The probabilities for to-day are a cold in the head with rheumatic tendencies.

Christmas presents will soon occupy the attention of possessors of plecthoric purses.

There were five interments in Oakdale Cemetery this week—one adult and four children.

Six interments in Pine Forest (colored) Cemetery this week—three adults and three children.

Our globe, says a celebrated astronomer, appears to Mars as the morning and evening star.

Buckwheat cakes and syrup, with hot coffee and rolls to cheer up, are pleasant contemplations.

Weeds upon the farm may be got rid of by a little husbandry. So may those on a widow's bonnet.

It is a poor writer who is obliged to draw on the italic case for all the strength and force of his argument.

Theatre goers are generally finding out that they are not obliged to attend a performance if it is a bad one.

One way to let people know you are not going to the poorhouse is to wear rings outside young gloves.

An application of cold, wet, common whitening placed on immediately is an invaluable remedy for a burn.

It takes a whole legislature to change a man's name. A woman can change hers by the act of a single man.

Every man is honest, if you take his word for it; but it is just as well to take a note for borrowed money.

Gum camphor dissolved in petroleum is now used as a remedy for diphtheria; apply it as a gargle or with a swab.

A barber can never cast a smile of honeyed friendship on the man who coolly acknowledges that he shaves himself.

Are you bilious? Do you feel drowsy? Have you the "blues"? Take a dose of Dr Bull's Baltimore Pills. Price 25 cents. All druggists keep them.

Ben Butler has already announced himself a candidate for Governor of Massachusetts at the next election, and we care but very little if he is successful. Marcus Morton was elected in that State by a majority of one vote, after being a candidate of the Democratic party for sixteen years, and we cannot see why Butler's chances are not equally as good.

Mr. R. F. Eyden, proprietor of the Eureka House, gives notice in this issue that he has made ample arrangements for a continued supply during the season of the well known and delicious Hill's Garden oysters, from New River, which he offers in any style desired. Families supplied with oysters fresh from the shell.

### A Monster Potato.

We saw this morning, at Messrs. Hankins & Bates' store, on Second street, about the largest potato we have ever come across. It is a yam and was grown by Mr. S. B. Hankins at his farm in Brunswick county, about five miles from this city, and weighs ten pounds. Think of that, will you! Ten pounds of potato under one hide!

### Unmailables.

The following unmailable postal matter remains at the postoffice in this city: Toney Batte, William, N. C.; J. G. Boyd, New York, N. Y.; Tolar & Hart, New York, N. Y.; J. S. Johnson, New York, N. Y.; Strasberger, Pfeiffer & Co, New York, N. Y.; J. McDougough, New York, N. Y.

### U. S. District Court.

This tribunal convened at the usual hour this morning and transacted such business as remained unfinished from yesterday's session and then adjourned. The Grand Jury were discharged last evening.

In the case of George Davis, convicted of robbing the U. S. mail, as reported by us yesterday, Judge Brooks passed sentence of one year at hard labor in the Albany Penitentiary.

### A Systematic Thief.

The law office of Mr. John D. Bellamy, on Market, between Second and Third streets, was broken open a few nights since, and a few books and some of the office furniture were taken therefrom. On the same night the residence of Mr. King, a few doors above, was also broken open and a small quantity of infant's clothing was stolen. The thief probably stole the clothing first and then cribbed the law books to study up his line of defense, providing he should be detected and brought to trial.

### Rail Road Superintendents.

Maj. A. Shaw has resigned the superintendency of the Richmond & Petersburg Railroad, and is to be succeeded by Mr. Theo. Kline, Superintendent of the Charlotte, Columbia & Augusta Railroad. Mr. Kline resigned his position on the Charlotte road two or three weeks ago, but is still discharging the duties of Superintendent.

This information we gain from the Charlotte Observer. Messrs. Kline and Shaw are both well-known in this city, having filled positions here. Some few weeks ago it was rumored that Mr. Kline was to take charge of the W. C. & A. R. R. but this has been denied. We do not know whether this report is any more correct than was the last.

### The Greensboro Patriot.

As has been published for some time past, Capt. R. T. Fulghum takes charge of the Greensboro Patriot, one of the staunchest and most influential Democratic papers in the State. Capt. Fulghum has purchased the entire paper and will hereafter conduct its destinies. He will be ably assisted by our friend, Wade H. Harris, Esq., a gentleman who is well and favorably known in Wilmington and a newspaper man of marked ability, and also, for a time, by Mr. Duffy, the recent editor and proprietor of the Patriot.

Capt. Fulghum has been known for years past as a brilliant member of the fraternity in this State. He is a gentleman of much ability, of thorough energy and of long experience and we predict for the Patriot a long and useful career.

### Two-Cent Postal Cards.

The new two-cent postal card will be ready for distribution to the postoffice in a few days. A large number of samples, on different shades of paper and printed with different inks, have been sent to Washington for the department to select from. The color of the paper will probably be different from the present cards. The universal postal union, to which the new cards can be sent, includes Great Britain, France, Germany, Greece, Italy, Belgium, Russia, Spain, Switzerland, Turkey, Norway, Sweden, Portugal, the Netherlands, Austria-Hungary, Servia, Denmark, the Argentine Republic, Roumania, Luxemburg, Montenegro, the British, French, Spanish, Portuguese and Netherlands colonies, Egypt, British India, the Falkland Islands, Ceylon, Greenland, Honduras, Hong Kong, and other places in China, Jamaica, Japan, Liberia, Mexico, Newfoundland, Peru, Persia and Trinidad. Canada belongs to the union also, but the special arrangements between that country and the United States remain in force, letters and postal cards passing between the two at domestic rates.

The child who is ordered to stop crying will carry a concealed weapon through stifled sobs.

"It's cool to-day," said a mother to her little son. "Yes, it's school five days out of the week," replied the embryonic paragraphist.

The touch of nature which makes us all akin just now is the touch of Jack Frost. He makes us all with one mind and thought don our ulsters.

The Register of Deeds has issued five marriage licenses during the week, four of which were for white couples and one to a colored couple.

Sugar is going up in price. In the reign of Henry the Fourth of France, sugar was so rare that it was sold by the ounce at the apothecaries.

We are publishing pretty full reports of the Baptist Convention, in session this week at Oxford. It will be found to-day on the second page of this issue, and there are two columns of it.

The papers talk a great deal about moral courage, but after a man has once gone down town with stove polish on his boots you can't sell him moral courage even at three cents per ton.

Do not discuss politics or religion in general company. You probably would not convert your opponent, and he will not convert you. To discuss these topics is to arouse feeling without result.

Apples are abundant, and it may be as well to know that to preserve cider, and keep it sweet, put it in wine bottles, add a teaspoonful of white sugar to each bottle and cork it tightly, then tie down the corks firmly.

Mr. John Carroll treated us yesterday to a bucket of those splendid Winberry oysters, which are sold by him here. They were truly delicious. Mr. Carroll receives these oysters twice a week during the season and will take orders for any amount.

### Magistrate's Court.

An investigation of the case of Manuel Rhodes, colored, arrested for rape a few days ago upon the affidavit of Melissa Hines, colored, was had this morning at 10 o'clock before Justice Mills, and resulted in the defendant being bound over in the sum of \$100 for trial at the next term of the Criminal Court.

### Serious Accident.

A colored man, whose name we failed to learn, fell from the roof of a barn belonging to Capt. R. A. Price, and situated on the corner of Front and Queen streets, this morning, and then a portion of the roof fell upon him, inflicting quite serious injuries about the head. Dr. E. A. Anderson was called in and rendered the necessary medical assistance. The wounds, though painful and severe, are not considered necessarily mortal, and the man will probably not die.

### Spirits and Cotton.

The boom in cotton and spirits has not yet played out notwithstanding the fact that a few days ago spirits sold at 47 cents and to-day at 35 and 36. Yesterday it dropped down from 36 to 35 and to-day it has dropped up from 35 to 36. The closing sales to-day were made at 36 and the market is firm with 36 1/2 cents bid.

In cotton there has been a marked gain to-day, the advance being from 10 1/2 cents at which figures sales were made yesterday, to 11 cents to-day, the market closing firm with an advancing tendency.

### Get out Doors!

The close confinement of all factory work, gives the operatives pallid faces, poor appetite, languid miserable feelings, poor blood, inactive liver, kidneys and urinary troubles, and all the physicians and medicine in the world cannot help them unless they get out of doors or use Hop Bitters, the purest and best remedy, especially for such cases, having abundance of health, sunshine and rosy cheeks in them. They cost but a trifle. See another column.

### The Fun of It Is

THAT THE RUSH FOR Gents', Youths', and Boys' Clothing and Furnishing Goods, still continues at our two stores, notwithstanding the immense amount of Goods we have already sold this season. The reason is plain. Nobody ever bought a bad bargain at SHRIER'S, while our goods, although low in price, are always just as represented. So in the best and cheapest shirt in the city, laundried and unlaundried, at
