DRY GOODS LINE. HAVING BEEN FOR THE LAST weeks in the Northern markets, we are now fully prepared to show the most extensive assortment in each and every department of our establishment. Our stock has been selected with all care so as to meet the wants of every one. Our Dry Goods were bought during the late warm weather when importers were anxious to dispose of their goods and many advances were gained. We have many

Special Jobs which it will be impossible for us to take care of as our space will not allow. The following can give but a very limited idea of what we have on hand. A call only will cover the ground.

SILKS. THE CHEAPEST LINE from Auction have ever shown, \$1.00, 1.15, 1.25, 1.40, 1.50, 1.75 and 2.00. Colored Silk for Trimming, 75 cents, in the popular shades. Brocade Satins for Trimming, \$1.50, latest styles. Black Silk Velvets, for Trimming, \$1.50, 75 and 2.00. Black Silk Finish Velveteens 75 cents, a good article.

Fancy Dress Goods. The largest and most varied assortment this city, embracing all the Novelties at hand ranging from 12 1/2 to 75 cents. Colored Cashmeres from 15 to 75 cents.

OUR Mourning Department now complete, having added the new fabric of the season. BLACK CASHMERES WE MAKE A SPECIALTY. BLANKETS from \$1.50 a pair up. COMFORTABLES, a full assortment, made from pure clear Batting.

Flannels. A very large stock, too numerous to detail. Bottom prices guaranteed.

Ladies', Gents' and Children's Underwear, Hosiery and Gloves. Just give us an opportunity of showing what we have got and we do not fear the result.

Cassimeres for Men and Boys' wear, all prices. Bleached and Unbleached Sheetings. Bleached Shirtings and Homespun. No space to quote prices, but you can see they are as low as any thing in the market.

LATEST NOVELTIES in Ladies' Ties and Neck Wear. ALMORAL and FELT SKIRTS, from 50 cents to \$2.50.

Belgianes from 4 1-2 Up! Lack of space prevents us from adding more or quoting as many prices as we desire. We have a great many SPECIAL BARGAINS which we are offering away below market value. Just give us a call; it is much the safest way of securing any of them.

Almost Young Again.

"My mother was afflicted a long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady, in Providence, R. I.

## New Market.

The roof is being put on the new market house and the building is beginning to look very handsome. The brick work will be completed by the latter part of this week and it is thought the building will be ready for use by the first of December.

Mr. Jno. D. Sidbury, who has the contract for building the fish market, is at work laying the foundation on the wharf, in rear of the market building. The market when finished will be an ornament to the city, and should be a pride to every citizen who encourages improvements.

## Enterprising.

Messrs. Herring & Moore seem to be doing a lively business at Burgaw in the way of shipping roots, herbs, &c. They sent off last Saturday some 3,500 pounds, all of which was gathered in one week. They are preparing now a large lot for shipment, among which is several hundred pounds of yellow jessamine root. This is considered in this section to be poisonous, and so it is when eaten in the green or crude state, but it becomes a very valuable medicine after passing through certain preparations.

## Board of Aldermen

The Board met in regular monthly session at the City Hall last night, at 7:30 o'clock.

Committee on Fire Department reported progress on the oil standard matter, and also favorably on the ordinance in regard to paying the Fire Companies when employed for salvage purposes, and the ordinance was adopted, after amendment fixing the charge for day service of Steam Fire Engine Companies at ten dollars per hour, and for night service fifteen dollars.

Committee on Streets and Wharves reported progress in the matter of moving market carts, and regarding the renting of the city wharf, and recommended that an appropriation be made for the work on the dock and wharf at the foot of Red Cross street.

Committee on Finance reported progress on petition of Cato Bunting, and also on petition of City Treasurer Savage.

A communication from the Board of Audit and Finance was read, and on motion, so much thereof as related to the footway over Boney Bridge was referred back to the Board for further consideration and consultation with Aldermen Foster and Lowrey.

Petition of Messrs. Chess, Carley & Co, for permission to erect iron tanks and sheds on Lot No 5, Block 260, was granted.

Petition of street hands for increase of wages to one dollar per day, was received, and on motion of Alderman Bowden the increase was allowed from November 3d, 1879, to March 1st 1880.

The Mayor recommended that the pay of the police force be increased, and on motion of Alderman Flannor, an increase of \$5 per month was made from November 1st, 1879, to March 1st, 1880.

Alderman Foster offered the following resolution, which was adopted:

WHEREAS, The excessive tariff levied by the Western Union Telegraph Co. upon all dispatches sent and received through their office and over their lines, to and from Wilmington, for many years past, have been enormous and oppressive to a degree that has retarded business not only in our city, but throughout the whole South; and, whereas, the great monopoly *Star-chamber* the Western Union Telegraph Company, have repeatedly refused to lessen the burdensome rates upon our business men, &c. therefore, be it

Ordered, That the telegraph business of the city government be tendered to the American Union Telegraph Company for a term of five years to all points reached by their lines; provided, that they extend their lines to Wilmington within one year, and establish a rate not less than 20 per cent. under the present rate of the Western Union Company; also that a copy be sent Mr. D. H. Bates, President of the American Union Telegraph Company.

Petition of St. Stephen's A. M. E. Church, for the use of the City Hall, was granted.

Report of the Chief Engineer of the Fire Department was read and ordered to be put on file.

Sundry petitions for positions on the police force were read and ordered on file.

On motion, the City Clerk was instructed to notify Messrs. Worth & Worth, steamboat agents, that the wharf occupied by them is reported in a dangerous condition, and must be repaired immediately.

The Committee on Fire Department reported in regard to bids for keeping the fire cisterns filled and pumps in repair, that all were excessive, and on motion of Alderman Myers the report was received and the matter laid upon the table.

## Death at the City Hall.

James Stocks, a colored man, apparently about 25 years of age, was found lying on the wharf on Saturday, in a very debilitated condition, and conveyed to the Guard House for protection from the weather, and on the day following, Sunday, he expired. His disease the city physician states was congestive fever.

The remains of the deceased remained in the Guard Room at the City Hall until about noon to day, when, as no one had come to claim the body, it was buried in Potter's Field at the expense of the county.

## Arrested in the Market House.

A colored woman by the name of Delia Jewett was arrested in the Market House about 12 o'clock by officer Grant, upon suspicion of having purloined a piece of beef which she then had in her possession, from some of the stalls. The defendant was turned over to Justice Millis for trial.

## Remembering the Poor.

The members of St. James' Episcopal Parish will pour the poor under the care of St. James' Home this evening. Pouch packages of coffee, teas, sugar, etc., have been sent to the Home and to-night the lady superintendents will give them out to the needy, in such quantities as in their judgment they deem advisable. We should like to see more of such pounding in this community. Much good can be done in this way and the sick poor be very much relieved.

## Committed to Jail.

James Henderson, the same individual who was arraigned yesterday before the Mayor, charged with forcing a lock in the Market House on Sunday morning, and whose case was continued until to-day, was this morning by order of Mayor Fishplate delivered over to a trial Justice for arraignment upon the above named charge. The defendant was committed to jail in default of surety for his appearance at 10 o'clock to-morrow morning, at which time a preliminary investigation will be had before the Magistrate who committed him.

## In a Big Hurry.

We think that the Board of Aldermen were in too big a hurry last night in adopting the resolution offered by Alderman Foster, denouncing the Western Union Company and endorsing Jay Gould's new scheme, the 'American Union Telegraph Company.' We don't know how far South the lines of the new company have yet extended, probably not farther than Courtlandt street ferry, on the New York side, but we do not doubt that the magnificent inducement held out to them in their resolution will work wonders. By actual investigation it has been ascertained that 'the telegraph business of the city government during the last five years, has been worth just about \$5, or \$1 a year. In that time the Western Union Company have paid into the city Treasury some \$3,000.

## Fine Tobacco.

We have received several samples of tobacco raised in Sampson county, 8 miles from Clinton, on the plantations of Col. John D. Ashford and Mr. James Stevens. The samples were selected from a field of 38 acres, and are about an average of the entire crop. It was cultivated by a practical tobacco farmer from the upper portion of the State, and from our limited knowledge of the unmanufactured article, we should pronounce it very fine.

Tobacco is undoubtedly the most profitable crop which can be produced in the State, all things considered, and we believe there are thousands of acres in this Eastern section which might be made to produce as abundantly and as fine a quality as those counties which have hitherto been its principal places of cultivation. We hope to see this branch of agricultural industry more extensively operated in this section, being very positive that it will prove more remunerative to the producer than anything else. Let every farmer endeavor to raise his own meat and bread, and then cultivate tobacco, instead of cotton, and farming will be found to be more profitable by the change.
