Yes! yes! The bouquet he sent her became the centre of attraction when placed on the centre table.

Silver jewelry is now fashionable, and many a trade dollar will be melted to adorn some pretty girl's ear or throat. Ugly girls will not wear silver jewelry.  
Capt. Washington Catlett notifies the public in this issue that he will resume his school exercises on Monday, the 5th inst. See advertisement in another column.  
Mr. C. Von Gahn of Lumberton, a brother of Alderman H. Von Gahn, of this city, died at his home yesterday. He was a member of the Order of Knights of Honor.  
An article is going the rounds headed, 'Abuse of Tobacco.' There is no help for it. Tobacco must take its share of the abuse if it isn't strong enough to take care of itself.  
In consequence of the Mayor's being rather indisposed this morning there was no session of the City Court to day, and all cases on the docket are continued until to-morrow.  
A great many boys and girls fall desperately in love with each other, and have over disappointed hopes before they are old enough to tell the difference between the heart-ache and the cold. Very few such cases prove fatal.  
Shot-towers will be much worn by ladies at the theatre and opera this season. They can be removed and made perfectly exquisite by the admission of a county jail, trimmed at the edges with a couple of courthouses, and looped at the side with a postoffice or a ferry-boat.

**Deaths in 1879.**  
The following is a summary of the deaths in the different Cemeteries in this city during the year 1879. We extract the information from the columns of our neighbor of the *Star*, who got ahead of us on this item:  
O k a e—60 adults and 54 children. Total 114. Of this number 7 were still-born infants and 10 died elsewhere and were brought here for interment.  
Bellevue—14 adults and 21 children. Total 35. Of this number 2 were still-born infants, and 1 died elsewhere and was brought to this city for interment.  
Pine Forest (Colored)—111 adults and 144 children. Total 255. The greatest number (24) was in October, and the smallest (6) in February and April.  
Pauper's Cemetery—Forty-seven adults and 44 children. Total 91. Of these only about 5 were whites. Paupers from the county, outside of the city, are not included in the above report.  
Total—Whites 154; colored, 341. Grand total, 495.

**The Pythian Ball.**  
The second annual Pythian Ball, under the auspices of Germania Lodge K. of P., took place last evening at Germania Hall. The hall was beautifully decorated with evergreens, and from the musicians' stand was suspended the Pythian flag. For solid pleasure our German citizens know better how to get the maximum amount during the evening, than any other class of people in the community. The committee, Messrs. H. C. Prempert, E. Karlsberg, H. Bremer, and C. V. n Kampen had done every thing in their power to add to the pleasure of their guests. At 12 o'clock supper was announced and dancing was laid aside, in order to partake of the creature comforts prepared by Mr. W. M. Collins, who was the caterer of the occasion. After serious inroads had been made upon the collation, tripping the light fantastic was resumed and kept up until the breaking of the morn.  
**Arrival of Vessels at this Port for the Year 1879.**  
Through the kindness of Mr. James H. Chadbourn, Chairman of the Board of Commissioners of Navigation, we have been furnished a list drawn off from Captain Price's, the Harbor Master's, monthly reports to the Board of the number of vessels, American and Foreign, together with the tonnage of the same, that have arrived at this port during the year 1879, from 1st of January to December 31st inclusive:

**His New Year's Gift.**  
A gentleman in this city, wishing to convey his respect and esteem to Capt. H. C. Brock, our worthy Chief of Police, presented him on yesterday a very fine bull-spitz puppy. The little pet was carried up to the City Hall by a porter in the donor's establishment and as he handed it to Capt. Brock, repeating the message of wishing him a 'Happy New Year' etc., Capt. Brock made a lunge for the sable bearer of that bull-spitz pup and would have cribbed him if the darkey had not dodged. The aforesaid darkey made tracks down the street and told his employer that Capt. Brock wanted to put him in the guard house for carrying the puppy to him. It is well known that Capt. Brock has a natural aversion to bull dogs, caused by unpleasant recollections, but if any one in the community has a rattlesnake or water moccasin which he would like tamed, we know of no one who would take greater pleasure in charming it than Capt. Brock.  
Knives and Forks, Pocket Knives &c., for the Children at JACOBI'S.  
**Arrests Last Night.**  
Peter Walker, colored, was getting a little too much emancipation on last night in honor of the day and becoming very disorderly, when officer E. S. Griffith took him under his keeping and escorted him to the guard house, where he now reposes in the solitude of a cell, realizing the cold fact that though it was emancipation day, one cannot take too much liberty with the law without suffering punishment.  
Thos. H. Smith, a seafaring man, had so much New Years on a little too late in the day, and being very drunk and disorderly about 4 o'clock this morning, officer O'Brien gave him safe conduct to the guard house and a free lodging until such time as the Mayor shall see proper to release him.  
Nathan Graham, the crazy colored man, who is nominally at the Poor House, where he is supposed to be confined, made his escape from that institution again on Xmas Day, and was making his way up the steps of the City Hall last night into the Festival which the ladies of the Presbyterian church were holding in the above named place, when Captain Goodman, of the police force, put a hand in his collar and took the lunatic down to the guard room, where he was locked up to await his conveyance back to his proper quarters at the Poor House to-day.  
The red tops add more to the small boys' height than the high heels.

**Receipts and Exports.**  
To Col. Jno L. Cantwell, Secretary of the Produce Exchange, are we indebted for the following summary of the receipts and exports at this port for the year ending December 31st, 1879, as compared with the previous years. As will be seen, there is a great falling off, both in receipts and exports, for which, however, there are good reasons to account. The season may be considered this winter as fully two months behind, receipts being delayed from the fact that producers are this year for the first time since the war, able to sell their souls their own and are holding on for better prices in the Spring, and the long low stage of water in the river has seriously interfered with the receipts of naval stores. As for the exports, the tremendous demand for grain freight during the Fall from Baltimore and New York has kept back many vessels destined for this port and the carrying trade hence to Europe has been delayed in consequence. A glance at the list we publish of vessels now in port and to arrive will explain all this. The following are the receipts and exports alluded to:  
The receipts from January 1st, 1879, to January 1st, 1880, were 92,484 bales cotton, 103,812 casks spirits turpentine, 522,379 barrels rosin, 65,192 barrels tar, 131,361 barrels crude turpentine, against receipts from January 1st, 1878, to January 1st, 1879—117,803 bales cotton, 114,356 casks spirits turpentine, 601,609 barrels rosin, 67,267 barrels tar, 168,007 barrels crude turpentine. The exports were as follows:  
From January 1st, 1879, to January 1st, 1880, 50,252 bales cotton coastwise and 87,486 bales foreign, a total of 87,738 bales cotton; 22,242 casks spirits coastwise and 68,982 foreign, a total spirits of 91,224 casks; 44,891 barrels rosin coastwise and 468,001 foreign, a total rosin of 512,892 barrels; 44,651 barrels tar, coastwise, and 22,721 foreign, a total tar of 67,372 barrels; 2,905 barrels crude turpentine, coastwise and total. This is against  
Exports from January 1st, 1878 to January 1st, 1879: 54,230 bales cotton coastwise and 76,282 bales foreign, a total of 130,512 bales cotton; 11,019 casks spirits turpentine coastwise and 107,152 spirits foreign, a total of 118,171 casks spirits; 65,679 barrels rosin coastwise and 516,279 rosin foreign, a total of 581,958 barrels rosin; 32,008 barrels tar coastwise and 31,176 tar foreign, a total of 63,184 barrels tar; 3,087 barrels crude turpentine coastwise and 1,449 crude foreign, a total of 4,536 barrels crude turpentine.

**Interesting to Commission Merchants.**  
Through the courtesy of Col. Rice, Deputy Collector of Customs at this port we are permitted to make the following extract from a circular issued by the Treasury Department at Washington under date of Dec. 15th, 1879, to the Collector at this port:  
Collectors of Customs are therefore instructed that in no case shall the names of shippers and consignees be furnished for publication or be permitted to be published from the records or files of the Custom House.  
They are also requested, whenever written requests to that effect shall be filed by shippers or consignees, to cause to be withheld from publication for a period not exceeding ninety days, statistics of the importation or shipment of any particular merchandise imported or shipped by them.  
**Dime Party at Burgaw.**  
We are requested to announce, that the ladies of Pender county will give a Dime Party at Burgaw, on the evening of the 8th instant, for the benefit of the Presbyterian Church now in course of erection at that place. They expect everybody to be present on that occasion and to bring with him "his sisters and his cousins and his sunts." After the Dime Party several little pieces will be rendered by the Burgaw Theatrical Club. All of our readers who desire to spend a pleasant evening should be on hand then.  
**Entirely Recovered.**  
NEW YORK CITY, June 16, 1879.  
H. H. WARREN & Co.—GENTLEMEN—  
I hereby certify that my wife has been using Warner's Safe Kidney and Liver Cure for Bright's Disease, and she is now entirely recovered. When all physicians' remedies failed, she was induced to try your remedy, and received beneficial results from the first bottle. After taking four bottles she was entirely cured.  
Yours truly  
B. FITZGERALD.

**County Board of Health.**  
At the regular annual meeting of the Board of Health, held last night at the County Commissioners' room, Col. Wm L. Smith was re-elected President and Dr. J. C. Walker, Superintendent of Health for the ensuing year. After some little informal discussion the meeting adjourned.

**Going Back to his Old Quarters.**  
Captain Wm. H. Sligh, Commander of the Penitentiary Guard at the above named institution in South Carolina, arrived here this morning from Columbia, for the purpose of identifying the prisoner, Henry Mack, colored, whose arrest some days ago in Strauss's alley, by Officers Carr and Strode, assisted by several of the police, was mentioned in the REVIEW at the time. The prisoner proves to be an escaped convict from the South Carolina penitentiary, who was committed there on August 1st, 1877, for the crime of grand larceny, to serve a period of two years, but he succeeded in making his escape on Oct. 17th, 1877, not quite three months after his first imprisonment, and has been at large ever since until captured as above stated in this city, some ten days ago. Captain Sligh will take his prisoner on the 10:13 Southern bound train to night.  
**Sensible Canadian.**  
Mr. Gadsby, of Brockville, Canada, after being cured of a prostrating malarial disease contracted in Texas, by means of Warner's Safe Pills and Safe Bitters, writes to us: "I shall never travel in that climate without your Safe Pills and Safe Bitters as a part of my outfit."  
**Indications.**

**TRIBUTE OF RESPECT.**  
**HOWARD RELIEF FIRE E. CO., No. 1,** Wilmington, N. C. Dec. 29th, 1879.  
Whereas the hand of Divine Providence has removed from our midst our friend and Brother Fireman, HENRY EHRBECK, who has profited by his example, are desirous of testifying our respect for his memory, and expressing our earnest and affectionate sympathy with the household deprived by this deprivation of its earthly head; therefore, be it  
Resolved, That we deeply feel the loss of our Brother Fireman, Henry Ehrbeck; that in him we lose one who was always prompt in his post in time of danger, one who always had a chee ful look, a kind word for his brother firemen, one who devoted his time to the welfare of his Company.  
Resolved, That in our natural sorrow for the loss of a faithful and beloved brother, we find consolation in the belief that it is well with him for whom we mourn.  
Resolved, That as a mark of respect for our deceased Brother, that the Engine shall be draped in mourning, and that a blank page be left in our Records, with the name and death of our Brother inscribed thereon, and that the members of this Company wear the usual badge of mourning for the space of thirty days.  
Resolved, That while we deeply sympathize with those who were bound to our departed Brother by the nearest and dearest ties, we share with them the hope of a reunion in that better world where there is no parting and bliss ineffable torments are transmitted to the family of the deceased, as a token of our respect and veneration for the excellent character of a good man gone to his rest, and of the interest felt by his brother firemen in those he loved and cherished, and that a copy be sent to the daily papers for publication.
