## The Sick Ones.

We regret to learn that Mr. John C. Bailey, who has been ill for a long time at his residence in this city, is considered as desperately sick, and his friends and family are very much alarmed as to 'the final result.

We are glad to hear that Mr. Geo. Z. French, whose serious illness at his plantation at Rocky Point was reported by us yesterday, has been pronounced better and his condition is now considered favorable.

A Good Beginning. We learn that some of the members of St. John's Church in this city have be come interested in the establishment of regular religious exercises and instruction in Duplin county. Rev. Dr. Patterson has visited that section and preached on one or two occasions, much to the edification and satisfaction of the people. On Sunday last a Sunday School with between fifty and sixty pupils was organized at which religious instruction will be regularly imparted every Sunday. It was organized mainly through the efforts of Mr. John Alexander, a venerable member of the church alluded to. We learn from him that Mr. Joseph Groves, who lives in the vicinity indicated, has donated two acres of land for church purposes and has given the necessary timber for the building, and that other neighbors and friends time during the coming season.

#### Freight Business.

It is perfectly evident that there is good deal of business done in this vicinity from the fact that the different rails roads leading to this city are doing an immense freighting business. We learn from Capt, Knight, Master of Transportition for the W. & W. and W. C & A. Railroads, that both lines are transporting very heavy freight trains every day.

#### The Commercial League.

Gen. M. P. T ylor has, ve understand received the appointment as Gener 1 Agent for North Carolina of the Com mercial League, a new plan of mutual life insurance. This plan presents many features, both of cheapness and security, which will commend it to the insurer. Gen Taylor is one of the most experienc ed insurance men in the State and will bring an intelligent energy and application to the business which must insure

Christmas Fire Dogs and Fire Irons Fluting Machines and every sort of Hardware at lowest sort of cash prices a JACOBI'S.

#### Rev. Dr. Mendelson.

We are happy to learn that the most friendly relations continue to exist between the above named gentleman and his congregation. About New Year's we Irean that Henry Brunbild, Esq, on behalf of a committee, presented Dr. Mendelsohn with a well-filled purse as a token of their appreciation and as a New Yea's gift. Another and stronger evidence of their regard was manifested on Sunday evening last when a meeting was held by the congregation for the purpose of electing a minister for the ensuing year. They deviated from their usual rule and unanimously elected Dr. Mendelsohn for two years as Minister of the Temple of Israel, which was, perhaps, the greatest compliment and most marked evidence of their appreciation of his services which could be shown, A committee was ap pointed to notify the reverend gentleman of his election and it is to be hoped that he will accept.

#### The Rain Storm,

For the first time in many months this city and section have been visited with a copious rainfall. It began raining on Sunday about noon but it did not put in very "big licks" until late yesterday afternoon when it began to fall in earnest. It continued throughout the night and has rained somewhat to-day. The entire amount which has fallen, up to noon of to-day, foots up 2.78 inches. The indications are that it has extended all over this section and into the interior of the State, in which case there will be a glorious freshet in the river within a few days. It will also serve to bring down timber and turpentine to this market and in that way help us all to feel better,

The steamers which left Fayetteville yesterday morning report that there was no rain there at that time but that it wa threatening very seriously. Not very far this side of Fayetteville they entered the rain clouds and Capts, Robeson and Worth are of the opinion that the clouds passed on well into the interior.

In this city the rain was most opportune, as some of the cisterns and well had begun to fail.

## Cotton Purchases.

State Treasurer Worth has recently decided, in auswer to certain questions concerning the tax on cotton, that cotton bought by merchants is included in goods, wares or merchandise, of wbatever name or description, and merchants are required to list cotton so bought as purchases during the preceding six months. As to the cotton that may be taken in settlement of accounts contracted durat a place about five miles from Magnolia ing the growing of the crop, or in payment for advances made for the cultivation of the same, the treasurer says that this may 'involve cash payments and barter trades. Cotton taken in sett'ement of accounts constitutes a barter transaction, and is not taxable. Cotton taken on account of actual cash advances on the crop is taxed on purchases.' Cotton taken in payment for guano (on which a State tax is paid) constitutes a barter transaction, he says, and, as such is not taxable. These questions must come up daily in transactions in this section of the State, and it is important that the distinctions made should be noted.

#### Arraigned and Committed.

A white man whose name we suppress, was arraigned before Justice Gardner this morning upon the charge of f ice pretences, but he 'cussed and swore' to such an extent, threatening the Justice with such vengeance dire, that the Court fe t constrained to commit him to jail for c ntempt for one day, and to postpone the trial of the case until a more cenvenient period. It is said that the defendant showed evident signs of baving taken on several scruples of whiskey, therefore, while such conduct before a Court dign tary is highly reprehensible, it cannot be said that the party was altogether un scrupulous.

#### The Canal Meeting.

Pursuant to published notice a meeting of citizens favorable to the Duplin Canal enterprise was held in the Produce Exchange Rooms this afternoon at half past 3 o'clock. On motion of C. H. Robinson Esq., Mr. B. G. Worth was called to the chair. On motion of Col. Roger Moore the meeting was further organized by requesting Mr. T. Calhoun James to act as Secretary.

nest of the Chair, stated in effect that the object of the meeting was to organ ze a committee to take charge of the subscription list for New Hanover county and to appoint a Collector and Treasurer whe shall be made a bonded efficer, and whose duty it shall be to collect the first installment of ten per cent. of the stock subscribed in this county, and to hold the same in hand until the premas nent organization of the Canal company s perfected.

On motion of Mr. C. H. Robinson Col Roger Moore was appointed by the chair to ascertain the amount of stock represented in the meeting. Col. Moore after a canvass of the meeting reported that a majority of the stock subscribed in this county was represented in person and ly proxy by the following named gentlemen then present: Messrs. Worth & Worth, Currie, J. C. Heyer, G Boney & Sons, H. McL. Green, Robert D. Lilly, Wila liams & Murchison, C. H. Robinson, B. M. McIntire, R. H. McKoy, W. R. Kenan, Kerchner & Calder Bros, E. Pes. chau and Roger Meore.

Upon motion of Col. Moore, Messrs. B. G. Worth, G. W. Williams and William Calder were appointed a committee to solicit subscriptions to the enterprise and to elect a treasurer for the New Hanover county stockholders in this company. The committee was further empowered by the meeting to confer with like committees in the counties of Pender and Duplin to appoint a time and place of meeting for the purpose of effecting a permanent organization of the company,

Upon motion, it was resolved that this meeting adjourn, subject to call by the above named committee, the said meeting to be held at the Produce Exchange Rooms, in this city.
