As a rule, a beauty in seek outshines completely a beauty in calico. A good motto for a man just starting a mustache: Down in front. The latest are linen handkerchiefs of robin's egg blue, with little dots. The Board of Aldermen meet in adjourned session on Monday night. Save your money by buying your Building Supplies from Haffner & Price. Only one interment in Bellevue Cemetery this week—that of an infant. There were two children and one adult interred in Pine Forest Cemetery (colored) this week. If a chap is 'too lazy to walk,' how is it that so many indolent fellows run into temptation? Sch. T. B. Witherspoon, Shepard, hence, arrived at Mayaguez, P. R., on the 20th ult. Joseph Murphy, of "Kerry Gow" fame, is to drop in on us about the first of next month. Bishop A. Kinison will preach in St. Mark's Church to-morrow, at the 11 A. M. services. The broker whose wife wanted a new satin of invisible green told her that he could not see it. Wood is plentiful in market now, and good split oak was retailing to-day from flats at \$2 a cord. To-morrow is know in the Church Calendar as Quinquagesima Sunday, or the Sunday before Lent. 'Alcohol' will clean silver. Yes, alcohol, well stuck to, will clean all the silver you have—out of your pocket. A California minister has come out with a new story about hell. He says it isn't fire and brimstone, but a land of ice and snow. We have received a specimen of 'original poetry,' but as we published the same some time since it will have to lie over to a more convenient season. The Register of Deeds has issued three marriage licenses this week, two of which were for white couples and the remaining one for a colored couple. If a bright girl will take a few cloves or grains of roasted coffee with her to the theatre she may be able to keep her young man in his seat between the acts. A Philadelphia paper suggests that a woman should never use a postal card in sending a kiss. It might fall into the hands of a postmaster who is also a parson. It is understood that a man cannot be tried twice for the same crime of murder, unless he happened to be convicted the first time. If that case he may be tried till he is acquitted. The first Quarterly Meeting of the present Conference year, of the Fifth Street M. E. Church, takes place to-day and to-morrow, with Rev. Dr. Burkhead, Presiding Elder, in attendance. Our friend, Mr. J. W. Taylor, has now got his saw mill in complete working order, and is ready for any number of customers and for any amount of lumber. See his ad in another column. You can buy No. 1. Heating and Cook Stoves at almost any price by going the Factory Agency, at Jaconi's.

## The River.

Capt. Garrison, of the *Murchison*, says that the freshet in the river this week did not amount to a rise of more than ten or twelve feet. There has not been so much of it as was thought and hoped for. The freshet did not amount to much above Smiler's Falls, above Aversboro, and it is beyond that point that a great deal of timber is cut for this market.

**Christmas Fire Dogs and Fire Irons** Fixing Machines and every sort of Hardware at lowest sort of cash prices at JACONI'S.

## Tried and Committed.

A colored woman by the name of Emma Johnson was tried before a magistrate this morning for the larceny of clothing which is alleged to have been stolen from Mrs. J. M. Hart. The evidence was deemed sufficient by the Justice before which the preliminary examination was held, to justify him in binding the defendant over in the sum of \$100 for her appearance at the next term of the Criminal Court. In default of surety the woman was committed to jail.

**Pocket Knives, Table Cutlery, Silver Plated Forks and Spoons; largest variety and lowest prices at Jaconi's.**

## The Play Last Night.

Milton Nobles and his play of the Phoenix are both popular with our theatre going public, and the very announcement that the Phoenix was to be produced was sufficient to draw together a large and appreciative audience at the Opera House last night, who testified their delight and appreciation by frequent outbursts of applause. Mr. Nobles was good in all the parts he assumed, but it strikes us that his impersonation of the character of the elaborate Frenchman in the gambling hell scene was admirably conceived and true to life. The thrilling denouement which followed the end of the game of cards commonly known as poker, was exciting beyond expression. Where all did so well we dislike to make a distinction, but we must say that Mr. Nobles was admirably well supported in the piece by Mr. Curtis, as *Moses Solomon*. Mr. Thomas E. Jackson, as *Dionysius O'Gall*, who practices law—and patience, was good, while Miss Burt, as *Sadie*, the flower girl was charming and attractive. Miss Langley, as *Katie Moran*, did well and pleased the audience. Candor compels us to say that we do not think Mr. Mortimer acted to perfection the character of *Leslie Blackburn*; he did not look the villain, and we apprehend has no conception of the part. The character, evidently, does not suit him. This afternoon a matinee will be given when the play of Phoenix will be produced for the last time. To-night "A Man of the People" which is pronounced equally attractive and interesting as the Phoenix, is to be presented. We trust the play will be greeted with a full house.

## Meeting of Liquor Dealers.

The Association of Liquor Dealers of this city held a meeting yesterday afternoon at the hall of the Howard Relief Engine Company, to take into consideration matters pertaining to their trade. Mr. H. E. Scott was chosen President, and Capt. J. M. McGowan, Secretary. The Secretary offered a resolution directing the President to appoint a committee consisting of five to ascertain the names of all licensed dealers in the city, and to call upon all dealers who are not members of the association and try to induce them to join, for the better protection of their rights and privileges. The resolution having been adopted, the President appointed Messrs. R. F. Eyden, Henry Schuiken, John W. Gardis, J. F. Stotler and J. M. Bremer, as that committee. The next meeting of the association was appointed to take place at 3 p. m. on Tuesday, the 10th inst. The minutes were then read and approved and the meeting adjourned. No remedy in the world ever came into such universal use, or has so fully won the confidence of mankind, as AYER'S CHERRY PECTORAL for the cure of Coughs, Colds and Consumption.

## Physicians' Wine.

New York physicians say that they have been using Spear's Port Grape Wine and Wine Bitters in their practice for years, to the entire satisfaction of their patients and themselves, and take great pleasure in recommending them to the public as being all that is claimed for them, and in fact the most reliable they can find. For sale by Green & Flanner, Jas. C. Munds and P. L. Bridgers & Co.

## Walked into It.

One of the beauties of the system of allowing dray horses to remain in the street unhitched was witnessed this afternoon. A horse, with a buggy, was tied up to a post and a horse, in a dray, which had been left unhitched, strayed about in search of bits of straw and in doing so ran into the buggy aforesaid and damaged it materially. This happened at the foot of Chestnut street. It is a wonder that such items do not occur every day.

## To Tell The Age of a Horse.

How to tell correctly a horse's age is one of the most difficult problems of the day. The following rule is furnished us as being a sure way: After a horse is nine years old a wrinkle comes to the eyelids, at the upper corner of the lower lid, and every year thereafter he has one well defined wrinkle for each year of his age over nine. If, for instance, a horse has three wrinkles he is twelve; if four, thirteen. Add the number of wrinkles to nine and you will always get it.

## The Wrecked Schooner.

The survey being held upon the wrecked schooner *A. F. Randolph* now ashore on the 'Fingers,' is made at the desire of Capt. Warner to the British Vice Consul, Alex. Sprunt, Esq., who requested the gentlemen composing the Board of Survey to perform that duty. The result has not yet been ascertained as the gentlemen have not yet returned to the city. They will probably arrive on the steamer *Elizabeth*, which is due here at 5 o'clock this evening, when it will be known what their conclusion is in relation to the vessel.

## Carnival and Concert.

The skating carnival spoken of by us a few days since will be given by the Cornet Concert Club in the City Hall on next Monday evening. They have secured the services of Mr. Cushing and the use of his skates and will do everything in their power to promote the pleasure of those who may attend. There will be a concert in connection with the carnival. The proceeds of this entertainment will be devoted to the benefit of the suffering people in Ireland. The members of the Club will magnanimously give their time and attention to this noble cause and they should be warmly seconded and approved by our people. These gentlemen cheerfully aid others in entertainments of a charitable nature and they look for a hearty support on this occasion.

## A Big Docket.

There are sixty-two cases upon the docket for trial at the next term of the Criminal Court, which convenes in this city on Monday next, the 9th inst. Of this number two are capital cases, viz: Grady, for killing the old man Taylor, on the flat at the time of the fire across the river, and Maria Hall, a denizen of Paddy's Hollow, for killing the French sailor on Christmas Eve. The other cases are 4 for false pretense; 5 for larceny; 4 for failure to work the public road; 1 for failure to repair the streets; 1 for nuisance—the Sea Side Railroad; 1 for embezzlement; 1 for forcible trespass; 2 for carrying concealed weapons; 7 for assault and battery; 5 for misconduct in office; 3 for allowing prisoners to escape; 7 on an appeal from Magistrate's courts, and the remainder are *sci fas*, cases of appeal to the Supreme Court, and cases open for the payment of costs. We are under obligations to Maj. J. W. Dunham, Clerk of the Court, who has kindly furnished us with the above facts.

## Marine Items.

The Nor. brig *Fram*, which arrived here from Marseilles on the 17th of December last, consigned to Mr. R. E. Heide, was loaded by Messrs. Alex. Sprunt & Son with a cargo of 9,155 bbls rosin and cleared for Glasgow, Scotland, on the 27th of December, since which time no news has been heard of 'the vessel' until a dispatch from London yesterday announced the melancholy fact that the Nor. brig *Fram*, Captain Marcusson, from Wilmington Dec. 27th for Glasgow, had been towed in to Lamash Scotland, bottom upwards. The crew are supposed to have been lost. We notice in the *Maritime Register* of the 4th inst. that the steamship *Benefactor*, of the Clyde Line of steamers to this port from New York, was in New York on January 31st receiving new boilers. The same account mentions the fact that the *Benefactor* was on the dock at Erie Basin, Brooklyn, January 30, having her bottom painted.

## The Colored Odd-Fellows.

A convention of P. N. F. s of the G. U. O. of O. F. (colored) in North Carolina, will be held in this city on the 18th day of May next, for the purpose of establishing a Grand Lodge. The P. G. M. Council of Wilmington will also celebrate their first anniversary during the sitting of the convention on Tuesday, the 20th of May.

By the terms of dissolution between Messrs. ## A Card.

The ladies who superintended the performance of the Fairy Opera, "Little Red Riding Hood," desire to extend their thanks to the ladies, gentlemen and children who so kindly lent their assistance towards its presentation. To the gentlemen who acted as business agents and stage manager, most hearty thanks are due for their energetic and efficient services; to Mr. Heisberger for his warm interest and assistance upon the occasion; to the Cornet Concert Band, whose beautiful music added no little to the general perfection of the whole; to the public for their generous attendance; to Paddy Miles' boy and friends for the amusing little play of their own getting up, which was volunteered and rendered after the conclusion of the Operetta; and also to the young Pianist who so faithfully followed her instructress through the intricate music of the Opera, much praise and many thanks are due. Without these valuable aids, the rendition of "Red Riding Hood" would have been wanting in that general symmetry and beauty which the eyes of partial friends proclaimed to be a success. Again accept their thanks and good wishes. Feb 7th, 1880.
