We learn by telephone that the audience at the City Hall this afternoon to see the "Midgets" is very large—much larger than on yesterday or last night.

Make a scrap book, hide it in an old chest, and twenty years after you are dead some young ladies' literary society will bless your memory for thus thoughtfully supplying it with original essays.

Probabilities.
The following are the probabilities received here to-day from the Signal Office in this city:

For the South Atlantic and Gulf States stationary barometer, increasing cloudiness, warm southerly winds, threaten rain and rainy weather, followed in latter by rising barometer and colder northwesterly winds.

Unmailables.
The following unmailable postal matter remains at the Postoffice in this city: S. Quick, Sand Hill, N. C.; Mrs. Penny S. one, Chatham Co. N. C.; B. T. Barden, Fair Bluff, N. C.; Government stamped envelope, no address; Mrs. Helen Perry, Monroe, N. C.; Miss Mary Williams Martin, Winston, N. C.

Across the Ocean.
The parties spoken of elsewhere as having gone to France took with them three of Dr. Flag's Liver and Stomach Pads for their friends on the other side of the ocean, who are suffering from diseases of the liver and kidneys. This is a great recommendation for them, and the time is not far distant when they will have a large sale in Europe as well as America. Office, Room 43, Purcell House.

Physicians' Wine.
New York physicians say that they have been using Speer's Port Grape Wine and Wine Bitters in their practice for years, to the entire satisfaction of their patients and themselves, and take great pleasure in recommending them to the public as being all that is claimed for them, and, in fact, the most reliable they can find. For sale by Green & Flanner, Jas. C. Munds and P. L. Bridgers & Co.

The handsome silver cup awarded the Champion B. B. Club of this city, at the Wadesboro Fair, has been received and was on exhibition to-day at Burbank's drug store.

Personal.
We were very much pleased to-day to receive a call from Mr. W. O. Wolfe, the Editor and Proprietor of the *Monroe Enquirer*, who is here for a day en-route for Wilson. It is the first time we have ever met Brother Wolfe and we hope that it may not be the last—no, not by a jugful.

Analysis of Water.
Dr. Wood wishes us to announce that the Chemist of the Board of Health is prepared to make analysis of drinking water for any one desiring it. The only expense is the freight on the box to the laboratory at Chapel Hill, which seldom amounts to \$1. Information on the subject will be given promptly on request.

Deserved Promotions.
We are glad to learn, as we do from a private letter received here yesterday, that Capt. G. L. Dudley, of this city, who has for years past been Chief Clerk in the office of the Secretary of State, has been appointed Private Secretary to the Governor, vice Mr. Overman resigned. The position made vacant by Capt. Dudley in Col. Saunders' office has been tendered to and accepted by our young friend, E. B. Engelhard, eldest son of the lamented Maj. Jos. A. Engelhard.

The water in the river continues very low. It is now within four inches of the lowest point.

Christmas is Coming.
Christmas day was just three weeks off from yesterday. Three weeks from to-day Santa Claus will have come and gone and the little toys will be scattered here and there, some broken while others are thrown aside and discarded. What a pity for the little folks, and some of larger growth, too, that with so much preparation, there should be such a short holiday of fun and frolic.

Famous Oysters.
The Winberry oysters have obtained a high reputation. They are carefully cultivated and it is wonderful to see the perfection which they reach. Mr. Winberry sends these oysters here regularly every Tuesday and Friday during the season, and they are sold by Mr. John Carroll, his agent here. Mr. Carroll presented us with a bucket-full to-day and we must say that they are as delightful to eat as they are to see and talk about.

Attempt at Robbery.
Yesterday morning the back door of Mr. W. P. Oldham's mill on Dock street was found to be open, by the clerk who usually opens the store. Upon investigation it was discovered that thieves had been rummaging around and in attempting to open an alarm cash drawer had broken the keys. They were evidently after money as nothing else seemed to be disturbed, but if they had succeeded in opening the drawer they would have been most egregiously fooled as Mr. Oldham avers there was none in it. The thief evidently secreted himself in the building before it was closed for the night.

A new serial story, 'Adam and Eve,' by the author of 'Dorothy Fox,' 'Hero Carthew,' etc., will be begun in December. To all new subscribers for 1880, the six numbers which contain parts of Mrs. Oliphant's new story, and also the opening chapters of 'Adam and Eve,' will be sent gratis. The present is therefore, a good time to subscribe.

The receipts of cotton at this port to-day foot up 511 bales.

The proceedings of the Conference, now in session at Wilson, will be found in full on third page of this issue and those of the Masonic Grand Lodge, in session at Raleigh, on the fourth page.

The *Concord Register* says: Judge A. A. McKoy, at Person county Superior Court recently, declared that he would not be a candidate for re-election as Judge—that he preferred private life for the future. Judge McKoy is one of the ablest Judges in the State.

A View of Hilton.
We have received the New York *Graphic* of the 2nd inst. in which we find several views of scenery on the "Atlantic Coast Line" of travel from New York to Florida, besides reading matter of interest connected with the scenes presented. Among the views is one of Hilton and the bridge across the Cape Fear which is very natural in its appearance.

The celebrated Zeb Vance and other Cooking and Heating Stores at the lowest cash prices at JACOBI'S Hardware Depot.

The Mozart Saloon.
The Mozart Saloon, on Front street, continues to maintain its position as one of the most popular resorts in the city. The bar is supplied with none but the best and the beer sold there is famous all over this section of country. Fresh oysters are received every day and they are served up in any manner called for. The billiard saloon has recently been overhauled and the tables thoroughly renovated and the reading room is supplied with the latest periodicals and newspapers. The Mozart is run on the basis of a sincere desire to give satisfaction to every one of its patrons and this is one of the secrets of its success.

The Midgets.
Well, we have seen them, what there is of them to be seen, and they are the tiniest specimens of animated humanity imaginable. They are indeed wonders in nature. They are perfectly formed, bright, pleasant and intelligent looking little fellows who must be seen to be appreciated. In ways and manners they personate the well-bred young gentlemen of the day, while their voices remain infantile.
To-morrow (Saturday) forenoon, from 10 to 12 o'clock, they will give a special matinee for the benefit of the school's children of the city. The regular afternoon and evening exhibitions will be given as usual from 2 until 4, and from 7 until 9 o'clock. They are the biggest wonders and the smallest persons that ever came to Wilmington, and their equals probably do not exist on the face of the earth.

One Experience from Many.
"I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that was completely disheartened and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said 'Hurrah for Hop Bitters' long may they prosper, for they have made mother well and us happy."—The Mother.

Dr. Mott's Endorsement of Speer's Port Grape Wine.
The following, from the celebrated Dr. Mott of New York, speaks wonders for Mr. Speer's efforts to raise the Oporto Grape in New Jersey:
62 MADISON AVENUE, NEW YORK, April 11, 1878.
MR. ALFRED SPEER.—Dear Sir: The visit which I made last year to your vineyards, wine-presses and vaults at Passaic, N. J., satisfied me thoroughly that the wines manufactured by you are pure and unadulterated, and the very best that can be offered to the public for medicinal uses.
Acting upon my favorable impressions at the time, I have since recommended the Port Wine more particularly in my practice, and am satisfied, with marked benefit, to my patients.
There can be no better proof to the doubting mind, as to the Wine being made of the finest Oporto Grape, than a visit to the acres of land covered with the vine bearing the luxuriant fruit. Wishing you success in your praiseworthy enterprise,
I remain respectfully yours,
ALEX. B. MOTT, M. D.,
Prof. of Surgery, Bellevue Hosp. Med'l College, &c.
