of the company, a blue shirt, made in man-of-war fashion, a black belt, also bearing the company's name and number, and the company badges. The hats of the officers are white, instead of red, otherwise the uniforms are alike. We learn that on the first Wednesday night in November the company is ordered to meet at the hall in their new uniforms, as that is the time for their regular monthly meeting. The Company will make a public parade sometime soon, and the time will probably be decided at that meeting.

Wine and Cake for Evenings.
Alfred Speer of New Jersey, it should be known, is one of the most extensive producers and dealers in Pure Wines and Brandies in the United States. He makes a Superior Port Wine, which took the highest premium at the Centennial, known as Speer's Port Grape Wine. It is sold by J. C. Munds, P. L. Bridgers & Co, and Green & Flanner. Aug-14.

Dr. Mott's Endorsement of Speer's Port Port Grape Wine.
The following, from the celebrated Dr. Mott of New York, speaks wonders for Mr. Speer's efforts to raise the Oporto Grape in New Jersey:
62 MADISON AVENUE, }
NEW YORK, April 11, 1878. }

MR. ALFRED SPEER.--Dear Sir: The visit which I made last year to your Vineyards, wine-presses and vaults at Passaic, N. J., satisfied me thoroughly that the wines manufactured by you are pure and unadulterated, and the very best that can be offered to the public for medicinal uses.

Acting upon my favorable impressions at the time, I have since recommended the Port Wine more particularly in my practice, and am satisfied, with marked benefit, to my patients.

There can be no better proof to the doubting mind, as to the Wine being made of the finest Oporto Grape, than a visit to the acres of land covered with the vine bearing the luxuriant fruit. Wishing you success in your praiseworthy enterprise,
I remain respectfully yours,
ALEX. B. MOTT, M. D.,
Prof. of Surgery, Bellevue Hosp. Med'l College, &c., &c.

Communion Wine.
The grape crop of A. Speer's vineyards in New Jersey last year was one-third larger than any previous year. His vineyards in New Jersey, and the product from the grapes he purchases, have enabled him to keep a stock four years ahead. None sold less than four years old. It has become a popular evening wine among the best families in New York, and for communion purposes. For sale by Jas. C. Munds, Green & Flanner and P. L. Bridgers & Co.
