THE LATEST!
BROWN & RODDICK,
45 Market St.
ARE NOW FULLY EQUIPPED IN THE
DRY GOODS LINE.
HAVING BEEN FOR THE LAST
several weeks in the Northern markets, we are now fully prepared to show the most extensive assortment in each and every department of our establishment. Our stock has been selected with all care so as to meet the wants of every one. Our Dry Goods were bought during the late warm weather when importers were anxious to realize on their goods, and many advantages were gained. We have many
Special Jobs
which it will be impossible for us to take notice of as our space will not allow. The following can give but a very limited idea of what we have on hand. A call only can cover the ground.
SILKS.
THE CHEAPEST LINE from Auction we have ever shown, \$1.00, 1.15, 1.25, 1.50, 1.75 and 2.00.

We understand that a festival will be given by Wilmington Lodge of Good Templars, on next Wednesday evening, the proceeds to be applied to the purchase of an organ.
Not the Horn of the Hunter.
The tooting of the tin horn is already heard in the land and arouses the late bird. Let it be prohibited, as was the case last year, until the Christmas Holidays, and then give the boys two weeks in which to toot to their heart's content.

City Court.
Mayor Fishblate had two "old drunks" before him this morning.
In the first case the party was a colored man, and it being his first offence, he was permitted to go on his way rejoicing, a soberer and a wiser man.
The next case was a white man, but by no means his first offence or his first appearance before the Mayor's Court. He was told to deposit \$5 with the Clerk, failing to do which, he was remanded to the cell for ten days.
Down the Cape Fear.
The *Passport* carried down a happy crowd of excursionists to-day to visit points of interest at the mouth of the river and take in a little salt air. A telephonic dispatch from Smithville tells us that they have been having a delightful time of it to-day and it is expected that this will but be the first of others to be had during the excursion season.

U. S. District Court,
His Honor Judge Brooks, presiding.
The following cases were taken up and disposed of to-day:
U. S. vs. L. F. Vann, charged with passing counterfeit money. Verdict not guilty.
U. S. vs. J. M. Matthews, charged with violating revenue laws, *not pros.*
U. S. vs. H. T. Cheaney, charged with violating revenue laws, selling liquor without a license. The defence, who seemed to be *non compos mentis*, was released upon his own recognizance until the next term of the Court.
U. S. vs. Frank Lander, charged with violation of revenue laws. On trial.

A Heavy Spectacle.

Mars, which this week becomes more brilliant than at any time since 1877, is now the most striking object in the sky, not even Jupiter excepted. Indeed, it almost equals Jupiter in apparent size. The rich, ruddy color of Mars, unlike that of any other planet or star, serves to easily distinguish it, and adds greatly to its splendor. The present opportunity is being improved by astronomers in all parts of the world to catch a glimpse of Mars' two little moons.
Strangers in the city should not fail to visit the S sh Factory, 'foot of Walnut street.

Court Martial.
The officers of the 5th battalion N. C. S. Guards, colored, met in this city on yesterday as a Court Martial to investigate charges brought against one of the officers of the battalion. The verdict of the court will not be made public until it is announced by the Adjutant-General of the State. Capt. Joseph C. Hill was president and Capt. Wm Marshall Judge Advocate of the Court. The commanding officer of the battalion is determined to bring his battalion up to a position that will make them command the entire respect of the community.

Firemen's Parade.
The Cape Fear Steam Fire Engine Company were out on their annual parade this afternoon and made a very fine appearance. The men were nicely uniformed and the engine and horses were gaily decked and caparisoned. When opposite the residence of Col. Roger Moore, Chief Engineer of the Fire Department of this city, Foreman Valentine Howe raised his hat and proposed three cheers for their worthy Chief. His example was followed by his company and the cheers were given with a will.

A month or so ago, as our readers are aware, a prorating tariff as to freights was agreed upon between the authorities of the Carolina Central, the Atlantic, Tennessee and Ohio and the Western North Carolina Rail Roads. These rates, we understand, have been printed and given out to agents and are now in full effect. They will prove beneficial to the Merchants of Charlotte and Wilmington as well as the merchants and purchasers all along the West. Commenting on these facts the *Hickory Press* has the following very pleasant and kindly reference to our city and our people:
Wilmington has long endeavored to control certain lines of trade in this section and reached out after our mountain products but on account of the exorbitant charges for transporting goods, every effort has been a failure. There is no necessity for this in the future. Hickory and Wilmington are now closer connected, viewing from a business standpoint, than they have ever been before, and we hope more intimate relations will exist ere long. The authorities of the railroads have taken very commendable steps towards bringing about this business affinity, in the way of issuing free tickets to merchants in this section who wish to visit Wilmington. Now, if the business men of that city will give the proper inducements for trade we feel assured that these efforts will not be in vain. As an evidence of the advantage the Wilmington merchants will have over those of Richmond we will state that a car load of salt from the latter place now costs \$44.00 to Hickory, while a car load from Wilmington will now cost \$31.40.
We are glad to see these friendly relations going into effect between the west and our "city by the sea" and trust that it will be for our mutual advantage. Wilmington is a North Carolina town and the only sea port town in the State and justly deserved a liberal patronage from this section.
The Norcross Fifth Avenue Company are to play in Charlotte three nights this week.

Latest From New York.

Cornell's Plurality Between 30,000 and 40,000.
BALANCE OF THE STATE TICKET YET IN DOUBT.
The Legislature Surely Republican.

(Special to Daily Review)
WASHINGTON, D. C., T. P. M.
The following is a brief summary of all that is known here at this hour relative to the actual result in New York:
Cornell is certainly elected Governor by a plurality ranging between 30,000 and 40,000. The balance of the State ticket is in doubt but the Legislature is decidedly Republican. Kelly's total vote, in the city and State, will probably reach 70,000. Robeson ran ahead of Kelly in the city by some 16,000 votes.
The enthusiasm of the grand army of office-holders in this city on the result seems to have subsided. There is a lame look in the North-east corner of the left-eye which seems to indicate too much crow before the election and too little after it. They seem to be conscious that the laurels of this victory should be equally divided between Tilden and Kelly, with a reversion of the remainder to Kornell. The old-time Democrats here are interesting themselves particularly as to the future fate (not in this world) of those two fallen angels. JACOBUS.

The Meeting at the Exchange.
A meeting of the members of the Produce Exchange was held at the rooms of the Exchange this morning at half-past ten o'clock, Mr. C. H. Robinson, the President in the Chair.
The Chair stated that the meeting had been called to receive a report through Mr. F. W. Foster, from Mr. D. H. Bates, President of the American Union Telegraph Company, relative to the establishment of a line by the American Union to this city. Mr. Foster then at the request of the meeting read several communications from the president of the aforesaid company, one of which embodied a proposition, or agreement, which the American Union proposed to the members of the Exchange and the citizens generally, which if complied with, or agreed to, by the community of Wilmington, the American Union promise on their part to establish a line in a short period of time to this city at rates very much reduced from those that are now being charged by the Western Union Company.
The proposition made is to the effect that as soon as \$10,000 are subscribed to the stock of the company, they will establish the line. It is of course expected that the citizens, or a goodly portion of them, will obligate to give their patronage to the new line for a term of five years, which is the period of time that this Company guarantees to furnish the citizens or the stockholders in this city the benefits of the line at the reduced rates which they have named in their communication.
A committee was then appointed by the meeting, consisting of Messrs. C. H. Robinson, Donald MacRae and F. W. Foster to confer with the new company to receive their proposals and get them in legitimate shape, after which the subscription list will be opened. Pending this matter, however, a number of gentlemen present at the meeting this morning, representing a number of prominent commission houses, affixed their signatures to a paper agreeing to pay the amount opposite their respective names as soon as the contract between the American Union Telegraph Company and the business men of this community shall have been agreed to and signed.
The largest sum subscribed by any one firm was \$500, and the smallest by any one person \$50. Other subscriptions of \$100 and \$250 were taken. An amount reaching nearly \$2,000 was subscribed in fifteen minutes. The meeting then adjourned until such time as the Committee of Conference signify their readiness to report.

Almost Young Again.

"My mother was afflicted a long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady, in Providence, R. I.
DIED.

SIMMONS—At Paradise Point Onslow county, N. C., on the 17th October, 1879, MRS. HENRIETTA SIMMONS, in the 78th year of her age.
The deceased has been for many years a consistent member of the Methodist Episcopal Church, and has been long and widely known as a most estimable Christian lady. She survived all of her children but one, a daughter, who was with her in her last hours and was a source of much comfort and consolation to her in her declining days. She also leaves a large circle of grandchildren to mourn for her. For many years she has been the subject of very painful bodily affliction. Her sufferings were extreme, but she endured all her physical ills with great patience and fortitude. She has seen the shady shadow of the death angel's wing, time after time, fall on the members of her household, but its coming lines to enfold her she viewed only as the spirit escort to wait her above the clouds, to be ever with the Lord. The blight of the grave is not without its consolation. If the tomb reclaims its own, it must return to dust, oh! how sweet the consolation to know that the spirit has winged its flight to mansions of eternal rest, where the soul, freed from the cares and sorrows of earth, rejoices in a heaven of everlasting delight.
