And so 1880 is fairly and squarely on
the boards to-day.

The Kooners were out this morning celebrat-
ing New Year's Day.

Very few New Year calls are being
made to day in this city.

This month has five Thursdays, five
Fridays and five Saturdays.

Didn't our good friend of the *Shelby*,
Aurora forget to give credit for that edi-
torial article from the Review we find in
this week's issue of his paper?

WHEN YOU FEEL A CUGH or bronchi-
al affection creeping on the lungs, take
AYER'S CHERRY PECTORAL and cure it be-
fore it becomes incurable.

Save your money by buying your Build-
ing Supplies from Abaffler & Price.

New Year has passed off very quietly
with us. Business has been almost en-
tirely suspended, both up street and on
the wharves.

Two overcoats, several walking canes
and ladies' pocket book and other articles
were left at the skating rink last night.
They can be had by applying to Prof.
Cushing.

Crowds gather daily at the *Little Giant*
Engine House to get a view of the gallows
which have been reared in the jail yard
and on which A. Lee Mathis will pay the
death penalty to-morrow week.

Asstle Canadian.
Mr. Gardner of Brockville, Canada,
after being cured of a protracted malaria
disease contracted in Texas by means of
Warner's Safe Kidney and Liver Bitters,
writes to us: "I should never travel in that
climate without your Safe Kidney and Liver
Bitters as a part of my outfit."

A party of merry skaters skated the
old year out and the new year in at the
rink last night. While the clocks were
ticking out the old year and ushering in
the new the skaters indulging in a mock
tournament. A large post-board box
served as a ring while trophies were used
as lances.

Entirely Recovered.
NEW YORK CITY, June 16, 1879
H. H. WARREN & CO.—GENTLEMEN—
I hereby certify that my wife has been
using Warner's Safe Kidney and Liver
Cure for Bright's Disease, and she is now
entirely recovered. When all physicians'
remedies failed she was induced to try
your remedy, and received beneficial re-
sults from the first bottle. After taking
four bottles she was entirely cured.
Yours truly,
ROBERT B. FITZGERALD

The Chase.
The fox hunter's horn and the yelp-
ing music of a pack of hounds were heard
in the murky air about 5 o'clock this
morning and after a chase back and forth
nearly to Masonboro Sound and back
poor Reynard was cornered and caught,
Messrs Joseph and John Watters being
the first gentlemen in at the death.

Personal.

We were pleased to receive a call to-
day from Mr. William Lumb, of the firm
of W. Lumb & Co., of Boston, Mass.
The firm of which he is the senior mem-
ber is one of the most extensive plumb-
ing establishments in the "Hub." He is
here on a short visit in which he is com-
bining business with pleasure. He is the
guest here of an old friend, Mr. Wilkins
Roddick.

American Union Telegraph

We learn that the American Union
Telegraph Company will be formally
opened for business on the 5th inst.,
commencing with 22,000 miles of wire in
working order. The company will have
10,000 more miles of wire in operation
by the 1st of June next. General E. Ker
has been appointed General Superintendent
of the Company.

They Cared Them.

Last evening the clerks in the dry
goods house of Messrs. Brown & Roddick
completely took their employers by sur-
prise and handsomely cared them. They
are beautiful ebony canes with gold heads
and exactly alike. On each head was en-
graved the initials of the gentleman to
whom the cane was given. We suppose
that the said canes have been "wotted"
but of this we are not sure, as they forgot
to notify us of the fact.

Early Vegetables and Alligators.

A gentleman in this city informed us
yesterday that he had been eating lettuce
grown in his garden, which was planted
in October, for a month past. A Florida
market could hardly surpass this, though
by the way we noticed in an exchange that
green peas were selling in Jacksonville at
\$4 a bushel and alligators at \$1 apiece.
The peas were the first of this season's
growth, but the account failed to state
whether the alligators were the first crop
of the season or not.

Thrown Out of a Buggy.

We regret to learn that an accident oc-
curred to a lady and gentleman while driv-
ing out early this morning in a buggy
on one of the roads leading to the Sound,
by which both of the occupants of the
buggy were thrown out and the lady sus-
tained several bruises and had one of her
arms badly sprained. It seems that the
horse which they were driving took
fright or shied at the hounds of the Fox
Hunters' Club which crossed the road im-
mediately in front, and fell into a ditch
carrying the buggy with him. Both the
lady and gentleman were thrown to the
ground, but fortunately the horse remain-
ed perfectly still after the accident and
did not either attempt to kick or run,
otherwise the results might have been
worse.

He Comes! He Comes!!

As Grant progresses on his journey
South, accompanied by one of the most
intense and bitter haters of the Southern
people—Byron Andrews, correspondent of
the *Chicago Inter-Ocean*—which is a
most malignant, intense and vile sectional
sheet—the Southern people along the
route in some instances are beginning to
up-end themselves, "and crook the prag-
nant hinges of the knee." All that is
lacking now, is for the brass bands in each
Southern city, town and hamlet where
this homage is likely to be paid to meet
and serenade the junketing ex-President
at the depot as the palace car—which
contains the also distinguished ex-Tanner
traveling in much imperial style—rolls in
with the thrilling air "Hail to the Chief,"
or "See the conquering hero come," while
every old soldier shall "toas on high his
ready cap in air and lift his voice in ser-
vice shouts at sight of that great"
friend of Dabcock, of whiskey fraud fame,
and the ex-Secretary of War, Belknap, of
post-tradership notoriety, whom General
Grant as President parted with with such
"regret" when Belknap was caught steal-
ing and forced to resign. Then the whole
crowd shall take up the national air and
sing with loud acclaim "Hail Columbia,
happy land! If we ain't reconstructed
I'll be—"

Guilty of Wrong.

Some people have a fashion of confusing
excellent remedies with the large mass of
'patent medicines,' and in this they are
guilty of a wrong. There are some ad-
vertised remedies fully worth all that is
asked for them, and one at least we know
of—Hop Bitters. The writer has had
occasion to use the Bitters in just
such a climate as we have met of this
year in Bay City, and has always found
them to be first-class and reliable, doing
all that is claimed for them.—*Tribune.*

The Freedman's Bank Depositors.

We understand that there is to be a
meeting held in the Court House on next
Monday evening, by the depositors of the
defunct Freedman's Bank, to concert mea-
sures for petitioning Congress to pass the
bill introduced this session into the House
by Mr. O'Connor, of South Carolina,
proposing to pay from the National
Treasury the amounts due the depositors
and thus wipe out, at once and forever,
as far as may be, this stigma on the na-
tional honor. The Commissioners have
generously given the use of the Court Room
free of cost and without charge for gas.

Harbor Master's Report.

From Captain Joseph Brice, Harbor
Master, we have the following report of
the number of vessels arrived at this port
during the month of December, 1879:

American.	Tonnage.
Schooners.....14.....	3,207
Brigs.....3.....	775
Steamers.....4.....	3,380
Total.....21.....	7,362

Foreign.	Tonnage.
Schooners.....2.....	148
Brigs.....11.....	2,822
Barques.....17.....	5,450
Total.....30.....	8,420

Total number of vessels, American and
Foreign, 51. Total amount of tonnage
15,782.

The Don Quixotes and Kooners.

There seemed to be a jollier and a
larger crowd of people on Market street
this afternoon than there was at the same
hour on Christmas Day, though the
nuisances of the Kooners and
fire crackers were conspicuously
less. The sidewalks were almost
blocked up from Market to Second
street by expectant people waiting and
looking anxiously for the Don Quixotes,
who finally marched down Second to
Front and then turned up Market street,
giving the anxious and patient crowd in
front of the Market, but a small glimpse
of their procession. John Kooner came
along in the meantime, however, and fur-
nished amusement for the disappointed
crowd.

Mortality Statistics.

From the books of John G. Norwood,
Secretary and Treasurer of Pine Forest
Cemetery Company (colored), we gather
the following report of interments in that
Cemetery during the past year, the re-
port being by months:

January, 8 children and 14 adults;
February, 6 children, 8 adults; March,
11 children, 8 adults; April, 6 children, 7
adults; May, 11 children, 18 adults;
June, 11 children, 6 adults; July, 20
children, 17 adults; August, 11 children,
11 adults; September, 15 children, 7
adults; October, 24 children, 5 adults;
November, 10 children, 11 adults; Decem-
ber, 11 children, 9 adults. Total for the
year 144 children, 111 adults.

Vessels in Port and to Arrive.

The year 1879 closed with a total num-
ber of thirty vessels of all kinds of over
130 tons burthen in this port. Of these
thirteen were barques, nine brigs and eight
schooners. The vessel having the largest
tonnage is the British barque *Bessie*, of
685 tons. The smallest is the schooner
C. H. Macomber, of 120 tons. There are
several other smaller vessels in port not
enumerated in the above list.

There are also now on the way to this
port thirty-nine vessels of different kind,
nationalities and tonnage.

Assuming that the average carrying ca-
pacity of the sixty-nine vessels which are
in port and to arrive to be 250 tons, which
we are confident is a very low estimate,
we have an aggregate of 17,250 tons. A
little reflection upon these figures will give
some idea of the importance of Wilming-
ton as a commercial city.

THE BEST REMEDY

FOR
Diseases of the Throat and Lungs.

AYER'S
CHERRY
PECTORAL.

The most efficient and uniformity of re-
sults, which enables physicians as well as
invalids to use it with confidence. It is
the most reliable remedy for diseases of
the throat and lungs that science has pro-
duced. It strikes at the foundation of all
pulmonary diseases, affording prompt
and certain relief, and is adapted to pa-
tients of any age or either sex. Being
very palatable, the youngest children
take it without difficulty. In the treat-
ment of ordinary Coughs, Colds, Sore
Throat, Bronchitis, Influenza, Clergy-
man's Sore Throat, Asthma, Croup,
and Catarrh, the effects of AYER'S
CHERRY PECTORAL are magical, and multi-
tudes are annually preserved from serious
illness by its timely and faithful use. It
should be kept at hand in every house-
hold, for the protection it affords in sud-
den attacks. In Whooping-cough and
Consumption there is no other remedy so
efficacious, soothing, and helpful.
The marvellous cures which AYER'S
CHERRY PECTORAL has effected all over
the world are a sufficient guaranty that it
will continue to produce the best results.
An impartial trial will convince the most
sceptical of its wonderful curative powers,
as well as of its superiority over all other
preparations for pulmonary complaints.
