

Grant at Home.

BURLINGTON, Ia., November 4—General Grant reached here last night, and to-day has been a holiday. The Fire Department has been parading about generally, and all the city officials are busy escorting General Grant. After a reception, during which some fifteen hundred people shook his hand, he visited the public schools and made a speech to the children. The streets are filled with people, covered with arches and fluttering with flags.

GALESBURG, Ill.—General Grant reached here from Burlington, Ia., today, and was met at the depot by a large crowd of people to whom he spoke a few words. He will reach home to-morrow.

Australian Emigrants Returning.

LONDON, November 4—During the past few days an emigration scare has taken possession of a large proportion of the miners of Durham and Northumberland in consequence of the receipt of most unfavorable news from their brother miners who recently emigrated to New South Wales, and who have been utterly deceived by the promises of profitable employment there. This news will considerably check emigration schemes. Larger numbers of miners who left England during the recent strike in Durham are now returning without having struck a pick.

Mr. Joseph Chamberlain, presiding at a meeting of the Board of Wages of the South Staffordshire Iron Trade, awarded an advance of a penny per ton in the wages of the operatives. In giving the award he said he thought that the improvement in the iron trade was rather speculative, but that the demand from America was perfectly genuine and might be considered permanent.

When Senator Bayard Returns.

WILMINGTON, Del., November 4—A large meeting of the leading citizens and business men of this city was held today to arrange a public reception for Senator Bayard on his return from Europe. The meeting was of a non-partisan character, many prominent Republicans of the State participating. Henry G. Banning acted as Chairman.

The Marriage of King Alfonso.

MADRID, Nov 4—In the Chamber of Deputies the Minister of Finance read a bill granting to the future Queen £18,000 annually, and £10,000 annually in case of her widowhood. There was no debate on the measure. The opposition members will not oppose the grant. The house was very thinly attended.

LONDON, Nov 4—A despatch from Madrid announces that his royal marriage is fixed for December 1.

Cuba.

HAVANA, Nov 4.—It is officially reported that Captain-General Blanco has left the District of Manzanillo completely pacified, and his forces are now engaged in pursuing the insurgents in the Bayamo and Jiguani districts.

The jurisdiction of Las Tunas is reported completely quieted by the surrender of 100 insurgents, half of whom were mounted.

CAROLINA.

Raleigh got 460 bales of cotton on Tuesday.

Wadesboro sold 558 bales of cotton last week.

The receipts of cotton at Charlotte for several days have been very light.

There are 24 inmates in the jail at Charlotte, only 23 of whom are colored.

A Lodge of Knights of Honor with 25 charter members has been instituted at Mooresville.

Raleigh Observer: Colonel W J Clarke proposes to establish his Republican paper at Raleigh, and not in Newbern, as we recently stated.

Raleigh News: Mr Ryan and lady from Auburn, New York, were in the city yesterday. Mr Ryan intends the publication of a newspaper in this State somewhere pretty soon.

Wadesboro Herald: Mr WH Candler, a young man who lives in Gullledge's Township, happened to the misfortune of having his leg broken by his horse running away with him last Sunday, a week ago; and last Sunday it was found necessary to amputate his leg.

Hickory Press: A minister writes us the following: "There were 260 professed faith in Christ during the recent protracted meeting at Mooresville, in which Miss Painter, the female evangelist, took an active part."

Hickory Press: Dr Elliott's road engine came into town yesterday evening with a rush. Everything is now fixed and it works nicely. It can run a mile in ten minutes and has hauled 10,000 lbs up a grade of 15 inches in every 12 feet.

Newbern Democrat: We learn from competent authority that three-quarters of the cotton crop which is handled in Newbern has already come in to market and been sold, if this is so, and if this market is an index of the crop elsewhere, then the crop is undoubtedly short and the estimates as to its yield are all at fault.

Raleigh Observer: It is probable that the Secretary of the Treasury will, from time to time, as the surplus revenues of the government permit, make additional purchases of six per cent. bonds for the sinking fund. This fund is now in arrears of fifty-one million dollars for previous years. The amount required for the present year will be about thirty-six million dollars. If the revenue of the government keeps running up as at present the requirement for the sinking fund for the fiscal year can be easily met, and something may be done toward making good the deficit.

The Foster Kid Glove is all the go.

These Goods have been sold during the past three years. All who have worn them pronounce the Mode of Fastening ABSOLUTELY PERFECT.

The many annoyances connected with the old system of Button Gloves are entirely overcome, and the following advantages secured:

1st—The perfect ease and rapidity with which it is laced.

2nd—Its adjustability to fit the different sized wrists.

3rd—The advantage gained by gradually straining the Kid, instead of the old system which ruins so many pairs the first time buttoned.

4th—Strength of Hooks and mode of clenching them. The fastening will outlast any glove which is a very rare occurrence with buttons.

Independent of Improvement in fastening the quality is guaranteed equal, if not superior, to any other glove in the market.
